SPORTING SIDELIGHTS.

A great effort is being made to get the Universities of North Carolina and Virginia to play off the tie game in this city.

The Red Birds cross bats today with the Wake Forest boys, with Pope on the firing line for Wake Forest.

Some changes are likely to be made in the Raleigh line up for the next two or three games. Every man wants a chance for a position.

Monday, May 10th, only one week more before the league opens.

The A. & M. team is in Goldsboro today playing the leaguers of that city.

Poor old Charlotte! She is again at the bottom of the percentage column.

Prof. Yelverton, of the Winston-Salem Journal, is getting right "chesty" now. His team is at the top of the percentage column in the Carolina League.

It has been suggested that all the business houses of the city close Monday week at 3 o'clock, or in time for the opening game.

This seems to be a good suggestion and should meet the approval of every merchant. You will not only have an opportunity of seeing the Red Birds win the first game, but you will help "swell" the amount in the treasury of the association, which is not overflowing just at the beginning of the season. Let some one take hold and push this through.

"Bud" Hinton and Herbert Rosenthal have had the baseball fever for some weeks now.

An umpire in the South Atlantic League has just been discharged. Charges were preferred against him for betting on a team.

Gee! but this is fine weather for baseball.

To Professor Yelverton.
We request the honor of your presence at the opening game of baseball, Raleigh vs. Fayetteville, May 17th, nineteen hundred and nine, Raleigh Athletic Field, 4 P. M.

All baseball lovers in this city are looking forward to Monday's game between the University of North Carolina and the Red Birds with a great deal of pleasure. Carolina's season has been the most successful in the past few years. The team is composed of fast fielders and hard hitters. Stewart is considered by many to be the equal of any college pitcher in the state, and if the Red Birds hit him successfully, they may be depended upon to land upon the twirlers in this league.

On the other hand, the Red Birds do not intend to lose a single practice game. Big Brandon will most probably be on the firing line and what he will do to the Varsity boys

Receipt That Cures Weak Men—Free

Send Name and Address Today—You Can Have it Free and be Strong and Vigorous.

I have in my possession a prescription for nervous debility, lack of vigor, weakened manhood, failing memory and lame back, brought on by excesses, unnatural drains or the follies of youth, that has cured so many worn and nervous men right in their own homes—without any additional help or medicine—that I think every man who wishes to regain his manly power and virility, quickly and quietly, should have a copy. So, I have determined to send a copy of the prescription, free of charge, in a plain, ordinary sealed envelope, to any man who will write me for it.

This prescription comes from a physician who has made a special study of men, and I am convinced it is the surest-acting combination for the cure of deficient manhood and vigor-failure ever put together. I think I owe it to my fellow man to send them a copy in confidence, so that any man, anywhere who is weak and discouraged with repeated failures may stop drugging himself with harmful patent medicines, secure what, I believe, is the quickest-acting, restorative, upbuilding, SPOT-TOUCHING remedy ever devised, and so, cure himself at home quietly and quickly. Just drop me a line like this: Dr. A. E. Robinson, 4218 Luck Bldg., Detroit, Mich., and I will send you a copy of this splendid receipt, in a plain, ordinary sealed envelope, free of charge.

will be A. P. Will you be on hand? Well, I should smile.

Raleigh simply has a star team. There is not a weakling on it and in all that maelstrom yesterday there was not an error. Trinity's great base playing alone saved the day. The six errors had heavy penalties and the hard raps could not have stopped the runaway. With that team in perfect shape, it is hardly to be believed that any eastern team can hope to have a chance at the pennant.—Durham Herald.

PROMINENT GEORGIA CITIZEN KILLED

(By Leased Wire to The Times)
West Point, Ga., May 8.—Henry Beck, a prominent young white man, this morning shot and instantly killed his father-in-law, Dr. Taylor. Beck fired five times and each shot took effect in Taylor's head and face. The shooting occurred in a lively stable and two negroes, the only witnesses, fled at the first shot. It is not known what caused the difficulty. Beck immediately surrendered.

ONLY ONE ARREST IN BOMB OUTRAGE

(By Leased Wire to The Times)
Buenos, Ayres, May 8.—Only one arrest has been made for last night's bomb outrage in which twenty persons were hurt, four fatally.

The explosion occurred at the corner of Corrientes and Corrientes streets. A few blocks before, somebody put a package on the platform of a tram car for transport, as is the custom here. Arriving at that corner the motorman heard a rumble within the package and called a policeman. The owner was not within the car.

The package was taken off and put on the street. A moment afterward it exploded.

Among the injured is Dr. Victor Aguilar, an under commissioner of police and three police agents. Both legs of a little girl were fractured.

The bomb is supposed to have been placed on the car by some one in sympathy with the strikers.

Dr. Palacios, leader of the socialists, declared that the committee of the party had decided to proclaim a strike Monday next.

MAYOR BY DRAWING.

Apex Citizens Decide Who is to be Mayor by Lot.
(Special to The Times)
Apex, May 8.—The whole town was agog with excitement yesterday, as it has been since the election.

Everybody was asking everybody else how the tie in the vote for mayor would be decided—by lot, of course, but what method? "Draw straws", foot race, game of set-back, "shoot craps", two best out of three at the box-ball alley—these and many other methods were suggested, but none seemed to meet the approval of the two most concerned. It was finally decided, however, that numbers up to 24 should be placed in a hat on as many tickets, and the candidate drawing tickets that totaled the greatest number should be declared mayor.

Amid considerable heat the result was announced, Mr. J. C. Burns winning over his opponent, Mr. A. C. Hughes, by several numbers.

Mr. Hughes had been voted for himself, as did Deacon Burns, would now have been mayor of Apex.

The Knitting Mill Company was organized Wednesday. This company has a paid-in capital of \$20,000, and will place in immediate operation a knitting mill that will employ between 75 and 100 persons.

Messrs. C. P. Sellers and J. R. Mason, of Durham, are placing the brick for the three large department stores for which excavations have been made, and the foundation will soon be started.

Meeting of the Stockholders Held Last Night

The stockholders of the Country Club held a meeting last night, at which several matters of vital importance to the club were discussed. The club has virtually purchased seven hundred acres of land about three miles from the city and are negotiating with the Carolina Light & Power Company for the extension of the street car line to its property. It is not known what action the power company will take in the matter. The extension of the line and the erection of the club building would mean great things for Raleigh.

A considerable increase in the capital stock of the club was decided on and several matters of importance were acted on.

MEN "HIGHER UP" TO BE INDICTED

(By Leased Wire to The Times)
New York, May 8.—It is believed that men "higher up" in the sugar trust will soon be indicted. The trust has thrown overboard the seven employees alleged to be implicated in frauds against the government who were indicted. They are said to have worked under instructions, and the federal grand jury will try to find out who instructed them.

The sugar trust recently paid into the treasury of the United States \$2,135,000 in acknowledgment that through frauds perpetrated by it the government had been cheated out of duties. That amount was accepted as a compromise on claims by the government aggregating \$9,000,000.

No promise of immunity was made by the government.

Though the men have been discharged, bail was promptly furnished, \$5,000 for Oliver Spitzer and \$2,500 for Jean Voelker, Edward A. Boyle, J. H. Coyne, J. M. Halligan, Jr., and Patrick J. Hennessy. No additional bail was required for Thomas Kehoe as he was already under a \$2,500 bond.

HEAVY EARTHQUAKE SHOCKS.

Messina and Reggio Again Visited by Severe Shocks.
(By Cable to The Times)
Rome, May 8.—Messina and Reggio were visited by severe earthquake shocks last night and early today which did great damage. The inhabitants have fled into the open country and the districts are in a state of panic.

The heaviest shocks were at Messina where buildings were shaken down. At Reggio the damage was less although the people were no less panic-stricken. At the camps established in the plains near the city the temporary structures have been overturned by the new shocks.

LURE OF THE MARATHON

Crowds Gather to See \$10,000 Derby Marathon

Final Details Completed This Morning. While Each Entrant is Confident of Winning—Marsh and St. Yves Are the Favorites—Nine Countries Represented.

(By Leased Wire to The Times)
New York, May 8.—The lure of the Marathon drew many race fans toward the Polo Grounds early today, where they waited for the gates to open to the course for the great \$10,000 international derby Marathon to decide the supremacy of long distance running the world over.

The final details for the great race were completed this morning at the baseball park and from the camp of each runner came bulletins of a sanguine character. Each was confident of winning the race. The favorites before the race were Marsh and St. Yves, although some of the wise ones advised all their friends to get on Svanberg and others contended strongly for Carvajal, the Cuban.

The entrants and the countries they represent are as follows: John Svanberg, Sweden; Dorando Pietri, Italy; Fred Simpson, India; White, Ireland; Henry St. Yves, Louis Orphee and Edouard Cibot, France; Tom Morrissey, Ted Cook, United States; Felix Carvajal, Cuba; Matt Maloney, Irish-American; John Marsh, Canada; Fred Appleby, England.

FOUR-YEAR-OLD KILLED.

Fell Through Elevated Train Window to Sidewalk.

(By Leased Wire to The Times)
Chicago, May 8.—Four year old Paul Maurice Monfort, whose face is known to thousands of men, women and children throughout the country, was killed by falling through an open window on an elevated train on the sidewalk. The child was known among his friends as "the most photographed boy in America." His father, A. W. Monfort, is a photographer. Some of the firms using the boy's picture are national advertisers and thus the happy face of the lad has looked from street cars, newspapers, magazines and billboards upon residents of hundreds of cities and towns.

DAUGHTERS STILL FIGHTING.

Sharp Conflict on Between Insurgents and Administration.
Washington, May 8.—A sharp conflict again is on between the conservative, or insurgent, and the administration factions of the Daughters of the American Revolution and the storm will center in the national board of the society at its June meeting.

An echo of the trouble comes from a series of protests which, it is understood, has been lodged by the insurgents, questioning the authority exercised by Mrs. Matthew T. Scott, president general of the society, in writing a letter to President Taft tendering a portion of the Continental Hall for the use of the Smithsonian Institution.
