WILD FANASIES.

Last night I dreamed of fanasies set in dim, secluded woods. It must be that they are in bloom—come, let us go and look!

You take this old deserted road, and I will take the ridge. And we will keep abreast and meet up at the golden bridge.

Ophelia, I am sure, would know just when to look and where; But we are from Elsinore, and only ghosts are there!

Yet, after all, perhaps the dream was just a magic spell—A trick, perchance, of Oberon or Puck or Ariel!

Nay, here they are! Come down this dell, I found a fairy clue! And what a dear, delightful way to have a dream come true!

LITTLE MISS NELL BERNARD.

Celebrated Her Fourth Birthday Saturday Afternoon.

A very delightful occasion the fourth birthday of little Miss Nell Gwynn Bernard proved to be, when Saturday afternoon quite a number of her little friends gathered to help her celebrate. All kind of childhood games helped to make the afternoon a happy one as well as the delicious refreshments of orangeade, cream, cakes and fruit.

The house was made gay and festive, the color scheme of gold and white prevailing everywhere, golden rods and yellow daisies and yellow shaded candles making the scene a beautiful one.

The Jack Horner pie, from which each child drew a plum which proved to be a dainty souvenir, was one of the most delightful features of the afternoon.

The little folks hope that Nell will have many more birthdays to celebrate so delightfully.

THE NEW REX HOSPITAL.

September 28. Has Been Designated as Gift Day

Raleigh's Fine New Hospital to be Completed September 27—Will Accommodate 100 Patients—Many Rooms Already Equipped—Public Invited to be Present Gift Day.

Nothing done in Raleigh during this year, 1909, so memorable in the city's life, has been of more public interest and deeper significance than the building of Rex Hospital, a structure at once seemly and worthy of the community, giving Raleigh for the first time a modern hospital, available not only for local use but very important to many other points in the state.

There is more than general pride in this hospital, which is to be completed on the 27th of September; there is personal pride and desire to have a hand in its proper equipment. Various organizations here have entered into this matter with the finest spirit, and the following statement of what has so far been done in the way of furnishing rooms will not only stimulate other organizations, but individuals as well. Here are some of the things which have been done:

The Junior Order of United American Mechanics furnishes two sun-parlors; Mrs. E. Burke Haywood, the operating room and her children a double ward for women; James H. Pou the maternity ward and one ward for men; Mrs. Josephus Daniels the children's room; Dr. James R. Rogers women's ward; Brotherhood of Locomotive Engineers, room for men; Royal Arcanum, room for men; William Henry Bagley, room for men; Raleigh Typographical Union, double bed-room for men; Mrs. E. E. Moffitt, room for women; Mrs. C. D. Hearrt, women's ward; Robert N. Simms' Baraca Class at the Baptist Tabernacle, one room; Walker W. Jones, one bed in the public ward; the graduate nurses and Dr. W. A. Knox make a gift of a complete X-Ray equipment.

It is decided that there shall be a "Gift Day" at the hospital, September 28th, and that between the hours of 2:30 and 10:00 p. m. the public will be admitted and the entire institution thrown open for inspection. It will be found to be admirably arranged and the view thus to be had of it will certainly gratify visitors. The trustees and the nurses tender a special invitation to the public to visit the hospital during the hours named, and at that time gifts will be received, either of money or of articles enumerated below, which are especially needed for equipment. As has been stated there are a great many people in Raleigh who desire to do something personal for this institution, which in the years to come will hold so large a part in the life of Raleigh. This is their opportunity and they will, of course, show the Raleigh spirit not only by their interest and their liberality, but by the wide range of their gifts. It requires many things to make the hospital equipment complete. Look over them and see what part you will take in this admirable work, a work in which purse and heart should go together and thus make a real giving:

Sheets, 300, each 90x54 inches; pillow-cases, 300, each 30x22 inches; bed-spreads, 200, each 90x54 inches; towels for the male wards, 150, with red borders; towels for female wards, 150, with blue borders; towels for private rooms, 100, all white; night shirts for male ward patients, 50; night gowns for female ward patients, 50; tray covers, 400, each 24x15 inches; table cloths, 6, for nurses' dining-room, each three yards long; 300 table covers for 100 tables in wards and rooms, each 36x36 inches; 4 dozen napkins and one silence-cloth, 3 yards' long, for nurses' dining-room; 50 bath towels, washstand and bureau scarfs.

China for nurses' dining-room, say a set of 100 pieces; china for tray sets, including odd articles, cups, saucers, sugar pots, milk pots, plates, 40 soup bowls, 40 salt-shakers.

Pictures, potted ferns, vases for flowers, brass jardinières; 12 flower stands; 4 water-coolers.

Silverware, say 5 dozen each of spoons, knives and forks; 12 pitchers; 100 tumblers; white metal coffee pots.

All sorts of ware for the kitchen, including pots, kettles, sauce-pans, rice-steamer, coffee-percolator, ham-boiler, bread-knife, carving set, biscuit machine, meat grinder, bread mixer; also homemade jellies, wine, pickles, etc.

An upright piano, to go in the parlor for convalescent patients; also music for piano; a large clock for the hall.

Art squares for the main hall and 12 rugs, to be placed at door-ways.

Porch chairs, rolling chairs, writing desks, lawn settees, screens, to the number of at least 25, of any size, shape or color.

A book case has been presented for used by patients and books for this will be gladly received.

The reader will observe what a wide range there is for giving. Gifts will be received any time during the day on Tuesday, September 28, though the hospital will not be

thrown open to visitors until 2:30 o'clock in the afternoon. The gifts will be appropriately displayed in one of the large general wards. The Woman's Club and other organizations here are deeply interested in this great movement to make the hospital completely ready for use by October 1st. The present nurses are Miss M. C. Simmons, Mrs. Annie Kingman, Mrs. Carrie Fulton, and Miss Alice Wood, and the superintendent, Miss Helen Orchard, announces that three more nurses will report on Friday of this week, these being Mrs. Marr, Mrs. Pickard, and Miss Stone. The housekeeper is Miss Alice Johns. Thus the staff is an exceptionally fine one, carefully selected in every case and with experience.

It ought to be said that the cloth articles enumerated need not all be linen, and it may be added that it takes a great many to equip wards and beds in a hospital. This one is for 100 patients.

Flowers of any kind will be welcomed, not only on "Gift Day", but at any other time.

A number of Sunshine girls, to be named later, will aid in the work of receiving gifts and looking after visitors on "Gift Day", and there will be a visitors' book, for names, etc. The day will have a special significance in many ways. The hospital will be brilliantly lighted throughout for the evening of the 28th.

OUTING POSTPONED.

The Sunday School Picnic of the Tabernacle Postponed Until Next Monday.

About 700 members of the Baptist Tabernacle Sunday school were greatly disappointed this afternoon by having their outing called off on account of rain.

With a band playing, flags and banners waving the Sunday school marched from the church to the cars for Pullen park, where they expected to have their annual outing and field day exercises, but the rain began shortly before 2 o'clock, just before the arrival of the cars, and it was decided to postpone the trip until next Monday.
