

### DOG CENSUS COMPLETE

#### City Clerk Willson Sending Out Last Call

Delinquents Must Pay Dog Tax at Once or Suffer Penalty—1,051 Canines in City; 601 Not Yet Paid For.

The Times representative today called on City Clerk Willson for information concerning the much-mooted "dog question." He found that after much hard work the census was complete and the clerk was busy issuing the necessary license and mailing notices to delinquents.

The matter of getting a correct census was not an easy one. It was a slow and tedious process, requiring much time and labor. A close canvass of the city has been made by the police, and the list is at last complete.

The delay in issuing the license was unavoidable under present conditions. The city officials, so far as we can learn, have done the best they could under the circumstances. The dog census of the city, as taken by the police, is as follows:

First and second wards . . . . . 370  
Third ward . . . . . 425  
Fourth ward . . . . . 256

Total . . . . . 1,051  
There have been 450 licenses issued up to this morning, leaving 601 dogs on which tax has not yet been paid.

The reporter found Mr. Willson busily engaged in sending out notices to these delinquents. If quick responses are not received the chief of police will be compelled to ask for warrants and the police justice will see to it that the law is strictly enforced. It is up to those who have neglected to pay their canine's taxes to get busy, for the annexed notice means business.

The notice being sent out today reads as follows:

"Your attention is respectfully called to the following section of the ordinances of the City of Raleigh:

"Upon each dog a tax of one dollar, and upon each slut a tax of two dollars shall be due and payable to the chief of police on July 1st of each year, and upon payment of the tax the chief of police shall give to the taxpayer a badge denoting such payment. The badges the chief of police shall cause to be prepared at a cost not exceeding ten (10) cents each. The clerk shall, without fee, issued a license for each dog, as near as may be, contain a description of the dog. The license shall expire on the first day of the ensuing July. All persons who shall fail to pay the tax during the month of July, or who shall keep an unlicensed dog or bitch after August the first, shall be fined five dollars; and it shall be the duty of the chief of police to ascertain and report any and all violations of this ordinance.

"You are hereby notified to appear and take out license for these dogs within ten days from the date of this notice.

"Please give this your immediate attention and relieve the chief of police of the necessity of proceeding against you under the law, as otherwise he will be compelled to do.

"Respectfully,  
"W. W. WILSON,

### CONVICT MAKES DARING ESCAPE FROM FARM

(By Leased Wire to The Times)  
Milledgeville, Ga., Aug. 21.—Andrew Ford, a twenty year convict from Chatham county, made a daring escape from the state farm this morning.

He tunneled through the walls, broke open the superintendent's office, where he helped himself to the arms and ammunition and changed his prison garb for citizens' clothing, and going to the stable, harnessed the fastest horse there. He was seen about daybreak driving rapidly in the direction of Macon. The alarm has been sent out to all police officials.

The rescued man was sick with exposure and all but dumb for hours after his rescue.

### AUSTRALIANS GREETING BULL POOL SMASHED

#### Cordial Greeting to President From Sidney Collapse of October Cotton Deal Yesterday

Expresses Admiration of American Sailors and Fleet—President Replies—People of This Republic Hold Australians in High Esteem.

(By Leased Wire to The Times)  
Oyster Bay, N. Y., Aug. 21.—President Roosevelt received through the British charge D'Affaires, who is summering in Manchester, Mass., the following telegram from the governor general and government of the commonwealth of Australia:

"Australians, hundreds and thousands of whom gathered on the shores of Sydney harbor to welcome the battleship fleet of the United States, which at this moment are entering the eastern gate of this continent, unite in a cordial greeting to President Roosevelt. The people of the commonwealth faithfully appreciate the generous response to their invitation by the president and citizens of the great republic and rejoice in the opportunity afforded by this demonstration of the might of American naval power to express their sincere admiration of the sailors and their esteem and affection for the country whose glorious flag they hope to see floating beside that of their mother land."

President Roosevelt replied as follows:

"Through you I have just received a cordial and friendly message from the governor-general and government of the commonwealth of Australia and I desire to express in my turn to the governor and government and through them to their people of the mighty commonwealth of Australia, the appreciation people feel for their generous hospitality to the American fleet. The people of this republic hold in peculiar esteem and admiration the people of Australia and it was a very rare pleasure for me on behalf of the nation to accept the generous hospitality proffered by Australia to the fleet on its voyage of peace, for the American navy is a menace to no power, but is, on the contrary, as we believe, an asset of high importance in securing the peace of justice through the world.

(Signed)  
"THEODORE ROOSEVELT."

Big Inroads Made in the Profits of Livermore—The Day a Most Exciting One on the Market.

(By Leased Wire to The Times).  
New York, Aug. 21.—There was a collapse in the October cotton deal yesterday, which, according to cotton exchange experts, netted the bull pool a loss of upward of \$2,000,000. Prices of that option went to smash and the entire series of deliveries up to May of next year declined sympathetically. The day was a most exciting one on the cotton exchanges of the city and New Orleans. At one time October cotton showed a decline of \$3 a bale.

There was no doubt at the market's close that big inroads had been made in the profits of Jesse L. Livermore, the bold young operator in the cotton market, whose manipulations in the October option had started the cotton markets of this city, Liverpool and New Orleans. Acting for himself and for other plungers, Mr. Livermore had accumulated a line of 400,000 bales of the October option, while in the campaign to strengthen that option from a strategic point of view it was popularly believed that the bull pool had accumulated fully 200,000 bales of the more distant deliveries. Altogether a stake of cotton valued at \$27,000,000 was being played for and financed by the great bull pool, of which Livermore was the popular head.
