MEETING OF ALDERMEN LAST NIGHT

Resolution Passed Asking for Bids For Paving Fayetteville Street With Bricks

SOME OBJECTION

Many Things Come Up For Consideration by City Fathers—Proposition to Pave Fayetteville Street With Brick Meets With Opposition of People Who Live on Outskirts of Town and Want Fire Protection.

In the board of aldermen meeting last night many questions of public interest were brought up, one of the most important of which was the proposition to take up the Belgium blocks on Fayetteville street and replace with brick.

Alderman Upchurch objected to the adoption of the resolution, saying: "Fayetteville street is neither unsafe nor unsanitary. No one is in the hospital as a result of disease contracted on Fayetteville street, and I have not heard of any loss of life or limbs being broken as a result of the conditions."

Mr. Bart M. Galling addressed the board on behalf of the suburbanites. He said that although he lived in the city and paid city taxes he was half a mile from fire protection and lights. As to Fayetteville street being in an unsafe and unsanitary condition, Belgium blocks, which compose the street, are in universal use and cities all over the world use them to good advantage.

Mr. Herbert Norris spoke of conditions on Louisburg road. He stated that he did not want to come into the city, but that the city had adopted him and others in his section, and that they were in truth being treated like red-headed step-children.

Alderman Ellington introduced an ordinance which has for its purpose the allowing of auctioneers to sell in front of their places of business. He said that the present ordinance did not meet the requirements and, with two exceptions, all the merchants on Wilmington street asked that the ordinance be passed.

Reports from the different departments were read and showed most of the departments of the city to be in good condition. Dr. Jordan's report was read and as city physician he made some suggestions as to improvements that could well be made.

commended that the ordinance covering this be enforced. Also the ordinance regarding births should receive more attention.

Electrician's report on the fire alarm system was read and the system needs many repairs, according to his judgment.

Unfinished business was next taken up and City Clerk Willson stated to the board that the \$100 appropriated to the infantry had been secured by Captain Moody with the statement that they did not want it with any strings tied to it.

Requests were read from parties asking that penalties on certain taxes be refunded. This was referred to the committee on finance.

Burk H. Denton, of 17 Exchange Place, was granted near-beer license. St. Augustine School presented a petition asking for more lights. This was referred to the light committee.
