

GOVERNOR KITCHEN REVOKES A PARDON

Governor Kitchen today revoked the pardon of John Staub, of Sampson county, granted by Governor R. B. Glenn in 1906.

Concerning the revocation of this pardon the governor issued yesterday afternoon the following statement:

"John Staub at the May term, 1903, of Sampson superior court, was convicted of a secret assault and sentenced to eight years in the state's prison.

"On April 10, 1909, complaint was made to Governor Kitchen, supported by affidavit, that John Staub had violated the condition of his pardon and its revocation was asked.

Under an order from Governor Kitchen Staub was promptly arrested and lodged in jail, and the governor at once proceeded to investigate the facts.

The clerk of the superior court of Sampson county was directed to take the evidence. Both sides were represented by counsel, and both sides offered evidence, and the same was taken and transmitted to the governor.

After a most careful consideration of the evidence the governor found as a fact that Staub had violated the conditions of his pardon, in that he had been repeatedly drunk and disorderly, having been convicted of breaches of the peace and violation of town ordinances in several different cases.

He finds as a fact that he got drunk before he got home from the state's prison, that he was convicted of being drunk and disorderly on February 23, 1907, of being drunk and a nuisance on August 13, 1908, of an affray with one Wilson, of an assault upon one Pope and of being drunk and disorderly on April 10, 1909.

"Finding these facts the governor considers himself bound under the law to revoke the pardon and remand Staub to the state's prison, to serve the balance of his sentence, which was done today.

"The governor wishes it well understood that when a condition is inserted in a pardon it is put in to be kept and if it is violated the person pardoned will be promptly arrested and remanded to the prison to finish his sentence.

"It is thought that conditional pardons can be used to great advantage in bestowing executive clemency, but in order for this to be so, it is absolutely essential that people know that the conditions are imposed in all seriousness and must be kept, or else the pardon will be revoked."

Justice Robert's Court.

This morning in Justice Robert's court he was busy dealing out justice in samples suitable to the demands of each case.

State vs. Sid Crabtree and W. F. Draper, affray. The evidence was such that the judge discharged Draper and adjudged Crabtree guilty of an unprovoked assault and battery on Draper, who to avoid a personal difficulty did not even strike back after being struck.

From the fact that Crabtree was fined and taxed the costs in the police court for public drunk, the cause of this assault and being a man of family and hard working man, on motion of Mr. J. R. Fowler, his friend, judgment was suspended upon payment of costs.

State vs. J. E. Walden, drunk and disturbing the peace and quietness of his own home and making use of threatening language was delivered a caution as to such future actions and let off on costs.

State vs. Van Gill assault and battery. On motion of his mother, who was the assaulted party and complainant, and the fact that Van's

AN ITCHING PALM.

No Cure for It. Other Forms of Itching Preferable.

There is no cure for an itching palm—the money kind. Even psoriasis, the new skin discovery, cannot help it. But when it comes to eczema, the most annoying of itching skin troubles, psoriasis will stop the itching in a few days.

So with hives, rash, scabies, split/toes, piles, and scaly scalp, all of which are different forms of eczema, accompanied by severe itching and caused by imperfect digestion and careless diet.

Psoriasis comes in two-dollar jars, but fifty cents' worth will answer in curing any of the diseases mentioned. It can be had of any druggist. The King-Crowell Drug Co. make a specialty of it.

That results are immediate will be amply demonstrated overnight by the use of the experimental sample which the Emergency Laboratories, 22 West Twenty-fifth street, New York City, will send free by mail, in plain wrapper, to any one who will write for it.

Men Past Fifty In Danger.

Men past middle life have found comfort and relief in Foley's Kidney Remedy, especially for enlarged prostate gland, which is very common among elderly men. L. E. Morris, Dexter, Ky., writes: "Up to a year ago my father suffered from kidney and bladder trouble and several physicians pronounced it enlargement of the prostate gland and advised an operation. On account of his age we were afraid he could not stand it and I recommended a bottle of Foley's Kidney Remedy, and the first bottle relieved him, and after taking the second bottle he was no longer troubled with this complaint."—King-Crowell Drug Co., corner Fayetteville and Hargett streets.

DEATH OF CARL CARTER.

Was Drowned in the Potomac River Last Sunday.

The Evening Times has received the following letter:

Sunday, June 13th, a party of boys were strolling near Alexandria, Va., came to the Potomac River, we decided to have a swim. It was a pleasant beginning but sad was the end. One of the party, Carl Carter, a barber from North Carolina, was taken with cramps. He battled with the current some time, but being weak from the effect of a bullet wound received not long since, he gave out and sank before any of us could reach him.

I ask you, Mr. Editor, to print this with a good head line. He has people somewhere in your state and I would like them to know of this sad affair.

From his Pal, HENRY GRIER, Atlantic City, N. J.

Women Who Are Envious.

Those attractive women who are lovely in face, form and temper are the envy of many, who might be like them. A weak, sickly woman will be nervous and irritable. Constipation or kidney poisons show in pimples, blotches, skin eruption and a wretched complexion. For all such, Electric Bitters work wonders. They regulate Stomach, Liver and Kidneys, purify the blood, give strong nerves, bright eyes, pure breath, smooth, velvety skin, lovely complexion. Many charming women owe their health and beauty to them. 50c. at all druggists.

The fence that was ordered some time ago to be used in fencing in the town commons has arrived and will be put up this week. This will protect the grass and trees and will help the appearance of the center of town very much. The board of aldermen should pass an ordinance prohibiting any one walking across the commons except in the walks laid off for that purpose. If the plot is not protected the money spent in beautifying it will be simply thrown away and it will be remembered that all this work is being done without a penny's cost to the town.

July the Fourth comes on Sunday this year and the great celebration that is being planned for that day will be held Saturday the 3rd. An elaborate program is being arranged and the entire day will be interesting from early in the morning till late that night. Prominent speakers will be here that day and will address the people. Every effort possible will be put forth to make the day enjoyable and a large crowd is expected and will be prepared for.

The Building and Loan Association has now organized and the first series of stock is now open and first payment is now due. This association will do more for the upbuilding of Thomasville than any other single agency we have. Every citizen in the town should take at least a share and encourage the enterprise. It helps the poor man as well as the rich and one and all share the same. If you have not subscribed to this series of stock, do so at once and get on the ground floor.
