Brodie Duke Attempts to Marry Miss Wylanda Rochelle

Efforts on Part of Durham People to Stop Ceremony—Lady Lives in Washington—Duke's Fourth Attempt at Matrimony—Marriage Card for Marriage of J. E. Alexander and Miss Josephine Mauney—Rev. H. E. Spence Resigns Pastorate—Mrs. Gilbert Entertains.

(Special to The Times.)

Durham, N. C., June 11.—The wires over the country were kept alive with stories last night that Mr. Brodie L. Duke and Miss Wylanda Rochelle, both of this city, were married in Washington.

Later advices were that Mr. Duke did not show up at the church where the marriage was to have taken place and that the ceremony did not come off. With the hope that it might be averted, Mr. Duke's family and friends last night rushed Mr. J. B. Walker across the country to Raleigh where he took the midnight train for Washington, to stop, if possible, such a course.

The afternoon papers carried announcements that the license had been secured and named the place of the marriage. It was to have taken place in the First Presbyterian church and Rev. Donald McLeod was to have performed the ceremony. Though the most reliable news organizations had sent out stories that the wedding actually occurred, it is fairly certain that it has not taken place.

Immediately after being apprised of the conditions, the Durham people grew busy and sent messages to Washington asking that the affair be stopped. Several former attempts to marry here were thwarted by the county officials, who declined license and ministers who refused to perform the ceremony. When Mr. McLeod learned yesterday that Mr. Duke had been twice divorced he declared that he would not have married the two.

The papers north have sent out stories that the Durham man was badly inebriated and unable to appear for the ceremony. This appears to have been partly wrong. For a number of days Mr. Duke has been acting strangely and he took medicine to quiet a nervousness that threatened complete collapse. This caused a debauch worse than inebriety and rendered him entirely irresponsible. The Durham relatives are deeply opposed to the match.

From Washington last night came a dispatch that Miss Rochelle, who was disappointed by the failure of Mr. Duke to appear, went on a search for him and the belief was expressed that they would be married in the suburbs of the city. It said that Mr. Duke told the license clerk that this was his fourth and last marriage venture.

The trip to Raleigh was taken last night in an automobile through a blinding rain and through great mud. The train puts the Durham man in Washington this morning and it is believed that something can be done to avert the course.

Miss Rochelle has been several months in school at Washington. For a number of years Mr. Duke has been very attentive to her, though there is a difference of forty years in their ages. She lives on Mangum street and is the daughter of Mr. Leander Rochelle, a merchant of the city.

Mr. Duke has been three times married, first wedding Miss McManan, who was the mother of the children living in Durham. After her death he married Miss Woodard, of Tennessee, and one son came of that union. They were divorced many years ago, incompatibility of temper and desertion figuring in this decree. A comfortable sum, about \$30,000 was given the wife, who now lives in California.

The third wife was Alice Webb, whose marriage under very much the circumstances as those governing yesterday's attempt, caused an international sensation. This adventuresome caused Mr. Duke great trouble and but a few weeks ago the last of the

Best Hair Tonic

All Over America, the News of the Marvellous Dandruff Cures of Parisian Sage Has Spread.

A few years ago there was introduced into America a cure for dandruff, falling hair and all scalp diseases.

News of the quick action of this wonderful invigorator spread rapidly. And today without any sensational or untrue advertising, Parisian Sage is used extensively in almost every town in America. And what has produced this great demand? Simply this: Parisian Sage does just what we are telling the readers of The Times it will do.

We claim, and we back our claim with King-Crowell's money back guarantee, that Parisian Sage is the most invigorating and rejuvenating hair tonic. It cures dandruff, stops falling hair and itching scalp; it makes the hair grow strong and vigorous, yet soft and lustrous. It is the only hair dressing that reaches the root bulb of the hair and destroys the dandruff germ.

And to the women who are reading this simple statement of fact, we want to say that Parisian Sage works wonders with women's hair. It will turn dull harsh and faded hair into beautiful, radiant and lustrous hair in a few days, and is the most pleasant and satisfying dressing any woman ever used.

Druggists everywhere and King-Crowell sell Parisian Sage for 50c. a large bottle.

notes which she beguiled him into singing came up as the cause of a suit in the superior court here. Mr. Duke won over the Texas National Bank, the plaintiff in the action.

The belief is expressed here that if Mr. Duke can be reached by his Durham friends before he finds a magistrate or a preacher willing to consummate the match, he can be dissuaded. There is absolutely nothing known of the matter here and until this hour it has been impossible to locate him.

A wedding card of as much interest here as in Salisbury, the home of the couple, was received here yesterday afternoon. It reads:

"Mrs. Josephine T. Mauney requests the honor of your presence at the marriage of her daughter, Josephine Tomlinson, to Mr. James Ernest Alexander, on the evening of Wednesday, the twenty-second of June, nineteen hundred and ten, at half after seven o'clock, First Presbyterian church, Salisbury, North Carolina."

Miss Mauney taught a number of years in the graded schools of Durham and lived with the family of Maj. S. F. Tomlinson, who are the relatives of the bride. As teacher and in society, she was everywhere popular and the city has always liked to claim her as its own. She has taught in Salisbury since going from Durham and there is one of the most popular of the many girls for whom Salisbury is noted.

Mr. Alexander is an artist and is owner of a studio in his home town that has built up a large clientele. The wedding is the first real society event for the early summer.

Rev. Hersey Everett Spence, pastor of Mangum Street Methodist church, has resigned from that service and Sunday will preach his farewell sermon.

Mr. Spence's resignation doesn't mean permanent retirement, however. He leaves in a few days for Chicago University, where he will take special work in English to fit him better for his teaching in Trinity this fall. He will hold an instructorship in the English department, one of the most exacting places in the faculty. He will attend the lectures throughout the entire summer at Chicago.

Mr. Spence is one of the few intellectual men who began attracting attention abroad before known of his home folks. The Charlotte Observer has carried much of his verse and praised it highly. That paper lays the mantle of McNeill upon his modest shoulders. He is doubtless the most promising and talented man graduated at Trinity in a decade.

The pastorate of Mangum Street will be supplied by Rev. L. B. Jones, who formerly preached in Central Methodist church in Raleigh. The

resignation of Mr. Spence doesn't remove him from the conference and he will return to the ministry, though his teaching career at Trinity may extend over a year or more.

As a preacher Mr. Spence has done uncommonly well for a young man. He spoke with great fluency, without notes and in a student. His congregation is quite fond of him and regrets the loss of him after more than two and a half years of a very effective pastorate.

Mrs. Paul Gilbert Entertains.

One of the prettiest card parties of the season was the one given by Mrs. A. Paul Gilbert at her home on Queen street yesterday afternoon. The downpour of rain kept none of the guests away and about 4:30 five tables of bridge began playing. The home was quite artistic in its floral decorations, ferns and sweet peas, daisies, potted plants all combined to make the parlors most attractive. Dainty hand-painted tally cards with a pretty design of sweet peas were given out. At the close of the game 'twas found that Miss Joe Taylor had scored highest and the price, a handsome piece of brass, fell to her lot. In cutting for consolation, Mrs. S. C. Brawley was the lucky one. This prize was a beautiful bouquet of sweet peas. Elegant refreshments in two courses were served the guests, Mrs. Gilbert being assisted by Miss Mattie Lehman. In every detail sweet peas were in evidence.

Those present were: Mesdames I. F. Hill, Ralph Jones, E. G. Muse, B. U. Brooks, J. M. Manning, H. A. Bost, W. M. Yearby, S. C. Brawley, W. P. Whitaker, D. C. Mitchell, T. M. Gorman, W. A. Guthrie, W. B. LaFar, J. L. Rose, W. T. Bost and Misses Joe Taylor, Patterson, Martha Cowan, Sara and Annie Fowler, Fannie Bost.

A BALD NEWSPAPER MAN.

Getting a New Crop of Hair, and Has No More Dandruff.

Everybody in the northwest knows Col. Daniel Searles, the veteran journalist and publicist of Butte. January 10, 1900, the colonel writes: "I used a couple of bottles of Newbro's Herpicide with marvelous results. The dandruff disappeared; a new crop of hair has taken root, and the bald spot is rapidly being covered." Herpicide is the only hair preparation that kills the dandruff germ that digs up the scalp in scales as it burrows its way to the root of the hair; causing the hair to fall out. Kill the dandruff germ, with Herpicide. Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich. One dollar bottles guaranteed. Henry T. SEARCH FOR MURDERER.

Milan Police Making Great Effort to Solve Murder of American Woman.

(By Cable to The Times)

Milan, June 11.—Urged on by American Consul Charles M. Caughey, who is acting under the direct order of the United States department, the best detectives of Italy are searching the country for Porter Charlton, husband of Mary Scott Castle Charlton, the American woman who was beaten unconscious, jammed into a trunk while still alive and thrown into Lake Como to die.

While the authorities believe that if Charlton is still alive he can solve the entire mystery surrounding the death of his bride. Their strongest theory is that he was killed by the same person or persons who murdered Mrs. Charlton.

While some of the nation's best detectives were working today along the line of the theory that insane jealousy on the part of one of the beautiful woman's former admirers was responsible for her death and possibly that of her husband others were delving deep into what they believed to be a plot to kill and rob American women in Italy. In connection with the latter theory, they declared that the outcome of this case will throw some light on the death of Estelle Reid, the American girl who was found dead in the Bay of Naples.

Scared Into Sound Health.

Mr. B. F. Kelley, Springfield, Ill., writes: "A year ago I began to be troubled with my kidneys and bladder, which grew worse until I became alarmed at my condition. I suffered also with dull heavy headaches, and the action of my bladder was annoying and painful. I read of Foley Kidney Pills and after taking them a few weeks the headaches left me, the action of my bladder was again normal, and I was free of all distress.—King-Crowell Drug Co.

WASHINGTON NEWS.

Tar Heel Motor Boat Club Gives Squadron Drill—Better Mail Service on Norfolk Southern—Demonstration of Wesson Snowdrift Oil.

(Special to The Times.)

Washington, N. C., June 11.—The Tar Heel Motor Boat Club of this city gave another squadron drill and marine parade on Pamlico river this afternoon at 6 o'clock. Quite a large number of motor boats with their respective owners were present and participated in the different manoeuvres. All boats assembled at the Black Beacon about one mile below, the city as a starting point and came up the river in squadron formation, passing through the draws in the Norfolk & Southern Railroad bridge and the county bridge in column of twos and then assuming original positions.

The boats flying their club flags and yachting ensigns and executing different nautical manoeuvres presented a very attractive spectacle. Quite a number of spectators lined the docks and bridges to witness the parade. The club is making large preparations for a mammoth fourth of July celebration, at which time will take place a number of motor boat regattas, rowing races, parades, squadron drills, etc. Among the events scheduled will be a ladies rowing race and a prize will be given the winner.

Beginning Saturday, June 11th, the night express over the Norfolk & Southern Railroad between Norfolk and Raleigh via this city will carry pouch mail. There being no mail clerk on these trains no local mail will be sent out, and only pouches for Raleigh and Norfolk will be carried, but this will include all mail beyond these two points. The adoption of this extra mail service will be hailed with much satisfaction by the different business men of the city, as the system now in use causes a good deal of delay in the mail service between the points mentioned. The Norfolk & Southern is doing a great work for Eastern North Carolina and giving them the quickest and most efficient service that they ever had.

The Southern Cotton Oil Company through their traveling representative will give a public demonstration of the Wesson Snowdrift Oil for cooking purposes. The demonstration will be given under the auspices of and for the benefit of the Woman's Betterment Association and the different ladies of the association will have charge of the demonstration and serve light lunches and dinners to the business men all during the week.

The Conservation of Nature's Resources.

Applies as well to our physical state as to material things. C. J. Burling, Washington, R. I., realized his condition, and took warning before it was too late. He says: "I suffered severely from kidney trouble, the disease being hereditary in our family. I have taken four bottles of Foley's Kidney Remedy, and now consider myself thoroughly cured. This should be a warning to all to neglect taking Foley's Kidney Remedy until it is too late."—King-Crowell Drug Co.

A woman will always intrust her daughter's happiness to a man who knows devotion to both of them.

S.S.S.

CURES OLD SORES

"I CAN TRUTHFULLY SAY S.S.S. IS A CERTAIN CURE FOR OLD SORES, BECAUSE IT CURED ME OF A BAD ULCER, ON WHICH OTHER TREATMENTS HAD NO EFFECT."

This extract from the testimonial we publish below, will receive the endorsement of thousands of other persons who have used S. S. S. for sores and ulcers.

Every old sore comes from some kind of impurity in the blood. S. S. S. cures on the simple principle of removing the cause of the sore or ulcer and allowing nature to heal the place. When we think for a moment we realize that every portion of the body and system is dependent on the blood; that it is the circulation which nourishes all flesh tissues, and preserves their natural health. Thus we can readily understand why impurities or poisons in this vital fluid will infect and disease the flesh at some particular spot, and by continually discharging impurities into it, keep the place open, raw or inflamed. It would be against every law of reason to expect the sore to heal while the blood constantly deposits into it the infectious matter with which it is contaminated.

There is a simple way to cure old sores, and it is the only way—remove the cause from the circulation. External applications of liniments, plasters, lotions, salves, etc., can never produce a cure, because such treatment does not reach the blood, where the cause is located.

S. S. S. heals old sores because it is the greatest of all blood purifiers; it goes into the circulation and removes the cause from the blood. When the blood has been purified there is no longer any inflammatory impurity or infectious matter to irritate the place, and nature causes the natural and certain healing of the ulcer. When S. S. S. has cleansed the blood and the place is once more well, it is not a surface cure, every vestige of the old cause has been driven out and the place is solidly and firmly healed from the bottom to the surface. S. S. S. is made entirely of healing, cleansing roots, herbs and barks, and contains no trace of mineral. It is a medicine adapted to persons of any age, and is just as effective with the old as with the young or middle aged.

Under the purifying and tonic effects of S. S. S. the system is built up, and those whose health has been weakened by the drain of an old sore will be doubly benefited by its use. If you wish to know anything specially about your case write us. We will answer you fully, and will also send our book on Sores and Ulcers—no charge for either book or advice.

THE SWIFT SPECIFIC CO., ATLANTA, GA.

I can truthfully say S. S. S. is a certain cure for Old Sores, because it cured me of a bad ulcer, on which other treatments had no effect. Five years ago a running sore came on my limb. I tried everything I could hear of, but the sore grew worse. Even the doctors could not heal it. A friend finally told me to try S. S. S., so I did and in the meantime wrote you for advice. I followed your instructions and took S. S. S. regularly. My leg began to improve gradually, the place healed over and began to look healthy, and finally the sore was cured entirely. I believe S. S. S. to be the best blood purifier one can use. I gladly recommend it as a cure for sores and ulcers. Rockford, Wash. A. S. JACY.
