### MAPS FOR SCHOOLS

#### State Maps May Be Secured For a Small Cost

Arrangements Made to Furnish Maps of the State 58x24 Inches to the Schools for Twenty-five Cents—They Are Excellent Maps and No Doubt Many Schools Will Avail Themselves of This Opportunity.

Through the assistance of the Corporation Commission arrangements have been made with Rand, McNally and Company, map publishers of Chicago, to furnish an excellent map of North Carolina to the schools of the state. State Superintendent Joyner has taken the matter up with all of the county and city superintendents of schools.

The size of the map is 58x24 inches. It is printed upon heavy map paper, mounted with sticks at top and bottom and tape on the sides. This is a first class map in every respect, and is to be delivered at a cost of only twenty-five cents.

In order to arrange for this opportunity, contract for as many as three thousand impressions will have to be made. The maps will be delivered to county superintendents and city superintendents in lots of not less than fifty. Superintendent Joyner has called upon the superintendents by special letter to take the matter up, urging them to try to have one of the maps in every school room in the state. To quote from his letter:

"I have no doubt, if you will lay this matter before your teachers, that probably every school in the county, white and colored, will readily raise the twenty-five cents to secure this map. Many of the teachers would be willing to purchase the map themselves for the schools. It would be best for the children to purchase it by penny collections, if possible. It will stimulate their pride and increase their interests."

If the county and city superintendents will join their efforts, the schools will without doubt have this map of the Old North State. It seems to be the best, if not the only opportunity ever made for every school to get a good map of the state at an exceedingly small cost.

### MOTHER AND FOUR CHILDREN BURNED

Pittsburg, Pa., Nov. 2.—Mother love and anxiety for the safety of her children led Mrs. William Marlow, a miner's wife, to her death, together with four of her children at their home in Penn. township at 6:30 o'clock this morning.

Lyle Marlow, an eight-year-old son, was saved when his mother turned him out of the house and told him to remain at a safe distance while she went back through the flames to her loved ones.

The boy Lyle was playing in the kitchen when suddenly the lamp on the kitchen table overturned.

There was a terrific report and the burning oil was thrown about the room, igniting practically everything. The uncarpeted, dry flooring made good fuel for the flames.

Mrs. Marlow picked up Lyle and carried him into the yard and rendered the burning dwelling to awaken four other children sleeping on the second floor.

By the time the mother reached the door the room was a mass of seething flames, but she bravely battled up the burning stairway.

The boy watching in the yard caught a glimpse of his mother at a second story window with the baby in her arms a moment later. He waited a while and seeing no more signs of his mother or the other children became frightened and ran to the neighbors. They rushed there but were too late.

#### THE STOLEN HORSE.

An Old Proverb With a New Application.

The woods are full of "so-called" remedies for Baldness. You may call anything in creation a remedy, but to use them is like locking the stable after the horse is stolen.

Baldness and Dandruff are caused by a germ—if you don't kill the germ the germ will kill the hair.

Scientists have labored with the problem of a preventative for Baldness for many years.

Newbro's Herpicide is the product of a modern idea, and will cure Dandruff and prevent Baldness because germs cannot exist when you apply Herpicide.

Herpicide is a valuable hair dressing and scalp disinfectant as well as a cure for Dandruff.

### WOMEN WATCHERS AT THE ELECTION

(By Leased Wire to The Times.)

New York, Nov. 2.—One of the oddities of today's municipal election was the presence of women watchers in the voting places. Police Commissioner Baker gave orders that any accredited representative of party was to be recognized irrespective of sex. There is a legal cloud of the authority of non-voters, but till that is settled in the courts, Commissioner Baker decided to give them the benefit of the doubt.

In two districts at least and probably more, the prohibition party was represented by women, volunteers from the Political Equality League the suffragettes organization.

The work of distributing the ballots was the first hard task of the poll. In one precinct alone the papers weighed more than four tons.

Among the Republican watchers today was "Bob" Taft, son of the president, who came from Yale with fifty members of the Yale city government club, of which he is president. He said he was following his father's footsteps, and was ready if necessary to go as a watcher to the Tammany strongholds.

Young Taft's station was on third avenue near 7th street. He got up at 4:30 to be on the job.

College students from Princeton, Harvard and other colleges also worked today under the volunteer watchers committee.

John D. Rockefeller and J. Pierpont Morgan did not vote today, as they did not register. Mr. Rockefeller is conducting a political fight of his own in Greenburg and Mount Pleasant against the saloon forces.

Governor Hughes came down from Albany to vote.

"Big Tom" Sullivan the Tammany leader, voted, too, in spite of a report that he had failed to register. He registered from a new address and the bowery got a needless shock of fear.

#### JOHNSON AN AUTOIST.

Colored Pugilist Says He Will Wager \$10,000 That He Can Beat Other Pugilists Driving Auto.

New York, Nov. 2.—Jack Johnson thinks that he is the best automobile driver among the fighting fraternity today, and says that he will wager as high as \$10,000 that he can beat Kid McCoy, Bert Keyes, or Stanley Ketchel over any route.

Johnson claims to have gone five miles at the rate of 57 seconds to the mile over a circular track on the other side, and says that if any of the fight drivers think they can trim him all they have to do is to roll the dough up on some counter and hop in the car.

A race between Johnson and Ketchel would be a bear-right now. They fined Steve \$30 in Frisco the other day for speeding. Maybe he's trying to beat Johnson's record at being hooked by the bulls. You never can tell.

#### FAKE DICE GAME.

Faker Caught With Duplicate Dice and Beaten by Other Players.

New York, Nov. 2.—Passengers arriving on the German liner Kronprinzessin Cecilie told of a "fake" dice game in the saloon of the liner, in which several prominent men were fleeced out of various sums of money. A free for all fight followed which was stopped by the ship's captain and a dozen stewards.

The game began last Sunday night, Richard Keller, a Mr. Hay and a Mr. Jany, Americans, were playing a game backed by a man entered on the cabin list as Gifton Milton, but believed to be a professional.

Milton was winning steadily when Captain Granville Fortescue, an aide at the white house during the Roosevelt regime, entered. He detected Milton cheating and stretching his hand across the table grabbed Milton by the wrist, forcing him to drop a concealed duplicate dice. Accusations followed and finally the fight, during which Milton was severely beaten.

### FIREMEN HURT IN BIG FIRE

(By Leased Wire to The Times.)

New York Nov. 2.—Five firemen were injured and seven persons were saved from death today during a fire in the three story apartment house at No. 210 Ahnsley street, Williamsburg. One of the firemen is dying.

Two girls and a woman figured as heroes of the fire. One of the girls saved her younger sister, another her invalid brother, another a ladder, and the woman rescued her three children.

The firemen were injured by the collision of a ladder upon which they were standing. They are George Derby, who is dying, William Carlton, who was cut and bruised, Thomas Conolly, cut about the head, Charles Dwyer, bruised and James Padson, cut and bruised. They were taken to St. Catherine's Hospital.

#### WOMAN ATTACKS BURGLAR.

Succeeded in Getting Pistol Away From Him—Husband is Stabbed.

(By Cable to The Times) London, Nov. 2.—Grappling with a burglar, Mrs. G. H. Storr, one of the most beautiful society women of England, disarmed him of a revolver, only to see him draw a knife and fatally wound her husband last night. The affair took place in the magnificent country home of the Storr's, Gorse Hall, at Dukinfield, Cheshire. The robber was discovered by Mrs. Storr. With great presence of mind she closed in on him almost before he realized that she had seen him. Back and forth they struggled, and after a terrific fight Mrs. Storr wrested the revolver from the thug's grasp.

Mr. Storr, attracted by the noise, dashed to his wife's aid, but before he had closed in on the robber the latter stabbed him fatally. The intruder then fled.

#### BALLOONS AS TARGETS.

Army Will Be Drilled in New Kind of Target Shooting.

(By Leased Wire to The Times) Washington, Nov. 2.—To devise some means of defense against aerial invasion, the bureau of ordinance of the war department is about to begin a series of experiments of shooting at air craft with cannon.

The experiments will be carried on at the Sandy Hook proving grounds, in New Jersey. Captain Charles De F. Chandler, of the signal corps, left Washington yesterday for New York to make arrangements for the balloons to be used in the tests. He will be stationed temporarily at Fort Wood, near New York City, for the purpose. Three balloons of comparatively small size will be used.

At the beginning of the work only balloons will be used, but as confidence is obtained the field operation may be extended. No one will occupy the baskets of the balloons when firing is in progress.

#### Big Fire at Buffalo.

Buffalo, N. Y., Nov. 2.—The Western Transit and Knowlton Company's warehouses in Ganson street, near Michigan street, were completely destroyed by fire last night. Three canal boats lying at the rear of the buildings were also destroyed and city elevator "B" across Buffalo Creek sustained serious damage. The total loss will reach \$250,000. One man was hurt.

### GOMPERS ON COURTS DECISION

(By Leased Wire to The Times.)

New York, Nov. 2.—Samuel Gompers learned of the sustaining of his sentence by the District of Columbia court of appeals at the Hotel Victoria this afternoon. He said:

"With all due respect to the majority of the court, I cannot surrender my constitutionally guarded rights because a judge will issue an injunction invading and denying those rights. Chief Justice Sheppard's dissenting opinion is in defense of the constitution and those rights. The minority have ultimately prevailed, and have become the laws of the land and the generally accepted rule. I have an abiding faith that the rule in this case will prove no exception.

"If I must go to jail I shall have the consciousness of the fact that other men have in the past been compelled to suffer in defense of justice and right in the cause of humanity, and for the maintenance of human liberty."

"I intended to stay in New York tomorrow to finish my report of the annual convention at Toronto and to also attend the wedding of the daughter of a friend of mine, but I have changed my plans and shall leave so I can get to Washington tonight. I want to be within the jurisdiction of the court, whatever disposition is made."

Mr. Gompers was reluctant to discuss the decision, but declared that the case involves more than the imprisonment of three men. "Every restriction to his utterances," he said, "I shall avail myself of every constitutional right in fighting the entrance."

This last remark was in reply to whether the case would be carried to the United States supreme court.

"I expect that all three of us will be at the A. F. of L. Convention in Toronto next Monday," the president declared.

#### Only Two Cases in Police Court.

There were only two cases in the police court this morning and in both these cases the defendants were dismissed.

James Smith, manager of the New York lunch room, was charged with erecting a sign in violation of the ordinance, but the case against him was dismissed as one of his clerks put it up during his absence from the city and he had it removed immediately upon his return.

Lawrence Hudson was tried upon a charge of assault. In this case twelve witnesses were examined and much time was consumed. The defendant was dismissed as the evidence tended to show that he only ejected a man from his home who was using abusive language before his wife. Mr. John W. Hinsdale, Jr., appeared for the defendant.

#### CUT WIFE'S THROAT.

Man Runs Amuck and Commits Triple Murder.

(By Leased Wire to The Times) Pottsville, Pa., Nov. 2.—A triple tragedy occurred at Pine Grove, near Mahanoy City, Pa., today when John Schuck cut his wife's throat from ear to ear, killed his twelve-year-old daughter in a similar manner and then ended his own life by blowing off the top of his head with a shotgun.

He is believed to have gone suddenly insane over financial worries.
