

A GOOD BREAKFAST FOR FIVE CENTS. Start the day right by eating a breakfast that gives the greatest amount of mental and physical strength with the least tax upon the digestion. Two

Heat in Oven Before Serving.

SHREDDED WHEAT BISCUIT

with a pint of hot milk will supply all the energy needed for a half day's work—and the cost is about five cents. At your grocer's.

FOR GOOD GOVERNMENT

Association Perfected Organization Last Night

General and Legislative Committees Appointed—Strong Men on Each Committee—Earnest in Purpose.

The Raleigh Good Government Association held a meeting at the court-house last night and perfected its organization. Two important committees were elected. The first of these was the general committee, which will look after the general interests of the association and will hold a meeting at an early date to inaugurate the work of the association. The legislative committee will spend its time studying the charters of other cities and preparing amendments to the city charter.

It was decided that the association will hold bi-monthly meetings on the third Tuesday of the month of September, November, January, March, May, and July. However, there are provisions for special meetings when they shall be deemed advisable.

The general committee consists of 24 members, together with the officers of the association, who are ex-officio members. This committee is composed of the four vice-presidents, Messrs. Jos. G. Brown, N. B. Broughton, Joseph E. Pogue, and R. B. Roney, and the following citizens, five from each ward:

First Ward—Dr. J. R. Rogers, Jno. A. Park, Wm. B. Grimes, Wm. T. Harding, and Geo. E. Hunter.

Second Ward—C. J. Hunter, J. G. Ball, Graham Haywood, B. F. Montague, and J. S. Wynne.

Third Ward—W. A. Cooper, J. B. Hill, A. E. Olmstead, H. W. Jackson, and F. B. Arendell.

Fourth Ward—J. N. Holding, C. B. Edwards, M. W. Woodard, L. G. Rogers, and Dr. Hubert A. Royster.

To this committee are added the other officers, who are ex-officio members: President R. H. Battle, Secretary A. B. Stronach, and Assistant Secretary and Treasurer Edward L. Conn.

On the legislative committee are some of Raleigh's brightest legal talent, progressive and patriotic citizens who will leave nothing undone to give their city their best services.

The legislative committee is composed of the following: W. N. Jones, W. J. Peele, James H. Pou, H. E. Norris, R. N. Simms, A. A. Thompson, and W. H. Pace.

On motion of Mr. J. S. Wynne the treasurer was instructed to prepare a request, oral or written, for a subscription of money to be expended for the purposes of the association, the request to be sent to members of the association and others interested in better government for the city.

Any citizen who is a resident of Raleigh and endorses the objects of the association may become a member by presenting his name to any officer.

The following new names were added to the membership of the association last night: W. B. Grimes, E. Y. Ennis, G. N. Walters, Geo. D.

Meares, C. W. H. Creighton, Dr. J. W. McGee, Jr., M. M. Smith, Dr. R. T. Vann, Harry Loeb, Robert Howard, A. L. Fletcher, R. H. Jones, Wm. T. Harding, G. J. Mahler, D. R. Byrum, M. Ashby Lambert, and R. G. Reid.

The meeting last night was not marked by enthusiasm, as were the former meetings, but rather by sober determination and earnest purpose. The members present were among Raleigh's very best and strongest citizens. That these good men have undertaken the remodeling and modernizing of the city's charter, means that something is going to be done. They are practical men. There is not a theorist or a dreamer in the lot, and Raleigh will see the effects of their good work.

There are at present over 200 members and the number is constantly increasing.

How to Get Strong.

P. J. Daly, of 1247 W. Congress St., Chicago, tells of a way to become strong; he says: "My mother, who is old and very feeble, is deriving so much benefit from Electric Bitters that I feel it my duty to tell those who need a tonic and strengthening medicine about it. In my mother's case a marked gain in flesh has resulted, insomnia has been overcome, and she is steadily growing stronger." Electric Bitters quickly remedy stomach, liver and kidney complaints. Sold under guarantee at all drug stores.

Fraternal Order Day During the Fair. A movement is on foot to arrange for Fraternal Order Day during the fair this year. The different fraternal orders of the city have been asked to appoint a committee each to take the matter in hand and assist in perfecting the arrangements. All these committees will meet in joint session in Pythian hall next Wednesday evening, September 23. The idea is to have the different fraternal orders in the city turn out that day, and form a parade to the fair grounds. Each order will be led by a handsomely decorated float, carrying the degree team of the order, and representing in some way the principles for which the order stands. The authorities of the fair are in hearty sympathy with the movement and are lending all their influence to make this one of the biggest days of the fair. The matter is under the direction of Prof. S. M. Smith.

They Take The Kinks Out.

"I have used Dr. King's New Life Pills for many years, with increasing satisfaction. They take the kinks out of stomach, liver and bowels, without fuss or friction," says N. H. Brown, of Pittsfield, Vt. Guaranteed satisfactory at all drug stores. 25c.

A New Band For Raleigh.

The Knights of the Maccabees of Raleigh have organized a brass band and in a few weeks will be in shape to make good music. They start off with 14 members, all of whom are first-class musicians already, having served in the Third Regiment band. The organization of this band, however, is in no sense antagonistic to the Third Regiment band, but is meant to be a private organization, under the direction of the Maccabees. The uniforms and instruments have been ordered, and an effort will be made to have everything in shape by fair week.

PROF. MICHEL'S REPORT

Attracting Much Attention in West and North

Excellent Dairy Report Sent Out Some Days Ago Attracting Attention of Dairymen—Will Have Good Influence—Attract Desirable Immigrants.

The report sent out by Prof. Jno. Michels, of the A. & M. College, from the official dairy in West Raleigh, is attracting widespread attention. Northern papers have taken the matter up and the dairymen of the north and middle west are becoming greatly interested in dairying conditions in the south and particularly in North Carolina. The state needs this kind of advertising. It means that the right kind of immigration will finally set in, bringing men who will add to the state's industrial growth and development.

The following is from the "Southern Field," the excellent monthly publication of the Land and Industrial Department of the Southern Railway:

"The dairy interests of the south are showing most substantial growth. There is every reason for this condition, as there is no other section of the United States which so favors the dairyman or combine the same advantages for the economical production of milk and butter. Every variety of forage crop can be grown successfully at a minimum of cost, and the climatic conditions are such that green feed is afforded throughout a large portion of the territory during the entire twelve months of the year. With these advantages there is an abundance of pure water, and lands which can be purchased at but a fraction of the value of lands in the well-recognized dairy districts of the central west. All in all, there is everything to encourage the production of milk and butter and to bring good profits to those engaging in these lines of business. What these profits can be made is indicated by the report and statement recently issued by John Michels, Professor of Animal Husbandry and Dairying at the North Carolina College of Agriculture and Mechanical Arts at West Raleigh, North Carolina, the official dairy of its state. Of the results at the college Mr. Michels writes: 'To show what the southern states have to offer along dairy lines, we present herewith a report of our college dairy herd, which consists of two pure-bred Jersey bulls and forty-one Jersey cows, all but six of which are grades. The report covers a period of nine months, during which the average number of cows milked was thirty-eight. Following is a statement of receipts and expenditures:

Cash	\$5,539.00
Eleven calves	175.00
Estimated value of manure	880.00
		\$6,414.00
Expenditures.		
Concentrates	\$1,546.00
Two hundred and fifty tons corn	

silage	500.00
Twenty-five tons corn stover	150.00
Two tons pea vine hay	20.00
Labor	945.00
Ice	110.00
Estimated cost of fuel	90.00
Sundries	48.00
		3,469.00

Balance in favor of dairy is \$3,005.00

"Milk was sold in bulk at twenty-five cents per gallon; cream testing twenty per cent at one dollar per gallon; butter at thirty-five cents per pound; and buttermilk at fifteen cents per gallon. Most of the products were sold as milk and cream.

"The cows received no pasturage whatever, which increased the expense for feed.

"While only a nine months' record is presented here, these were by no means exceptional months. Indeed, we feel confident from present indications, that the net earnings from the balance of the year will average higher than those for the period given here.

"There is an unlimited market for dairy products in this state at the prices quoted above, especially for milk and cream. Milk retails at from eight cents to fifteen cents per quart, with an average of fully ten cents per quart.

"As to feed, there is no question whatever that a cow can be fed more cheaply here than in any of the leading dairy sections of the country."

DR. MCKANNA IN RICHMOND.

Has a Class of One Hundred Taking Liquor Cure. (Special to The Times)

Richmond, Va., Sept. 18—Dr. J. McKanna, of Reidsville, discoverer of the three-day liquor cure, has a class of 100 inebriates under treatment in the First Baptist church in this city. The ministers and municipal authorities are manifesting a great interest in the treatment, and Alderman Ellett, father of the prohibition ordinance, declares his intention to have a fund set aside by the city council for the treatment of all inebriates who have been frequenters of Justice Johns' court.

Overtures are being made to Dr. McKanna to establish a sanitarium here for the treatment of all such cases.

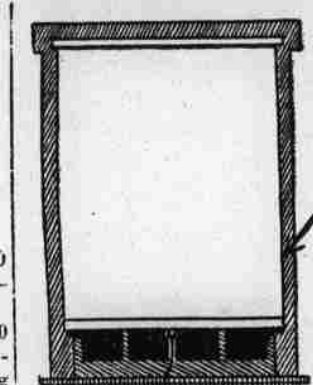

Republican Ticket in Beaufort.

(Special to The Times) Washington, Sept. 18—The republican county convention for Beaufort county was addressed here today at 12 o'clock by Isaac M. Meekins, republican nominee for congress from the first district.

The following ticket was nominated:

For sheriff: J. B. Respass.
For treasurer: F. G. Paul.
For register of deeds: B. J. Carrowan.
For representatives: Howard Althgood and D. M. Leggett.

Knabe Piano for sale at a bargain: only used four years. In fine condition. Owner needs money and must sell at once. For full particulars, address P. O. Box 383, Raleigh, N. C. 16-6t

GET SHADES THAT WEAR

Weather-Proof Shade. Ordinary Shade. See the Difference.

Weather-Proof Shades wear longer than ordinary shades, won't crack or fade like Holland Shades. Ordinary Shades are filled with chalk to make them opaque. Weather-Proof Shade materials are made without filling of any kind, and won't wrinkle or sag.

If you buy Weather-Proof Shades you will not have to buy any more for a long time, but when you do buy again you will surely buy Weather-Proof Shades. Sold exclusively in Raleigh by

First Thing

"When I Feel Bad" writes Mrs. R. H. Cox, of Jasper, Ala., "the first thing I do, is to take a dose of Cardui, and it relieves. I have kept Cardui in the house now, for about 12 years, am nearly 50 years old, and have no female trouble, like so many women. "What a wonderful medicine Cardui is! I wish I could put it into every home in the world. When any woman is at my house, and complains, I just give her a dose of Cardui. I am glad to tell other women what it has done for me, I tell women, right before the doctors, to get themselves a bottle of Car-

dui, and they won't need any doctors. "Before I began to take Cardui, I was very sick with female troubles, and the doctors said I could not get well without an operation, so I just stopped fooling with the doctors and began taking Cardui, which cured me, sound and well. I have not had to go to bed a day since I first took Cardui. Sold everywhere. Try it.

FREE BOOK FOR LADIES Write for Free 64-page Book for Women. If you need Advice, describe symptoms, stating age and we will reply in plain sealed envelope. Address: Ladies Advisory Dept., The Chattanooga Medicine Co., Chattanooga, Tenn.

Take CARDUI

YOU NEED NOT WAIT

Until you get all the money if you need some things for the house, come and get it, pay down what you can, and if you pay the remainder in installment payments, weekly or 30, 60, or 90 days, it will not cost you any more here than it would most places if you paid SPOT CASH.

Come in and talk with us. We are reasonable and want to accommodate you.
