BIG STRIKE OF GARMENT MAKER GIRLS

Strike of 75,000 Young Women Called For This Afternoon

DEMANDS OF UNION

Ask For Recognition of Union, Increased Pay and Better Working Conditions—Call For General Strike Created Much Excitement Among the Girls and They Quickly Congregated in the Halls at the Various Headquarters—Some of the Employers Have Already Agreed to Demands, While Others Will Fight.

(By Leased Wire to The Times)

New York, July 7—A strike of the 75,000 young women in the International Ladies Garment Workers' Union was officially called today at a meeting of the committee of 45.

An order was issued that all the members should walk out at 2:00 o'clock this afternoon.

Word that the strike had been declared was telephoned to all the 40 sub-headquarters of the Union throughout the five boroughs and crowds of the girl workers soon filled these halls. The greatest excitement prevailed in the various shops where the girls were still at work. About 3,000 quit yesterday in advance of the official order when called out by their delegates.

It was stated by the officers of the union that many of the employers were ready to sign the proposed agreements, providing for recognition of the union, increased wages and better working conditions.

These agreements are to be presented to these employers immediately after the strike becomes effective and it is said that many of the girls will return to work tomorrow.

A number of the employers, however, are determined not to grant the demands of the union. Most of this bitter opposition to the union's demands is expected in the Manhattan factory district, which the strike committee, for picketing purposes, has divided into seven sections.

The strikers fear that the employers will try to have the work on (Continued On Page Seven.)

Smithfield, July 7—The democratic convention of the sixth district was called to order at 11 o'clock here this morning by W. M. Sanders, of Smithfield, in the absence of the chairman, W. C. Munroe, of Wayne. Mr. Sanders called J. H. Sears, of Wake to the chair as temporary chairman.

Upon motion Mr. Sears was made permanent chairman, with T. J. Lassiter, editor of The Herald, secretary and the members of the democratic press present assistants. The appointment of the usual committees was dispensed with and the convention got down to business. The nomination for judge of the superior court was taken up. Hon. J. C. Clifford, of Harnett, arose and in an eloquent speech placed the name of Hon. Frank A. Daniels, of Wayne, before the convention.

This nomination was seconded by Ed. S. Abell, of Johnston; Chas. U. Harris, of Wake, and E. F. Young, of Harnett.

Upon motion the nomination of Mr. Daniels was made by acclamation. The roll was then called for nominations for solicitor and Bart M. Gatling, of Wake, placed the name of Hon. Herbert Norris, of Wake, in nomination. This was seconded by J. C. Clifford, of Harnett, and upon motion the nomination was made by acclamation.

A committee consisting of E. W. Pon, of Johnston; J. C. Clifford, of Harnett, and A. C. Davis, of Wayne, was appointed to bring Mr. Norris before the convention. He was introduced by Mr. Pon and made a short address, thanking the convention for the confidence reposed in him and pledging his most earnest efforts in the campaign for democracy and declared he would discharge the duties of solicitor with fairness and impartiality.

Mr. Pon was called for and made a short talk that was enthusiastically received.

The following members of the district executive committee were named:

Harnett, E. F. Young; Johnston, W. M. Sanders; Wake, C. U. Harris; Wayne, W. C. Munroe.

The convention was well attended and showed that the democracy of the district is in splendid condition.

At 12:00 o'clock the convention adjourned after one of the most harmonious and enthusiastic meetings ever held in the district.

EARTH SHOCKS RECORDED.

Heavy Shocks Recorded Today by Washington Seismograph.

(By Leased Wire to The Times)

Washington, July 7—The astronomical observatory at Georgetown University, in charge of Father Torndoff today reported a heavy earthquake shock early this morning at a distance of 1,500 miles east of this city. The preliminary tremors started at 11:58 last night, which were immediately followed by a series of heavy shocks lasting from 12:01 to 12:03 o'clock, when they gradually tapered off, ceasing at 12:14. The motion was from east to west.

Father Torndoff states that this is the heaviest shock recorded on the seismograph since January 1 last, when a severe earthquake was felt in the West Indies.

Quake Recorded at St. Louis.

St. Louis, July 7—A severe earthquake shock, beginning at 10:52 and ending at 11:14 was recorded Wednesday night by the seismograph at St. Louis University. Observation made by Father Gosse, indicates that the center of the tremor was from 2,000 to 2,500 miles west of St. Louis, probably on the Pacific coast.

The main tremor lasted nine seconds. Father Gosse says the motion was from west to east.

Food Riots in China.

Pekin, July 7—The government today received official advices that thousands are starving in the province of Shantung as a result of the scarcity of rice and many food riots have taken place in the last few days. Imperial troops will be sent to the scene. The rioting centers at Lanchow, 230 miles southeast of here, and is purely of Chinese character, there being no feeling against foreigners.

A picture of the beautiful mahogany cabin of the Deutschland, Count Zeppelin's \$137,500 aircraft which was recently totally destroyed while making a trip from Dusseldorf to Dortmund. There were thirty-three persons aboard, all escaping uninjured. The immense aircraft descended on the tops of the Teutoburger Forest. The Deutschland encountered a heavy storm and one of the motors broke, causing the craft to drift here and there, swaying in the violent gusts of wind. The Count has already started planning a new ship, with more powerful motors. The Count believes that had his motors been more powerful he could have driven his ship through the storm.

THE FIFTH DISTRICT DEMOCRATS STILL AT IT

(Special to The Times.)

Features of the night session were votes at different times by Orange, Durham, Person, and Caswell for Long, Bryant, Watson and Chatham. The first ballot today showed no prospect of breaking the deadlock, the 154th ballot showing Steadman 137, Jones 101, Roster 94, Mebane 63.

The convention at 1 o'clock recessed for one hour on announcement of the result of the one hundred and eighty-eighth ballot: Steadman 126, Jones 88, Royster 48, Mebane 58, Long 85.

Pellagra From Corn Meal.

Jackson, Miss., July 7—A rigid inspection of all foodstuffs is to be taken up by Mississippi as a result of the discovery that many cases of pellagra in small interior towns were due directly to sour corn meal imported from the west.

CHARLTON TO BE ARRAIGNED AGAIN

New York, July 7—The fight to prove Porter Charlton is of sound mind and should be sent back to Italy at once to stand trial for the murder of his wife will be started in earnest tomorrow when the youth is arraigned before Judge Blair in the court of oyer and terminer in Jersey City.

Attorney Emil Fuchs, representing Captain H. H. Scott, U. S. A., brother of the slain woman, will make the fight.

Attorney Fuchs announced today that he would ask the court for an order giving permission to any alienists Captain Scott might care to retain to visit Charlton in his cell in the Hudson county jail and there make a thorough examination into his mental condition.

"Thus far Charlton has been observed only by alienists sent by his own lawyer," said Attorney Fuchs. "He has refused to see any other alienists. When he is arraigned tomorrow we shall ask that he be given a chance to examine thoroughly into his mental condition."

Unless something definite is done in the Charlton case within sixty days of his arrest the prisoner will probably be confined to an asylum. The state of New Jersey has the right to hold him only sixty days as a fugitive from justice. If the extradition proceedings are not disposed of by that time he will have to be turned loose.

Even though he is set free, it was said today, his father, Judge Paul Charlton, will have him committed to an asylum.

JEWES STILL BEING DRIVEN FROM RUSSIA

(By Cable to The Times.)

Vienna, July 7—The Semitic leaders of Vienna, it was learned today have received advices from Russia declaring that the expulsion of Jews from cities without the Pale is being pushed with terrible ferocity, the victims receiving brutal treatment at the hands of the Russian authorities.

The Russian government, with a strict censorship, has succeeded in concealing the facts, the truth being obtainable only by courier and cipher letters.

The situation is unprecedented, save on the scenes of five years ago when the government supervised wanton slaughter.

It is estimated here that fully 20,000 men, women and children have been torn from their homes and driven like cattle from the proscribed territory, most of them penniless and subjected to terrific hardships.

The full story of the horrors of this forced exodus may never be known, but Viennese Jews charge that the expulsion has been responsible, directly or indirectly, for the death of fully 20 men, women, and children.

The reports from Kiev are that nearly all the Jews resident there illegally have been forced out, but the expulsion continues at other points in a shocking manner.

The brutality of the authorities at Moscow has aroused the protest of many influential Christians, but the work has continued unabated.

The cities in the Pale are crowded with refugees. One effect of the expulsion is already becoming apparent, in spite of the lack of funds of those driven from their homes, many fleeing with only a handful of their belongings.

The emigration to America is increasing, and it is expected that thousands, stirred by sympathy, will go from the Pale to the United States, besides those who have suffered in the movement of the last few weeks.

The woman left a note requesting that she and her daughter be buried together.

CHARGE OF MURDER LAID TO WRONG MAN

(Special to The Times.)

Elizabeth City, N. C., July 7—A remarkable case of mistaken identity was discovered here this morning when a negro named Gibbs was tried in justice court in a preliminary trial upon the charge of murdering his wife in this city about five years ago. Gibbs fled from the city as soon as the murder was committed. Several days ago the police was notified that Gibbs had been arrested in New Bern and was being held by the New Bern authorities for the Elizabeth City authorities. Chief Thomas went after the negro and brought him here and lodged him in jail.

This morning it was discovered that he was not the man at all, although he answered the description and had the same name. The negro proved that he never resided here and therefore he could not have committed the murder here. The negro's boast to his wife in New Bern that he had already killed one wife was responsible for his arrest.

The street paving committee met this morning and opened the bids for contracts to pave the streets of the city. The committee decided to pave the greater part of the streets with brick. The contract for the brick work was awarded to Howe and Page.

The contract to pave Main street with asphalt was awarded to the Barber Asphalt Company. The time limit for receiving bids for the \$60,000 worth of bonds to pay for the paving will expire on the 11th of July, at which time the bids will be opened and the bonds disposed of.

THREATENS OPEN DOOR FIGHT OVER

Diplomats See Danger to Open Door Policy

Russia and Japan to Form New Alignment—Diplomats Think There is Secret Treaty by Which These Two Countries Pledge Themselves to Dominate the East.

(By Cable to The Times)

London, July 7—Diplomats conversant with the situation in the Far East see behind the convention between Russia and Japan, announced at St. Petersburg, a new alignment which threatens the existence of the open door.

It is believed that behind the convention there is a secret treaty by which the countries that a few years ago were at war pledge themselves to dominate the east. The explanation is current and is accepted in semi-official circles. The subject is one of great alarm, it was learned today, to the British foreign office.

The impression grows here daily that Japan will never sign another treaty with England of the same nature as that now existing.

There will also be marked effect on the negotiations between Japan and America over the new treaty.

The most immediate effect of the new alignment, which has been in process of formation quietly for several years, will probably be felt in the relations between Great Britain and Japan. One statesman today declared that the St. Petersburg treaty struck a blow at the British-Japanese alliance which would probably prove fatal.

The growing unpopularity of the alliance, not only among Englishmen in the Far East, but at home as well, can but be increased by the agreement between Tokio and St. Petersburg, which is regarded as nothing short of a compact for complete control of the tremendous markets of China and Manchuria.

The long expected formal annexation of Korea by Japan is now regarded as a matter of a short time. The belief here is that the conditions which have been investigated since the peace of Portsmouth will soon become known, startling Europe and America.

Japan's aim to recoup the losses of the war with Russia, which still lay heavy on her people, would not be far from realization were she in a position, by a strong alliance with a power with the same aim, to throw to the winds her regard for the interference of the nations that stand by the open door policy—to which she subscribed.

The negotiations between St. Petersburg and Tokio which are understood to have been ready for completion when Prince Ito went to Harbin and was killed by a Korean, are of especial significance in view of the fact that Japan is about to renew her treaties with the leading powers. London is watching the situation cautiously, particularly with reference to the negotiations for an immigration treaty between the United States and Japan. This subject is of extreme importance to Great Britain, because of the opposition to Japanese immigration in British Columbia and Australia.

Neither the United States or England wishes to take the initiative in the matter but as the American treaty does not expire till a year after the expiration of that with Great Britain, the advantage seems to lie with Washington.

One outcome of the Japanese-Russian alliance may be a triple alliance between England, the United States and Germany.

United States Knows Nothing of It.

Washington, July 7—State department officials here claim to be entirely ignorant of any secret agreement supposed to have been effected between Russia and Japan for the purpose of closing the "open door" in the Far East. Admissions are made, however, that this country is deeply interested in maintaining the status quo in Manchuria and will strenuously oppose any steps taken by either Russia or Japan which would in any way tend to close the "open door."

While nothing is said officially of forming an alliance with Britain and Germany in dealing of Japan and Russia equal treatment of all nations in the Far East, this country, it is said, will lend its moral support to any movement tending to break up any blind alliance that may have been formed by the two countries.

In diplomatic circles alarm is expressed over the growing cordiale expressed (Continued On Page Seven.)

FIGHT OVER PRESIDENT EDUCATORS

Mrs. Young Urged By One Faction For Presidency of Educational Association

THE OTHER NOMINEE

The Nominating Committee Chose X. Z. Snyder of Colorado as President But the Supporters of Mrs. Young Say They Will Carry Her Case to the Floor of the Body—Dramatic Scene Enacted—In the Rooms of the Nominating Committee.

(By Leased Wire to The Times)

Boston, Mass., July 7—Mrs. Ella Flagg Young, superintendent of the Chicago public schools, was today elected president of the National Educational Association at its 48th annual convention. Mrs. Young is the first woman ever elected to this office and her victory upset all precedents in that the association rejected the report of the nominating committee and chose the new president from the floor of the convention. The committee had decided on X. Z. Snyder, superintendent of the Colorado State Normal School.

The election of Mrs. Young was distinctly a victory for the women in the convention. Since the association convened here the women delegates, led by Miss Grace E. Stickhan, of New York, Miss Elizabeth A. Allen, of New Jersey, and an enthusiastic Chicago delegation had electrified vigorously for Mrs. Young to make her the first woman president of the organization.

Dramatic Scene.

Boston, Mass., July 7—A dramatic scene was enacted today before the nominating committee over the nomination of Ella Flagg Young, superintendent of the Chicago public schools, for the presidency of the National Educational Association.

Mrs. Young's campaign has been open while that for X. Z. Snyder, superintendent of the Colorado State Normal School has been conducted with great secrecy.

In seconding the nomination of Mrs. Young, Albert E. Winship, of Boston, scored the men for not supporting Mrs. Young. He warned (Continued On Page Five.)

TAFT WILL EXTEND HIS VACATION

(By Leased Wire to The Times)

Beverly, Mass., July 7—President Taft went over to the Myopia Club links today for his postponed golf match with John Hays Hammond, his old golf enemy. They were to have played yesterday, but Mr. Hammond was called away on unexpected business at the last moment.

The president took on H. C. Frick, the steel man, yesterday, in place of Mr. Hammond. Today he started from Burgess Point with the expectation of meeting Hammond on the green and of rubbing defeat into him.

Miss Helen Taft started out in her electric runabout early in the morning to do some shopping before the heat of the day set in.

President Taft has decided to extend the period of his rest from all the cares of office by taking a ten-days cruise in the Mayflower, beginning July 18.

The itinerary of the cruise has not yet been completed, but a general way it is intended to cover Newport, Narragansett Pier, Bar Harbor, and other New England coast points.

Mrs. Taft, Miss Helen, and Charles Taft, as well as Secretary Norton will accompany the party and arrangements will be made to have the important mail forwarded to the points where the Mayflower will stop.

Following the completion of the cruise, the president will begin a series of conferences with officials here at Beverly, in which the problem of economy will be taken up, as well as the perfection of the details of the postal savings bank system. Some important political conferences will also be held.
