THE FILIBUSTER IS BOTTLED UP

(By Leased Wire to The Times) Norfolk, Va., June 15.—Arms, said to be a quantity of rifles and alleged to be for the steamer Nanticoke, suspected of being a filibuster were discovered at Franklin, Va., on the Blackwater River which leads by the way of the Chowan River into Albemarle Sound yesterday, where the Nanticoke still lay. The arms were packed in piano boxes and are said to have been billed for transportation as pianos. They were shipped from New York to St. Louis and thence to Franklin. The vessel anchored in the Blackwater below the Nanticoke proves to be the tug Despatch, for which the government is also on the lookout. Both vessels are blockaded in the river by the revenue cutter Pamlico. It was said at Franklin that the Nanticoke would go to sea accompanied by the Despatch as soon as a certain Mr. Ely arrives there. It is improbable that either vessel could slip by the Pamlico even in the darkness.

The Nanticoke was not built for deep-sea navigation, and could not go far beyond sound waters with any contraband cargo, but she could transfer a cargo of some other vessel in protected waters. She is loaded apparently with nothing but coal. The Despatch could navigate the high seas in safety under ordinary conditions. The government has not taken charge of either vessel as yet, but United States marshals here are holding themselves in readiness to take charge of the vessels if ordered to do so.

NEW CORPORATION LAW.

President Will Have New Plan Prepared For the Control of Corporations.

(By Leased Wire to The Times.) Washington, June 15.—It was semi-officially announced today that after many cabinet discussions the president has directed Secretary of War Dickinson, Secretary of Commerce and Labor Nagel, and Attorney General Wickersham to draw up a plan for the complete reorganization of the government machinery for the control of corporations. President Taft wishes to have the plans ready by the time he goes to his summer home, at Beverly, Mass., so that he may incorporate it in his message to the next congress.

It is stated that one part of the plan is to make the interstate commerce commission a quasi-judicial body, with limited powers, and to put the principal work of investigation of corporations in the hands of the bureau of corporations.

RAY LAMPERE AT POINT OF DEATH

Lafayette, Ind., June 15.—It is learned that Ray Lampere, noted through his association with Mrs. Guinness, the arch-murderess is dying in the Michigan city prison where he is serving a twenty year sentence for the burning of the Guinness home. His sister here received a letter from him requesting her to come to him. The prison officials, however, refused her admission, saying that Lampere was extremely low and could see no one.

BALLOT DEFEATED AT THE ASCOT MEET

(By Cable to The Times.) London, June 15.—The Ascot meet, socially the greatest event on the English racing calendar, opened today with a defeat for James R. Keene's Ballot. Crushed by his impost, 140 pounds, the Keene horse finished next to last in the field of six in the trial stakes. J. Daly's St. Michan, at 4 to 1, was the winner with J. B. Joel's Dean Swift, 13 to 8, second, and Sir R. W. Griffith's Edna M., 20 to 1, third. Ballot carried top weight and after showing prominently in the early stages had to give way to his more lightly burdened competitors toward the end. Nevertheless he is considered as a strong competitor for the Gold cup race, which will be run Thursday.

King Edward and Queen Alexandra saw Keene's horse defeated today. The royal pair drove in semi-state from Windsor to the races.

In the Gold vase event Lord Falmonth's Amadis, 5 to 2, won with R. Mills' Jackson, 2 to 1, second, and J. A. Rothschild's Bomba, 100 to 7, third. No American horses competed.

Ascot week this year promises to eclipse anything in its history for social brilliancy.

GETTING READY TO PROSECUTE TRUST

(By Leased Wire to The Times.)

Washington, June 15.—Following the slump in sugar stocks in Wall street today, no direct statement could be obtained at the department of justice regarding the probable intention of the attorney general to prosecute the sugar trust. It is known, however, that such steps are contemplated. The bureau of corporations of the department of commerce and labor is understood to be gathering a vast mass of information concerning the transactions of the trust during a long period of years. The recent irregularities in connection with the weighing of sugar in New York, the action of the interstate commerce commission in recently forbidding the American Sugar Refining Company and others from receiving rebates from railroads and the recent action of the trust in compromising with an independent vivat besides the great sum paid to the government for the weighing frauds, all this has attracted the attention of the bureau of corporations, and the department of justice.

Officials at the bureau of corporations and the department of justice today are extremely reticent concerning the expected prosecution of the sugar trust, but Attorney General Wickersham, in reply to a question concerning the prosecution of the trust recently replied significantly: "Recent actions in New York ought to speak for themselves."

SOCIALIST WANTS CZAR ASSASSINATED

(By Cable to The Times)

London, June 15.—A sensation was created in the house of commons this afternoon when a member practically made an appeal for the assassination of the Czar of Russia when he is in this country. The speaker was the socialist, Thorne. During the discussion over the forthcoming visit of the czar Thorne jumped to his feet and cried out: "It will be a good job if he gets his deserts when he does come."

Confusion reigned and it was some time before order was restored. The speaker mildly rebuked Thorne who subsided into his seat with the remark: "He is an inhuman brute, anyhow."

THE DAVAO MUTINY.

Acting Governor General of Philippines Says Mutiny Has no Political Significance.

(By Leased Wire to The Times.) Washington, June 14.—Acting Governor General Forbes of the Philippine Islands, in a cable report to the bureau of insular affairs today says the mutiny of the second company of constabulary has no political significance.

"Acting Governor Hoyt," he says in his cable, reports that the second company of Davao constabulary mutinied on June 6, wounding a native officer and attacking the American community, one of whom was killed and four slightly wounded.

"The other constabulary company came to the rescue and thirty mutineers escaped into the mountains with guns, the United States infantry pursuing. Extremely regret the bad effect of this, particularly in the development of Davao. It is the only serious mutiny in the history of the constabulary, except a small affair five years ago. It has no political significance because there is no political question in the region. General Bandholdt is now there. I will report as to causes as soon as informed."
