DEATH OF YOUNG DURHAM MAN

Eugene Lindsey Died Yesterday After a Long Illness Funeral Today

YOUNG MAN'S CAREER

L. L. Tilley, Hardly Able to Read and Write at 19, is Practicing Law at 28, With a Liberal Education and Good Prospects For Success—Shows What Can be Done With Character and Determination to Do, Marriage in the Country—Furnishings For Wife's Hospital—Two Automobile Parties—Convicted of Stealing a Cow.

(Special to The Times)

Durham, Sept. 28—Eugene A. Lindsey, whose long illness of tuberculosis carried him to the southwest last year to seek health, died yesterday morning at 2:50.

He was nearly 31 years old and was born in Wayne county. He was an electrician by trade and went with the Bell Telephone Company first. He served that corporation a number of years and lived in several states. He later married Miss Grace Hutchinson, of Richmond, and more recently went into the service of the Durham Traction Company, where he served that company until his failing strength drove him from work. He left Durham March, 1908, and went to San Antonio, where he lived about five months, trying at first to work there, but he was too weak. Then he went to El Paso and remained there until three weeks ago.

His death, while expected soon, came earlier than had been thought. He went into delirium Sunday night and was dead in a few hours. He lived less than two days after being brought from Asheville home.

The funeral services are being held this afternoon from the home on Duke street. The ministers officiating are Rev. J. W. Lynch of the First Baptist, and Rev. W. C. Barrett of the Second Baptist. The Masons will conduct the services. He leaves a wife, an adopted daughter, five brothers and two sisters. His mother, Mrs. John M. Lindsey, also survives.

L. L. Tilley hung out his shingle today and will practice law. He received his license February last.

Thereby reads an interesting story. Mr. Tilley is a Durham boy who could barely read when he was 19 years old. He had been to school not more than three months all told, and these terms were at irregular intervals. He remained at home, wormed tobacco and argued points of ethics with the mid-eyed mule. At 19 he decided to go to school and as soon as he could do so he entered without being cowed, Wake Forest College, from which school he graduated last summer with the degrees of bachelor of arts and bachelor of laws. As that institution doesn't give two degrees at a commencement he could not take them both then. He received his license February last.

HOME ENDORSEMENTS

Hundreds of Raleigh Citizens Can Tell You All About It.

Home endorsement, the public expression of Raleigh people, should be evidence beyond dispute for every Raleigh reader. Surely the experience of friends and neighbors, cheerfully given by them, will carry more weight than the utterances of strangers residing in faraway places. Read the following:

Mrs. John H. Winfrey, 512 South Swain Street, Raleigh, N. C., says: "I used Doan's Kidney Pills and they proved of the greatest benefit. I was a victim of kidney trouble for a long time and often could hardly attend to my housework on account of the acute pains through my back. Every quick movement sent sharp twinges throughout my body and I was at a loss to know how to dispose of the annoyance. My kidneys were very weak and the passages of the secretions were far too frequent. When Doan's Kidney Pills were brought to my notice, I obtained a box from the Bobbitt-Wynne Drug Co. and had used them only a short time when I was relieved. They entirely removed the backache and kidney weakness and since then I have been in the best of health."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.

GENUINE ECZEMA REMEDY.

New Remedy That Cures Eczema Quickly.

Henry T. Hicks Company have hundreds of jars of Hokara in the last few weeks, and although they have offered to refund the purchase price to any dissatisfied purchaser, not one jar was returned.

While this is surprising in itself, yet the most marvelous thing is the reports of chronic cases of eczema that have been cured by this simple skin food. People who have suffered with scales, scabs and even bleeding itching have found relief in Hokara.

No matter where the eczema pimples or other breaking out occurs, whether on the face hands, or legs or body, the application of Hokara will give quick relief, and even the worst and most chronic cases of eczema will be cured in a short time.

You can buy a liberal sized jar at a very low price, 25c, and with every package goes Henry T. Hicks Company's guarantee to refund the money if it is not satisfactory. Larger size 50 cents.

For the Blood.

It is sometimes necessary to help the action of Hokara skin food with a remedy that will cool and cleanse the blood and regulate the liver and bowels. Hokara Blood Tablets have been prepared specially for this purpose. A large box costs only 50 cents, and is sold under guarantee of satisfaction or money back by Henry T. Hicks Co.

receives his latest next year.

He is now but 28 years old and starts into the game with the same pluck that characterized his determination to get his education. He has taken offices in the Main street pharmacy building, and is ready for any man who is in trouble.

There will be an exhibition game here tomorrow afternoon between the Y. M. C. A. team and the Durham high school eleven.

The two teams have scrimmaged but little, but are getting the soreness outside. On the Y. M. C. A. team there are several former stars, Rastus Smith, Frank Ogburn, Claborn and Will Carr, Whitaker, and perhaps others. The game will be played at 4:00 o'clock and there will be no admission.

It takes place at George Lyon Park. Everybody is invited to come out and witness the struggle which will show something of the power of the high school team, which has a series of games this year. The Durham boys played some fine games last year and they are getting in shape early for the series this fall.

Marriage in the Country

Miss Rachel Andrews, who lives in the country, and Mr. B. H. Green, of Burlington, were married Sunday morning at 10:30 at the bride's home.

The ceremony was performed by Rev. Mr. Jones, of the Free Will Baptist church. It took place at the home of the bride's father, Mr. Jesse B. Andrews, and the attendants were Miss Corinna Herndon with Mr. W. D. Andrews, a brother of the bride, and Miss Lizzie Andrews, a sister, with Mr. Will Mease. They drove here Sunday afternoon and took the train for Burlington, where they will live.

Miss Andrews is the daughter of a well-known farmer and Mr. Green is a bridge-builder, who came to know his sweetheart while at work with the Carolina Construction Company, when it was doing some work there last year. The wedding was attended by a number of friends.

Mr. George W. Watts has ordered all of the furnishings for the new Watts hospital, which is to be given to the city about November 1st.

These interior necessities will reach here about October 20th. Mr. Watts recently returned from Richmond, and while there did some of the work of preparation. There are about two weeks' work yet on the building before it is cleaned out of all its deposits from carpenter's tools.

Time and again it has been pointed out that this institution is to be the handsomest hospital between Baltimore and New Orleans. When it began it was expected that a beautiful structure costing something like \$103,000, would go up, but that amount has been hardly a starter. It is known that the building will cost, with its equipment and funds for carrying on the work, more than a quarter of a million, and it may go to \$400,000.

All of this is the gift of one philanthropist to the humanity of the people among whom he has spent his life doing good.

Two automobile parties of distinguished North Carolinians and Virginians ran up last night and stopped at the Corcoran.

The first came from Richmond and had the family of John T. Wilson in it. Mr. Wilson is the contractor for the new Watts hospital, and is a builder of great structures all over the country. He is here putting on the last touches of his work. His job will be finished in a few days and the opening of the hospital takes place about November 1st.

Mr. Wilson made the trip of about 200 miles in less than two days, over the most awful roads on earth. He

EVERYBODY'S DAY

Saturday Will Be Everybody's Day at Thomasville

Chewing Gum Man at His Hunting Preserve for Some Time—Change of Date for Mr. Wittkowsky's Address—Meeting of Civic League—Cannon Cotton Mill.

(Special to The Times.)

Thomasville, N. C., Sept. 28—Mr. Frank H. Fleer, wife and two daughters, arrived here the last of the week from their home in Philadelphia and will spend ten days at Cedar Lodge, Mr. Fleer's shooting preserve, before returning north. The trip was made in automobiles, a Royal Tourist and a Stearns being used. Cedar Lodge was formerly the home of the late Hon. John W. Thomas, founder of Thomasville, and the house now used by Mr. Fleer was built by Mr. Thomas and Mr. Fleer has been careful in making additions to always preserve the antique appearance of the old Thomas homestead. Mr. Fleer has bought up a large tract of land adjoining his preserve and is now trying his hand at farming. He claims to be an agriculturalist instead of a farmer. He explains the difference. "A farmer makes his money in the country and spends it in town; an agriculturalist makes his money in the city and spends it in the country." That makes no difference anyway, but the people in this section are mighty glad Mr. Fleer has come to this section and hope he will make more money from his farm than from his "Chiclets."

Saturday is "Everybody's Day" in Thomasville and from the appearance things are taking on, everybody will be here and take a hand in it. The business houses, streets and every every part of the town is being decorated in gay colors and the occasion will be one long to be remembered.

Sunday morning was Rally Day in the Main Street Methodist church. The Sunday school had prepared a splendid program for the occasion, came by Boynton and many times was forced to jack his machine out of the mud and run over trees for bridges and supports.

Mr. Henry C. Bridgers, father and sister, landed later from Canada, New York, and other places. They stopped at the Corcoran, after a trip of six weeks. They are on their way to Tarboro, and will reach there this evening perhaps. Mr. Bridgers is one of the best known of young North Carolinians.

In Judge Sykes' court yesterday Fletcher Cunningham was convicted of stealing a cow and this morning he will be sentenced. The evidence was very frail, but it convicted. The owner of the dead cow said he could very well identify her if he could see the hide. He said there would be found on her nose a scar that told the tale. The scar was found and the evidence was sufficient. She was not rated high in Dunn and Bradstreets, and on the market was but a \$7 beast. Judge Sykes has jurisdiction, but he does not talk until today.

The Durham people received considerable pleasure yesterday in reading the announcement from the Norfolk date line that Horner Winston, son of Judge R. W. Winston, of Raleigh, had won the tennis championship from Connie Doyle, of Washington.

Mr. Winston is a Norfolk lawyer who lived here a number of years. He was the first Rhodes scholar and has always graced the Winston name. In the court he is courtly as everywhere else, and is the highest type of the gentleman athlete.

Personals

Miss Gertrude H. Winston, who has been visiting Miss Rosa Green, returned to Raleigh yesterday afternoon.

Rev. J. N. Cole has returned to Raleigh, after preaching twice in the Methodist churches of Durham.

Miss Katie Watkins, after a visit to Mrs. William Morris, left yesterday afternoon for her home in Milton.

Mr. Don Cheatham, of Norfolk, has accepted a position with the American Tobacco Company and has begun his work.

Mr. and Mrs. Aaron Morris, of Kinston, are on a visit to the Kronheimer family, on Queen street.

Testifies After Four Years.

Carlisle Center, N. Y., G. B. Burhans, writes: "About four years ago I wrote you that I had been entirely cured of kidney trouble by taking two bottles of Foley's Kidney Remedy, and after four years I am again pleased to state that I have never had any return of those symptoms, and I am evidently cured to stay cured." Foley's Kidney Remedy will do the same for you.—King-Crowell Drug Company, Fayetteville and Hargett street.

which was very interesting and well rendered. The addresses of Messrs. A. H. Fagan and S. H. Averitt were very fine. Mrs. Boggs and Miss Austin rendered a very sweet vocal duet, and Miss Ella Lambeth's vocal solo was exceptionally fine. The Baraca and Philathea classes from the orphanage were present and rendered a beautiful vocal selection which was greatly appreciated. A selected orchestra from Greensboro had been invited to take part in the exercises, and Prof. Roy, with five other musicians were present and rendered several selections which were appreciated and complimented and added greatly to the success of the program. Superintendent Charles L. Lambeth is untiring in his efforts to build up the Sunday school and has now the best Sunday school Thomasville has ever had.

Mr. S. Whittkowsky, of Charlotte, cannot be here to address the people October 2nd on account of a previous engagement, but has kindly consented to address the people here on the subject of Building and Loan Associations Friday night, October 5th, in the opera house. Every citizen in the whole vicinity should hear him, ladies especially invited. His talk will be a great help to the people here.

Mr. W. T. Waters, the Atlanta Journal's pathfinder, in an automobile, arrived here Saturday afternoon and spent several hours here, after which he went on his way to High Point. A great deal of local interest has been in this route and the coming of the auto-tourists, who will arrive in Thomasville Saturday morning, October 30, about 11 o'clock. It is thought that Thomasville will have two machines in this trip. A large crowd of people will meet the 300 automobiles when they pass through Thomasville October 30. It will be a sight worth traveling miles to see—300 of the best autos in a line is something not seen every day.

The Civic League will hold its first fall meeting Thursday afternoon in the graded school building to map out plans for the coming year's work. The work they did last year resulted in much good and is only a beginning. Before the close of this year's work the people of the town can look for wonderful improvements in the appearance of the town through the Civic League. The Civic League will serve lunch in the Mercantile Building Saturday and everybody is expected to get dinner there. Help the Civic League.

The banks in Thomasville have decided to observe more closely their hours for opening and closing. Hereafter they will open promptly at 9 a. m. and will close promptly at 3 p. m. The public will please take notice.

Don't forget the great celebration in Thomasville Saturday. It will be worth coming miles to see. A good time for everybody.

Jack Frost has made his appearance once again already. Last week he nipped off quite a good deal of green stuff and has made his appearance again this week. He is but a foretaste of the coming winter.

The merchants are getting in their fall stock of goods. It is learned that there has been bought this fall the largest stock by the merchants here of any year previous and that one and all are expecting their largest trade this fall.

Mr. O. M. Hunt, who has been with the Cramer Furniture Company for the past five years, has resigned his present position to accept a more lucrative and responsible position as bookkeeper for the Pomona Mills, Greensboro, N. C. He will accept same October 15th.

Friday while the nine-year-old boy of Mr. T. L. Myres was in a tree gathering muscadines, he fell to the ground and broke his right leg just above the knee. Dr. Atkins was called and at this writing patient is doing nicely.

A series of revival meetings will be held in the Methodist church beginning the second Sunday in October, Sunday week.

Dr. T. F. Marr, presiding elder, will hold the fourth and last quarterly conference in the Methodist church here next Sunday and Monday. He will also preach here Sunday.

Student Clarence Woods finished his work with Heidelberg Reformed church the first Sunday in October. He returns to Lancaster, Pa., where he completes his course in theology with this year's work, after which he will return to Thomasville and will take up the work permanently. During his stay here this summer fifty-two members have been added to the charge. Before he leaves plans will be completed for the erection of another Reformed church in the southwestern section of the town, just beyond the Rapp property. Already quite an amount has been subscribed for the new church. Rev. Woods is a very interesting minister and during his stay has made many friends.

The Cannon Cotton Mill will take the name of "Amazon" after the great South American river. Material and supplies are being placed on the grounds and work on the erection of the plant will begin this week. Thomasville needs a knitting mill just the worst in the world. Such an enterprise does not require so much

capital and still it is one of the best paying businesses, considering the amount invested, that we know. Soon we hope to state to our readers that such an enterprise has been secured for Thomasville. Things are coming Thomasville's way and to keep them coming, just a little united effort will do the work.

The rails for the completion of the belt line have been laid and the laborers are now making the connections with the main line just in front of the orphanage. The belt line is going to be the means of securing a large number of manufacturing plants, as it gives excellent railroad facilities, besides opens a large number of sites along a strong water course.

The opera house has been rented to the military company and will in the future be known as "The Armory." The military company will use the room for drilling purposes.

Arrangements have been made with the military company by which the Lyceum Course this season will be held in The Armory and the first number in the course will be October 5th, and will be by The Floyd-Petherstone Company. The courses have been greatly enjoyed and largely attended every season and the management this season think this will be the best ever held. The opera house will not be opened this season but will undergo extensive repairs and

perhaps next year it will be opened and will have a large number of shows next season.

END OF A RED NOSE.

New Flesh-colored Product That Heals and Hides Skin Imperfections.

A peculiar feature of postam, a new skin discovery, is that it is naturally flesh-colored and contains no grease, so that when used on the face for the complexion, or for pimples, red noses, or any other inflammations, blemishes, or discolorations, its presence cannot be detected. It can thus be applied in the daytime, the natural color of the skin being immediately restored and the actual healing and curing process accomplished in a few days. It can be had of any pharmacist who sells pure drugs. The King-Crowell Drug Co. make a specialty of it. Fifty cents worth will answer either for the troubles mentioned or in curing ordinary cases of eczema. Itching stops at once.

Any one who will write to the Emergency Laboratories, No. 32 west Twenty-fifth street, New York, can secure, by mail free of charge, a supply sufficient to cure a small eczema surface or clear a complexion overnight and remove pimples in twenty-four hours.

WOULD YOU ATTEND AN

AUCTION

Sale at Boylan Heights

ON OCTOBER THE 5th.
IF YOU COULD GET A LOT AT YOUR OWN PRICE?

Of course you would. This is what our kind of an AUCTION SALE MEANS. All the land we sell is consigned to us, and we sell it on commission, so unless we can sell the land we get no commission.

It is most reasonable that we would not take a commission contract unless this land was going to be sold. If you want a high class lot in Raleigh, it occurs to us that

THIS IS YOUR TIME

Buy it when you can, at your own price for after the sale you will buy it at the other fellow's price.

TERMS ARE EASY—1/4 CASH, BALANCE 6, 12, 18 AND 24 MONTHS.

Be with us on the 5th of October at 10:30 and see this valuable property change hands. This property has real merit already established.
