Suffered Broken Leg.
Concord, Nov. 23.—In an attempt to scramble aboard a wagon from the rear end Saturday afternoon, Master Early Watson, the 7-year-old son of Mr. and Mrs. J. L. Watson, caught his left leg between the spokes of the wagon wheel and sustained a broken leg, both bones in the leg being broken just above the ankle. Hearing the child's screams the driver stopped the wagon in time to prevent him from being drawn in and crushed to death. The little fellow is resting easy today, though he is suffering intense pain at times.

Much interest centers in the auction sale Wednesday, of the magnificent plant of the Odell Manufacturing Company. All Concord and Cabarrus county is interested in the affair and it has been a theme of general conversation for the past week.

Charlotte Seems Willing.
Columbia used to laugh at Charlotte through the organs of the capital city of the Palmetto State about wanting to get in the Sallie League; the tables have turned. With aspirations bright toward continuing in that company on account of heavy financial loss, the fans have turned their orbs toward the Carolina Association as a fit place in which to cast a team, and Billy Laval is talked of in a managerial capacity. The trend of the chat is that Columbia and Raleigh would like to get a berth in this company and make it an eight-club affair.

Will they be allowed to come in? That is the question which is of concern just now. It has appeared in time past that the directors of the league are amenable to a proposition like that and the supposition is they still are. The opinion which prevails in this particular domain of fandom is that both cities would be gladly received and given the warm and sympathetic grasp, but only with the distinct understanding that they do not seriously interfere with Charlotte's pennant-winning ambitions.

From a geographical point of view, both are well situated and nothing

hinders so far as this is concerned. The league financially is in a good condition and the addition of these two prospective clubs would not likely affect in any wise the treasuries of the several clubs. "The more the merrier" holds one good to some extent in baseball and from what has appeared in the papers of the various cities which now have teams in the Carolina Association, there is little objection to the increase.

As to Youthful Prisoners.
Wilmington, N. C., Nov. 23.—Sam P. Collier, clerk of the United States court in this city, has received from Judge Thomas R. Purnell two important orders governing procedure in criminal cases in the district court in the future. One provides that male prisoners, white and negro, under the age of sixteen years, shall hereafter when sentenced in the court, be sent to the National Training School for Boys in Washington, D. C. The second order is that hereafter female prisoners sentenced to terms if imprisonment will be confined in such prisons as the department of justice may designate upon application to that authority, instead of to the prison at Nashville, Tenn., which is no longer available for this purpose. The order is to be entered on the docket at Wilmington and certified copies of the same furnished to the clerks of the federal courts at Elizabeth City, New Bern and Washington, N. C.

Dr. J. L. Nicholson, of Richlands, N. C., a recognized authority on diseases of the hook worm, arrived in the city yesterday afternoon and last night at the Elks' temple addressed a large gathering of Wilmington and visiting physicians upon the particular branch of science in which he has specialized. The address is spoken of by the profession as having been one of great learning and research and was heartily enjoyed by the physicians in attendance.

A Female Hobo.
Statesville, Nov. 23.—A girl hobo dressed in men's overalls passed through Statesville yesterday morning in an empty box car of a west-bound freight train. The train remained here a few minutes and the young woman got out of the car and walked about the station. A man who conversed with her said she was a very pretty girl and stated that she and a male companion who was secreted in another car were beating their way from Baltimore to Florida. She wore pants for the advantage of them over dresses in swinging trains, and to disguise herself as a man.

(Special to The Times)
Oxford, Nov. 23.—A telephone message from Stovall, Granville county, conveys information to the effect that a destructive fire occurred there early Saturday morning, the loser by the fire was the Acme Manufacturing Company, under the firm name of T. ANOTHER PROMOTER ARRESTED.
J. Montefiore, Meyers Arrested in Pittsburg and Charged With Grand Larceny.
(By Leased Wire to The Times)
Pittsburg, Pa., Nov. 23.—Developments in the case of J. Montefiore Meyers, the promoter, who was arrested at Hotel Schenley Saturday by Detective William H. O'Brien, came rapidly yesterday and today. Meyers yesterday was taken back to New York to face several charges of grand larceny in the first degree. He was hardly out of the city and

Four Stars to Don Uniform Last Time

Thompson, Von Glahn, Stevens and Stroud to End their Football Career in a Blaze of Glory by Defeating the Strong V. P. I. Eleven.

Interest is added to Thursday's game by the fact that it is the last time four of the A. & M. stars will ever represent their alma mater on the gridiron.

On Thursday evening Thompson, Stevens, Von Glahn and Stroud, four players that would do credit to any team, will have played their last game of football.

Thompson, the great fullback and kicker, matriculated at A. & M. after a year at Davidson and has rounded his four years. He graduates in June.

Stevens, captain and quarterback of this year's team, will also receive his sheep skin. In his freshman year he played on the scrubs, but next year made out and in his junior and senior years has played a star game at quarter.

Von Glahn, the big 200-pound, 6 feet 4-inch tackle, played two years on his class team and this is his second on the varsity. Dr. Joel Whitaker has pronounced him the greatest linesman the south has produced since Louie Ghion.

John Stroud, 195-pound halfback, played one year on his class team, one year as varsity tackle and this in his second year as halfback. It was John that handed the lemon to Virginia last Thanksgiving day.

These men will do or die to finish out their football career with a great victory and will play the best game of their life next Thursday.

This game promises to be one of the greatest football battles ever seen in the south. The V. P. I. team, with its great kicker, Hodgson, is a powerful one, and was only beaten by the Navy 15 to 4. Hodgson incidentally kicked a goal. If A. & M. wins the University of Virginia can claim the championship of Virginia, and every V. P. I. man will do his utmost to prevent this.

Prompt Cure for Indigestion and Stomach Misery

Why not start now—today, and forever rid yourself of Stomach trouble and Indigestion? A dieted stomach gets the blues and grumbles. Give it a good cut, then take Pape's Diapepsin to start the digestive juices working. There will be no dyspepsia or belching of Gas or eructations of undigested food; no feeling like a lump of lead in the stomach or heartburn, sick headache and Dizziness, and your food will not ferment and poison your breath with nauseous odors.

Pape's Diapepsin costs only 50 cents for a large case at any drug store here, and will relieve the most obstinate case of Indigestion and Upset Stomach in five minutes.

There is nothing else better to take Gas from Stomach and cleanse the stomach and intestines, and, besides, one triangle will digest and prepare for assimilation into the blood all your food the same as a sound, healthy stomach would do it.

When Diapepsin works, your stomach rests—gets itself in order, cleans up—and then you feel like eating when you come to the table, and what you eat will do you good.

Absolute relief from all Stomach Misery is waiting for you as soon as you decide to begin taking Diapepsin. Tell your druggist that you want to be thoroughly cured of Indigestion.

Detective O'Brien had arrested John A. Fitzpatrick, aged 42, and W. A. Fitzpatrick, aged 39, alleged confederates of Meyers, and late last night Richard Brinsley Sheridan, a multimillionaire of Wilkesbarre, accompanied by John M. Garman, former democratic state chairman, his personal counsel, arrived here to prosecute Meyers and the Fitzpatrick

PAUL GILMORE COMING.

Paul Gilmore, who is billed to appear at the Academy of Music on Friday evening, November 27, is spoken

of in a recent criticism as "a faithful student of nature. When he completes his moulding of a stage puppet he endows it with his own full, rich, personal, alive nature. He has the rare gift of perceiving and graphically presenting individual character. He never loses hold of the essentials of his art and his work always presents extraordinary interest." It will be gratifying to see Mr. Gilmore in his new part of Tony Allen in "The Boys of Company B", his greatest and the most essentially Gilmorean role he has ever had.

AT THE GAITY.

"Beauty and the Beast," which is one of the best and prettiest dramas ever produced, has been secured by The Gaity management, and will be put on for a two days' run, beginning tomorrow.

This is a most beautiful little fairy tale, and all who have ever seen it are carried away with its artistic beauty and attractiveness.
