## FIRST INNING CAUSED RED BIRDS' DOWNFALL

Sad and dejected were the three hundred loyal fans that went down to Wilson Saturday to see the Red Birds increase their lead in the close race for the pennant, but on the other hand saw the Tobaccoists jump on Fully in the very first inning for enough runs to win and put Raleigh in second place. Unlike two former occasions when the Norfolk and Southern train unloaded over two hundred happy, enthusiastic fans, it seemed as if this time a corps had been brought in.

"Just to think," said one fair fanette to the love-sick swain, who had been her constant companion throughout the day, "this was my first trip away from home to see the Red Birds play, and they were beaten. These horrid Tobaccoists hit the ball too hard in the first inning. They shouldn't allow that."

"Never mind," answered the faithful one, "they will take their sweet revenge on Goldsboro."

The Wilsonites made three runs in the first inning, but thereafter were like so many infants before the furious Fully. Not again did they cross the rubber. The Red Birds scored once in the fifth and again in the sixth, which gave the home rooters a large fight, but the tying run was not forthcoming, and the Raleighites came away with lost hopes.

## ERRORS LOSE FIRST GAME FOR RAILROADERS

(Special to The Times.)  
Rocky Mount, N. C., Aug. 9.—With proper support, Big Chief Thorpe would have won both games of the double-header here Saturday, but passed balls and errors gave the first game to the Giants. The Big Chief pitched good ball, but could not win in the face of the five bad errors made behind him.

Otis, for Goldsboro, was hit hard, five hits for extra bases being garnered off his \$1,000 delivery.

There was nothing but Rocky Mount in the second game. The Railroaders fell over themselves in their efforts to get to the plate and take a whack at the offerings of one said Pritchard. The aforementioned twirler was lambasted with a little more force than has been brought to bear on any heavier that has appeared on the local diamond since the ark ran aground at Ararat.

## RUBE HOWARD AND HIS TEAM HAD AN OFF DAY

(Special to The Times.)  
Wilmington, N. C., Aug. 9.—On a wet, heavy diamond, paradoxical as it may seem, the Highlanders Saturday afternoon made it two out of the series of three with Wilmington, score 4 to 2. Both Howard and the Wilmington team had an off-day, while Cull, on the mound for the visitors, though erratic, was very effective in the pinches and his team played behind him with all the vim and energy they could command.

## BIG LEAGUE STARS TO PLAY IN CALIFORNIA

(By Leased Wire to The Times.)  
San Francisco, Cal., Aug. 9.—If the plan that Dan Long, secretary of the Pacific Coast League, has under way is carried out, two picket teams, representing the best players in the American and National League, will play games in San Francisco, Los Angeles and other cities along the coast for six months this fall.

Long's idea is to have the teams come to California immediately after the closing of the coast league season, which will be October 31, and to have them play for six weeks. He wants to get major leaguers who have made names for themselves in various departments of baseball so that the coast can have an opportunity to look over the stars.

Youngville Defeats Franklinton.  
(Special to The Times.)  
Youngville, N. C., Aug. 9.—Youngville baseball team defeated the strong team from Franklinton on our diamond last Thursday to the tune of 9 to 5. The features of the game were the pitching of Duckett, of Raleigh, for the visitors, and the good work of Winston, L., in the box for the locals; also the good support of the local team. It was a very interesting game from start to finish.

Batteries: Youngville, Winston, L., and Winston, H.; Franklinton, Kearney, Duckett and Daniel.

SUNDAY BASEBALL.

AUTO GOES INTO THE RIVER.  
Two Are Drowned—One Other Killed in Another Accident.  
Boston, August 9.—Three persons are dead and a fourth dying as the result of automobile accidents in this state.

George VanDyke, known as the New England lumber king, and reputed the wealthiest man in New England, was killed with his chauffeur, Frederick B. Hodgson, at Turner Falls, when their automobile plunged into the Connecticut river.

At Worcester, Stanley Taylor, 23, was instantly killed when his right lung was pierced by the shaft of a milk wagon. Taylor and five others were going at a rapid rate when their car collided with the wagon. Taylor's death was not discovered for 15 minutes, when the automobile had covered 10 miles from the scene of the accident.

At Fitchburg a Lithuanian was run down by an automobile. He is dying.

MONTREAL AND QUEBEC.  
A veritable edition de luxe among railroad pamphlets has been issued by the Grand Trunk Railway System to promote the tourist trade. It is a beautiful, printed and generally arranged in the artistic style of earlier days, when the ornamentation of a volume was regarded as an important incident to its presentation of reading matter. It is also very well written, and gives an interesting description of the two most interesting cities in Canada, with many illustrations from photographs. Sent free to any address. Apply to F. P. Dwyer, 290 Broadway, New York.

## OFFICER LICKS DOCTOR

Trouble Over Matter of Long Standing  
Durham, August 9.—In the recorder's court this morning the chief matter for judgment was the case against Policeman Manley C. Klapp for flogging Dr. Rhodes Herndon, a veterinarian of the city.

The trouble really arose over matters of long standing. The Herndon place has always been under official surveillance and the closest watchman has been Officer Klapp. He has been the hardest fighter of blind tigers on the force and yesterday he says that when he approached the horse doctor the latter addressed a few very unkind remarks to him. He followed this up by calling Mr. Klapp a d—llar and charging him with willingness to commit perjury. The officer struck Herndon with a club and his fist, both doing damage and causing the face to be carried in a sling today.

Editor Joseph H. King of the Morning Herald of this city, is back at work this afternoon, after an enforced absence from his duties the last few days. Mr. King has been a sufferer with his eyes and abandoned his job the middle of last week. It isn't his first visitation, but he was treated to his worst in the last. There appears no organic weakness, though he has been a night editor for years and has been an active printer all the time.

The Herald force is afflicted from another quarter. Mrs. E. T. Rollins, wife of the business manager, is in the hospital, where she went last week for an operation. Several weeks ago Mrs. Rollins twisted her foot while standing on a chair and turning. It gave her great trouble and she improved but little. There were no bones broken and everything seemed good for recovery, but falling she was given the surgical treatment. Her mother, Mrs. L. J. Steed, of Oxford, is with her family and assisting them in the care of the household.

Justice Gunter had a funny case before his court Saturday afternoon when the colored Primitive Baptists called upon him to settle a row.

The trouble seems to have arisen over the affiliation of the pure in heart and the wicked. Last year a number of the sinners were turned out and left the church, returning at a union meeting and professing faith followed by the communion. The members sinning had not gone through the ecclesiastical red tape of returning to their first love and confessing. That ancient and honorable method was ignored. The pastor was against the insurgents and there were others with them. They held a conference and could not settle it, many declaring that the preacher exceeded his authority. The insurgents and sinners won and captured the church books upon which they writ high their own names. Elder Terry and Mr. G. C. Farthing, big Primitive Baptists in the white church got together and settled the matter before the justice was forced to do so.

Mr. S. H. Reams, until the first of the month general passenger and freight agent of the Durham & Southern, left this afternoon for Savannah, Ga., where he becomes agent for the Seaboard. Mr. Reams was with this road 12 years and was one of its most popular men. It isn't a speech that excites envy when it is said from here that he is the most liked man in Durham. His going away is the cause of the greatest regret. He takes the best agency that the Seaboard has and is handsomely rewarded. But he takes also a delightful family, removes almost the solar system in North Durham, not to say the sunshine of a whole city. He will report for duty August 15th, but does not take his family until the next month.

The officers raided a place yesterday where cards in the hands of more than the colored crapper indicated something doing. The young fellows were too smart, however, and proved that they were not gaming. They were merely taxed with the costs of a Sunday game and their story about the money part of the transaction accepted.
