Commenting on the number of blind tigers Raleigh is afflicted with, a prominent gentleman said this morning: "The dispensary was established as the lesser of two evils. Then the dispensary proving a very large-sized lesser evil, the soft drink dive was introduced. Straight liquor sold under the license system was a legitimate business. The dispensary was a municipal monopoly, an aldermanic trust. The soft drink dive is a blind tiger lair and the imitation beer and artificial elder sold produces the same old-fashioned Rhankatte drunk that the real stuff sold by licensed saloons and the dispensary produced."
