REV. L. P. HOWARD CONDUCTS REVIVAL

Rev. L. B. Jones of Central Methodist church, has been most fortunate in securing Rev. Leslie P. Howard to conduct the revival meetings in progress now at the church.

Mr. Howard is one of the young ministers of the North Carolina conference, and one of special power and promise. He will be remembered by many who heard him in the Trinity-Wake Forest debate in this city not many years ago. He has since preached in this city and has always made a most favorable impression.

His presence promises much for the success of the meetings.

If the sermon preached by Mr. Howard last night is an index of what is to come, his congregations certainly have good things in store for them. He preaches with feeling, as from his own personal experience of Christ.

His message was certainly a message for this day, based upon these words: "Will ye also go away?" and Simon Peter's loyal answer, "Lord, to whom shall we go? Thou hast the words of eternal life."

No one should fail to hear Mr. Howard while he is at Central, for they will miss a rare opportunity. Services every night at 7:30 to which the public is cordially invited.

PIRATES TAKE THIRD GAME OF THE SERIES

Pittsburg took the third game of the series from Detroit yesterday by the score of 8 to 6. The game was fiercely contested throughout, being mixed with errors and spectacular plays.

Pittsburg started off with a rush, scoring five runs in the first inning, and driving Summers from the box. Another was added in the second making the score six to nothing, which lead looked hope-less for the Tigers, but with that never-give-up spirit that has characterized Jennings' crew they came back good and strong, scoring 4 in the seventh. The Pirates put two more over in the ninth and the Detroiters did likewise, the final score being 8 to 6.

The features was the hitting of Bush, who made four safeties out of five times up. Cobb made a two-bagger and a single and was an important factor in the scoring. The series now stands Pittsburg 2, Detroit 1.

Score by innings.

Pittsburg	5	10	0	0	0	2	8	11	2
Detroit	0	0	0	0	0	4	6	12	3

Batteries: Summers, Willett, Works and Schmidt; Maddox and Gibson.

Hits off Summers, 4 in one-third inning; off Willett, 3 in six and two-third innings; off Works, 4 in 2 innings. Attendance 18,277.

LAWS AS TO ALIENS Citizenship Under New Laws at Premium

Previous to the Act of 1906 Almost Any Alien Except Chinamen Could be Naturalized, But Under the Strict Enforcement of the New Law Others Are Being Shut Out.

Washington, Oct. 12.—Previous to the enactment of the act of June, 1906, creating the bureau of naturalization almost any alien, save Chinamen, who were by special act of congress excluded from the country, could be naturalized. But with the passage of the law regulating the naturalization of aliens citizenship has advanced to a premium.

In other words aliens who have been careless in the matter of taking out naturalization papers to give them all the rights of American citizenship have discovered that the law means something. The records of the bureau of naturalization show that hundreds of aliens who thought they were naturalized, had faulty papers; the law had not been complied with and they were still aliens.

The bureau, by the strict enforcement of the law and the literal construction of that clause confining naturalization to "free white persons, and to aliens of African nativity and to persons of African descent" has caused any amount of work for the courts. But in nearly every case the lower courts have sustained the contention of the bureau. Under the ruling of the bureau of naturalization the words "free white persons" excludes from citizenship Armenians, Koreans, Turks, Syrians, in fact all people who live under Oriental rule—all Asiatics. This ruling is based on numerous court decisions and therefore the officials of the department of commerce and labor, under whose jurisdiction the bureau is, feel confident that in the cases now pending in the courts the bureau will be sustained. In answer to an inquiry the bureau today cited Judge Colt in the case of Sallo (a Japanese), 62 Fed. 126, where the court stated:

"The words of a statute are to be taken in their ordinary sense, unless it can be shown that they are used in a technical sense."

From a common, popular standpoint, both in ancient and modern times, the races of mankind have been distinguished by difference in color and they have been classified as the white, black, yellow, and brown races.

But there are numerous decisions, some broader than the other just cited, that sustain the ruling of the bureau excluding Armenians, Koreans, Syrians, and others. The section of the naturalization laws which is being vigorously enforced and causing an immense amount of correspondence for bureau officials at present, is the amendment passed by congress in 1875 specifying "free white persons", and "African nativity and African descent" it has been only four years that this section has been applied to aliens with any degree of consistency, for the amendment was often overlooked.

Since the strict enforcement of the naturalization laws many curious cases have come to light. As an illustration of the efficiency and zeal of the officers of the naturalization bureau it has not been a great while since a mayor of an Illinois town was shown to be an alien. He was a witness in a case, and when asked if he was a naturalized citizen, answered in the affirmative. When called on to produce his papers they were found to be faulty. He was informed that he was not a citizen of the United States.

As the mayor's intentions as to naturalization had been honest and he had not wilfully violated the law the bureau did not make any trouble for him and the mayor was enabled to comply with the law in 90 days. He has lived in the country for 30 years believing that nearly all that time he was a naturalized citizen.
