

CONFEREES WILL SUBMIT THEIR REPORT MONDAY

Senator Kean of New Jersey Made the Announcement When Senate Met.

SEN. CULBERSON TALKS

Senator Kean Asked That Senate Meet on Monday Instead of Tuesday and Being Asked the Reason Therefor by Senator Culberson Said the Object of the Meeting Was to Receive the Report of the Conference—Senate Received the Territorial Laws of New Mexico, Submitted by the Secretary of the Interior—Senator Culberson Makes Statement.

(By Leased Wire to The Times) Washington, July 23.—The tariff conferees will submit their report on Monday, according to a statement made in the senate soon after it met today by Senator Kean, of New Jersey. He asked that the senate meet Monday, and in reply to Senator Culberson of Texas declared that the report of the conferees would be ready on Monday.

The senate heretofore has met on Tuesdays and Fridays. The senate received the territorial laws of New Mexico, transmitted by the secretary of the interior, and an appeal from the good roads association, urging that asphalt be placed on the free list.

Senator Dick, of Ohio, presented a protest from the Youngstown, O., chamber of commerce, against free iron ore, and a letter from ex-Governor Harris, of Ohio, whom Senator Dick characterized as a "representative farmer", objecting to free raw material, especially wool and hides.

Senator Perkins of California presented a bill providing for a territorial legislature in Alaska. Senator Culberson obtained permission to make a statement concerning the attitude of the democrats on the tariff. He said the impression had been given that the party is divided on the issue. To disprove this he declared the democrats have voted with practical unanimity on all questions except the duties on iron ore, coal, lumber, and hides. On the income tax, wood pulp, print paper, tea and coffee, their vote was substantially unanimous. On all articles embraced in the necessities of life the party had voted practically unanimously for lower duties than those contained in the bill. He also gave the party credit for the adoptions which were made to the free list.

At 12:20 o'clock the senate went into executive session, and at 12:31 o'clock adjourned until Monday.

The following nominations were confirmed: Charles R. Crane, of Illinois, to be minister to China; Siegfried Schwarzwald, postmaster at Waynesboro, Ga.; James H. Anderson, to be United States marshal for Utah; Thomas E. Osgard, of North Dakota, to be register of the land office at Minot, N. D.

PAUL MORTON SAYS BUSINESS IS GOOD

(By Leased Wire to The Times) New York, July 23.—Paul Morton, president of the Equitable Life Assurance Society, returned from Europe today on the Lusitania, with his daughter.

"The financial outlook is unusually bright," said Mr. Morton. "Business is good in all lines and I look for a long continuation of strength in American securities."

Asked what he had heard concerning the application to list steel common on the Paris bourse, Mr. Morton replied: "A gentleman of high position in French government affairs asked me a significant hypothetical question in this connection: 'If France should permit the listing of certain American securities without going through the regular form,' he inquired, 'would it be possible for France to make a preferential tariff arrangement with the United States?'"

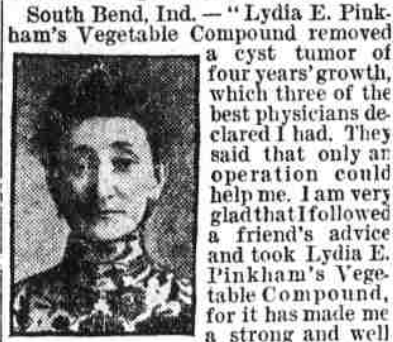

"I told him I could not answer for the American people, but that personally I was firmly convinced our legislators would not consider such a suggestion for a minute."

TAFT REFUSES HOUSE REQUEST

(By Leased Wire to The Times) Washington, July 23.—The session of the house today was enlivened by Representative Mason of Arkansas, rising to a question of personal privilege. He said that in the Congress at Record of July 19, Representative Tucker of Colorado was quoted as using words that he did not utter, to the effect that he (Tucker) hoped Representative Mason would withhold his resignation and "let his constituents write it for him." Representative Mason said he had no objection to the language, but he did object, following the quotation to the words "great applause." He moved to have them stricken out. On motion of Representative Mason the entire paragraph was struck out of the Record.

Representative Randall of Texas offered a privileged resolution calling on the speaker to appoint the judiciary committee and by unanimous consent was allowed ten minutes to address the house. By a vote of 151 to 100 it was laid on the table.

Representative Griggs of Georgia, by unanimous consent, offered a resolution attaching Ben Hill county, Ga., to the Albany division of the United States court.

A message was received from the president denying the request of the house for copies of the reports of Cyrus Bode, an Indian inspector, as to conditions of Indian affairs in Oklahoma. The president said that his refusal was based on "public policy."

The house at 1:05 o'clock adjourned until next Tuesday at noon.

EFFECT OF CANAL BONDS ON SECURITIES

(By Leased Wire to The Times) Washington, July 23.—The possibility of depreciation of outstanding securities of the government in case the treasury throws on the market any portion of the Panama canal bonds, whose issuance is to be authorized to the extent of the total estimated cost of the completion of the canal, was the subject of conferences in New York Wednesday between United States Treasurer Charles H. Treat and financiers there.

Some fear has been expressed in Wall Street that if the proposed bonds, which are to bear interest not exceeding 3 per cent., are to be permitted to be used as a basis for bank note circulation it would make almost limitless the currency that might be taken out.

Treasury officials take the position that there is no likelihood of depreciation of outstanding bonds, even if any considerable portion of the proposed canal bond authorization is taken advantage of. The bond market conditions at such a time would afford a basis for working out the details of the issue to best meet the situation.

Jerome in Thaw Case. (By Leased Wire to The Times.) New York, July 23.—District Attorney Jerome admitted this afternoon that he will go to White Plains Monday and direct the examination of Harry Thaw in the latter's fight for release from Matteawan. Jerome said that he had been invited to participate in the case by the attorney-general.

ROOSEVELT FOR NEW YORK MAYOR

(By Leased Wire to The Times) New York, July 23.—Theodore Roosevelt will be back in New York city for the mayoralty campaign and it is not improbable that he will be the candidate of the republican party for the office. This information was received by cable from John S. Wise, Jr., who is in Paris, and who, with other republicans, had a talk with Colonel Roosevelt as to political conditions in New York just before he plunged into the jungle.

In an interview Mr. Wise says the ex-president gave his promise to return to New York before the election. Mr. Roosevelt's popularity with Roman Catholics, some political sharps believe, will break the ranks of Tammany for good and all, if he should run for the mayoralty.

LEMON SHAW ON TRIAL Aged Negro Charged With Murder

A. J. Olive Gets Ten Months for Running a Blind Tiger—Maude Kelly Gets 14 Months—William Jones Goes Up For 18 Months—Will Appeal.

The morning session of the superior court was taken up with the trial of aged Lemon Shaw for murder in the first degree. There were a large number of witnesses for the state and only two or three for the defense.

From the evidence submitted one would judge that the shooting is shrouded in mystery. The dead man said that the old man shot him, but others who were on the scene could not say. It was after dark and no one could say who did it.

The evidence was completed at noon and the first speech for the defense was made by Mr. J. W. Bunn. He was followed by Mr. J. N. Holding, also for the defense, and the closing speech was made by Solicitor Jones for the state.

Court Yesterday Afternoon. Yesterday afternoon the trial of the case of State vs. Bud Hall, in which Hall was charged with unlawful cohabitation with Luella Hall, was completed and Hall was pronounced guilty.

The Lemon Shaw murder case was taken up and a jury was selected. Lemon Shaw is an old time negro, now ninety-six years old. Attorneys Holding and Bunn represent Shaw. The jury will be empaneled when court convenes at 9:30 today.

The Jones-Kelly Case. The notorious Jones-Kelly case was again in the limelight, attorneys for the pair arguing that the verdict of the jury be set aside as contrary to the weight of evidence. Judge Allen refused their motion, declaring that he thought the verdict of the jury entirely correct. He sentenced Maude Kelly to fourteen months in jail and William Jones to eighteen months on the roads.

The A. J. Olive Case. A. J. Olive, the white man convicted of selling whiskey, was brought into court and sentenced. Mr. Chas. T. Harris, attorney for Olive, made a plea for leniency, saying that Olive was the only means of support of a wife and five children.

In passing judgment Judge Allen expressed sympathy for the innocent ones who must of necessity suffer by the commission of crime, but such considerations could not be allowed to weigh in punishing for wrong doing.

"I recognize," said he, "a vast difference between a human weakness and a human vice."

He went on to say that when in a moment of anger or passion a crime was committed he was disposed to be lenient; but when a man puts up a shop to sell whiskey he deliberately sets out to debauch a community. He is a debaucher and willful violator of the law and must be punished. Olive was sentenced to ten months on the roads.

HOW TO GAIN HEALTHY FLESH.

Henry T. Hicks Co. Advise Use of Samose.

While thinness may not be a disease, yet it is in reality a condition that needs attention. Under the nourishing power of Samose healthy, natural flesh will soon be attained.

This remarkable flesh-forming food strengthens the system generally and builds up the fleshy tissues so that good, natural plumpness results.

An ounce of flesh is better than a pound of theory. Henry T. Hicks Co. believes that the best possible demonstration of the flesh-forming powers of Samose is to have it tried by their customers, and to induce them to use it. They offer to pay for the Samose in case it does not give satisfaction. No stronger proof than this can be given of their faith in it. They have seen hundreds who were weak, thin and scrawny, become plump, robust and strong, solely through the use of Samose.

If you are thin or in poor health, take advantage of this offer. You run no risk whatever, and the chances are 98 out of 100 that you will notice a gain in weight after using Samose for a week or ten days.

Sent postpaid on receipt of price, 50 cents.

SEARCHED FOR WIFE DESERTER

And Was So Wrapped Up in the Search That He Got Arrested For Deserting His Own Wife. (By Leased Wire to The Times)

Chicago, July 23.—Chas. L. Bowe, a private detective, has been so wrapped up in a search for an alleged wife-deserter that he is said to have forgotten his own seven-days' bride.

When the sleuth walked into the Harrison street station looking for the state's attorney he was placed under arrest by detectives who had a warrant charging him with wife abandonment.

When he was searched a warrant for a Champagne, Ill., man charging him with wife abandonment was found in his pocket.

LET THE PENNIES PAY FOR A BEAUTIFUL LOT "BOYLAN HEIGHTS."

Yes—just pennies. Fifty a day. Simply save them. Then pay monthly.

Keep it up a few months. First thing you know you own a lot. Yours without effort or worry.

FOR WHO MISSES A FEW CENTS A DAY!

Scatter your pennies, nickles and dimes, and they accomplish nothing. Combine them, and they work wonders. There's a fascination in watching the multiplication of pennies, when saved, day by day, on this plan.

One wonders where they all come from. They are a "by product" of business that never before had seemed to possess real value. Yet our 50-cents-a-day selling plan puts them in harness and makes them pull a \$500 lot.

Hundreds are now buying lots on this simple, practical plan. Some from necessity, but many because of the novelty of the idea. Men rated high in commercial reports buy them—others unknown to Dunn and Bradstreet.

Clerks, Telegraph Operators, Teachers, Stenographers, Students, Attorneys, Physicians, Workingmen, Children—All Classes.

Buying with pennies a beautiful lot "Boylan Heights", where you have sewer, water and granolithic sidewalks all paid for.
