BALKAN AFFAIRS LOOK GLOOMY

Reports From Eastern Europe Have War Like Tone and London Is Pessimistic

REPORT OF FIRING TODAY

Servia Seems Likely to Begin War Game in a Few Hours and European Capitals Are Very Pessimistic.

(By Cable to The Times) London, Oct. 9.—Feeling in all European capitals has become decidedly pessimistic.

Great Britain, and no doubt other continental countries has sent strong remonstrances to Belgrade, but public passion throughout Servia is so high that they will hang in the balance, but the scale is tipping the wrong way.

In the best informed circles here, it is fully expected that Turkey will begin hostilities within a few days.

There are small chances that the much-talked-of international conference can now materialize.

CHAMPIONSHIP GAME IN DETROIT

(By Leased Wire to The Times)

Detroit, Mich., Oct. 9.—The series between the Chicago Cubs, who won the pennant of the National League yesterday, and the Tigers for the world's championship will begin in Detroit tomorrow, Saturday.

On the other hand, the followers of the Detroit are confident of a victory as the Tigers are in a much better physical condition to battle for the honors this year.

It is almost a foregone conclusion that much will depend on the pitchers of both teams.

All these stars have been much worked during the season, owing to the battle royal for the honors, and its nothing more than a toss up between them.

The series for the world's championship began in 1903 when Boston, of the American League, and Pittsburgh were opponents, the honors going to Boston, Boston winning five out of seven games played.

There was no series in 1904, owing to some disagreement between the Giants, winners of the National, and Boston, winner of the American flag.

The White Sox beat the Cubs for the honors in 1905, while the Cubs won from Detroit last year.

(By Leased Wire to The Times) San Francisco, Cal., Oct. 9.—Assembling after half a day of recreation, the delegates to the ninth session of the Trans-Mississippi Commercial Congress listened to practical addresses on the development of the west.

A new flood of resolutions deluged the secretary's desk. The committee on resolutions is determined to recommend a resolution urging the merchant marine, and has also decided to report adversely the resolution commending the attitude of Postmaster-General Meyer on the subject of parcel post.

One of the messages received yesterday by President Case was from E. H. Harriman, in which he expresses disappointment, "Not to be with you all and go over our experiences of the last decade, and to assure you that there is as much ahead as lies behind, if we only work together."

Among the resolutions introduced was one by Mr. Hart, of Louisiana, demanding an annual appropriation by congress of at least \$50,000,000 for the general improvement of rivers and harbors, endorsing the project for a deep waterway from the lakes to the gulf, favoring especially the improvement of the Missouri and Arkansas rivers, and endorsing the construction of an inter-coast canal from the Mississippi to the Rio Grande; ratifying the utterances of the president on these subjects and favoring, if necessary, the creation of a department of public works.

TITLE TOPENNANT MAY BE TAINTED

(By SAM CRANE.)

New York, Oct. 9.—The Chicago Cubs are the champions of the National League as history will so record, and they surely outclassed the Giants yesterday in what the league politics decided was the decisive game.

When I was nominated for governor I nailed my flag to the mast and there it has been floating ever since."
