

MASS MEETING TONIGHT

Democrats Will Organize a Bryan-Kitchin Club

Meet at Court-house at 8 o'clock. Speeches by Chairman Eller and Other Prominent Men—Much Interest Being Manifested.

At 8 o'clock tonight there will be organized in the county court-house a Bryan-Kitchin club.

There will be no secrecy about the meeting. Everybody is invited to be present and get on the band-wagon. A plan of organization has been prepared and will be submitted tonight. Speeches will be made by State Chairman A. H. Eller, Hon. Phillip C. McDuffie, of New York City, and other prominent democrats.

The following is the call for the club organization, sent out by the national democratic committee:

The republican national convention voted down overwhelmingly publicity at any time of campaign contributions. The republican nominee for president is against publication until after the election. It is evident that the republican party intends to rely in this campaign, as in the past, on the favor-seeking interest with the hope of carrying the election by the methods usually employed. Public opinion is strongly against such methods. That this public sentiment may crystallize into an effective force, it is necessary for the people to organize.

All patriotic citizens, therefore, irrespective of party, who stand for the rule of the people and are against the corrupt or undue influence of money in elections, and to that end favor publicity of the larger campaign contributions before the election, as demanded by the democratic platform, are urged to organize themselves immediately into campaign clubs for the presidential election.

All organizations in sympathy are expected to assist actively in this work. The chairman of the democratic state committee of each state is requested to have each county and precinct committee organize a campaign club in each precinct on or before the 15th day of September, and to call meetings immediately for that purpose. All existing organizations should meet at once and appoint campaign committees.

The names and addresses of all campaign organizations, their officers and committeemen should be sent to John W. Tomlinson, chairman committee on club organization,

democratic national headquarters, Chicago, Ill., so that certificates of enrollment, literature, etc., may be sent. No special form of organization or by-laws necessary. Organize for Bryan and Kern and Prosperity for all.

NORMAN E. MACK,
Chairman Democratic National Committee.
JOHN W. TOMLINSON,
Chairman Committee Club Organization.

"The following service calls are announced for the battalion, beginning Monday, September 7th, 1908, for each day of the week, Saturday and Sunday excepted:
"First call for drill, 4:05 p. m.; assembly for drill, 4:15 p. m.; recall from drill, 5:15 p. m.
"At assembly on Mondays, Wednesdays and Fridays the entire battalion will be present for drill. On Tuesdays and Thursdays new cadets, who have not had instruction at this college, will assemble at the usual drill hour for instruction in the schools of the soldier and squad. On these days, all officers and non-commissioned officers, until further orders, will be present to act as instructors.
"Until further orders, the blue shirt and white trousers will be worn on drill. Black shoes should, at all times, be worn when on drill.
"By order of the commandant,
(Signed) T. M. CLARK,
"Captain and Adjutant."

ACCIDENTS IN MINES

Four of Foreign Experts Investigating

Investigation With View to Diminishing Them—Officials of United States Will Accompany Them. Will Visit Principal Coal Fields. Studying Conditions.

(By Leased Wire to The Times.)

Washington, Sept. 4.—The three heads of the mining service of England, Germany and Belgium will soon begin a tour of the United States for the purpose of aiding this country in diminishing the number of accidents in the coal mines. One of these experts, Victor Wettayne, is now in Pittsburgh awaiting the arrival of the remaining members of the commission. The other members, Herr Karl Meissner, of Germany, and Captain Arthur Desborough, of England, are expected in a few days. These gentlemen, accompanied by officials of the United States geological survey, will visit the principal coal fields of the country to study the conditions.

In each country represented by foreign experts there is an experiment station similar to the one which is now being inaugurated at Pittsburgh. Before the stations were established as many men were killed per 1,000 employed in these three countries in the coal mines as are now being killed in the United States, the figures for 1906 being 3.56 men for every 1,000 employed. Each foreign country through the work of its experiment station, has reduced this death rate to a minimum of about one in every 1,000 employed. In 1906, 2,061 men were killed in the coal mines of the United States. In 1907 this number was increased to 3,200.

A Paying Investment.

Mr. John White, of 33 Highland Ave., Holton, Maine, says: "Have been troubled with a cough every winter and spring. Last winter I tried many advertised remedies, but the cough continued until I bought a 50c bottle of Dr. King's New Discovery; before that was half gone, the cough was all gone. This winter the same happy result has followed; a few doses once more banished the annual cough. I am now convinced that Dr. King's New Discovery is the best of all cough and lung remedies." Sold under guarantee at all drug stores. 50c and \$1.00. Trial bottles free.
