

DEALERS IN NORTHWEST THE TOWNS WHILE WAITING FOR THE ALLOTMENT OF GOVERNMENT LANDS MANY APPLICATIONS

Population Centers of the Northwest Are Flooded With Anxious Humors, Coasting Luck to Count Them Among the 3,000 Winners in the Lottery For Lands in the Spokane Flathead Coter D'Alene Reservations—Cities Facing a Serious Problem in Caring For Homeless—All Kinds, Ages and Conditions in the Crowds—Much Care Taken by Government Officials.

Spokane, Wash., July 17.—The population centers of the northwest, flooded with anxious humanity, coasting luck to count them among the 3,000 winners in the lottery for lands on the Spokane, Flathead and Coter D'Alene reservations, yet fearing they will be among the 297,000 disappointed ones, are facing a serious problem in accommodating the visitors.

Tottering veterans dot the motley crowds. Widows seeking a resting place, bachelors from the east, West Virginia and New York, strappings walking fortune for the first time are crowded to roam the streets or rest their heads on a stony pillow by the congested condition of the hotels and rooming houses.

Hotel rates and prices of meals have not been advanced, but pickpockets and petty thieves are numerous. Five seconds of carelessness threatens to cost thousands of homeless every chance to win land. Some failed to put postage stamps on the envelopes, some filled the blanks but failed to take the oaths, in other cases clerks have neglected to apply their seals to the affidavits, and some over-prudent applicants are writing their return addresses on the envelopes before mailing to the superintendent.

Even an initial marked on the envelopes in the printed address is sufficient cause for being out the letter. So careful is the government to avoid distinguishing marks on the envelopes that the Spokane postoffice removes the date and hour from the machine where the stamps are cancelled.

At Couer D'Alene Superintendent Witten of the land office estimates that the applications already filed will total 10,000. Fully 10,030 have registered at Missoula for home-stands in the Flathead reservation. Fifteen thousand have registered at Spokane for Spokane Indian reservation lands.

Life 100,000 Years Ago. Scientists have found in a cave in Switzerland bones of men, who lived 100,000 years ago, when life was in constant danger of wild beasts. Today the danger, as shown by A. W. Brown, of Alexander, Mo., is largely from deadly disease. "If it had not been for Dr. King's New Discovery, which cured me, I could not have lived," he writes, "suffering as I did from severe lung trouble and stubborn cough." To cure Sore Throat, Croup, whooping cough, and prevent Ephemoria, its the best medicine on earth. 50c and \$1.00. Guaranteed by all druggists. Trial bottle free.

JUDGE FOR YOURSELF

Which is Better—Try and Experiment or Profit by a Raleigh Citizen's Experience.

Something new is an experiment. Must be proved to be as represented. The statement of a manufacturer is not convincing proof of merit. But the endorsement of friends is. Now supposing you had a bad back. A Lame, Weak or Aching one. Would you experiment on it? You will read of many so-called cures. Endorsed by strangers from far-away places.

It's different when the endorsement comes from home. Easy to prove local testimony. Home endorsement is the proof that backs every box of Doan's Kidney Pills.

Read this case: Mrs. D. T. Moore, No. 311 South Person street, Raleigh, N. C., says: "I used Doan's Kidney Pills and found them so beneficial that I do not hesitate to testify in their behalf. Dull, nagging backaches bothered me for a long time and were frequently accompanied by sharp pains across my loins. At night I was very restless and generally felt tired and languid. The kidney secretions were an added source of annoyance, being very irregular in passage. When I was advised to give Doan's Kidney Pills a trial, I procured a box from the Bobbitt-Wynne Drug Co. They afforded me prompt relief and soon disposed of every symptom of my trouble."

BRITISH WARSHIPS

GATHER IN THE THAMES

London, July 17.—One hundred and forty-eight British warships have dropped anchor in the Thames river, the array extending from the estuary at the southern end of the river to Westminster bridge, in the heart of London. The total tonnage of this fleet is 750,000 tons and its cost is \$310,000,000 and it is officered and manned by 2,000 of the picked sons of the nation.

The object of this extended and superb display of Britain's fighting power is largely that of an anti-panic show. Carelessness prevails in every quarter of Britain. Anxiety in the higher circles as to the condition of the country's defense has bred apprehension and pessimism through the body politic.

TAFT'S BIG BURDEN

Realized Today His Difficult Task

Seventeen Members of the House, Call on the President and Urge Free Raw Materials—Didn't Get Much Encouragement From the Chief Executive.

(By Leased Wire to The Times) Washington, July 17.—President Taft realizes today what a burden he has on his shoulders in attempting to harmonize the tariff bill. Seventeen republican congressmen, namely, Keefe, Joyce, Johnson, Kennedy and Thomas, of Ohio; Langley and Edwards, and Senator Bradley, of Kentucky; Woodyard, Hubbard, Gaines, and Sturgis, of West Virginia; Representatives Cowles and Grant, of North Carolina; Young, of Michigan; Slomp, of Virginia; Mendell, of Wyoming, and Southwick, of New York, stormed the executive office in a body today and urged in positive terms that the president abandon his "free raw materials" attitude and aid them in keeping a duty on coal, iron ore, lumber, hides, and other raw materials. Besides these there were others who came individually. They all protested against free raw materials. Without exception on they were from states that are the largest producers of raw material, such as coal, ore, lumber, etc.

Representative Young, of Michigan, started off as spokesman for the delegation of 17, but in a few minutes every man in the president's office was talking, and the president was replying as fast as he could. They told the president they were with him as to ante-election party pledges and were for downward revision to the farthest extent, but that the platform said nothing of free raw materials. They declared their states would not only be injured by free raw materials, but that they would rapidly be aligned in the democratic columns. The president answered that they had helped to pass the bill in the house. Representatives Mendell, Gaines, Cowles, Langley, Hayes, and Young replied with the statement that they had stood by the party and voted for the bill as a whole, without a chance of reaching these particular schedules. After it was over the members of the delegation declared that they were not discouraged at the result of the conference, but it is not believed they were much encouraged by the president's determined arguments. One of the chief presidential arguments was that where one state stood opposed to free raw materials or one kind nearly all the other states favored it. Vice-President Sherman was among those who talked tariff individually with the president. Others were: Representatives Keener, Bates, and Burchfield, of Pennsylvania; Austin, of Tennessee; Richardson, of Alabama; Senator Burkett, of Nebraska; Representative Coeks, of New York, and Longworth, of Ohio.

ALBERT RYAN

IN CITY JAIL

(By Leased Wire to The Times) Los Angeles, Cal., July 17.—Albert Ryan, organizing secretary of the Western Federation of Miners is a prisoner in the city jail here today charged with killing H. E. Snyder, a mechanic, in a crowded North Main street hotel corridor. The other men, Otto Miller and Mike Lopez, are at the receiving hospital suffering from bullets fired by Ryan. It is believed that Miller will not recover.

Miller, with whom Ryan had quarreled, was shot while reading a newspaper, according to witnesses. Wounded, but still attempting to call for help, he rushed towards the clerk's desk and was shot down. Two of the shots fired by Ryan at Miller missed the man. One struck and instantly killed Snyder. The other penetrated a window and struck Lopez, who was walking on the street.

The prisoner admits the shooting and says the provocation was that Miller recently kicked him in the face.

RUNNING FROM WHEAT.

George Patten Going Abroad to Get Away From Wheat.

(By Leased Wire to The Times) Boston, July 17.—"Wheat, wheat! For God's sake man, I'm going abroad to get away from wheat."—George W. Patten.

Mr. Patten, who is a brother of James Patten, the Chicago wheat king, and a member of the firm of James Patten & Co., sailed from Boston on the Leyland liner Winifredian today in an effort to get as far from the wheat market as possible. He and his brother made millions in the wheat trade lately. George Patten has taken a part of his share of the profits and started on a quest for health. He shows the wear and tear of the wheat corner. His face seems lined with care. He refused to talk and when a Boston friend spoke to him about wheat, all the suppressed dislike in the man's mind to the mere mention of wheat broke out.

Mr. Patten is accompanied by his wife, his 17-year-old daughter, Miss Agnes Patten, and his fourteen-year-old boy "Jack". Mr. Patten flatly refused to discuss the wheat situation.

TIGERCASES POSTPONED

The "Jimmies" Much in Evidence

Jimmy Wright, Jimmy Hanna and Jimmy Medlin in the Revised List of Alleged Blind Tigers—John Upchurch, Fined for Assault With a Deadly Weapon.

The morning session of Judge Sironach's court was a long one. The two new blind tiger cases brought in yesterday afternoon were postponed. The Jim Wright case was set for July 27. The Jim Medlin case was set for Tuesday, July 20. The Jim Hanna case is also set for the same day.

W. H. McLeod, drunk on the streets. Prayer for judgment was continued until July 20. John Gilmore, colored, drunk on the streets. Case continued until July 27.

Jim Lane, a coal-black "railroad" nigger, was fined \$5 and costs for an assault on Pattle Gill.

John Upchurch and Archie Brown were found guilty of a harmless affray and were taxed with costs.

John Upchurch was also charged with assault with a deadly weapon on ex-Alderman T. E. Moore and a Mr. Johnson. According to the evidence there was much provocation for the assault, Moore having used one of the vilest of terms in addressing him. Upchurch, however, started the row by butting into a conversation where he had no business. He knocked Moore down with a two-pound weight and also struck Johnson with the weight. Upchurch was fined \$25 and costs.

WOLGARST GETS

MANY OFFERS

(By H. M. Walker) Los Angeles, July 17.—Fight promoters located in many different parts of the United States are showering offers in upon little Ad. Wolgarst. This would indicate that Wolgarst's decisive win over Battling Nelson is being taken seriously, when it should be, "Cherokee" Tom Jones, realizing what a pugilistic gem he has in his custody, is handling Wolgarst as carefully as though the latter was a costly doll. After looking over a batch of offers, Jones announced that none of them were financially attractive enough to tempt him to send Ad in the ring again soon.

Jim Coffroth, of San Francisco, wired Wolgarst an offer to fight Dick Hyland, saying that if Ad whipped Dick in San Francisco, the little fellow would then be a strong card to pit against Nelson on next Admission Day. Jones maintains that Wolgarst is already the biggest card in the country to match against Nelson. When he was told that Wolgarst was challenging him for a finish fight Nelson bluntly stated that he did not care to tackle Ad over the long route.

"The boy is too young and tough for me to monkey with," said the champion. "I am not kidding. I found this out the other night. I will take him on for another short distance fight when I get right. If I am satisfied at the outcome of this, then I may sign up for a finish bout with Wolgarst."
