**National Peace Conference
Ends Important Session**

Chicago Board of Commerce Will be Host a Big Banquet Tonight When Two Hotels and Three Dining Rooms Will be Necessary to Seat the Banqueters.

(By Leased Wire to The Times)
Chicago, May 5—The third and last day of the National Peace Conference was the busiest of the meeting as well as the biggest in point of attendance and public interest. The congress reopened in Orchestra Hall at 9:30 o'clock. Not only were all the delegates in their seats but the galleries were crowded with Chicago residents whose interest had been aroused by the greatest exhibition of the growing peace sentiment ever known.

The conference will close this evening with a large banquet. Two hotels and three dining rooms will be necessary to seat the banqueters. The Chicago board of Commerce will be the host.

Justice Joseph B. Moore, of the Michigan supreme court presided at the early session of the conference. The time was given to reports of the work accomplished in the interest of peace and the consideration of plans for systematizing and organizing the movement for the future.

Attention was given to plans for the organization of state peace associations to hold annual congresses.

A movement was started to strengthen and make permanent the peace organizations in colleges and schools. An interesting report from the peace society of Japan was presented by Rev. Gilbert Bowles, of Tokio.

Father and Mother Engaged in Battle for Possession of Son.

(By Leased Wire to The Times)
San Bernardino, Cal., May 5—Bryan Alexander, 12 years old, the son of L. J. Alexander, was stolen away from his home near Redlands and placed aboard the Salt Lake Limited yesterday, bound for his old home in Morton, Tenn., where the boy's mother resides. The lad was headed off at Salt Lake City, where he is held in custody in response to a telegram from Deputy Sheriff Baldwin of this city, who had been appealed to by the father. Alexander, with his children, came to California for his health. His wife refused to follow and is believed to have furnished the money to start the lad home. The father has left for Salt Lake City.

HOME-BUILT AUTOS.

Buggy Company at Henderson Turns Out Good Machines.

(Special to The Times)

Henderson, May 5—The latest arrival on the streets of Henderson was a home-built automobile, that made its first appearance here yesterday, and it wasn't a freak machine either, but a runabout put up by the Corbitt Buggy Company, of this city. This was the first machine turned out by this company, and it presents as neat an appearance and as smooth running qualities as anything we have seen in that class. A number of orders have already been placed, and the Corbitt Buggy Company will begin to market their new product as soon as they can be turned out.

Work has been begun on the tower of the new municipal building, which will be completed in the course of a few weeks, and Mayor Powell will begin his administration in the new building.

WANTS TO MAKE THE ROADS PROSPEROUS

(By Leased Wire to The Times)
Washington, May 5.—President Taft, it is learned today, intends to ask congress at the next session to amend the interstate commerce act. While the president will not advocate that the government recede from its attitude towards the railroads, neither will he propose such amendments and will tend to cripple the common carriers. He will wish to do what he can to make them prosperous and to enable them to extend their lines. At the same time he will propose no laws that will take away the government's contention as to the right of control and supervision. By December the administration will prepare, it is understood, to meet the loopholes left by the commodities decision.
