

OWES HER LIFE TO

Lydia E. Pinkham's Vegetable Compound

Vienna, W. Va. — "I feel that I owe the last ten years of my life to Lydia E. Pinkham's Vegetable Compound. Eleven years ago I was a walking shadow. I had been under the doctor's care but got no relief. My husband persuaded me to try Lydia E. Pinkham's Vegetable Compound and it worked like a charm. It relieved all my pains and misery. I advise all suffering women to take Lydia E. Pinkham's Vegetable Compound." — Mrs. EMMA WILKINSON, Vienna, W. Va.

Lydia E. Pinkham's Vegetable Compound, made from native roots and herbs, contains no narcotics or harmful drugs, and to-day holds the record for the largest number of actual cures of female diseases of any similar medicine in the country, and thousands of voluntary testimonials are on file in the Pinkham laboratory at Lynn, Mass., from women who have been cured from almost every form of female complaints, inflammation, ulceration, displacements, fibroid tumors, irregularities, periodic pains, backache, indigestion and nervous prostration. Every such suffering woman owes it to herself to give Lydia E. Pinkham's Vegetable Compound a trial.

If you would like special advice about your case write a confidential letter to Mrs. Pinkham, at Lynn, Mass. Her advice is free, and always helpful.

FEAR ZELAYA MAY KILL AMERICANS

(By Leased Wire to The Times)

San Francisco, Cal., Nov. 25.—Fear that President Zelaya will massacre American prisoners who are confined in Nicaraugan jails was expressed today by passengers of the steamer City of Para, just arrived in port. They told of the execution of forty citizens of Nicaragua at Corinto by a flying squad under orders from President Zelaya because they cheered upon receipt of news of a victory by the insurgents now in arms against the Zelayan Government.

FOR FAST DRIVING.

Two Men Tried for Racing on Newbern Avenue.

Henry Olive and Furman Betts were tried in the police court yesterday morning for fast driving. It seems that they were driving on Newbern Avenue and decided to try out their respective horses.

They were let off with paying the fines.

They's Honey and Tar cures coughs, quills, strengthens the lungs and expels colds. Get the genuine in a yellow package. Retailers: Powell Drug Co.

ALL DURHAM OBSERVING A HOLIDAY

Business Houses are Shut Up and the Fields are Full of Sportsmen

LEAVE FOR NORFOLK

City Practically Deserted Today, Business Houses Being Closed—Large Crowd Goes to Norfolk to Cheer North Carolina Boys—Elks Preparing to Give Minstrel Which Will Eclipse All Former Efforts—Some Comparison Between Durham and Roxboro Tobacco Markets—Small Wreck on Southern Near University Station.

(Special to The Times)

Durham, N. C., Nov. 25.—The city has been practically deserted today, all of the leading business houses having knocked off for the day and the fields being full of sportsmen, who are shooting.

The banks, warehouses, hardware stores, shoe stores and nearly all mercantile establishments are observing the day. There are more people who live here away than one sees of ten and few visitors are in the city, a rather disagreeable proof that Durham is a good place not to be in. The churches, the Methodists excepted, have been open today.

The Elks are preparing finally for their minstrel to be given soon for the benefit of the worthy poor and Director Grubbs will be here next week, it is supposed.

This amateur theatrical is expected to draw enough crowd to get up something like \$500 for the poor. Mr. Grubbs has always been successful here and comes soon with enough paraphernalia to stage the biggest one that is going. He takes but a week to develop his cast.

A special train of seventy people left the station at midnight over the Seaboard, taking the Durham sports who will see the game this afternoon at Norfolk.

There were four cars besides the baggage coach and one sleeper. The train is scheduled to reach Norfolk this morning at 6:45 in good time for breakfast. It will return tonight, reaching Durham before 7 o'clock tomorrow morning.

The Norfolk special is much the same outfit that meant to go to Richmond, the annual football crowd reinforced by a goodly number of Trinity boys. The sympathies of the crowd were with the A. & M. boys and the bigger part of the money displayed was on the North Carolina farmers. What wagers were placed were at even money.

The Roxboro Courier of yesterday carried some interesting tobacco figures in support of its belief that Roxboro is the best tobacco market in the state.

There were reported twenty-five loads of tobacco making out 19,947 pounds. It brought \$1,289.25, or an average of \$22.65 a hundred. This was a capital average, but this market, acknowledging its debt to the

NATURE TELLS YOU.

As Many a Raleigh Reader Knows Too Well.

When the kidneys are sick, Nature tells you about it. The urine is nature's calendar. Infrequent or too frequent action; Any urinary trouble tells of kidney ills.

Doan's Kidney Pills cure all kidney ills. High people testify to this. Mrs. L. H. King, 318 E. Cabarrus St., Raleigh, N. C., says: "I can speak in the highest terms of Doan's Kidney Pills, having used them with the most excellent results. I suffered considerably from dull backaches, frequently accompanied by pains across my loins. I was convinced that my trouble arose from disordered kidneys, as the secretions from these organs were unnatural and too frequent in passage. When I heard of Doan's Kidney Pills, I procured a box from the Bobbitt-Wynne Drug Co. and began using them as directed. They benefited me at once and after I had taken them a short time I was cured."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States. Remember the name—Doan's—and take no other.

Person county wrapper, shows a much better record on thirteen loads picked up from six different counties, in which Person figured. Durham's lowest figures on that tobacco were 22 and 1/2 cents, while Roxboro dropped to 18, and Durham's highest soared \$2 a hundred above the Person market. Moreover, Person county's big 1,428 pounds sold on this market brought \$381.07, but Person's 1,418 pounds, just ten pounds less, only brought \$293.93 or \$20.50 a hundred against the \$26.68 in Durham's favor. The general average per hundred was largely in the local market's favor, Roxboro showing up for \$22.65 against Durham's \$27.25, or more than \$4.50 a hundred better.

It isn't denied that these are fairly prices at both places, if they hadn't been they would not have been displayed so conspicuously, but the thirteen farmers that sold in Durham had 11,414 pounds against the 19,947 of the Roxboro market. There was no effort to single these farmers out, though their weed was selected especially for these figures.

The Durham buyers pay high tribute to the Person leaf, they pay it two ways, first in high prices and then in acknowledgement that there is nothing finer. But it is believed that there is no market in North Carolina that is paying these prices and that's why everybody wants that tobacco fair held here.

There was a small wreck yesterday near University, when several freight cars left the track and blocked traffic several hours.

The derailment occurred about 9 o'clock and when the westbound passenger ran up to the station, it had to wait until 1:30 before it could move, reaching Greensboro about three hours late. The eastbound train, due in Raleigh at 12:30, did not reach here until 2:15 in the afternoon. Its schedule time being 11:27 here. There was no one hurt in the wreck.

Notice has been given through the papers that Cephus Ladd, a young fellow serving time because of a conviction of retailing, has applied through his attorneys for a pardon. The grounds are not mentioned in the pardon but those who are opposed to it are given proper preparation for a fight if it is to be made. It is understood that things have approached since his conviction tending towards proof of Ladd's innocence. He was sent there at the May term of court.

Editor James A. Robinson is being given a chimes benefit today by the Arcade Theatre, the Sun man having raised about \$1,500 to buy the Episcopal church a set of chimes.

There hasn't been an issue in a year or two that hasn't had some appeal in behalf of the chimes which Mr. Robinson is making as a thank offering for deliverance from illness. It has been a slow process but he has hammered away until he has made the world take notice.

A Scalded Boy's Shrieks
horrible his grandmother, Mrs. Maria Taylor, of Nebo, Ky., who writes that, when all thought he would die, Bucklen's Arnica Salve wholly cured him. Infallible for Burns, Scalds, Cuts, Corns, Wounds, Bruises, Cures Fever, Sores, Boils Skin Eruptions, Chilblains, Chapped Hands. Soon relieves Piles. Get at all druggists.

ZELAYA'S ACTION.

Throws Many Americans Into Prison in Effort to Extort Money.

(By Cable to The Times)

Panama, Nov. 25.—President Zelaya is throwing every American he can by hands on, whether he be tourist or business man, into prison unless he contributes to the Zelaya fund, according to Edger S. Harris, of Columbus, Ohio. Harris declared several Americans were confined in the prisons at Managua and that there and elsewhere they are held incommunicado until they accede to Zelaya's extortions. He himself had been insulted and practically driven out of Corinto, he said.

A message from Porto Corriez, Spanish Honduras, reports that telegraph advices from Managua say it is believed in Nicaragua that the government authorities in Port Limon, Costa Rica, and former President Raphael Iglesias and his followers have aided the revolutionists.

MARKET OF THE WORLD INFLUENCED

The New Commercial Stimulus In the United States Felt Everywhere

BALANCE OF TRADE

Reports Received by the Department of Commerce and Labor Show Improvement in Both the Internal and Foreign Commerce of the United States and Also Improvement in the Commerce of Foreign Countries—Increase Partly Due to Higher Prices—Argentina Shows Remarkable Increase in Her National Wealth.

(By Leased Wire to The Times)

Washington, Nov. 25.—That the new commercial stimulus felt in the United States has influenced the markets of the world is shown in the reports received by the department of commerce and labor. The records not only show improvement in both the internal and foreign commerce of the United States, but are now showing improved conditions in the foreign commerce of many of the nations.

If the old theory that the "balance of trade" is the excess of exports over imports, is the best index of the prosperity of a nation, is correct, then nearly all the countries of the world have reason to congratulate themselves upon the increase of work on the part year. The increase in foreign commerce, both in the case of the United States and of other countries, while indicating in some degree an increase in the quantity of merchandise moved, are in large degree higher prices. Just as low or low in many articles immediately followed the commercial depression of 1907, an advance in prices has in many cases followed the improved trade conditions of 1909.

For the six months ending with last June, Argentina showed a remarkable advance in national wealth. While her imports gained \$9,000,000 her exports showed a clean increase of \$28,000,000. This is one of the most remarkable showings on record. Australia shows a steady and healthy gain. While there is recorded a slight decline in imports, there is an increase of \$7,000,000 in exports over the corresponding period of 1908. Austria-Hungary, for the seven months ending with July last, increased her imports \$18,000,000 and exports \$2,000,000. For eight months ending with August, Belgium shows a gain of \$34,000,000 imports and \$15,000,000 in exports. The European countries, as a rule, do not show the same prosperous conditions that prevail in both North and South America. Brazil announces a sharp advance of imports over exports to the extent of \$31,000,000. It is believed that Brazil attributes her prosperity to the industrial invigorating seen in the United States. The Latin-American republics realize as never before that their prosperity is inter-dependent with that of their great northern neighbor.

According to the statistics Japan is buying less and less abroad, and increasing her exports rapidly. Her imports show a decrease of \$21,000,000 for the seven months ending with July last, while her exports jumped upward \$8,000,000. Russia shows a tremendous advance of \$76,000,000 in exports over imports. Imports into the United States for the ten months ending in October last, were \$1,195,000,000, as against \$900,000,000 in the same period of the preceding year; while the exports were \$1,360,000,000, as against \$1,420,000,000 for the first ten months of 1908.

DEMOCRAT and Republican, Baptist and Jew—here is one treat which all can enjoy in common—NUNNALLY'S Candies.

No doubt about their purity or fine quality. No question that they are the most delicious candies that can be made. Every box is fresh and generously assorted.
