

AFTER FOUR YEARS OF MISERY

Cured by Lydia E. Pinkham's Vegetable Compound

Baltimore, Md.—“For four years my life was a misery to me. I suffered from irregularities, terrible dragging sensations, extreme nervousness, and that all gone feeling in my stomach. I had given up hope of ever being well when I began to take Lydia E. Pinkham's Vegetable Compound. Then I felt as though new life had been given me, and I am recommending it to all my friends.”—Mrs. W. S. Ford, 1938 Lansdowne St., Baltimore, Md.

The most successful remedy in this country for the cure of all forms of female complaints is Lydia E. Pinkham's Vegetable Compound. It has stood the test of years and to-day is more widely and successfully used than any other female remedy. It has cured thousands of women who have been troubled with displacements, inflammation, ulceration, fibroid tumors, irregularities, periodic pains, backache, that bearing-down feeling, flatulency, indigestion, and nervous prostration, after all other means had failed.

If you are suffering from any of these ailments, don't give up hope until you have given Lydia E. Pinkham's Vegetable Compound a trial. If you would like special advice write to Mrs. Pinkham, Lynn, Mass., for it. She has guided thousands to health, free of charge.

State School for the Blind Closed Today

your bodies. In looking at a body of young men and women, especially those leaving school, he always wondered what they were all coming to. You must do something, or you will do nothing. You have a life to live, a work to do and a mission to perform. There is no training that can transcend in importance the purely physical.

Our muscles have been honored by God and are necessary for every action in life.

Dr. Royster spoke of the use of the muscles and of the necessity of exercise and rest. He made a plea for common sense in exercise.

Health is more necessary than culture, yet both are not to be separated. Seek the happy medium between the physical and intellectual. Above either the physical and mental is the soul to which in the perfect man all other faculties must be subject to.

In conclusion Dr. Royster laid down some practical suggestions. Cultivate and worship physical earnestness. Keep regular habits. Lives ruled by system is an almost sure guarantee of long life. Guard your health at all times.

The preservation of health is a moral duty. Countless crimes have been done under unsound physical conditions.

The diplomas were presented by Mr. Jps. E. Pogue, president of the board of trustees, who spoke a few words to the graduates.

In presenting the certificates Mr. Ray impressed on the young people of the school that whatever success they achieved in life would depend on them.

Laura Bridgeman Library. There is being erected, and fast nearing completion, on the grounds of the State School for the Blind, on Jones street, a library for the blind, which has been recently given by the state and meets a long felt and urgent need of the institution, as the old library was utterly inadequate. The new building is a gem in architectural beauty, and will be a great blessing to the school. It has fittingly been named for Laura Bridgeman. The dedication exercises were held this morning immediately following the awarding of diplomas and certificates.

The exercises opened with a chorus, "Jerusalem the Golden."

The dedication address was made by Mr. Josephus Daniels.

Mr. Daniels spoke of the great possibilities for work and service open to the blind, taking as an illustration the blind Senator Gore from Oklahoma, who has risen to next to the highest office of the greatest nation on the earth.

The thing to do to achieve greatness and usefulness is to do the thing close at hand. Many think a thing is good only if it is far off. Put character into your work, for your weaving must stand the test of eternity.

The city of Raleigh is happy in its schools, libraries and colleges. Today we are to dedicate a library for the blind. It bears the name of a woman who stands second only to Helen Keller and illustrates how high a blind woman may rise. There are too few monuments to women, and it

is very fitting that this should bear the name of Laura Bridgeman.

Organize Association. This afternoon there will be organized at the school the first association of the blind citizens of our state. There are present in the city nearly a score of representatives from different parts of the state, many former pupils of the school.

Concert Tonight. The annual concert will be held in the auditorium this evening at 8:30 o'clock. This event is always a popular one, the auditorium generally being packed to the doors, so it will be wise to go early this evening to secure a seat. There will be a delightful program and the public is invited.

Opening Ball At Morehead. To honor of your presence is requested at the opening ball given by the management of The Atlantic Hotel Morehead City, N. C., Saturday evening, June the fifth, at nine o'clock.

Gift of Senior Class. A seeming injustice was done the Senior Class of 1909 of the Baptist University or Meredith College, in Monday's issue of "The Times" when it was stated in the headlines of the class day exercises that the portrait of Dr. Vann was the gift of the students of the college. It was given by the senior class alone as their parting gift, though it was symbolic of the love of the whole student body. The graduates of 1909 should have all credit for this handsome gift which adorns the wall of the auditorium.

BASEBALL SPECIAL.

Norfolk & Southern to Run Special Train From Raleigh to Wilson and Return For the Game Tomorrow.

The Norfolk & Southern Railway will run a fast special from Raleigh to Wilson tomorrow for the Raleigh-Wilson game. The train will leave here at 1:30 and arrive in Wilson at 3:00. Returning it will leave Wilson at 6:00 and arrive here at 7:30. However, if the game is a long one the train will wait until it is over. The fare for the round trip will be only \$1.45. The train will leave the station here promptly at 1:30 and will not make a single stop to Wilson. It will make the 50 miles in one hour and 20 minutes, and from all indications it will carry a train load of the Raleigh fans. As it is Saturday this will make a very nice trip, and no doubt hundreds of the Raleigh people will take advantage of the ride on the "Baseball Special" and see the game between the Raleigh and Wilson teams.

Income Tax May Be Defeated by Postponement

tion of the senate the fact that after his amendment striking out the differential no sugar and the Dutch standard had been defeated yesterday the stock of the sugar trust advanced five points.

Senator Gore offered an amendment reducing the duty on sugar from \$1.90 to \$1.00 per hundred pounds. He ridiculed the republican leaders for their reduction of 1-20th of one cent a pound. It meant, he said, that a washerwoman would save the price of a bar of soap when she had used 100 pounds of sugar, and when Taft had eaten his weight in sugar he had saved the price of a shave.

Senator Bacon severely lectured the clerk of the senate for endeavoring to call the roll and shut off debate while he, Bacon, was addressing the chair.

Senator Gore withdrew his amendment in favor of a more detailed amendment offered by Senator Clay, fixing the duty on 75 degree sugar at 50 cents per 100 pounds, and increasing the rate 2 cents a 100 pounds up to 100 degrees, making the duty on 100 degree sugar \$1.00 per 100 pounds instead of \$1.95 as under the present law; and also striking out the differential and the Dutch standard.

END OF A RED NOSE.

New Flesh-colored Product That Heals and Hides Skin Imperfections.

A peculiar feature of poslam, a new skin discovery, is that it is naturally flesh-colored and contains no grease, so that when used on the face for the complexion, or for pimples, red noses, or any other inflammations, blemishes, or discolorations, its presence cannot be detected. It can thus be applied in the daytime, the natural color of the skin being immediately restored and the actual healing and curing process accomplished in a few days. It can be had of any pharmacist who sells pure drugs. The King-Crowell Drug Co. make a specialty of it. Fifty cents worth will answer either for the troubles mentioned or in curing ordinary cases of eczema. Itching stops at once.

Any one who will write to the Emergency Laboratories, No. 32 West Twenty-fifth street, New York, can secure, by mail free of charge, a supply sufficient to cure a small eczema surface or clear a complexion overnight and remove pimples in twenty-four hours.

Loss of Strength

A Building Tonic

Any form of female trouble causes loss of strength—makes you weak and miserable. What you need is a tonic, a strength-building medicine. Try Cardui. This standard medicine for women, has been found to relieve nearly all the pains arising from female ailments, by acting directly on the cause of the trouble. Further, Cardui restores strength by its tonic, invigorating action on the whole system. It acts promptly, but easily, on the delicate womanly constitution and leaves no bad after-effects.

Cardui is a pure vegetable preparation, containing no harmful mineral drugs or dangerous ingredients. You can't make any mistake, taking Cardui, for it can't possibly hurt you—judging by its record it is almost sure to help you.

Read this letter from Mrs. Mattie Christopher, R. F. D. No. 72, Atlanta, Ga. "I recommend Cardui to all my lady friends. I think it is the best medicine for female troubles. I took all kinds of medicine but nothing did me as much good as Cardui. Now I am regular, suffer no pain and am better in every way." Try Cardui. "It will help you. It is recommended for young and old, in every condition of life. For sale at all druggists."

ROBBERS MAKE BOLD HOLD UP

(By Leased Wire to The Times) New York, May 28—Four men with drawn revolvers, and in true wild western style, held up about 30 women and men in Fishman's restaurant, 444 Seventh avenue, early today, and robbed them of all the money they had.

The robbers terrorized the patrons of the restaurant for more than ten minutes, brandishing their pistols and threatening to kill anyone who made an outcry. Then, after becoming satisfied that they had all the money it was possible to get, they backed out and disappeared.

The four entered at the same time, two standing at the door with drawn revolvers and the others, with revolvers in hand, approaching cashier and patrons demanding money. Several women began screaming, but they were at once hushed by one of the men at the door saying:

"The first person who screams again I will kill. Nix with that. Stay where you are and keep quiet."

One of the men then demanded that Harry Cohn, night cashier, open the till and give him the money that was in it. Cohn offered objection, whereupon the intruder thrust the pistol in his face and said:

"Give me all the money you have or I will make daylight shine through you."

At this, Cohn gave the man the money that was in the drawer and also \$15 which he had in his pocket.

Hyman Moskowitz, who was eating at a lunch stand near the door, was robbed of \$22. He, too, at first showed resistance, but yielded when the pistol was pointed in his face. Others were robbed of smaller sums.

The police are looking for the robbers.

Louisburg Commencement.

Louisburg, May 27—College commencement began with two fine sermons by Rev. L. P. Howard, on Sunday last, with exercises during the week and the formal turning over of the Louisburg College to the conference trustees, closed yesterday with an address by Hon. J. H. Small, congressman from the first district, on "Service and Co-operation in Community Building." He is a forceful and impressive speaker, graceful and highly entertaining.

Afterwards, diplomas were given to the graduating class and various medals to those who had won them.

The exercises concluded last night with the annual concert.

MODERN WOODMEN OF AMERICA

Secretary of the Order Attempts to Interpret the Insurance Laws of North Carolina.

Insurance Commissioner Young says he has just been shown a letter from Mr. C. W. Hawes, head clerk of the Modern Woodmen of America, in which Mr. Hawes undertakes to interpret the insurance laws of North Carolina and advises the members of this order in North Carolina that the camps in this state are not in any way affected by the revocation of the license of this society to do business in this state, but that they can proceed to collect up the assessments and remit them to the home office.

Commissioner Young says this is entirely erroneous, that under the law no one can solicit for, collect money for or remit to this society assessments from their members in North Carolina, and any one doing so or attempting to do so, lays himself liable to the penalties of the law, which are fine and imprisonment, and he will be prosecuted by the department. Commissioner Young says the license of this society was revoked because they refused to comply with the laws of the state, and attempt upon their part to collect assessments while they are not licensed will, under the law, put them in a

position that they will not be able to get their license renewed, even if they conclude to abide by the laws of the state.

Commissioner Young takes this occasion to warn all citizens of the state from representing or collecting for this concern.

CUPA DID NOT DISCRIMINATE.

Negligence of American Manufacturers Lost Them the Contracts.

Washington, May 27—"It is untrue that Cuba discriminated against the United States in the purchase of arms and ordnance abroad. There was open competition, a fair field and no favors. The negligence of American manufacturers lost them the contracts," said Cuban Minister General Garcia Velez yesterday in defending his home government against the charge of favoring Europe, in the purchase of military materials, as against the United States.
