

JUDGE FOR YOURSELF

Which is Better—Try and Experiment or Profit by a Raleigh Citizen's Experience.

Something new is an experiment. Must be proved to be as represented. The statement of a manufacturer is not convincing proof of merit.

But the endorsement of friends is. Now supposing you had a bad back. A lame, Weak or Aching one. Would you experiment on it? You will read of many so-called cures. Endorsed by strangers from far-away places.

It's different when the endorsement comes from home. Easy to prove local testimony. Home endorsement is the proof that backs every box of Doan's Kidney Pills.

Read this case:

Mrs. D. T. Moore, No. 511 South Person street, Raleigh, N. C., says: "I used Doan's Kidney Pills and found them so beneficial that I do not hesitate to testify in their behalf. Dull, nagging backaches bothered me for a long time and were frequently accompanied by sharp pains across my loins. At night I was very restless and generally felt tired and languid. The kidney secretions were an added source of annoyance, being very irregular in passage. When I was advised to give Doan's Kidney Pills a trial, I procured a box from the Bobbitt-Wynne Drug Co. They afforded me prompt relief and soon disposed of every symptom of my trouble."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.

KILLED BY TRAIN.

Thomas Garrard Probably Run Over and Killed Near Durham—Inquest Today.

(Special to The Times)

Durham, June 1—The North Carolina Conference quartette, wonderful singers, three preachers and Bob Phillips, will give a concert at Trinity church one night this week. The big four will go to Seattle for the exposition and be present at the Epworth League gathering and do some singing out in that country.

Thomas Garrard, 12 years of age, was found dead on the track of the Southern yesterday morning, about 4 o'clock. His body was much mangled and while evident that he was run over by the early morning train conditions present justified a coroner's inquest and this is being held today by Coroner Maddry and his jury.

J. A. Bivins, contractor, living near Hillsboro, formerly of Durham, died yesterday at noon at his home. He was a good citizen. Leaves a wife and six children. The burial takes place today at Effland.

A Bovine Serenade.

People living in the center of the city of Raleigh were entertained all of last night by what is known in that section as a "Bovine Serenade". It was a continuous performance. Judging from the shouting and general feeling it was very much enjoyed. From last accounts the music was still going.

Central Methodist picnic tomorrow 8-30. 6-11.

VOICE OF THE PEOPLE.
GIVE US PURE WATER.

A Citizen Calls For Better Inspection of the City Water.

To the editor of The Evening Times: Everybody in Raleigh ought to be highly pleased at the efforts of the new mayor and City authorities in trying to improve the sanitary condition of the city in having cleaning up days. This is a step in the right direction and the "Times" deserves the thanks of the community for the good work it is doing or suggesting to be done along these lines. But at this season of the year, especially under the great germ theory of today there is one of the most important matters which is being sadly neglected—that is our water supply. The most prolific producer of disease of any one thing taken into the human system. If anybody interested financially with the water company or having stock in the same is on the board of aldermen or officers of the city, I beg their pardon, but I have a suggestion to make in the interest of the health of every user of water in the city. It is this, instead of having analysis from the water selected and presented by the water company, let the various samples of water be taken from private houses, stores and public buildings in various parts of the city without the knowledge of the purpose of the same and have it analyzed, then you will get the true test of its purity for use and drinking purposes, and at the same time an inspection of the condition of the water pipes and fixtures, and it will be wonderfully surprising why there are no more cases and deaths from typhoid fever in this city than there are (if there is truth in the germ theory) I have come in contact with several instances, which would be dangerous for animals much less the women and children to have to use. Don't let us have a cooked up inspection and report, better not have any than that, for by it we are lured to sleep while death lurks in every glass of water.

POLLY PRIMROSE.

Go with Central Sunday School tomorrow. 6-11.

Mr. D. H. McCullers, of Clayton, N. C., was a visitor to the city today.

FAMOUS LIBEL CASE ARGUED

(By Leased Wire to The Times)

Indianapolis, Ind., June 1—Argument as to whether Delavan Smith and Charles R. Williams, publishers of the Indianapolis News, shall be taken to Washington, D. C., to answer a charge of criminal libel or shall be tried in Indianapolis, was begun today before Judge Anderson of the United States district court. The case will not be concluded until some time Wednesday. Stuart McNamara, representing the department of justice, and Charles W. Miller, United States district attorney, will make the argument for the prosecution. Ferdinand Winter, of Indianapolis, is representing Smith and Williams, who are resisting the attempt to take them to Washington for trial.

DOING GREAT WORKS.

Man Who Makes Two Blades of Grass Grow and Eats Them Both is Un-Christy.

(By Leased Wire to The Times)

Galesburg, Ill., June 1—Taking for his theme the words of Jesus that those who believe in Him can do greater works than He, President Fisher in his baccalaureate sermon to the seniors of Lombard College, contended that it is possible for Christians to do greater work than did Jesus through the exercise of a right belief.

Dr. Fisher compared to what Christ did the achievements of modern physicians and surgeons, who have made the art of healing universal and performed remarkable cures. To the changing of water into wine he compared the irrigation schemes of the west, by which water is transformed into products of the fields and orchards.

H. H. Rogers, he said, left all he made and went only with what he was. The man who makes two blades of grass grow where one grew and puts both in his own mouth was un-Christy.

ROAD MUST PAY INTEREST.

Court Decides For Bondholders in Case Against Central of Georgia Railroad.

(By Leased Wire to The Times)

Savannah, Ga., June 1—Colonel William Garrard, master in the case of the holders of third preferred income bonds of the Central Railway of Georgia, who sued for interest upon their bonds for 1907, claiming the road had earned a sufficient sum to pay a dividend, has filed his report, favoring the bondholders. The master found a sum exceeding \$800,000 which he decided was available for interest. The railroad will appeal.

President At His Desk.

(By Leased Wire to The Times)

Washington, June 1—President Taft took his seat at his office desk this morning soon after 9 o'clock, having returned from Gettysburg at 8:15 o'clock last night. In view of the fact that this is cabinet day and that a large number of callers are expected this promise to be a busy day for the president.

A Thrilling Rescue.

How Bert R. Lean, of Cheno, West, was saved from a frightful death is a story to thrill the world. "A hard cold," he writes, "brought on a desperate lung trouble that baffled an expert doctor here. Then I paid \$10 to \$15 a visit to a lung specialist in Spokane, who did not help me. Then I went to California, but without benefit. At last I used Dr. King's New Discovery, which completely cured me and now I am as well as ever." For Lung Trouble, Bronchitis, Coughs and Colds, Asthma, Croup and Whooping Cough its supreme. 50c and \$1.00. Trial bottle free. Guaranteed by all druggists.

BABIES BENEFIT BY NEW SKIN DISCOVERY

Stops Itching Immediately, Soothes and Comforts the Little Ones.

A demonstration of the efficacy and entire harmlessness of poslam, the new skin discovery, is afforded when it is applied to the tender skin of infants who are tortured with rashes, chaffings, scaly and crusty humors and other skin aggravations. Its effect is soothing, the itching stops at once, the skin heals and is quickly restored to normal conditions.

In the various forms of skin troubles in both infants and adults, poslam produces beneficial results from the first application. Eczema, acne, herpes, rash, tetter, etc., yield readily to its remarkable curative properties. Occasional applications will quickly banish pimples, blotches and complexion blemishes and will relieve and cure itching feet, scaly scalp, humors, etc.

Poslam can be had for fifty-centa at any reliable druggist's, particularly the King-Crowell Drug Co., who make a specialty of it. Or the Emergency Laboratories, No. 32 West 25th Street, New York City, will send a trial supply free by mail to any one who will write for it. This is sufficient to show results in 24 hours.

For Health

Women Everywhere

Are you one of the many women who suffer from some of those ailments which are caused by female trouble? If you are, you want to get well, don't you? You wish to get rid of the pain and the misery so you may enjoy good health and be happy.

Thousands of other ladies, suffering as you suffer, feeling as you feel, have successfully used that well-known medicine for women, **Cardui**. They all say **Cardui** is just what they needed to relieve pain and bring back health. Why not try **Cardui** yourself?

Prepared from pure vegetable ingredients, it cannot possibly hurt you. On the other hand, it is almost sure to help you, judging by its success of more than half a century.

Note this letter from Miss Boyd Richardson, Danish, N. C. She writes: "I was sick in bed and could not stand on my feet more than just a little while at a time. After taking three doses of **Cardui**, I began to mend. After I had used it for a week I was walking about. I believe it is a wonderful medicine."

Don't wait—try **Cardui** and get well.

Take CARDUI

YOUNG LINCOLN SICK.

Overcome by Heat At Unveiling Ceremony Yesterday.

(By Leased Wire to The Times)

Louisville, Ky., June 1—Robert Todd Lincoln, president of the Pullman Sleeping Car Company, was so overcome by the heat at the close of the ceremonies attendant upon the unveiling of the statue of his father at Hodgenville yesterday afternoon that it was necessary to help him to a carriage. It was feared for a time that he had suffered a stroke of paralysis, but he recovered later and was apparently in his usual health, though much exhausted. Mr. Lincoln has never seen the little farm in La Rue county, the birthplace of Abraham Lincoln. It was necessary for him to forego walking over it and drinking out of the spring yesterday, although he was within half an hour's ride. He expressed the keenest disappointment.

Trouble Makers Ousted.

When a sufferer from stomach trouble takes Dr. King's New Life Pills he's mighty glad to see his Dyspepsia and Indigestion fly, but more he's tickled over his new, fine appetite, strong nerves healthy and vigor, all because stomach, liver and kidneys now work right. 25c at all druggists.

MRS. BEEBE KILLED.

Thrown by Spirited Horse Sunday At Her Home in Montgomery County.

(By Leased Wire to The Times)

High Point, N. C., June 1—Mrs. Esther McKinley Harwood Beebe, a niece of the late President William McKinley, who has been spending several weeks at her summer home in Montgomery county, was killed in a runaway accident Sunday. The body was brought here yesterday to be shipped to her former home in Norwich, Conn.

Mrs. Beebe had started to a neighboring house in the morning, riding a spirited horse. The horse bolted and threw her, and Mrs. Beebe's neck was broken by the fall.

RAISE IN P. O. SALARIES.

Greensboro and Durham Each Get a Raise—Decrease in Norfolk.

(By Leased Wire to The Times)

Washington, D. C., June 1—The first assistant postmaster general made public the 26th annual statement of the readjustment of postmasters salaries. Among the changes made are the following:

- North Carolina—Durham, from \$2,900 to \$3,000; Greensboro, \$3,200 to \$3,300.
- South Carolina—Anderson, \$2,600 to \$2,700.
- Virginia—Norfolk, (decrease) \$3,800 to \$3,700.

DROWNED IN BATH.

Jacob Nevins, Well-known Racing Man, Drowned in Turkish Bath.

(By Leased Wire to The Times)

Baltimore, Md., June 1—Jacob Nevins, of Cleveland, O., known to every horseman connected with the trotting circuits in the United States, was found drowned in a Turkish bath here last night. Nevins for years has been known as a pool seller on the smaller circuits through western Pennsylvania and the middle west and for the last three seasons had been selling pools at the big races on the grand circuit. After the races Nevins went directly to the bath house. He jumped into the plunge. A few minutes later an attendant pulled his dead body from the water. It is thought he was seized with cramps. Nevins was about 33 years old. His brother, Samuel P. Nevins, of Cleveland, has been the official programmer of the grand circuit for years.

SOMETHING NICE.

Any Soda we serve is nice. Every Soda has a sort of charm that brings people back again for more.

Try any Soda once and you'll join the procession. Everything you get is pure and it's skillfully blended and daintily served.

A Sanitary Improvement

The Bridgers Tailoring Company have just installed in their pressing club on Fayetteville street one of the newest and latest steam cleaning and pressing machines. By this machine clothes are cleaned and pressed under a high pressure of dry steam, instead of the old way of using a bucket of water for several garments. It is the first machine of its kind to be brought to Raleigh, and it is giving perfect satisfaction. Here is what the makers of the machine claim for it: "A garment that passes through the HOFFMAN is disinfected, as no germs or microbes can exist under a temperature as high as the dry steam injected; at the same time it removes any odor that might be in the goods, takes away the grimy appearance, raises the nap, revives the colors, and imparts to the garment the freshness desired by all dressers." Men who appreciate nice clothing and like to have their clothing nice and fresh-looking should see this new machine at work.
