

S.S.S. PURELY VEGETABLE

The absolute vegetable purity of S.S.S. has always been one of the strongest points in its favor, and is one of the principal reasons why it is the most widely known and universally used of all blood medicines. A great many of the so-called blood purifiers are really nothing more than strong mineral mixtures which act so unpleasantly and disastrously on the delicate membranes and tissues of the stomach and bowels, that even if such treatment purified the blood, the condition in which the digestive system is left would often be more damaging to the health than the original trouble. Not so with S.S.S.—it is the greatest of all blood purifiers, and at the same time is an absolutely safe and harmless remedy. It is made entirely of the healing and cleansing extracts and juices of roots, herbs and barks, each of which is in daily use in some form by physicians in their practice. Years of work and research have proven S.S.S. to contain everything necessary to purify the blood and at the same time supply the system with the purest and best tonic effects. S.S.S. cures Rheumatism, Catarrh, Sores and Ulcers, Skin Diseases, Scrofula, Contagious Blood Poison and all other blood troubles; and it leaves the system in perfect condition when it has purified the blood. Book containing much valuable information on the blood and any medical advice desired sent free to all who write.

THE SWIFT SPECIFIC CO., ATLANTA, GA.

SOCIAL NEWS OF MOREHEAD CITY

(Special to The Times.)

Atlantic Hotel, Morehead City, June 22.—Unusual interest is being taken in the fishing at Morehead this year. One of the finest hauls of the season was brought in yesterday by Messrs. F. W. Clark, P. H. Dillard and W. S. Garrett, of Rocky Mount, Va. By 12 o'clock they had caught over two hundred trout and mackerel, and would have made an even larger catch had their bait not given out. They very kindly allowed the other guests of the Atlantic to enjoy the results of their luck fishing.

Mr. W. L. Kennedy, of Falling Creek, N. C., is also taking advantage of the good fishing this year. He has taken several parties out in his beautiful boat, the "India," and each has had very good luck. Mr. and Mrs. Kennedy are both very generous with their boat. Mrs. Kennedy gave a sailing party Saturday morning to twenty-five or more of her friends. After the sail the party went by the beach where they had a fine dip in the surf.

Sailing parties seem to be quite the chief form of amusement just now. Sunday morning Mr. E. K. Gulley, of Goldsboro, gave one in honor of Miss Pattie Bougham, of Washington, N. C., who, like numbers of others, spent the week-end at Morehead.

Mr. S. Peabody, Jr., of New York, also gave a delightful sail Sunday night. Surely he could not have selected a more perfect night, nor could he have done anything more to make the sail an ideal one. Delicious refreshments were served aboard during the evening.

With these numerous sailing parties and dances this past week-end has been quite gay. Mr. Adolph Nunn, with Miss Maude Minger, both of New Bern, N. C., came down to lead the German Saturday night. Many New Bern people were down

for the dance. Among them was a party of young people on their way to the Meadows' summer home at Saltair. The party consisted of Misses Jane Stewart, Henrietta Hancock, Suse Gulon, Lillie Groves and Messrs. Wade Meadows, Ralph Smith, James Bryan and J. Vernon Blades.

Roots, Herbs and Barks.

You can no doubt recall the collection of roots, herbs and barks your grandmother made every fall for the family medicine chest.

It is interesting to note that the most successful remedy for female ills had its origin more than 30 years ago in one of these home medicine chests, and Lydia E. Pinkham's Vegetable Compound is made today in immense quantities from those same roots and herbs with extreme accuracy, care and cleanliness.

H ESTOLE TOBACCO.

Jimmy Inscore Breaks Into Jail at an Early Hour Today.

Jimmy Inscore, a white youth who lives midway between Apex and Cary, either of which rival cities may claim the honor of numbering him among its citizens, was lodged in the county jail this morning at 2 o'clock by Deputy Sheriff Wall. Jimmy has long evaded the watchful officers of both Cary and Apex, who were searching for him diligently because of the larceny of a box of tobacco from C. J. Bright. The tobacco was valued at \$4 and was stolen March 1. Inscore will be tried before Judge Upchurch.

Fourth of July Round Trip Rates Via Southern Railway.

Southern Railway announces the sale of very low round trip rates account Fourth of July. Tickets will be on sale July 2, 3, 4, 5, with final return limit July 8, 1909. Everybody who wishes to take a trip should take advantage of these cheap rates.

For full information regarding rates to and from all points see nearest ticket agent or address the undersigned.

CLARK ON THE TARIFF

Doesn't Expect Rates to be Lowered.

Champ Clark Says Those Credulous Persons Who Still Hope for Lower Rates Will Find Themselves Very Much Mistaken—Personnel of the Conference.

(Special to The Times.)

Washington, June 23.—"President Taft and the stand-pat republican newspapers profess to believe there will be a wholesale lowering of tariff rates when the Payne-Aldrich bill reaches conference. Do you think so?"

I put this question to the Hon. Champ Clark, leader of the minority in the House, and the man who is being talked of in congressional circles as the logical democratic candidate for president in 1912. Mr. Clark will himself serve on the conference committee that is to have the last say in the framing of the new tariff bill.

"What do I think of the prospects of improvement of the tariff bill in conference?" said the minority leader, looking up from a desk piled high with tariff hearings. "Why, I think this: that all those credulous persons who are expecting a marked lowering of duties when the tariff bill gets into conference will finally wake up and find that they are woefully mistaken.

"Here is the situation: The Payne bill raised the Dingley rates considerably and the Aldrich bill, so far, materially increases the Payne rates. All that the conferees can legitimately consider are the rates of the Payne bill and the rates of the Aldrich bill.

"Query No. 1: As the rates of both the Payne bill and Aldrich bill are higher than the rates of the Dingley bill, how can any compromise by the conferees as to the Payne and Aldrich rates result in rates lower than the Dingley rates?"

"Query No. 2: Does anybody with any sort of claim to a reputation for veracity assert that the republicans promised last year to increase the Dingley rates or that congress convened in extraordinary session to increase them?"

"Query No. 3: By what name should an increase of rates after the election, when a decrease was promised in order to carry the election, be called? Answer: A stupendous bunco game!

"If the plain people were as much in the habit of using the short and ugly word as was the mighty American nimrod, now rusticated in the African jungles, when he was in the White House, they would say that republican platform promises and republican promises in newspapers and in speeches to revise the tariff were a pack of lies.

"Query No. 4: Who will dominate the conference? Senator Nelson W. Aldrich, of Rhode Island, and Senator Reed Smoot, of Utah; for let it not be forgotten that Smoot is Aldrich's right-hand man in all this tariff business and seems to be the Rhode Island's understudy for the succession to the chairmanship of the great senate finance committee. To do Senator Smoot justice he seems to be an indefatigable worker.

"Rumor hath it that Uncle Shelby M. Cullom, having declined service on the conference committee by reason of the uncertain condition of his health, the senate conferees will be Aldrich, of Rhode Island; Burrows, of Michigan; Penrose, of Pennsylvania; Hale, of Maine, and Smoot, of Utah, for the republicans, with Daniel, of Virginia; Bailey, of Texas, and Money, of Mississippi, for the democrats. There is not one tariff revisionist downward among those republicans. They are five of the most rampant stand-patters in the senate and will stand by Senator Aldrich to the last ditch.

"The house conferees, so it is said will be Payne, of New York; Dalzell, of Pennsylvania; McCall, of Massachusetts; Hill, of Connecticut, and Boutell, of Illinois, for the republicans, with Clark, of Missouri; Underwood, of Alabama, and Griggs, of Georgia, for the democrats.

"Dalzell and Hill are stand-patters from away back, except that Hill would like to have free raw materials for Connecticut factories. Of course Payne would not consent to cut rates below the rates of his bill. McCall, like Hill, would like to have free raw material for New England factories. Boutell leans toward moderate revision downward. I suppose the ten republicans will segregate themselves and agree on a report before consulting the democratic conferees.

"From the foregoing brief analysis every man can guess for himself how much cutting down of tariff rates the majority of the aforesaid ten republicans will do. In my judgment they will vote to increase rather than to decrease the Payne rates or the Aldrich rates."

WAKE SUNDAY SCHOOL WORK.

BOYLAN-PEARCE COMPANY.

covered. The county has been divided into seven districts. The following conventions have already been arranged and programs prepared:

District No. 5, embracing the townships of Cedar Fork, House Creek and Cary, at Morrisville Christian church, Sunday, June 27.

District No. 1, embracing the townships of New Light, Oak Grove and Barton's Creek, at New Bethel Baptist church, Sunday, July 4.

District No. 2, embracing the townships of Wake Forest and Neuse River, at Forestville Baptist church, Sunday, July 11.

District No. 3, embracing the townships of Little River and Mark's Creek, at Wendell M. E. church, Sunday, July 18.

District No. 7, embracing the townships of White Oak, Buckhorn and Holly Springs, at Holly Springs M. E. church, Sunday, Aug. 15.

The committee hopes to form permanent organizations in the various districts, and to hold conventions from time to time of the Sunday school workers of the different denominations that will be inspirational and educational.

Thrilling Rescue. How Bert R. Lean, of Cheno, Wash. was saved from a frightful death is a story to thrill the world. "A hard cold," he writes, "brought on a desperate lung trouble that baffled an expert doctor here. Then I paid \$10 to \$15 a visit to a lung specialist in Spokane, who did not help me. Then I went to California, but without benefit. At last I used Dr. King's New Discovery, which completely cured me and now I am as well as ever." For Lung Trouble, Bronchitis, Coughs and Whooping Cough its supreme. 50c. and \$1.00. Trial bottle free. Guaranteed by all druggists.

The Carolina Light & Power Co. The regular quarterly dividend of one and one-half (1½ per cent) on the preferred stock of this company has been declared for the quarter ending May 31, 1909, and payable July 1, 1909, to stockholders of record at the close of business on May 31, 1909.

The transfer books will not close. H. H. DALTON, Treasurer. Raleigh, N. C., June 14, 1909. 18-7t.

NOTICE. It is not my desire but my duty to garnish or levy on all delinquents. This is positively the last public notice that will be given of unpaid taxes. Unless all taxes are paid in full by July 5th I will proceed according to law. This applies to poll tax and tax on personal property. JNO. S. JONES, City Tax Collector.
