Every Effort Made for New Trial

Next Monday Fixed as the Day to Pronounce Sentence in Hains Case—Defense Will Make Determined Fight for New Trial.

(By Leased Wire to The Times) New York, May 12—Captain Peter C. Hains, Jr., convicted of manslaughter in the first degree in the Flushing court for killing Wm. E. Annis at the Bayside Yacht Club, is today, through his counsel, preparing to make a determined fight for a new trial.

Unless another trial is granted the punishment of the army officer lies entirely in the hands of Judge Garretson. He can send the convicted soldier to state prison for from one to twenty years. Next Monday has been fixed as the day to pronounce sentence.

Despite the conviction Captain Hains remains an officer of the army. The prisoner, it was said, would have to be remanded back to the military authorities for court-martial on charges which will come under the head of "conduct unbecoming an officer and a gentleman."

Counsel for the convicted army man said today that they believed a new trial would be allowed. They condemn the verdict as not being in accordance with the evidence. The prosecution is pleased with the result, and District Attorney Dewitt declares that it will put an end forever to the "unwritten law" as a defense.

Mrs. Annis, widow of the slain man, has announced that she is pleased with the verdict. Mrs. Claudia Hains, wife of the convicted man, is in retirement near Boston, and positively refuses to talk about the case. General P. C. Hains, Sr., father of Captain Hains, and the latter's two brothers, are disappointed in the verdict and said today that every effort would be made to obtain a new trial.

A Vigorous and Prosperous Branch.

One of the most vigorous organizations for missionary work in the Episcopal church and one of the most promising for the future is the Junior Auxiliary. It has no official connection with the convention, but it will be represented in a very interesting service that is to be held in the Church of the Good Shepherd tonight at half-past eight o'clock.

Lived 152 Years.

Wm. Parr—England's oldest man—married the third time at 120, worked in the fields till 132 and lived 20 years longer. People should be youthful to 80. James Wright, of Spurluck, Ky., shows how to remain young. "I feel just like a 16-year-old boy," he writes, "after taking six bottles of Electric Bitters. For thirty years kidney trouble made life a burden, but the first bottle of this wonderful medicine convinced me I had found the greatest cure on earth. They're a Godsend to weak, sickly, run-down or old people. Try them. 50c at all druggists."

HAMLET DEFEATED.

Interesting Game of Baseball—Other Hamlet News. Hamlet, N. C., May 12—A last and interesting game of ball was played yesterday between Hamlet and McColl at the latter place, resulting in the defeat of Hamlet by the score of two to one. This was the first game of the season for Hamlet and they made a good showing with the exception of a few weak points. With a little practice and a little improvement in the team work, this should be a winning team. McColl has a splendid aggregation of ball players and show by their team work that they are on the job to win. Earl Morrow did the twirling for Hamlet

Vienna, May 12—Abdul Hamid has paved his life, but that is about all there remains to him. Terrorized by the threats of the young Turks leader the deposed ruler of the Ottoman empire has transferred the ten million dollars that he had on deposit in foreign banks to the Turkish government. Ever Bey has been conducting the negotiations for the young Turks. The dispatches from Salonika that bring this information say that Abdul Hamid is afraid to move about in the grounds of the villa where he is kept a prisoner. DESTRUCTIVE FIRE AT ALEXANDRIA, VA.

(By Leased Wire to The Times) Washington, May 12—The fire which broke out in Alexandria, Va., about 10 o'clock this morning and which was still raging at 11 o'clock, originated in W. A. Smoot & Sons' saw mill. It communicated to King & Sons' wholesale grocery and merchandise establishment, Corby's bakery and other stores and at this hour has destroyed more than half a dozen residences, while the flames are still unchecked, notwithstanding the fact that two engine companies from Washington, with the chief of the district fire department are helping the two engine companies of Alexandria to fight the flames. The fire is largely discernible from Washington and fears are entertained that the larger part of the historic old town, which has a population of 20,000, and was the scene of the killing of the famous Colonel Ellsworth of the union army, who was shot while raising the United States flag on a hotel at the commencement of the war, may be destroyed.
