INTERESTING SESSION Of Board of Aldermen Held Last Night.

Salvation Army Question Will Get Additional Airing—Put An End to the City Bone-yard—After the Fly Nuisance—Noisy Advertising With Wagon Signs and Clanging Bells Gets a Solar Plexus Blow—The Mayor is Authorized to Issue Bonds For Municipal Building.

The board of aldermen was called to order by Mayor Wynne at 8:35 last night. The minutes of the previous meeting were read and approved.

Under the head of reports of committees Alderman Womble spoke of the bad condition of Mt. Hope cemetery and the very fine condition of the city cemetery.

Alderman Wright, for the market committee, reported the purchase of chairs for the police court room. He also recommended that the stalls in the rear of the market house, which he found to be very unsanitary, be not rented.

The report of the street commissioner, showing great extension of streets and much work being done, was read by Clerk Wilson.

It was referred to the street committee. Chief J. W. Beasley's report, which was published in The Times yesterday, was also read. His report showed fines imposed amounting to \$322.

The report of W. A. Howell, keeper of the park, showed the park to be in "condition to receive visitors".

Report of Building Commission. Col. Chas. E. Johnson offered the report of the municipal building commission as required by law, showing what has been done in the matter of securing a new municipal commission.

He told of the conditions under which the law building property was purchased and the provisions of the deed to the property, which is now in escrow in the hands of the Raleigh Savings Bank. The necessary legal papers for the carrying out of the provisions of the act authorizing the erection of the municipal building, were duly filed and a resolution was offered by Alderman Brown approving the work of the commission and authorizing the payment of the purchase price of the site for the building.

A petition was read from citizens on North Boylan and Lane streets, asking for the extension of the water mains and an increased supply. Referred to water committee. Attorney Gatling appeared before the board in the matter of compromising the claims against the city by Mr. Van Moore and Mr. Nunn, arising out of the condemnation of lands of those parties for streets. A committee consisting of Messrs. Wright, Ellington, and Upchurch was appointed to look into the matter.

Alderman Cooper, for the street committee, recommended that the offer of Johnson & Johnson to furnish for a public drinking fountain be accepted and recommend that the fountain be installed in a sanitary manner.

The petition of W. D. Brown for refreshment privileges at the park was refused.

The petition asking for the opening of a street from New Bern avenue to Hargett street, between Swain and Haywood streets was reported unfavorably by the street committee.

On motion of Alderman Harden a copy of Hill's new directory of the city of Raleigh was ordered to be purchased, at a price of \$4.00.

The matter of installing sewer on Lane street, at a cost of \$91.90 was discussed briefly, and was ordered to be constructed.

The North Blount street sewer went over, on request of Alderman Harden.

City Attorney Jones recommended the payment of the interest demanded by Mr. R. T. Gray on warrants held by him. The matter had been referred to Mr. Jones for investigation. The amount involved is about \$21.00. It was ordered to be paid.

A hydrant and fire alarm box were asked for at the corner of Cabarrus street and Boylan avenue and it was referred to the proper committee.

A fountain was asked for at the corner of Johnston and Halifax streets. The request went to the water committee.

The North Blount sewer question came up again on motion of Alderman Upchurch, putting the matter up to the board of audit and finance. He spoke of the great need of the sewer and declared that it was an absolute necessity. If the money was lacking in the sewer committee's budget it should be taken from the emergency funds. He moved that the matter be referred to the sewer committee with power to act.

The Oconeechee Tribe, No. 16, of the Improved Order of Red Men, asked that the order be allowed to get the Gentry Dog and Pony Shows for a benefit performance, free from tax. On motion of Alderman Harden it was allowed.

An arc light was asked for a part of the city near Boylan bridge. Dr. C. F. Meserve asked for a sewer on Smithfield street for the use of Shaw University.

The American Salvation Army question came up again and a petition from 15 citizens was read, approving the army and its work. On motion of Mr. Upchurch the mayor appointed a special committee to look into the matter. The committee is composed of Aldermen Upchurch, Peebles, and Holden.

Exit the City Bone-Yard. Alderman W. A. Cooper offered an ordinance which has for its object the elimination of the city bone yard. His ordinance provides that every citizen who has a dead animal on his premises, or other nuisance, must remove the same from the city limits, taking it at least half a mile from the city limits and must bury it under the direction of the city sanitary inspector at his or her own expense. A penalty of \$25.00 is fixed for any violation of the ordinance.

Alderman Cooper stated that Sanitary Inspector Brown had already prepared a long ditch at the city farm for disposing of all carcasses and disease-breeding garbage. The rules were suspended and the ordinance was passed.

Anti-Fly Ordinance. Alderman Ellington moved the suspension of rules and the immediate passage of an ordinance having for its purpose the protection of human life from spread of disease by flies. The ordinance provided that all surface privies must be screened and kept fly-proof, under a penalty of \$10. The rules were suspended and the ordinance was duly passed.
