### STREET SWEEPER NUISANCE.

#### Ladies Complain of the Dust and Germs Stirred Up.

Several ladies complained today to the Evening Times man of the nuisance that the street sweeper creates when it is used at the wrong time. Said one lady: "The street sweeper comes out just when the streets are crowded. They seem to wait until all the ladies and children are on Fayetteville street before they bring the sweeper out to stir up a cloud of dust and germs that are sufficient to kill a mule. The authorities could have the sweeper brought out about three or four o'clock, when there are not so many people on the street, or they could wait until between nine and ten at night. But no, they must allow it to burst forth in all its grandeur of dust and millions of germs, about sundown, when the streets are more crowded than ever."  
The lady is correct. The time for the appearance of the sweeper could be changed very easily. Why not do it?

## A REPUBLICAN VAGARY THE PEERLESS CALVE

### Other Democrats Are to be Ousted

Big Wake Republican Says Trustees of State University Can't be Members of General Assembly—Idle Vapors of a Disordered Brain—Authority For His Position.

A big Wake county republican was asked yesterday by a democrat what was his purpose and the purpose of his associates in contesting the seat of Representative Eli T. Scarborough, of Wake. The big man replied:

"Just simply to learn you democrats some sense. You need it."

The democrat declared that such tactics on the part of the republicans would lose them many votes in Wake county, but the big republican did not seem to think so. He went on:

Now listen to me. Every man in the senate and the house who is a trustee of the State University is just as ineligible to hold his seat in the general assembly as Eli T. Scarborough. Think it over. You are a lawyer and ought to be able to interpret the state constitution. We are going to attack and oust every one of these members, and I understand there are several of them in the two houses. Furthermore, we are going after Dr. B. F. Dixon, state auditor, who is also a member of the board of trustees of the University."

The democrat laughed at him and told him to go ahead. The republican seemed quite certain of his position and as authority for his position referred to article 14, section 7, of the state constitution, which reads as follows:

"No person who shall hold any office or place of trust or profit under the United States or any department thereof, or under this state, or under any other state, or government, shall hold or exercise any other office or place of trust or profit under the authority of this state or be eligible to a seat in either house of the general assembly: Provided, that nothing herein contained shall extend to officers in the militia, justices of the peace, commissioners of public charities or commissioners for special purposes."

The republican aforesaid was quite positive that the State University could not be called a public charity or its trustees commissioners of public charities of commissioners for special purposes. His declarations may be nothing more than the vapors of an idle brain, but are worthy of a place here, as they show the spirit and attitude of the minority. He probably did not stop to consider that Mr. Claudius Dockett, U. S. marshal, was a trustee of the University, and would have to stand the same penalty which he would inflict on his party's foes.

### Is Much Enjoyed at the Academy Last Night

Appearance of Mme. Calve the Event of the Season, and a Large Audience Hears Her Sing—Sang "Dixie" and "Sewanee River" As Encores.

The event of the season was enjoyed at the Academy of Music last night when the peerless Calve sang to a gathering of the most cultured people of the city.

The galleries were filled with college girls, while on the lower floor was gathered one of the most appreciative audiences ever seen at the Academy. The box on the left was occupied by Mrs. W. W. Kitchin and her guests, Mrs. Kitchin being escorted by Mr. Paul Kitchin, brother of the governor.

The other box was occupied by Mr. Chesire Webb, of Hillsboro, and his guests.

The famous singer was greeted by tremendous applause, which increased after the rendering of each number, as in each one she showed new powers of her wonderful voice, her high notes being wonderfully clear and sweet.

It would be needless for a casual listener to attempt to express an opinion of a singer of such fame who has received the plaudits of the world, but it was the same Calve who has captivated her audiences the world over, with the same charm of voice and manner, the same dramatic skill, that swept the audience from their feet last night, leaving them breathless with applause, and reluctant to leave the theatre after the last number.

Madame Calve sang six times and graciously responded to two encores, singing with thrilling effect "Dixie" and with inimitable sweetness and pathos "Sewanee River." As with up-bug arm she sang the "Horray, horray! Away down South in Dixie!" it was the true southern spirit in it that brought the crash of tremendous applause. In her last number as she took the familiar pose from "Carmen" singing the "Habanera de Carmen," it was the same Calve whose role of Carmen brought the ex-citing Parisians to her feet and made her their idol ever since. It was a brilliant exhibition of her glorious voice and her great dramatic powers.

Madame Calve was accompanied by Jose Maria Acunua, pianist, and Herr Franz Miesel, violinist, both artists of the highest class. Herr Miesel received each number on the violin being thoroughly enjoyed.

The whole concert was one that Raleigh people will not soon forget, but will long remain as a delightful memory.

### BLIND MAN DROWNED

#### Walked Into Open Draw at New Bern

J. W. Cahoon, on His Way Home, Walks Into the Neuse River and is Drowned—Many Burglaries About the City—Other News.

(Special to The Times.)  
New Bern, N. C., Jan. 26—An accident which occurred here about noon today touched the sympathetic cord of the whole community. J. W. Cahoon, a totally blind man, residing in Bridgeton, a village on the north side of Neuse river, directly opposite from New Bern, while on his way to his home from this city, walked directly off the county bridge into the draw, which was open, and was drowned. Two men were waiting for the draw to be closed saw Mr. Cahoon when he fell and began throwing him lines and board to support himself with, not knowing of his affliction, but they were of no use to him. It is supposed that Mr. Cahoon struck his head against some of the frame work supporting the draw when he fell which rendered him unconscious. There is some criticism of the draw being open, taking for the ground of contention that the bridge is supplied with protectors to be used as a means of avoiding such accidents when the draw is open, but were not used in the present case.

The ministers of the various churches of the city, including Rev. J. H. Brown, of Christ Episcopal church; Rev. C. L. Greaves of the First Baptist church; Rev. C. C. Jones, of the Christian church; Rev. John H. Summerell, of the Presbyterian church; Rev. R. C. Beaman, of Trinity Methodist church, and J. W. Ham, of the Tabernacle Baptist church, met this morning in the lecture room of the Presbyterian church and formed an organization of ministers to be known as The Pastors' Conference. Regular meetings are to be held on the first Monday in each month, and oftener, if it is found to be necessary. Rev. R. C. Beaman is chairman of the association and Rev. J. W. Ham is secretary.

Extra efforts are being put forth to call a halt in the continued burglaries throughout the city. At least two or three such offenses are reported every week. Sunday morning about 4 o'clock Officer Strickland noticed a dim light being moved around with considerable care in a back room of the corner store of

Mrs. Daniel C. Lemont, widow of Cleveland's Secretary of War, who was the victim of a persistent writer of begging letters and caused his arrest.

Queen and Pasteur streets, run by an Assyrian, who conducts a small grocery. By the time he had convinced himself that something was going on wrong the men had discovered the officer was after them. They both dashed for the only outlet and the officer reached the gateway in time to halt them, whereupon they broke and ran, one going over a high fence, making a desperate dash against the fence, carrying away the lower railing and a twelve-inch board. One of them was picked up last night and is said to have confessed, giving clues that will cause other arrests.
