DREADFUL CHANGE

Mrs. Jones Was in a Serious Condition Before She Helped Herself With Cardui, the Woman's Tonic.

Dexter, Tex.—"I certainly was in a serious condition when I wrote you for advice," writes Mrs. Calvin Jones of Dexter, Tex.

"I suffered a great deal with those dizzy, fainting spells, but after taking several bottles of Cardui, relief finally came."

"Cardui prepared my system for the dreadful change and when it came it was not half as bad as those dizzy spells I had before. I now help every day with the housework and am getting along fine."

"Cardui is certainly fine for female complaints. My neighbors praise it and so do others."

Take Cardui when you feel ill in any way, weak, tired, miserable, or under the weather.

No matter what the immediate cause it will help you to brace up, give you new force and vim, help you to throw off the trouble that troubles you.

Cardui will not interfere with any other medicine you may be taking. It is a gentle, harmless, non-mineral, non-poisonous, non-intoxicating tonic, that every woman ought to take when she is looking for health, strength, beauty and vitality.

N. B.—Write to: Ladies' Advisory Dept., Chattanooga Medicine Co., Chattanooga, Tenn., for Special Instructions, and 64-page book, "Home Treatment for Women," sent in plain wrapper on request.

A NARROW ESCAPE.

Edgar N. Bayliss, a merchant of Robinsonville, Delaware wrote: "About two years ago I was thin and sick and coughed all the time and if I did not have Cardui it stopped my cough, and I am entirely well, and have gained twenty-eight pounds, all due to the good results from taking Foley's Honey and Tar." THE WEATHER.

Forecast until 8 p. m. Sunday: For the entire state: Fair weather.

The eastern area of high pressure is still giving clear weather in the Atlantic States. The western trough of low pressure is advancing eastward, attended by cloudy weather and rain from the eastern slope of the Rocky Mountains over the Mississippi Valley. It has caused heavy rains in eastern Texas, and portions of Louisiana, Arkansas and western Mississippi. This disturbance is being followed by high pressure with much cooler weather, except in the extreme north, where the temperature is rising.

The conditions are favorable for fair weather in this vicinity tonight followed by increasing cloudiness on Sunday.

L. A. DENSON, Section Director.

For Raleigh and vicinity: Fair tonight; Sunday, increasing cloudiness.

Dr. Abernathy, the great English physician, said, "Watch your kidneys. When they are affected, life is in danger." Foley's Kidney Remedy makes healthy kidneys, corrects urinary irregularities, and tones up the whole system.—King-Crowell Drug Co., Fayetteville and Hargett streets.

Wanted, A Square Deal. To the Editor of The Times: Unfortunately, there has been a great deal of boasting through the papers by the "stay ins" that the result of the Greensboro convention of the Jr. O. U. A. M. this week was a complete victory for them. Had some of us contemplated this desire since the meeting to leave the wrong impression on the public, no doubt the result would have been different.

Those who had grievances (and they were legion) were more liberal than had been expected, loving the order as they do, as devotedly as those who were pleased to term themselves the "stay ins." The truth is, both factions made concessions, for the sake of harmony and continued good fellowship, and for either faction to claim a victory is misstating the facts. It is unfair, unjust, and surprising, after the agreements reached at Greensboro between honorable men. Brethren, if you want harmony, and you said you did, don't continue to throw things in our faces that have appeared for the past few days.
