### THE DURHAM ROADS

#### Party From Wake County Inspect the County Roads

Party Touring in Automobile—Young Boy Sentenced to the Country—Boy's Corn Contest—Wreck on Southern—New Assistant Secretary for Y. M. C. A.

(Special to The Times)  
Durham, July 21—A party of Raleigh people, headed by Mr. and Mrs. W. A. Simpkins and Col. F. A. Olds, were here yesterday in automobiles and spent the afternoon inspecting Durham county roads. The party arrived just before dinner and ate the mid-day lunch with Mr. W. T. Carrington and Mr. G. C. Farthing. There were three cars, and besides Mr. and Mrs. Simpkins and Colonel Olds there were in the party W. E. Stimson, superintendent of Wake county roads; D. T. Johnson, A. T. Smith, D. B. Harrison, county commissioner; I. H. Lynn, candidate for county commissioner; Mr. E. A. Womble, managing editor of the News and Observer. Mr. J. M. Potlard, superintendent of the Durham county roads; Dr. Arch Cheatham and Mr. L. B. Markham joined the party here and rode with them.

Dr. Cheatham is one of the most enthusiastic good roads men in the state and vies with Dr. Joseph Hyde Pratt in his work for the cause. The cars left for Raleigh tonight after the afternoon spin. They expressed themselves as being exceedingly well pleased with the roads they traveled over and believe that Wake can do much along the lines that Durham has followed.

**Sentenced to the Country.**  
When young William Wry, who attacked a young lady a few nights ago on Trinity College campus, was brought into court this morning to receive sentence Judge Sykes said that considering his age and mental condition he would suspend judgment provided his parents would send him into the country to stay. This they readily agreed to do, and the boy will be sent to Fayetteville, where he will be placed on a farm. This sentence of "back to the farm" seemed to please all parties, as the relatives of the young lady did not wish to see the boy punished severely when they found out that he was half-witted and probably knew no better.

**The Boy's Corn Contest.**  
The corn contest, organized among Durham county boys, has taken on a wider scope than at first thought, and it is stated that fully 50 boys are contesting. Superintendent of Public Instruction Massey has just returned from a trip in Mangum township, and he says that the boys have excellent crops and some of them will have excellent crops if present conditions are to be taken as an indication.

**Small Wreck on Southern.**  
The west-bound Southern passenger train was tied up here for several hours yesterday morning when a switch engine, in backing into a switch, straddled the rails and landed on the crossties. Nothing was broken up but before traffic could be resumed passenger trains suffered several hours annoying delay. A cable was secured from the Erwin Cotton Mills and the passenger engine pulled the switch engine back on the track.

Mr. John M. Peck arrived here this morning from Lexington to become assistant secretary of the local Y. M. C. A. He comes well recommended, having been connected with the Kanapolis Y. M. C. A. for more than a year, and while in college he took an active interest in the work. Secretary Hunter has had no assistance since early spring, and will earn a well-needed rest when he starts on his vacation next week. He will go to Lake George, N. Y., and will attend a summer school until the first of September, when he will return to resume his duties.

#### Saved at Death's Door.

The door of death seemed ready to open for Murray W. Ayers, of Transit Bridge, N. Y., when his life was wonderfully saved. "I was in a dreadful condition," he writes, "my skin was almost yellow; eyes sunken; tongue coated; emaciated from losing 40 pounds, growing weaker daily. Virtual liver trouble pulling me down to death in spite of doctors. Then that matchless medicine—Electric Bitters—cured me. I regained the 40 pounds lost and now am well and strong." For all stomach, liver and kidney troubles they're supreme. 50 cents at all druggists.

**A Few Short Weeks.**  
Mr. J. S. Bartell, Edwardsville, Ill., writes: "A few months ago my kidneys became congested. I had severe backache and pain across the kidneys and hips. Foley Kidney Pills promptly cured my backache and corrected the action of my kidneys. This was brought about after my using them for only a few short weeks and I can cheerfully recommend them."—King-Crowell Drug Co.

Dr. Crippen and his second wife as they looked shortly after their wedding eight years ago. Dr. Crippen, who is suspected of having murdered his wife, has thus far eluded the police. The latest cable reports say that the physician escaped to France disguised as a woman.

#### SCOTLAND YARD BAFFLED.

Can Find No Definite Trail of Dr. Crippen or Stenographer.

(By Cable to The Times)  
London, July 21—For the first time in its history detectives of Scotland Yard today admitted that the hardest efforts of the famous criminal-catching organization had been completely baffled.

The poignant shock of this revelation is made more bitter by the fact that it is an American who has worsted the best detectives of Europe—Dr. Hawley Harvey Crippen, a little effeminate man whose friends do not credit with more than an average amount of intelligence.

All clues in the search for the American physician in connection with the murder of his wife, Belle Elmore, failed. As a result efforts to clear up the case center now in a search for Ethel Clare LeNeve, the stenographer, who disappeared from the Hildrop Crescent home at the same time that Crippen dropped out of sight.

The detectives believe that the girl has secured employment and is giving financial aid to Crippen. A canvass of employment offices for stenographers was begun today in the hope of tracing her. A list of all those who have secured positions since July 9 was taken and every one is being traced.

If Crippen is not receiving financial aid it is believed that his funds will soon run low and that he will be compelled to emerge from his hiding place. Despite the clew from Southern France the theory is steadily gaining strength that Crippen is hiding in the metropolis and as a result efforts to block his escape are being redoubled here.

Several detectives were rushed into a poverty stricken part of London today when a report was received that Crippen and Miss LeNeve had been hiding there for several days.

A perfect fit is dangerous to some figures.

#### GO RIGHT AT IT.

Friends and Neighbors in Raleigh Will Show You How.

Get at the root of the trouble. Rubbing an aching back may relieve it, but it won't cure it. You must reach the root of it—the kidneys. Doan's Kidney Pills go right at it; Reach the cause; relieve the pain; They cure, too, so Raleigh people say. Mrs. Virginia Walden, 305 S. Pearson St., Raleigh, N. C., says: "Doan's Kidney Pills afforded me prompt relief when I was suffering from kidney trouble and it gives me pleasure to endorse them. I was bothered a great deal by dull, nagging backaches and pains in my kidneys. The kidney secretions were also a source of annoyance, being too frequent in passage. I read so much in favor of Doan's Kidney Pills that I was induced to try them, procuring a supply from the Bobbitt-Wynne Drug Co. They benefited me in every way, giving me renewed strength and energy and disposing of the backache and kidney weakness. I can now attend to my housework without the least inconvenience. I attribute my cure entirely to the use of Doan's Kidney Pills."

### THE OXFORD TRAGEDY

#### Brother of Brown Sends Account of Killing

Says Young Brown Was Not Asking for Money Just to Spend it but Wanted An Advance on His Share of the Estate.

The Times has received the following letter and statement: "Raleigh Evening Times, "Raleigh, N. C. "Dear Sirs: I am sending you a true account of the tragedy that occurred here on July 18, 1910, Monday—the shooting of Mrs. J. S. Brown; also a copy of the letter written by him before his death. "Please publish this. "Very truly, "JNO. WADE BROWN."

**Letter to Sister.**  
His letter, found in his coat pocket after the tragedy written before he left Richmond, Va.:

"Friday night, July 15, 1910. "My Dear Sister: I am sitting in my room thinking over my past life, which has been pretty much a failure. I am going to Oxford tomorrow to see Mrs. Brown, and if everything turns out alright, you will not get this letter, but if not you will. I want to ask as a last favor of you to please see that Mrs. Kendrix is paid for board. I owe her \$20.00, and Mr. Gillis, whom I roomed with, \$8.00. My mind is fully made up, and if I can't get what I ought to have I am going to end it all. "Your devoted brother, "OTIS S. BROWN."

**The True Account of Shooting of Mrs. J. S. Brown and of the Suicide of Otis S. Brown.**  
"The will of the late Joseph S. Brown, of Oxford, N. C., left his entire estate of about \$75,000 or \$85,000 to his second wife as long as she lives and at her death to be equally divided among his children.

"Of course this did not suit Mr. Brown's first wife's children and they wanted the estate divided up. It further develops that in case any of the children should be made any advancement by Mrs. Brown that the others were to share alike. This is where this story begins. Mr. John W. Brown, merchant of Oxford, N. C., and Mrs. Jim Floyd are brother and sister to the deceased and they had been made advancements for quite a bit more than Otis had and it was this demand he made upon Mrs. Brown for what was due him by rights and not merely because he wanted money. Upon her refusal, once on Sunday night the 17th of July, again on Monday morning on two different occasions, and the last time was on Monday, p. m., July 18-10, when the fourth refusal is when he shot her once in the breast and the other shot fired at her missed and buried itself in the window frame near the front door. He then fired the third shot into his head, dying instantly."

### ASTHMA AND HAY FEVER PATIENTS.

Find instant relief as soon as they reach these wonderful springs. Nature's own cure for these Diseases.  
I was greatly benefited by my visit to Ellerbe Springs. Whatever may have been the cause, whether it was the water, climate, or both—the effect, and that is what the victim of Hay Fever and Asthma is immediately interested in, was promptly and decidedly beneficial; and that, too, notwithstanding I exposed myself for hours nearly every night riding after the fox hounds. . . . I want to stay longer next season. Every Hay Fever sufferer ought to try Ellerbe Springs.—Judge D. E. Hydrick, Spartanburg, S. C.
