

S.S.S. NATURE'S CURE FOR RHEUMATISM

In a disease so painful as Rheumatism, medicines containing opiates and nerve-quieting drugs are often used. Such treatment is dangerous not only because it frequently causes the sufferer to become addicted to the drug habit, but medicines of this nature are always injurious to the system. Rheumatism is a disease of the blood, and its cure depends entirely upon a thorough purification of the circulation. As long as the blood remains saturated with uric acid, an inflammatory condition of the nerves, muscles and tendons of the body will exist, and the pains, aches, soreness, and hot, feverish flesh of Rheumatism will continue. The one safe and sure cure for Rheumatism is S.S.S. It is nature's remedy for this disease, made entirely of the healing, cleansing juices and extracts of roots, herbs and barks from the natural forests. S. S. S. does not contain anything that is in the slightest way injurious to the system. It is absolutely and purely vegetable, and free from opiates or sedatives of any kind. S. S. S. cures Rheumatism by removing the uric acid from the circulation, it makes the blood pure, rich and healthy so that instead of depositing sharp, uratic impurities into the muscles, nerves, joints and bones, it nourishes every portion of the body with natural, healthful properties. Book on Rheumatism and any medical advice free to all who write and request it.

WRITES ABOUT

Article In Federationist on Injunction Case

Samuel Gompers Discusses Editorial the Expected Decision the Celebrated Injunction Case—Possible Results of Decision.

(By Leased Wire to The Times.)

Washington, Oct. 30.—In the November issue of the American Federationist, organ of the American Federation of Labor, just published, the following editorial by Samuel Gompers, president of the federation and editor of the publication, appears. The important decision referred to is the Bucks Stove Range case, of which James W. Van Cleave is president of the company, has not yet been handed down although it has been expected for several months. The district court of appeals does not meet again until Tuesday, so that the decision cannot become known until then at the earliest. It is not probable that it may not be handed down for some time after the date mentioned.

The editorial is in part as follows: "Perhaps before these words appear in print the court of appeals of the District of Columbia will have handed down its decision upon the appeal of the American Federation of Labor in behalf of Samuel Gompers, John Mitchell, and Frank Morrison from the sentences imposed upon them by Justice Wright, of the supreme court of the District of Columbia, the men charged with violating the injunction obtained by James W. Van Cleave and Company against the American Federation of Labor, its officers, members, sympathizers, counsel, agents and friends.

"Whatever the decision of the court of appeals may be, it must ultimately lead to a victory for labor, and a victory for labor will mean a victory for all the people. Should the court sustain the appeal and annul the sentences it will maintain beyond question the right of free speech and free press. If it should sustain the decision by Justice Wright, it will simply mean that an appeal must be taken to the highest court in the land to obtain a final, determining word as to the judicial concept of existing constitutional guarantees. Even should the highest judicial tribunal of our country fail to maintain the right of free speech and free press, there is still a higher court, the court of the public opinion—the conscience of the people.

"In the one event—that is, the court sustaining free speech and free press—it will be the perpetuation of the principle for all time to come in America. In the other event—that is, the refusal to sustain labor's appeal—it will beyond doubt inaugurate a movement that will have for its explicit purpose the re-establishment, the re-emphasis of the right secured by the magna charta and embodied as the first amendment to the constitution of the United States and the constitutional guarantee of every state in the union.

"It is held by jurists that a court of appeals in an injunction and contempt case may take cognizance of the entire case, both as to the law and the facts, as well as the sentences imposed. It is even intimated that in view of the prejudice and vindictive spirit exhibited by Justice Wright in his language and sentences of twelve, nine, and six months, respectively, that the court may take cognizance of that also, and though practically the court may reverse Justice Wright's decision, it may also impose a so-called nominal punishment.

WHAT IS HYOMEI?

You Have Heard About the Catarrh Cure Bobbitt-Wynne Drug Co. Guarantees.

Hyomei is a wonderful antiseptic, so powerful that it promptly destroys germ life, yet its action on the mucous membrane is extremely soothing and healing. It relieves catarrh in five minutes; it cures in a few weeks or money back.

It is made chiefly of eucalyptus and eucalyptol taken from the eucalyptus forests of inland Australia. The medical profession knows that eucalyptus is an absolutely certain germ destroyer and with active principles of eucalyptus as a base Hyomei is made more efficient, pleasant and quick acting by the addition of Thymol, an antiseptic and disinfectant largely employed in the Listerian System. Gualacal and other important medicinal agents are also included in the Hyomei formula, which, without doubt, is the greatest destroyer of catarrh germs the world has ever known.

Hyomei is a powerful, penetrating antiseptic that is pleasant to use. It does not contain a particle of cocaine, bismuth or any habit-forming or injurious drug.

Not dosing the stomach when you use Hyomei. Just breathe it in through the small inhaler that comes with each outfit. Sold by leading druggists everywhere and in Raleigh by Bobbitt-Wynne Drug Co., \$1.00 for complete outfit.

M-I-O-N-A Cures Indigestion

The Best Tonic She Ever Used in Her Family—Cardui, the Woman's Tonic

Mineral, Tex.—"I have a few words to say," writes Mrs. A. J. Hale, of this place, "on the merits of Cardui as a tonic.

"I have used it in my family and have found it to be just as represented.

"It is certainly the best tonic I have ever used, and I hope that my words will lead some suffering lady to try it."

If one lady out of the thousands who read this letter of Mrs. Hale's will try Cardui, her letter will not have been written in vain.

Remember you will really be trying no experiment. Cardui is a standard part of the stock of every up-to-date drug store.

It is not a new untried, untested, laboratory chemical, manufactured at alkaloid, or by product of coal tar or other new industry.

It has been in use for half a century. Time has tested it and proved its real, true, genuine merit—in the light, not of a laboratory test tube experiment, but of actual experience and fact.

Cardui is a proven success. It will pay you to test it yourself. Get it at the nearest drug store.

ment upon the defendant's Gompers, Mitchell and Morrison.

"If the decision be as indicated, the situation will not be changed one jot. The imposition of a fine of one cent, or imprisonment for an hour for the utterance of conscientious belief and the faith that is within us, is a denial of free speech and of free press."

WHISKEY CAPTURED Within 50 Feet of County Jail in Greensboro

Nine Gallons, Wagon and Negro Captured in Stone's Throw of Police Station—Owner of Whiskey Captured Also—Police Have Long Suspected That Whiskey Was Being Brought Down From Mountains.

(Special to The Times.)

Greensboro, N. C., Oct. 30.—For a number of months the police have been aware that whiskey was being brought here from the mountains of Western North Carolina and Virginia in wagons and retailed in quantities of from a pint to a gallon, but every effort to locate the right wagon has been fruitless and the officers were on the verge of giving up in despair, when early yesterday morning a one-horse wagon was seen to drive into the county hitching lot, which is not fifty feet from the front door of the county jail, or more than a stone's throw from the police station, and the suspicion of an officer who happened to be passing by was at once aroused.

Warned by previous experience that if they were to be caught with the goods on it would take quick and immediate action, the officer hastily summoned every member of the force on night duty and surrounded the wagon. Notwithstanding all of this precaution, the owner of the wagon and contents succeeded in making his escape, but the wagon, an old lane mule, nine gallons of whiskey and a negro were captured and carried to the police station, while several officers went in search of two white men who were seen with the wagon before it entered in the hitching lot. In a few minutes they returned with Jesse Hanner, who claimed that he was only hired to take care of the wagon and team, but his tale was not satisfactory and he was sent to the calaboose in default of \$300 cash bond. With the dawn of day Hanner began to long for freedom and much to the surprise of the police, he wrote an order upon a local bank for \$500, which, upon investigation, proved satisfactory and he was released. Hanner was followed by an officer, and as a result the real owner of the outfit was captured and placed in jail to await a hearing in municipal court today. The owner of the wagon, who proved to be Tom Stewart, a former resident of this city, was not so well fixed and he will be forced to remain in jail until his case is called.
