

LEADING BANK PRESIDENT VISITS THE GREAT ANDES

Enormous Sales and Scores of Remarkable Cures Attracting Attention Throughout Entire North Carolina.

Celebrated Advertiser Will Leave Bobbitt-Wynne's Drug Store in Next Few Days.

Among the hundreds of prominent citizens of the Old North State who visited The Great Andes, advertiser and lecturer, at his headquarters in the Bobbitt-Wynne Pharmacy last week was Mr. W. H. Harward, one of the leading citizens of the state and a man of prominence in Apex, Wake county, where his main business interests are centered.

Mr. Harward, who is enterprising and progressive, has been suffering from catarrh for several years and came to Raleigh solely, it is understood, to purchase Andes' Great Prescription for his trouble. His skepticism about proprietary medicines was removed by the countless stories told of the remarkable cures accomplished by the justly-celebrated Andes' medicines.

Mr. Harward, in addition to being president of the Merchants' and Farmers' Bank, the leading financial institution of Apex, is a member of the drug firm of A. V. Baucum & Co., of which Mr. A. V. Baucum is active manager, and is also actively in control of the large mercantile concern known as Harward's Department Store, in Apex.

Following the visit of Mr. Harward to The Great Andes in Raleigh the Bancum Drug Co., of Apex, purchased a large quantity of both Andes' Great Prescription and Andes' Great Oil, being given the exclusive agency of those preparations for that immediate section. Already numerous cases of stomach, liver, kidney and bladder trouble have been cured in that neighborhood and numerous sales are being reported among those aware of the superb curative qualities of the remedies.

This week has been, so far, the

most successful of any in The Great Andes' work, the sales, the interest, the cures, the advertising, having been larger, more interesting, more valuable, than ever expected. The campaign in this state, which is spreading like wild-fire throughout its farthest confines, has been unsurpassed even by larger and more populous districts and the announcement that both a mail order and a wholesale department had been installed by the Andes' company, in Raleigh, to meet the tremendous demand for the famous medicines, has met with unqualified approval.

The mail order department has been installed at the Bobbitt-Wynne Drug Co., where The Great Andes makes his headquarters, and all orders, all inquiries, all letters, are given prompt attention. A copy of the booklet, "Health and Happiness", is mailed every one on request.

The wholesale department will be located with the W. H. King Drug Co., of Raleigh, and all druggists and dealers desiring a supply of Andes' medicines to meet the demands of their trade may secure same through this concern.

The following facts relate another remarkable cure accomplished in Raleigh:

Mrs. Frank W. Prather, of 25 Hayti street, said she and her husband were living in New York City when she took ill with stomach trouble and weakness. She had suffered severely for three months when her mother sent her a circular telling of Andes' Great Prescription. She sent to the laboratory of The Great Andes; purchased three bottles of the prescription; used them and was entirely cured.

Sanford School Closes.

(Special to The Times)

Sanford, May 5—The Sanford graded school has just closed a very successful year. The sermon was preached Sunday morning by Rev. R. J. Beattie, of the Presbyterian church. Class exercises were had Monday night, after which a reception was given the graduating class by the pupils of the ninth grade.

Tuesday night the graduating class delivered their addresses and essays which were intermingled with delightful music by Miss Ferguson's music class, then Bibles and diplomas were delivered the graduating class, which consisted of one young man and five young ladies. This was followed by an address by Prof. E. C. Brooks, of Trinity College, which was full of interest and much enjoyed by all present. Professor Brooks complimented our school and its work, of which our people are justly proud.

That Bible Incident.

To the Editor of The Times: I have read an article in Saturday's paper referring to the action of a young Syrian in burning a Bible given to him by Mr. John Pullen. Under the circumstances I cannot blame Mr. Pullen for being vexed at the Syrian, but wish to say this: The boy, who is only 16 years old, did not know what the book was and thought it was an advertisement for some medicine. The boy has been but 12 months in this country and had no intention of burning a Bible.

As for the statement made by Mr. Upchurch that we are not human and are Turks, that we do not pay taxes and have no religion, that we were forced to leave Norfolk and Richmond and should be forced to leave here, I want to say this: We have been 12 years in this country, and pay from \$700 to \$900 a year taxes. As to our religion, we try to live it in our homes, and let others do likewise. We are all members of the Catholic church.

I want to ask Mr. Upchurch how many Syrians in this city have been in jail or penitentiary? How many have been drunk on the streets in the 12 years we have been here? How many have been tramping without an occupation? Are there any Syrians who drink up their money, while

THIS DEVELOPS BUST, MAKES ARMS AND NECK ROUND.

"If your bust lacks development, or firmness you can rely on both increase and firmness from the persistent use of the following: Obtain from the druggist two ounces of glycerine and one ounce tincture eadene compound (not cardamom), mix and let stand several hours; then add a tablespoonful of borax and three ounces of rosewater. Shake well and apply to the neck, arms and bust, rubbing and massaging until it is completely absorbed; then wash the parts treated with very hot water and soap and dry thoroughly. Apply the treatment morning and night regularly for several weeks or months as the case may require, and the most exquisite firmness and rounding out of hollow places will reward you.

If unable to obtain these ingredients from your regular druggist, you can readily obtain them from the King-Crowell Drug Co.

their families are in want? If Mr. Upchurch can show where any Syrian in this city has done any of these things then I will acknowledge that we are not human; if not, I will ask him to kindly correct his mistake. J. H. MOTTER.
