LAVENDAR AND ROSEMARY.

Lavender and rosemary,
 Greenly still you're growing,
 Tho' the stormy winter wind
 Thro' bare boughs be blowing,
 Tho' the mist with veil of grey
 Shrouds my garden sadly,
 With you sweet remembrance lives
 And I greet you gladly.

Lavender and rosemary,
 By the wither'd roses,
 Drifts your tender fragrance down
 Sweet as Summer's posies,
 Weeping Autumn plucks your leaves,
 Past days to remember,
 While my heart keeps June with you
 And forgets December.

Young presided over the meeting. The music was a special feature, several beautiful anthems being sung with violin accompaniment by Mr. James Thomas. There was also a violin solo by Mr. Thomas and a vocal solo by Mrs. Horace Doyell.

Mr. T. H. Briggs of the First Baptist church spoke of the convention held in Greensboro in January, to which the great multitude went with their hearts turned to God and knowing nothing but his cause.

This is a day of results and this convention is to be followed by a follow up plan. The inspiration in the hearts of the men is not going to fail. The heaven is working in the meal. Mr. Briggs spoke of a mission study class of ten older men which has been formed in his own church and is doing interesting work.

Mr. N. B. Broughton, of the Baptist Tabernacle church spoke of some of the danger signals of the convention. We dishonor God when we put too much stress on the money value of the movement. Mr. Rockefeller has intimated that before the year is out he will give \$50,000,000 to missions. Yet this may be a snare. God doesn't need the money, but we need God's provision to carry on his work of salvation. God wants us. There are great possibilities of the laymen's movement which may be carried out in our own towns and churches. There should be a permanent organization for personal work. There is a pressing need that men should have on their hearts such a work. The Y. M. C. A. would be a trifle for young men of Raleigh to rise and and laud. It is a crying need. There is need of organized effort of laymen here to take up the work at the penitentiary, the jails, etc.

The pastor, Dr. White, read some extracts from an interesting letter from his brother who is a missionary in China, giving a glimpse of what he is doing on the other side of the world.

Mr. Young as master of ceremonies spoke a few words in regard to the laymen's movement. It will accomplish two things. It will put men to work and make them realize that there is something for them to do and it will do away with the small narrow idea of what missions is. There will be instilled an idea that God wants something more than money. He wants our time and hours. The aim of the movement is to organize, to give knowledge and stir up people into activity.

There were many young women present who listened to the talks with much interest.

WORTH MOUNTAINS OF GOLD

During Change of Life, says Mrs. Chas. Barclay

Grantville, Vt.—"I was passing through the Change of Life and suffered from nervousness and other annoying symptoms, and I can truly say that Lydia E. Pinkham's Vegetable Compound has proved worth mountains of gold to me, as it restored my health and strength. I never forget to tell my friends what Lydia E. Pinkham's Vegetable Compound has done for me during this trying period. Complete restoration to health means so much to me that for the sake of other suffering women I am willing to make my trouble public so you may publish this letter."—MRS. CHAS. BARCLAY, R. F. D., Grantville, Vt.

No other medicine for woman's ills has received such wide-spread and unqualified endorsement. No other medicine we know of has such a record of cures of female ills as has Lydia E. Pinkham's Vegetable Compound.

For more than 30 years it has been curing female complaints such as inflammation, ulceration, local weaknesses, fibroid tumors, irregularities, periodic pains, backache, indigestion and nervous prostration, and it is unequalled for carrying women safely through the period of change of life. It costs but little to try Lydia E. Pinkham's Vegetable Compound, and, as Mrs. Barclay says, it is "worth mountains of gold" to suffering women.

TWO HOUSES BURNED

West Street Visited by a Dangerous Fire Yesterday

Fire Originated in the Kitchen of Small Cottage—Two Cottages Were Destroyed—The Whole Street Was Threatened For a Few Minutes.

Yesterday afternoon about 2:30 o'clock, fire broke out in a small cottage on S. West street, near South, and fanned by a steady wind spread to an adjacent house, destroying both of them. It was only by the hardest kind of work by the firemen that other houses were saved.

The fire originated in the kitchen of the residence occupied by Edward Pann. The high wind caused the flames to spread rapidly, and in a very short time the whole building was wrapped in flames, which spread to another cottage just below it.

The fire department made the long run in record time. It was while going to this fire that Mr. Pete Hinnant, driver of the Rescue wagon, was injured by the wagon overturning at the corner of E. 5th street and South streets. In a short time several streams of water were playing on the flames, and the fire was under control in about a half an hour, but the two houses were destroyed together with much of the furniture.

Several other houses were searched, and one was pretty badly charred.

JUDGE CONTINUES THE WATKINS CASE

(Special to The Times.)
 Asheville, Feb. 7.—Judge Justice in superior court this afternoon continued the trial of F. C. Watkins, charged with killing John Hill Bunting, of Wilmington, until the April term. The motion for continuance was made by Craig on behalf of Watkins, who alleged that the chief witness for the defense, Adams, could not be here on account of ill health. Settle for the private prosecution gave notice that the state would ask for removal to another county and that motion for removal would be filed during the present term.

The defense will resist the motion. Craig, in reply to prosecutors' resistance of continuance, said that the prosecution was willing to try the case in the absence of defense's chief witness, but that the case couldn't get impartial trial here.

MIND READER DEAD.

(Special to The Times.)
 Goldsboro, N. C., Feb. 7.—Mrs. Chelley James died yesterday morning at her home in New township and will be buried in the family burying ground this afternoon.

She was a well known woman, being known as a mind reader and an exponent of mental telepathy.

Fire broke out yesterday in the store of K. P. Bizzle and before firemen could quench the flames much damage had been done.

The fire was upstairs, which was occupied as a residence by Mr. and Mrs. F. M. McCullen. The origin of the fire is unknown but it is attributed to rats and mice.

PETE HINNANT HURT

Rescue Wagon Turned Over While Going to a Fire

Accident Occurred at Corner of Fayetteville and South Streets Yesterday Afternoon About Half Past Two—Painful Injuries About the Head—Is Resting Very Well Today

Yesterday afternoon about 2:30 o'clock, while going to a fire on South West street, the Rescue wagon was overturned at the corner of Fayetteville and South streets, throwing Mr. Pete Hinnant, the driver, to the street, causing very painful injuries.

The team was making good time, and when turning the corner from Fayetteville into South street the wagon overturned, throwing Mr. Hinnant to the street, his head striking the pavement, cutting several gashes in the scalp and badly bruising the head, face and shoulders. One of his hands was also hurt. He was taken to Rex Hospital at once and given attention. It was thought at first that the injuries were very serious, but the information was given out from the hospital this morning that Mr. Hinnant was resting right well, and that his injuries were not necessarily serious.

Mr. Hinnant is one of the most popular and faithful of Raleigh's fire-fighters, and his many friends will be glad to learn that he is not as badly hurt as it was first thought.

GOOD ROADS BONDS.

Jonesboro Township in Lee County Votes For Good Roads.
 (Special to The Times.)

Sanford, N. C., Feb. 7.—The people of Jonesboro township, Lee county, at an election Saturday voted for a bond issue of \$1,000 for good roads. This is the second election held for this purpose in Jonesboro township, only a few months ago one was held but the people were not so well informed and failed to come to the polls. The people who knew the advantages of good roads were not satisfied with results and petitioned the county commissioners for a second trial and now they are jubilant over their victory, and, too, because theirs is the first township in the new county of Lee to take this forward step.

It is believed that other townships in the county will soon catch the inspiration from their sister township and follow her example.

Work will begin in early spring. The entire township can soon have a fine system of "sand-clay" roads, there being an abundance of material close at hand.

General Julian S. Carr, of Durham, delivered an address on the Laymen's Missionary Movement to the laymen of Sanford at the Methodist church Sunday. Much interest is manifested in this movement among the several churches of our town.

BISHOP IN DURHAM.

Bishop Cheshire Presides Over Three Services and Twenty-two Candidates Are Confirmed.
 (Special to The Times.)

Durham, Feb. 7.—Bishop Joseph B. Cheshire spent yesterday in the city and in the three services over which he presided there were 22 candidates for confirmation, a splendid showing of the Episcopal church.

The congregation, 10 years ago one of the least organized and really feeble, has more than doubled and now has two beautiful churches. The appearance of the bishop last night at West Durham, where Mr. W. A. Erwin gave to the church a lovely memorial to his father and mother, was encouraged by four candidates for confirmation, three of these representing three generations. Rev. Thomas L. Trotter baptized the grand-mother of 60, the father, who was her son, and a son of that father. All of these went to the church and had been put on the way by Miss Kate Cheshire, of Tarboro.

FARMERS' INSTITUTE MEETING.

Enthusiastic Meeting Held in Court House at Louisburg.
 (Special to The Times.)

Louisburg, N. C., Feb. 7.—Franklin superior court not being in session Friday, the Farmers' Institute met in the court house at 11 o'clock a. m. There were present Messrs. J. L. Burgess, H. V. Scarboro, S. B. Shaw and Mrs. F. L. Stevens and a goodly crowd of the best farmers in this section.

Mr. T. B. Wilder, chairman of the County Farmers' Institute, introduced the speakers, who spoke on subjects as follows:

J. L. Burgess on Soil Improvement and Seed Selection.

H. V. Scarboro on Corn Culture, Peanut Growing and Hog Raising.

Mrs. F. L. Stevens on Co-operation in the Farm Home.

S. B. Shaw on Growing and Canning Fruits and Vegetables for Home Use.

All of these talks were listened to with the deepest interest.

During the day the ladies met with Mrs. Stevens in the rooms of the county board of education. Mrs. Stevens spoke on subjects pertaining to domestic science.

S.S.S. RIDS THE SYSTEM OF CATARRH

Catarrh comes as a result of impurities and morbid matter in the circulation, and is a disease that only attacks mucous membrane. The entire inner portion of the body is lined with a delicate skin or covering of soft, sensitive flesh. Thousands of tiny blood vessels are interlaced throughout this mucous surface, and it is through these that the inner membrane receives its nourishment and is kept in healthful condition. When, however, the blood becomes infected with catarrhal impurities the tissues become diseased and Catarrh gets a foothold in the system. The early stages of Catarrh are characterized by such symptoms as a tight, stuffy feeling in the head, watery eyes, buzzing noises in the ears, with partial deafness and often difficult breathing and chronic hoarseness. These are merely symptoms, and while sprays, inhalations and other local treatments may temporarily relieve them, Catarrh cannot be cured until the blood is purified of the exciting cause. S.S.S. cures Catarrh by cleansing the blood of all impure catarrhal matter. It goes down into the circulation and attacks the disease at its head, and removes every particle of the catarrhal impurity. Then the mucous linings are all supplied with fresh, pure blood, and allowed to heal, instead of being kept in a constant state of irritation by the catarrhal matter. Special book on Catarrh and any other disease free.
