Chicago Grain.
Chicago, Aug. 28.—Wheat market opened $\frac{1}{4}$ c. higher, under the influence of unexpected higher Liverpool cables. On the advance there was heavy selling, especially of December, by cash grain houses, causing a fair set-back.

Opening: Aug. 28—Wheat, Sept., 95 to 95 $\frac{1}{4}$; corn, Dec., 66 $\frac{1}{2}$ to $\frac{3}{4}$; oats, Sept., 59; pork, Sept., 14.57; lard, Sept. 9.40; ribs, Sept., 8.82.

The bulls in wheat secured additional bear scalps today, that cereal gaining $\frac{1}{4}$ to $\frac{1}{2}$, with the September strongest and most sought. Corn was up $\frac{1}{4}$ to $\frac{1}{2}$ c. and closed quite strong. Oats were fractionally lower, while provisions were up 5 to 20 c.

New York Cotton.
(By Leased Wire to The Times)
New York, Aug. 28.—The cotton market this morning opened steady with August 27 points higher and the remainder of the list 3 to 7 points up. Later the list met with the usual pressure from bear sources and eased several points. It was expected that port receipts today might reach 15,000 bales against 5,000 on this day a week ago, although heavy notices had been expected by some. Few, if any, were put out this morning. Eventually October dropped to 85 $\frac{1}{2}$, December to 8.48, and January to 8.40. At 10:20 a. m. the undertone was rather easy.

Opening: Aug., 8.77 to 8.89; Sept., 8.42 to 8.50; Oct., 8.57 to 8.60; Dec., 8.49 to 8.50; Jan., 8.42 to 8.43; Feb., 8.44 to 8.46; March, 8.46 to 8.47; May, 8.55 bid.

New York Spot Cotton.
(By Leased Wire to The Times)
New York, Aug. 28.—Spot cotton, 20 points lower, at 9.53; sales, 1,900 bales.

New Orleans Cotton.
(By Leased Wire to The Times)
New Orleans, Aug. 28.—The spot situation remains practically unchanged. Offerings are rather better and the new cotton now coming in is improving in style and staple—in fact this year's crop seems to promise a better staple than usual. But there is no present mill demand and factors are unable to move stocks freely even at continuously lower prices. One good sized lot of rather undesirable, off color cotton is in treaty, but it is understood that a somewhat radical concession will have to be made before the list can be unloaded. Texas is reported to be offering freely f. o. b. terms, but at prices about 35 points below this market. This fact probably accounts for the comparatively heavy sales reported from Houston.

The contract department was very quiet throughout the early portion of the day. Liverpool was off 6 to 10 English points, but showed an early improvement.

There was an utter absence of outside interest in the market, which dragged to a boundary position 3 to 5 points above the first call figures.

THE TIMES' DAILY FINANCIAL STORY

(By T. C. SHOTWELL)

New York, Aug. 28.—Another buoyant market was seen in Wall street today with Union Pacific, Southern Pacific and St. Paul the leaders. Southern Pacific established itself at highest price in its history once more, while Union Pacific made a new high record for this year. Reading, Consolidated Gas, Amalgamated and Smelting were others very active and strong.

Trading was not on a very heavy scale, but the business seemed to originate with houses identified with the City Bank and Union Pacific Railroad Company. Word has been passed around Wall street by the Standard Oil people that they will break any house that attempts to run a bear campaign.

They have frightened the professional trader away from the short side of the market and have prices absolutely in their control. The Morgan people are quietly watching the performance and are not interfering, because they are pledged to do nothing to interfere with the artificial prosperity until after election.

Failure of a small brokerage concern on the Consolidated exchange was announced. The London market was very strong, but the American department was not active.

On the local curb market, -elrose, Nipissing, Goldfield, Consolidated and Bay State Gas continued to be the leading figures. Cotton was steady this morning with August nearly \$1 a bale higher. Grain was also higher.

INTERESTING FIGURES
Concerning the Rainfall in Raleigh Since Last Friday.

Mr. Thiessen, observer at the Weather Bureau, gives out the following interesting figures concerning the recent rainfall: About 1,000,000 gallons of water is consumed in Raleigh every day. Since last Friday 100,000,000 gallons of water have fallen, which is enough to supply the household and city purposes for 100 days, if it could be utilized. A telegram to the Weather Bureau from Weldon states that the Roanoke river at that place went up to forty-five feet early this morning, but is now falling at the rate of three inches an hour.
