President Says He Took No Action In Hazing

## STATEMENT BY LOEB

Statement Given Out by Loeb Some Time Ago That President Approved Dismissal Now Denied—Loeb Out of Town.

Oyster Bay, N. Y., Aug. 4.—President Roosevelt has caused to be given out at the executive office the following statement, disclaiming having taken any action whatever in the matter of the recent dismissal of the eight cadets from the military academy at West Point on charges of hazing:

"No action has been taken by the President in the cases of the cadets, the statements that they were originally ordered dismissed and that they had been ordered kept being equally erroneous. An appeal was originally made to the president to interfere. He declined to take any action or to interfere in any way until the secretary of war had expressed his opinion, the view of the department then being, seemingly, that the cadets should be turned out, but the secretary not having come to any decision.

"The secretary notified the president that in making any report he would like to discuss the matter with the president in person. He accordingly came on and the discussion was held, but no final decision was reached, the secretary stating that he was not able to make a final and definite recommendation as to all the cases, and preferring to make none as regards any until he could do it as regards all. The president has not yet heard finally from the secretary and therefore, of course, has come to no final decision. This is the first announcement that the president has made in the matter at all and he has never at any time come to any decision one way or the other, excepting to state that he would probably follow the views of the department."

In view of the foregoing statement, it is interesting to note that on July 25 secretary Loeb announced to the executive office that the President had approved the dismissal of the cadets. This statement was given a prominent place in all the next morning's newspapers, but secretary Loeb did not in any way intimate that the report was inaccurate, and a few days later, on July 25, while discussing the approaching visit of secretary Wright, Mr. Loeb when asked what bearing the visit might have upon the case of the cadets suggested that since the President had approved the dismissal it would be difficult to re-open the matter without a special act of congress. This statement also received wide publicity and no suggestion of its inaccuracy came from the executive office.

After this visit to the President on August 1, Sec. Wright said that the cadets were to be allowed to return to the military academy, and that the penalty for their offense would be such disciplinary punishment as the officials at the academy thought proper.

While he was being interviewed secretary Wright was asked, explicitly by the reporters if they might announce the reinstatement of the cadets, and he replied in the affirmative. When questioned as to the means that had been found to open the case after the dismissal had received the President's approval, secretary Wright explained that, the president had approved the order of dismissal, he (secretary Wright) had never promulgated the order, thus leaving the matter open for re-consideration at any time. This was done at the President's request, according to secretary Wright, who said that the President had requested him to come to Oyster Bay to talk the matter over, ter over.

As secretary Loeb left Oyster Bay last Friday for a month's vacation, he could not be questioned concerning his authority for the statement that president Roosevelt had approved the dismissal of the cadets.

## THE BAILEY CREW FIGHT FOR MONEY

Crew of Filibuster Steamer Goldsborough Mutiny, Breaking Into Stores and Boxes

(By Leased Wire to The Times) New York, August 4.—Dispatches from Honduras, received today, tell of a mutiny aboard the filibuster Goldsborough, the steamship which sailed from this port on May 2 with Francis G. and Albert W. Bailey, and a mixed cargo of arms, ammunition and machinery sufficient to establish a colony in that country. The vessel is now on its way to New York and upon its arrival Frederick M. Czaki, counsel for the receiver of the Export Shipping Company, which was operated by the Baileys, will be compelled to pay the men of the crew for their labors. It was through the export company that the Baileys obtained the Goldsborough's cargo, which was valued at \$100,000.

The steamship started from Puerto Cortez on Saturday. Captain Orley had been arrested and the command fell to minor officers. When they signalled for the vessel to raise anchor the crew rushed to the deck and demanded money. None was forthcoming, so they broke into the stores and into some of the boxes of freight and made away with much stuff.

Finally officials in Honduras communicated with the receiver here, who ordered the issuing of checks to the men which will be paid upon their arrival in this city.

It is declared that the Baileys had two women confederates whose names are in the possession of the receiver.

**Excellent Health Advice.** Mrs. M. M. Davison, of No. 379 Gifford Ave., San Jose, Cal., says: "The worth of Electric Bitters as a general family remedy, for headache, biliousness and torpor of the liver and bowels is so pronounced that I am prompted to say a word in its favor, for the benefit of those seeking relief from such afflictions. There is more health for the digestive organs in a bottle of Electric Bitters than in any other remedy I know of." Sold under guarantee at all drug stores. 50c.

**The Public Debt.** Washington, August 4.—The monthly statement of the public debt shows that at the close of business July 1, 1908, the debt, less cash in the treasury, amounted to \$958,809,823, an increase for the month of \$20,677,414.

The apparent increase is accounted for by the loss of cash in the treasury, which during July amounted to nearly \$28,000,000. This loss was occasioned by the large increase of expenditures over receipts and also on account of the redemption of bank notes.

**Cured Hay Fever and Summer Cold.** A. S. Newsbarn, Batesville, Indiana, writes: "Last year I suffered for three months with a summer cold so distressing that it interfered with my business. I had many of the symptoms of hay fever, and a doctor's prescription did not reach my case, and I took several medicines which seemed only to only to aggravate it. Fortunately, I insisted on having Foley's Honey and Tar. It quickly cured me. My wife has since used Foley's Honey and Tar with the same success." O. G. King.

**For Sore Feet.** "I have found Bucklen's Arnica Salve to be the proper thing to use for sore feet, as well as for healing burns, sores, cuts, and all manner of abrasions," writes Mr. W. Stone, of East Poland, Maine. It is the proper thing too for piles. Try it! Sold under guarantee at all drug stores. 25 cents.

## HENRY HERNDON DIES FROM KICK

Fatally Injured By Horse Early Yesterday

HE DIED LAST NIGHT Had Gone Into Stable in Which Mare and Colt Were Stalled and Was Kicked in Ribs—Was Good Negro and Kind to Animals—An Autopsy.

Henry Herndon, stable man at Robbins' stable, was kicked by a mare belonging to Rev. F. M. Shamburger yesterday about 7 a. m., and died from internal injuries at the Rex hospital last night. The mare with her young colt was in a stall; Herndon went in to put a halter on her, and when she saw him coming in the stall she made a lunge at him. He grabbed at her head and held her for a moment, but she finally jerked loose and kicked Herndon just below the ribs. He got up and walked to a carriage near the stall and sat down in it. One of the men in the stable carried him some liniment and he rubbed the place with it, not thinking that it was anything serious. It began to pain him and he went down into the carriage house and lay down. It pained him so much that a doctor was called in. Dr. Rogers came and after examining him ordered that he be taken to the hospital.

At the hospital he was given all possible attention, but his injuries were such that could not be repaired by medical aid. At 8 p. m. he died. Permission was granted by his people and an autopsy was held last night. It was found that his bladder was burst and several other internal organs were ruptured.

Mr. C. W. Newcomb stated to a Times reporter today that Henry Herndon was a good, faithful and honest hand and that he was one of the best hands around Robbins' stable. Herndon had been in the stable business all his life and had been with Mr. Robbins for about eight months. He was especially kind to horses and took great pains with all horses entrusted to his care. He was between 45 and 50 years old, and unmarried.

**Lightning Plays Havoc.** (By Leased Wire to The Times) Grand Rapids, Mich., August 4.—Lightning played havoc in a storm that lasted for six hours here last night. The Grand Rapids Paper Box factory, Boylan's livery, and eight residences, all in different parts of the city, were struck and destroyed. The total loss of the fires is estimated at \$100,000.

**Brave Act of Little Girl.** Rome, Ga., August 4.—An act of rare heroism was witnessed here when Marie Davis, aged 9, rescued 2-year-old Jewel Roberts from an angry bull. The bull had tossed the baby into the air and was in the act of goring it when the cries of the little one were heard by the girl, who rushed into the street, grasped the child from under the feet of the enraged animal, dragged it into the yard and fastened the gate. The baby was badly bruised by the bull, but it is said that it is not fatally hurt.

## SLAVES SEEK TO STIR UP TROUBLE

Breach Between Austria and Servia Imminent

## KING PETER ACCUSED

Widespread Plot to Stir Up Rebellion Among the Slavs of Austria-Hungary—Royal Family Accused of Aiding Movement of the Conspirators.

Vienna, Aug. 4.—A breach between Austria-Hungary and Servia is imminent as the result of confessions today of Georgan Nastich of a widespread plot throughout Servia to stir up a rebellion among all the Slav races of Austria-Hungary.

King Peter is accused by Nastich of permitting the leaders of the proposed rebellion to maintain headquarters in Belgrade and Crown Prince George of aiding the movement financially.

According to Nastich, who is a well known Servian adventurer and prominent in the numerous Balkan political plots, the Servian scheme was to unite the Bosnians, Herzegovinians, Croatsians, Slovacs, and Slovenians in a revolt against the Austrian government, the ultimate aim being for the revolutionists to join King Peter in a move for a "greater Servia."

Such a carefully laid plot did Nastich reveal to the Austrian authorities here that were it not for the fact that is record is against him, the government immediately would demand redress. Already a number of arrests have been made on his representations.
