It is a generally recognized truth that medicines made from vegetable Ingredients are a great deal better adapted to the delicate human system, and saler in every way, than those composed of strong imineral mixtures and Mercury, potash, arsenic, etc., which are used in the manufacture of most blood medicines, are too violent in their action, and frequently derange the system by disturbing the stomach and digestion, affecting the bowels, and when used for a prolonged period often cause Rheumatism. S. S. S. is the only blood medicine guaranteed absolutely and purely vegetable. It is made entirely of roots, herbs and barks, selected for their purifying and healing qualities. S. S. S. cures Rheumatism, Catarrh, Sores and Ulcers, Scrofula, Contagious Blood Poison, and all other blood diseases, because it cleanses and purifies the blood, and at the same time builds up the entire system by its fine vegetable tonic effects. S. S. S. may be taken by young and old with absolute safety, and with the assurance that it will cure the diseases and disorders due to an impure and poisoned blood supply, even reaching down and removing hereditary taints. SAMPSON MURDER CASE Grand Jury Took up Case

Today

(By Leased Wire to The Times) Lyons, N. Mrs. Sampson has been in the jail here since November 25 last, when she was arrested following the findlass of the coroner's jury which barged her with the commission of he crime on November 1. The coroner's jury declared that Mrs. Sampson shot her husband with a .22 calbre rifle with "premeditated intent

and design to kill him." The trial promises to be one of the most sensational ever known in this part of the state. The charge against the widow is based on a neculiar cir cumstance—the fact that young Samp would call up resolution tabled Sat-son when he was found dead in the In the constitution.
