AVIATOR FELL TO GROUND AND WAS KILLED

English Aviator Rolls Suffered Fatal Accident at the Aviation Meet

DASHED TO DEATH

Charles Stewart Ralls, the Man Who Flew Across the English Channel Twice Met His Death This Morning at the Aviation Meet at Bournemouth—Had Ascended to a Height of 125 Feet When His Aeroplane Turned Over and Dashed to the Ground—Big Crowd Saw Accident.

(By Cable to The Times)
 Bournemouth, Eng., July 12.—Charles Stewart Ralls, the famous English aviator who won the honor of being the only man to make a round trip across the English channel from England to France, was killed today in the aviation meet here. While flying in a Wright machine in the alighting competition for a prize of \$1,250 his aeroplane turned a somersault, crashed to the ground and crushed the aviator to death directly opposite the grandstand. The stand was filled with representatives of English society which had been attracted to the contest by the fact that Ralls was to compete today. Many of them were personally acquainted with, or friends of the daring aviator. They cheered him as he arose in the air to a height of 100 feet and the cheers continued as he made a circuit of the course. The cheers were silenced suddenly when it was noticed that he was having trouble. By this time he had ascended to a height of 125 feet. Almost immediately after the first signs of trouble were noticed, the aeroplane turned a complete somersault and then plunged straight down. Ralls attempted to extricate himself but the drop was too swift. The edge of the machine caught him as the two came to the ground together and fatally crushed him. His limbs were fractured and he died within a few moments after the aeroplane was lifted from his body. Many of the women in the grandstand shrieked frantically as the aviator was seen to fall. Then several of them fainted while their men companions rushed on to the field to give aid to the stricken man. They were immediately driven back by the police. The meet which opened so auspiciously yesterday when J. A. Drexel, the young American aviator, broke all English records for altitude flights was marked by a serious accident immediately upon the resumption of flights today. M. Audemars, a French aviator, fell in his initial flight and was badly hurt. Ralls saw the accident to Audemars but after extending sympathy (Continued on Page Six.)

ONE MAN KILLED IN POWDER EXPLOSION

(By Leased Wire to The Times)
 Butler, Pa., July 12.—A terrific powder explosion occurred at Cabot, Pa., near here, today. One man was killed and 25 injured. The explosion occurred in the magazine of the Standard Plate Glass Company which contained 1,000 pounds of dynamite and 5,000 pounds of blasting powder. The blast blew the building to bits and shook the country for miles around, causing people to rush from their homes in fear of an earthquake. Samuel Rossie was instantly killed. Several of the injured are seriously hurt. **Moody Getting Better.** (By Leased Wire to The Times.) Magnolia, Mass., July 12.—If Associate Justice William H. Moody, of the United States supreme court, continues to improve, as he has done since arriving at Magnolia, he will leave for Washington in the early fall to resume active duties. The sea air is greatly benefiting his health.

ELKS WILL MEET IN ATLANTIC CITY

(By Leased Wire to The Times.)
 Detroit, Mich., July 12.—The grand lodge of Elks opened its convention here today. It is believed that the grand officers will be re-elected without opposition, with the exception of the contest expected for the position of secretary-treasurer. F. C. Robinson, who holds the office now, and George Bostock, Grand Rapids, and David McArron, of Port Huron, Mich., are the candidates. The next convention will probably go to Atlantic City. Atlantic City was selected as the place for the convention in 1911. **Herrmann Exalted Ruler.** Detroit, Mich., July 12.—Garry Herrmann, of Cincinnati, was today elected grand exalted ruler of the Elks by acclamation. Nearly all your acquaintances are your friends until you are in a position to use them.

OFF FOR EUROPE

Mr. and Mrs. Thomas Sailed Today

Children Left Behind With Miss Helen Gould—Detectives Had Watch and Guards the Children for a Month.

(By Leased Wire to The Times.)
 New York, July 12.—Mrs. Ralph Hill Thomas, who was formerly Mrs. Helen Kelly Gould, sailed for Europe with her husband today on the liner Kaiser Wilhelm der Grosse. At the same time her two children were being held under guard by their aunt, Miss Helen Miller Gould, to whom they were taken when seized by detectives late yesterday following their mother's marriage. "There was no excuse for all this," she said. "I cannot understand the actions the people have been guilty of. They have followed us everywhere. It is all Helen Gould's work. She has been watching me and my children for a week. They have had detectives follow us to our home at Sands Point and here. The children were to be turned over to Miss Gould last evening. It is shameful." Mr. and Mrs. Thomas boarded the Kaiser Wilhelm der Grosse shortly after 8 o'clock this morning. They were given the suite of Captain Charles Polak, of the liner, which is on the forward deck close to the bridge. It is the roughest part of the boat. The suite consists of a dining and sitting room, and a bed room and bath. Mrs. Thomas was dressed entirely in black. As she walked up the gangway of the liner, she lowered a heavy veil. The newly married couple came in from the Gould bungalow at Sands Point in Mr. Thomas' automobile. Three private detectives followed them, one of the detectives being a negro. When they boarded the liner at Hoboken a number of photographers were on hand to get snapshots of them, and Mr. Thomas became greatly wrought up over their presence. "The children and myself have been followed by detectives for the last month," said Mrs. Thomas. "They have followed us all over New York and to Sands Point. At every move we found detectives at our elbows. I don't know who retained them. Maybe it was Frank Gould and maybe it was Helen Gould. All I know is that I didn't have anything to do with their being around and I didn't want them around. Yesterday the detectives followed me from the St. Regis to my home at 540 Park Avenue. I asked Addison Mizner to go along with the children and their governess to protect them and I also asked him to dodge the detectives. He took the children to the Gotham, where they visited their grandmother and then they were sent to the home of Miss Helen Gould. Miss Gould is to take care of the children until Mr. Thomas and I re- (Continued on Page Seven.)

OHIO RIOTERS WILL BE PROSECUTED

(By Leased Wire to The Times)
 Columbus, O., July 12.—Prosecution of the Newark rioters is to be most rigorous. Governor Harmon expects fifteen or more arrests to be made within twenty-four hours. Detective Harry J. Bradbury, of the service company of Cleveland, was called before Attorney General Denman late last night. The conference was held at that hour that he might be accompanied by detectives who left Cleveland for Columbus at 6 p. m. Their names were withheld so that they might escape detection at Newark where they went immediately after the conference. Data of what occurred prior to and during the lynching was turned over to Denman by Bradbury. It included the names of several rioters who took part in battering in the jail doors and in the hanging of detective Etherington. One of Bradbury's detectives was an eye witness. Governor Harmon's word to Denman was that the ringleaders of the mob must be landed in the penitentiary, if not sent to the electric chair. The governor believes a charge of premeditated murder can be sustained if the participants in the lynching can be identified beyond doubt. Both Harmon and Denman, from what they now know, believe complete identification can be established. **Ringleader of Mob Arrested.** Newark, O., July 12.—Elihu Watha, aged fifty-one, a Spanish negro from Haiti, was arrested today as the ringleader of the mob that lynched Detective Etherington. He was located by a newspaper man, who called the police. He weakly denied he was in the mob. **Weldon Dennis, Charles Bagley and Edward Willard** were arrested today on information sent from Columbus. **Colonel L. L. Marriott, 51 St. Louisville, arrived here this morning.** He will probably take the office of sheriff pending the outcome of the hearing granted Sheriff Linke by the governor. **The police say they hold evidence that Vance Miller, the negro arrested yesterday, wielded the hammer that struck Detective Etherington before the latter was strung up.** Acting Mayor Ankele announced that a complete reorganization of the police would soon be forthcoming.

CLOAK-MAKERS ARE WINNING THE FIGHT

(By Leased Wire to The Times)
 New York, July 12.—A stampede of manufacturers to sign agreements with the 80,000 striking garment workers came today and the officials of the union predicted that the strike would be won within three days. Announcement was made at the union's headquarters that 125 of the employers had already signed the agreements, granting the demands of the employes and that 125 more had signified their intention of doing so before the day ends. As soon as the strike committee of the strikers opened sessions at the Victoria Hotel today the manufacturers began to arrive to meet them and sign agreements. The strike here today caused 1,000 cloak-makers in Newark, N. J., to quit work. They declared that they feared some of the work undone in New York would be sent to Newark shops. They will remain out until the strike has been settled in New York and they will demand the same settlement as is being secured here. **Will Not Surrender Charlton.** Washington, July 12.—Porter Charlton, who is under arrest at Hoboken, N. J., charged with the murder of his wife, Mrs. Mary Scott Castle Charlton, at Lake Como, Italy, will not be surrendered in response to the request made by the Italian government for his extradition to Italy for trial. The present intention of the state department is to decline to surrender him. Italy will not agree to surrender Italians who have escaped to their own country after committing crimes here, therefore a deadlock exists on the question of extradition.

ADAMS AND REYNOLDS WIN IN THE FIFTEENTH

(Special to The Times.)
 Asheville, N. C., July 12.—The fifteenth judicial democratic convention, embracing the counties of Buncombe, Madison and Transylvania, met in Asheville Monday and renominated Judge J. S. Adams judge of the superior court and R. R. Reynolds of Asheville, as solicitor. Both nominations were made by acclamation. J. R. Swann, of Marshall, was made chairman and Chas. V. Malone secretary. These were made permanent. Guy V. Roberts, of Marshall, and R. M. Wells, of Asheville, were representatives of the judicial executive committee. Appointment for Transylvania will be made later. **Will Not Exhibit Pictures.** London, July 12.—The manager of the West End vaudeville theatre, one of the largest places of its kind in London, today announced that he would not exhibit the Jeffries-Johnson fight pictures.

The Countess Pierrefeu, formerly Elsa Tudor, the Boston society girl who recently arrived in Boston from Europe. The Countess has a new cause for seasickness. She was not sick during the whole trip, a fact she ascribes to athletic dancing which she practiced in the limited quarters of her stateroom. Heretofore the Countess has been a very poor sailor.

GUNBOAT DAMAGED IN COLLISION

North Truro, Mass., July 12.—Divers are at work today on the keel of the gunboat Castine endeavoring to ascertain the extent of the damage caused when the submarine boat Bonita crashed into her while both boats were engaged in maneuvers in Cape Cod Bay yesterday. The Castine is piled upon the beach where she was run by Lieutenant Ralph A. Koch, her commander, when it was feared that the gunboat was in danger of sinking. The Castine was seriously damaged. Two of her plates were loosened and she was leaking badly when her nose was pointed toward the shore. Wrecking apparatus from New London arrived today and the damage to the Castine is being temporarily repaired under the direction of Constructor Rock, of the Charlestown navy yard, who was hurried to the scene in a tug immediately after the collision was reported. The gunboat will be patched today and later towed to the Charlestown navy yard, there to be drydocked and completely overhauled. Tugs are standing by with hawsers attached to the Castine waiting for the word to pull her off the sand. The real facts surrounding the accident were kept secret, but an investigation is being made today by navy officials. The collision occurred during an attack on the Castine by the submarine.

THE GREAT 70% WHO FORM THE GREAT BUYING CLASS.

The wage-earner is the real consumer. For every dress suit there's a hundred "jeans". The man who supports a family on \$75 a month is the man who keeps the big factory and mill working overtime. Georgia Favors Income Tax

(By Leased Wire to The Times.)
 Atlanta, July 12.—The Georgia legislature today ratified the income tax. The resolution passed the senate yesterday by one majority and passed the house by a substantial vote, 125 to 44.

"KID BURNS" KILLED IN PRIZE FIGHT

New York, July 12.—Hugh Grant, 19 years old, of Tuckahoe, N. Y., known in the prize ring as "Kid Burns," died early today as the result of a terrific beating administered to him by Tommy Welch, of Jersey City, in four rounds of fighting at the Powhatan Club here last night. Grant, who was untrained and in poor physical condition, collapsed in his room in the Garden City Hotel, where he was employed as a bell boy, after the fight, and died of heart failure. Welch, his opponent, disappeared and the police are hunting for him. **Senator Cummins in Bad Health.** Montgomery, Mo., July 12.—United States Senator Cummins, billed to speak at the Chautauqua here will be compelled to cancel all his speaking engagements in Missouri on account of bad health. It is stated also that he will be compelled to give up work on the political and chautauqua platforms all this summer. The well known insurgent is said to have heart trouble.

ALL AMERICAN MEETING

Fourth Continental the American Republics
 Conference Will Probably Continue For Six Weeks—Because of Central American Affairs Conference is Expected to be Most Important Ever Held.

Ex-Judge William H. Moore, who won forty ribbons at the Olympia Horse Show in London, and who recently returned to New York. The Judge had difficulty in recalling the fact that on the opening day of the show while on his mount, Scottish Peer, he cleared the outer barrier to escape a runaway horse which followed the lead, and some of the men and animals in the show ring were saved from being trampled. The Judge was well pleased with the success of his horses abroad.

GRAND LARCENY CHARGE

In Connection With the Disappearance of \$500,000 Worth of Bonds.
 New York, July 12.—Indictments charging grand larceny were returned by the grand jury this afternoon against Charles W. Chapman, a broker at 25 broad street; S. M. Sexton and George H. Proctor in connection with the case involving the alleged theft of \$400,000 worth of railway bonds from the Carnegie Trust Company. Charles Wellborn, a promoter, gave evidence upon which the indictments were voted. Wellborn declares he lost the railroad bonds which he had deposited with the Carnegie Trust Company as collateral security for a loan of \$25,000. Chapman arranged to have the trust company lend the money to Wellborn. Sexton was an intermediary between Chapman and Wellborn. It is not known just now Proctor is alleged to have figured in the affair. **Lightning Strikes Colored Man.** (Special to The Times) Spittfield, July 12.—Abe Vinson, colored, aged about 50 years, was struck by lightning yesterday afternoon, about 4:00 o'clock, while chopping cotton on the farm of Mr. W. Wellons, about one mile south of this city and instantly killed. With him at the time were two or three children, these escaping unhurt. He was a splendid negro and well thought of by the people of the town. His home was on Main street, this city, where the body was taken.

DEFIANCE OF MONROE DOCTRINE BY GERMANY

(By Cable to The Times.)
 Berlin, July 12.—Defiance of the Monroe doctrine was sounded by the German foreign office in the following statement issued this evening: "Germany refuses to recognize any right on the part of the United States to supervise her diplomatic relations with other countries, Central and South American countries in general and Nicaragua in particular. Germany's recognition of President Madriz is a matter that concerns herself and Nicaragua, but which concerns no third person or power." **ASSISTANT VETERINARIAN.** Dr. B. B. Flow, of Hickory, Appointed by Agricultural Department.

GERMANY WILL NOT HELP NICARAGUA

(By Cable to The Times.)
 Berlin, July 12.—Germany, officially or otherwise, will give Madriz no encouragement in the warfare he is waging in Nicaragua. Nothing will be done by the emperor or by any of his representatives in any way to embarrass or give offense to the United States. This was semi-officially announced today, following the unauthorized statements circulated in America yesterday to the effect that Madriz had been assured by Emperor William that he had the moral support of Germany in his fight to enforce his authority over Nicaragua, and that the emperor's communication contained thinly veiled intimations that such support might develop into material aid. It was announced today that the emperor's letter to President Madriz was a purely personal communication expressing none but the emperor's personal feelings and that the government had not been consulted about it and would not be influenced by it.

SENATOR CRANE OF MASSACHUSETTS ONE OF THE PRESIDENT'S CALLERS TODAY

(By WILLIAM HOSTER.)
 Beverly, Mass., July 12.—Senator W. Murray Crane, of Massachusetts, held a conference with President Taft today. Senator Crane arrived in the early morning and first had a long interview with Secretary Morton. The latter is taking a systematic course in practical politics. Professor Loeb saw him yesterday and laid down a few principles from which the secretary derived great benefit. Past Grand Master Crane today took Norton over a few more hurdles. All of this is intended to shape Norton for the job of politically advising Taft in emergencies. The poor president, it is to be understood, is not supposed theoretically to know anything about the political game. Tariff was one of the chief things discussed by Crane and the president. The lines for the congressional campaign are being laid down and they are to take the shape of a general pointing with pride to the fact that at least the republican party has provided, through the tariff commission, a way to have the tariff revised with satisfaction to everybody. It is just possible, also, that Mr. Crane today had some thoughts about sinews of war for the campaign, though there is nothing on record to show that he discussed that matter with the president. Attorney General Wickersham and Secretary of Commerce and Labor Nagel also arrived today several hours ahead of time. There is a great interest at Buxton Point over tonight's conference at Oyster Bay between Theodore Roosevelt and Governor Hughes. **Saw Roosevelt.** New York, July 12.—An announcement from Governor Hughes in regard to the question of the candidacy of William Loeb to be his successor in the gubernatorial chair is expected at the conclusion of the governor's discussion of the state political situation with Theodore Roosevelt at Oyster Bay tonight. Governor Hughes arrived in New (Continued on Page Seven.)
