BRYAN IN OHIO; TAFT IN NEW YORK

Democratic Candidate Making Many Speeches in Mr. Taft's State Today

TAFT REMAINS BEHIND

Republican Candidate Touring New York Today, Following Mr. Bryan's Route of Yesterday—Will Reach Ohio Tonight and Convince That State Tomorrow—Has Only a Shred of a Voice Left, But Otherwise in Good Condition—Republicans Claim New York by Big Majority.

(By Leased Wire to The Times) New York, Oct. 30—William Jennings Bryan intends to make nearly 30 speeches today in the state of Ohio. He arrived in the ballroom of his republican adversary early today and will traverse the state in a north-westerly direction, winding up with a great mass meeting in Toledo this evening. In his first speech today he declared himself to be agreeably surprised by the size of the audiences that had listened to him in his dash through central New York.

Both presidential candidates talked to big audiences in Syracuse. They arrived in the city at almost the same moment and the greeting at the station where democratic and republican adherents mingled was the most vociferous given to either of them on arrival in any of the cities of the state. Each of the candidates made two speeches in Syracuse and each spoke to the capacity of the buildings in which the mass meetings were held.

Mr. Bryan was accompanied by former Judge Alton B. Parker, the party's presidential candidate of four years ago.

While Colonel Bryan was being swept westward Mr. Taft remained in his car in Syracuse until 10 o'clock this morning. At that hour the Taft special started west and made its first stop in Utica, just before noon. Mr. Taft's itinerary today takes him to practically the same towns as visited by Colonel Bryan yesterday. The republican candidate will move into Ohio at midnight and will wind up his campaign in his native state tomorrow. He has only a shred of a voice left, but he declared that he was not unduly fatigued, physically or mentally.

Reports that are being sent to President Roosevelt today by republican campaign managers here as said to indicate that Judge Taft will carry New York by 85,000 plurality.

It is also said that national campaign managers have given it as their opinion that Governor Hughes will fall 75,000 votes behind the republican presidential candidate.

Elihu Root, secretary of state, will arrive here this afternoon to confer with Judge Taft's campaign directors. He will remain here until after the meeting in Durland's riding academy tomorrow evening, and may not return to Washington until he has cast his vote on election day. Robert Bacon, assistant secretary of state, is to take the stump today in West Virginia. Every member of the Roosevelt cabinet is now making speeches in aid of Judge Taft.

Mr. Taft will wind up today's campaigning with a big speech in Buffalo.

DATE NOT YET DECIDED UPON

Rome, Oct. 30—The Messagero, inspired by the minister of marine, this morning prints the following:

"The date of the departure of a naval division for America has not yet been fixed, owing to the fact that the date of the marriage of the Duke of the Abruzzi has not yet been decided upon."

"Since the proposed cruise is regarded as an act of the government the departure of the division must be decided by a cabinet council, and sanctioned by the king."

The vatican denies the report of the pope's intervention in connection with Miss Elkins' conversion to Catholicism, which depends entirely upon Cardinal Gibbons, who is not bound either to ask for instructions or to inform Rome when the conversation is affected.

ROCKEFELLER FOR TAFT'S ELECTION

(By Leased Wire to The Times) New York, Oct. 30—John D. Rockefeller has consented to talk about the presidential situation. He spoke as follows:

"It seems to me at this time, when the question is put to an American which candidate he will support by his vote for the presidency he should be mainly enough to answer it directly. I therefore say I intend to cast my vote for William H. Taft. If for no other reason, I support Taft because on comparing him with Mr. Bryan, his chief opponent, I find the balance of fitness and temperament entirely on his side."

"The election of Mr. Taft, will, I believe, make the law and order and stability of business. He is not a man, I judge, to adventure with rash experiments or to impede a return to prosperity by advocating measures subversive of industrial progress."

"I feel more impelled to answer this question because it cannot be said that the present administration has in any way whatever favored the special interests to which my life has been devoted. That, however, does not excuse me from publishing my opinion and doing what I consider my duty as a citizen."

FUMES FROM FIRE CAUSE 2 DEATHS

(By Leased Wire to The Times)

New York, Oct. 30—Overcome by suffocating fumes, two men were burned to death and a third so badly injured that he probably will die of his wounds in a fire which destroyed a part of the four story structure, 164 Duane street, the cellar of which contained quantities of celluloid. In the building was once the workshop in which Captain John Erickson designed the Monitor which sank the Confederate gunboat Merrimack.

The men who met death after a gallant effort to fight their way from the basement to the street were Henry Jones, of 114 east 26th street, and David Mahoney, of 8 Manhusset Place, Brooklyn. The injured man, who is now in Hudson Street Hospital, is William Sottgart, of 83 north Henry street, Green Point.

DOUBLE SHOOTING IN MADERS HOTEL

(By Leased Wire to The Times)

Morganton, W. Va., Oct. 30—As the result of a double shooting in the Maders Hotel, Walnut street, this morning, one is dead and another is expected to die. The victims are: May Manzele, aged 35 years, waitress at hotel; shot near heart; at hospital; expected to die. John Watts, aged 30 years, engineer at the hotel; shot in the groin and died at the hospital. The shooting occurred in the room of the woman at the hotel. At 6:30 o'clock this morning the report of a double shot was heard and the alarmed attendants and others hurried to the room. Forcing the door they found the woman in an unconscious condition on the floor, and near her, also in an unconscious condition, was the engineer.

The hotel proprietor and the police have been unable to ascertain by which of the two the shooting had been done.

REMOVED THE CREPE

Joker Transfers Crepe from One House to That of a Neighbor.

(By Leased Wire to The Times) Baltimore, Md., Oct. 30—Gratton Dulaney, a well known young club and society man, confessed to the chief of detectives last night that he recently removed the funeral crepe from the door of the late John Denison and tied it to the door of the residence of Mrs. Nelson Perin, a society leader and widow of a millionaire, and later telephoned to the Perin household, asking if Miss Perin was dead as he had seen crepe on the door. At the time Miss Perin and her mother were at the Hotel Devon, New York City. The act caused indignation in the Denison household and a shock to the Perins and their friends.

Dulaney's explanation was that he had been out with the boys until 4 a. m. and thought it would be a joke to transfer the badge of mourning from one house to the other. Dulaney is not under arrest.

THE WHITE SLAVE TRAFFIC RAMPANT

Organization Lures Young Girls From Their Homes and Sells Them

A SCANDAL UNEARTHED

A Prominent Politician Connected With the Organization and Police Assert That He Will Be Arrested—A Regular "Clearing House" for Children Maintained—Asserted That Men Prominent in Political and Financial Circles Knew of the Existence of These Clearing Houses

(By Leased Wire to The Times)

New York, Oct. 30—Following revelations before Magistrate Crane that hundreds of New York girls have been lured from their homes by an organization that made white slaves out of them, evidence was placed in the hands of the police today to the effect that a prominent politician was connected with the organization. The name of this politician has been given to the police and it was asserted today that he would be arrested as soon as the evidence against him had been completed. The organization which has been dealing in young girls acted as a sort of "clearing house" for children, who were sold not only in New York, but to other states as well.

Men prominent in politics and financial circles knew of the existence of these "clearing houses." This was shown before Magistrate Crane in the Yorkville police court, when four women were arraigned by Agent Pissara, of the Children's Society, charged with abduction.

Frances Collins, 15 years old, and Martha Collins, 17, appeared as complainants against the women who were Frances Taylor and her sister, Mrs. Mary Duncan; Mary Dale and Margaret Sheppard. Frances Taylor and her sister are alleged to have had charge of the "clearing house."

In their possession were found the cards of a number of prominent men. One of these is a multi-millionaire, who spends at least six months of the year in his palatial villa in Paris.

Frances Collins, who is not related to Martha, told the magistrate that she ran away from home because of some trouble with her brother. She met Martha Collins, who took her to the home of the Taylor woman.

The girl spent the night in the house, she said, and on the following day Frances was sent to a Mrs. Keenan in west Sixtieth street in which place she said she became a white slave.

Martha Collins told a story similar to that of Frances.

"This is the greatest scandal that has ever come before me," said Magistrate Crane.

Hotel Man Dead.

New York, Oct. 30—John P. Caddigan, one of the best known hotel men in the country, lessee and manager of the Hoffman House, died in his rooms at that hotel last night.

BRYAN BANNERS ON FREIGHT TRAIN

(By Leased Wire to The Times)

Elko, Nev., Oct. 30—A westbound freight train that passed through here today bore this legend in letters two feet long:

"Taft: We cannot give you our votes. Labor unions of America." Another bore this in large letters: "If you are a laboring man, vote for Bryan. Labor unions of America." On nearly every car was "Bryan", written in large letters.

The train thus decorated traversed the state of Nevada.

JOHN EARLY MAY BE SENT HOME

District Can Expel Him if His Presence is Liable to Cause Infection

MUST PROVIDE FOR HIM

If District Expels the Leper North Carolina Will Have to Receive Him—Cannot Expel Him Because of His Being a Public Charge But Can do so if Disease is Regarded as Infectious—Hospital Authorities Will Not Act for Several Days.

(By Leased Wire to The Times)

Washington, Oct. 30—The District of Columbia can send John Early, the leper, back to his home in North Carolina, if Health Officer Woodward decides that his presence is a danger to the community.

Attorney-General Bonaparte yesterday gave a decision in the case, in which he stated that the district could not expel him because of his being a public charge and expense, but that it could do so if it were shown that he might spread infection.

The Marine Hospital authorities will not take any action for several days, but already have announced in similar cases that the department holds that leprosy is a contagious disease.

The attorney-general also decided against North Carolina in the contention that the state need not receive Early back. It was asserted that if Early were born in that state the Commonwealth will have to receive and provide for him.

Early is still living in his tent in the rear of the quarantine station. His wife and baby are in their cottage nearby, and see him daily, but are not allowed to go within six feet of him.

ANOTHER BROWN SUIT.

Brought to Prevent the Loss of \$10,000 Now in Bank.

(By Leased Wire to The Times)

Chicago, Oct. 30—Another suit resulting from the failure of A. O. Brown & Company, of New York, has been filed by John H. Kedzie, who seeks to prevent the loss of \$10,000 worth of stocks and bonds now in the possession of the Commercial National Bank. He deposited the securities with the brokerage firm as margin for stock transactions. He says the brokers deposited the securities with the bank as collateral, and now his stock may be sold to reimburse the bank. Charles E. Littlefield, of New York, receiver for Brown and Company, brought suit to recover \$500 held by the Commercial National Bank in escrow for Ware & Leyland, a bankrupt Chicago concern.

The bill sets forth that the Chicago concern deposited \$500 with the bank as margin.

SAILORS STEAL FROM VOYAGERS

(By Leased Wire to The Times)

New York, Oct. 30—When custom house officials opened the trunks of Captain B. H. Glagrove, of London, after the arrival of the steamer Adriatic, one of them was found to be empty. A woman passenger from Philadelphia complained about the same time that an automobile trunk, containing a set of Russian sable furs valued at \$2,200 was missing.

Central office detectives placed four sailors under arrest. It is said they confessed after being told that a quantity of wearing apparel and the set of Russian sable furs had been found under the mattresses in their bunk room. A more thorough search of the bunk room was then made and more stolen clothing was brought to light. Some bore the name of Miss Smith and other garments were labelled Miss Davis.

One of the prisoners piloted the searchers to a crevice behind the after funnel of the vessel, where a diamond brooch, belonging to Captain Blagrove and valued at \$2,500 was found. According to the police, about \$7,000 worth of property is missing.

TWO MURDERED IN PHILADELPHIA

(By Leased Wire to The Times)

Philadelphia, Pa., Oct. 30—Police are today investigating the deaths of two men who fell victims to injuries under suspicious circumstances in the downtown streets. One mysterious case is that of William L. Cunningham, who died in the Pennsylvania hospital this morning after a week's illness. Cunningham was found dying near Eleventh and Spruce streets. It was discovered that Cunningham had sustained a fracture of the skull, and as he did not regain consciousness before his death nothing could be learned from him as to the manner in which he had been hurt.

The other victim is an unidentified man who was found last night lying on the pavement in Christian street. He died on the way to the hospital. Examination showed that he, too, had sustained a fracture of the skull.

FATE WON'T LET THIS MAN DIE

(By Leased Wire to The Times)

New York, Oct. 30—"Fate has hammered me around until I am sick and disgusted, and now when I want to die it won't even let me have that relief."

This was the complaint of Frank Reid, after he had been dragged from beneath the wheels of a subway train this morning at the Bleecker street station. He was taken to St. Vincent's Hospital with lacerations and contusions, but is not in a serious condition. He told the police he was sorry he had not been killed.

Reid, who for some months had been living at the Mills Hotel, was a waiter until a year ago, when he lost his position. Since then he has only been able to get a few days work now and then.

TO DETHRONE SULTAN.

Young Turks of Macedonia Will Employ Extreme Measures.

(By Cable to The Times)

Paris, Oct. 30—The Petit Journal publishes a dispatch from Smyrna, saying it is reported that the committee of young Turks in Macedonia has decided to dethrone Sultan Abdul Hamid and that the dethronement will take place shortly.

Extreme measures will be employed to carry out the decision of the committee should they be found necessary. The sultan's successor, according to the correspondent, will be his third son.

It is also reported that regiments will be sent from Salonica to Constantinople to deal with the imperial guard and to suppress any popular movement in favor of the sultan or against the constitution.

ELECTION BETS IN MANY STATES

How the People Who Have Money to Bet Are Placing It

TAFT IS THE FAVORITE

Republican Nominée the Favorite But Doesn't Seem to be Regarded as a Sure Thing—Betters Even That Bryan Will Carry Maryland—Not Much Betting in Chicago—San Francisco Four to One for Taft—No Taft Money in Washington.

(By Leased Wire to The Times)

New York, Oct. 30—Today Taft opened a favorite in the betting at 6 to 1 and Hughes 7 to 10. More than \$30,000 is reported to have been placed by brokers late yesterday on election. A lengthening of the odds on Hughes is given as the cause of the change in the betting on Taft.

Bryan in Maryland.

(By Leased Wire to The Times) Baltimore, Md., Oct. 30—The betting here is even that Bryan will carry Maryland, while odds of 8 to 1 and 4 to 1 prevail that Taft will be elected.

Off Year in Chicago.

(By Leased Wire to The Times) Chicago, Ill., Oct. 30—Down town hotel managers, who in former campaigns handled considerable cash on election bets, declare this is an "off" campaign for the big wagers. Less than \$100, they say, has been placed in the hands of the managers of eight of the downtown hotels on the outcome of Tuesday's election.

At the Palmer House "a book" has been made by a group of eastern and western capitalists and traveling men on the following odds: Bryan, 2 to 1; Taft, 1 to 4; Hughes, 4 to 5; Chanler, 11 to 10; Deneen, 1 to 1; Stevenson, 3 to 2; Taft and Deneen, 7 to 10; Bryan and Stevenson, 4 to 1. Jim O'Larry, the big layer of odds, says he is doing little business. He offered 3 to 1 on Taft.

Even Money on New York.

Denver, Col., Oct. 30—Even money with no takers is offered here that Taft will carry New York by 50,000. There is money at 4 to 1 on Taft, with few bets; also 10 to 6 that Indiana will go for Taft. Even money is offered that Bryan will carry Colorado, 10 to 8 that Taft will carry Nebraska, and even money on Maryland.

California Four to One.

(By Leased Wire to The Times) San Francisco, Oct. 30—Betting in San Francisco and throughout the state on the national ticket is 4 to 1 and 5 to 1 on Taft. There is no state ticket to be elected outside of the legislature and betting is 3 to 1 it will be republican.

Pennsylvania Two to One.

(By Leased Wire to The Times) Philadelphia, Pa., Oct. 30—Republicans claim Taft will have 25,000 majority in Pennsylvania and democrats claim the state will be for Bryan outside of Philadelphia and Allegheny counties. Republicans are offering 2 to 1 on Taft, but there is scarcely any betting. Democrats claim to feel certain of victory, but they have no money to bet. As to New York state election odds here are on Chanler winning.

No Taft Money Here.

(By Leased Wire to The Times) Washington, D. C., Oct. 30—At Shoemakers there is Bryan money, the owners of which are demanding odds of 4 to 1, but there is not enough Taft money to cover it. A thousand offered even that Taft would carry Maryland had to be sent to New York because there was no Bryan money to cover it.

A few small bets on the Chanler-Hughes race in New York has been made, with a shade of odds on the democratic nominee. There has been little betting in Washington.

Kentucky For Bryan.

(By Leased Wire to The Times) Louisville, Ky., Oct. 30—Most of the wagers on the presidential race here have been at odds of 3 to 1 on Taft, though there is plenty of Bryan money now going begging at the odds. The Taft betters seem to be Continued on Second Page.)
