REVOLT IN SANTIAGO

An Uprising of Negroes Is Feared

Soldiers Rushed From Havana to Santiago to Put Down Revolt—Believed That Rebel Generals Have Force of Several Thousand.

(By Leased Wire to The Times)
Havana, July 26—Revolt has broken out in Santiago province. An uprising of the negroes is feared. One thousand men, equipped on a war basis and taking field guns, were rushed from Havana early today to meet the insurgents, who are commanded by General Miniet and Colonel Janet.

The Rurales at every point have been advised to be on their guard and fighting is believed to be imminent.

The exact force of the rebels is not definitely known, according to semi-official statements, but the state of rebellion is authoritatively admitted. It is understood that Miniet has under him or on the way to his headquarters several thousand men.

The government is concentrating troops and the railroad officials have been ordered to have special trains ready for instant departure. The garrison at Santiago has been notified that reinforcements will be sent as soon as possible.

The first move of the rebels, according to the reports of spies who have been watching the preparations for revolt, would be upon Santiago, with the idea of making that a provisional capital.

The rebels lie in the region of El Caney. Miniet went there when he dropped from sight two days ago, about the same time that Janet disappeared.

The government has not been taken by surprise, as the revolutionary attempt has been imminent for some time, the hotbed being Santiago.

Senor Menocal, who was defeated for president by President Gomez, is aiding the insurgents, as are Generals Rabi and Cebregio, according to the reports here. The two latter are known as opponents to the government.

The expedition against the rebels is headed by General Montegudo, of the Rurales.

The defection of a large body of government troops was reported here this morning. The government denied the truth of the rumor.

Government supporters, however, admit that in some sections the movement will probably secure popular support.

THE CRIPPEN CASE.

Father of the Girl Who Disappeared Waits Vengeance.

(By Cable to The Times)
London July 26—"If the law is unable to punish Crippen I will take vengeance for the wrongs he has done my daughter."

White with hatred for Dr. Hawley Harvey Crippen the American wanted here in connection with the murder of his wife, Belle Elmore, Walter Neave today made this declaration. He is the father of Ethel Clare LeNeve, the pretty girl, who posing as French, was for years Crippen's stenographer and is now believed to be with him.

Not for an hour since the case became public has Neave failed to follow every development. He has spent day after day about Scotland Yard, craving every bit of information vouchsafed by the men directing the search which covered the entire world.

"I still believe that the American exercised and exercises a peculiar

Lovely Complexion

A Clear Skin and Bright Eyes Are Easy to Get.

All the beauty creams in creation won't improve your complexion if your stomach is out of order.

Belching of gas and heartburn mean stomach misery, biliousness, dizziness and indigestion. They relieve in a few minutes; they make rich, red blood. They are guaranteed to cure or money back.

Read what a Kansas woman says: "I want to praise Mi-o-na stomach tablets, for I had been doctoring for over a year for stomach trouble and found nothing that did me as much good as Mi-o-na does. I only have the second box and it has relieved all pain in my stomach. For all who suffer from stomach trouble or indigestion Mi-o-na can't be beaten. You can use my name, for Mi-o-na has done a world of good for me when doctors failed."—Mrs. Cordelia B. Mann, 207 E. 11th St., Junction City, Kans. Nov. 1, 1909.

Mi-o-na stomach tablets are sold by druggists everywhere and by the King-Crowell Drug Company for 50 cents a large box. Test samples free from Booth's Mi-o-na, Buffalo, N. Y.

Mrs. Alice Longworth, wife of Congressman Nicholas Longworth, who was recently the subject of a lively discussion of club women of Pittsburg because she is alleged to smoke cigarettes. After a spirited discussion by a number of women, a prominent daughter of the American Revolution arose and said: "We needn't all get our feathers up simply because Mrs. Longworth smokes cigarettes. Why, one hundred years ago our great grandmothers sat with their husbands and smoked corn-cob pipes.

power over my daughter," said Neave. "It may be hypnotism, as I have said, but whatever it is I will break that power, no matter what the cost."

Though the detectives, from Sir Melville MacNaughton down, are satisfied that Crippen and the girl are on the Montrose and that Inspector Dew will nab them after the liner Laurentic has beaten out the slower boat in the race across the ocean, other scents continue to reach headquarters of the hunt. These are followed as a precaution, no matter how hopeless they appear on the surface.

Interest in the case is still at fever heat. Not in years has London been so wrought up over a murder mystery. Betting on Crippen's possible capture is going on in the clubs and on the stock exchange, where the odds today are four to one that he would kill himself and two to one that he and the girl would end their lives.

The police have pieced together the movements of the couple from the time of their disappearance on June 9 and are now in a position to show fairly well where they were every day from the time they left London till they boarded the Montrose.

The report published here that Crippen and the girl had been arrested by the captain of the Montrose has attracted much attention. Scotland Yard officials, however, refused to comment on it today. Nevertheless the fact that Dew has been in communication with his chief here and has been trying to reach the Montrose's captain by relaying wireless messages is reported authoritatively. At noon today (London time) which would be 7:00 a. m., New York time) the Laurentic was but 250 miles behind the Montrose.

County Primaries for August 19th—Factions Fighting for Nominations—Rev. R. A. McFarland Resigns His Pastorate—F. A. Riff Passes Examination Before State Board of Optometry—Mrs. Kitchin Not So Well—Mrs. James Herring Dies in Hospital—Teachers in Session.

(Special to The Times.)
Scotland Neck, N. C., July 26—The democratic county executive committee has named August 19th for the county primaries, at which time a legislative and county ticket will be named under the new legalized county primary law. So far no agreement has been reached by which the two factions will get together and settle their differences in the primaries. Two years ago the anti was howling for a legalized primary, and now they have it, they refuse to accept it. There are some objectionable features in the law, but this can easily be remedied in the next legislature. The independents declare the primary is far worse than the old system of nominating and the resolution was introduced in the county convention two years ago by one of their number. They got what they asked for and now won't have it.

Sunday evening at the conclusion of his sermon in the Baptist church, Rev. R. A. McFarland tendered his resignation as pastor to accept the pastorate of the Suffolk Baptist church. The resignation was reluctantly accepted by his flock and is to take effect the first of September.

This is the third time the Suffolk church has called Mr. McFarland this year, and, under the circumstances, he could do nothing but accept it. He stated in his remarks when offering his resignation that there were four things he wanted his congregation to do, namely: to accept his resignation promptly, to get another man immediately, to not feel unkindly toward him, and to make him a delegate to the Roanoke Association which meets the first week in October.

Mr. McFarland has been here a little over two years, and during this brief period has done a mighty work. He has made everybody in Scotland Neck his friend and admirer and we hear nothing but the keenest regrets expressed by every one that this gifted young minister has seen proper to sever his connection with the church here.

Mr. F. A. Riff has passed the examination before the State Board of Optometry and is now a full-fledged optician. Mr. Riff's friends here and elsewhere will be delighted at this bit of news.

The condition of Mrs. Maria Kitchin is not so well and it is said

AGE NO BAR

Everybody in Raleigh is Eligible. Old people stooped with suffering, Middle age, courageously fighting, Youth protesting impatiently; Children, unable to explain; All in misery from their kidneys. Only a little backache first Comes when you catch a cold. Or when you strain the back. Many complications follow. Urinary disorders, diabetes, Bright's disease.

Doan's Kidney Pills cure backache. Cure every form of kidney ills. Mrs. J. R. Spence, 404 Boylan avenue, says:

"Our daughter, 11 years of age, had kidney trouble from infancy. The kidney secretions were too frequent in passage and caused her much annoyance, especially during the night. We tried several remedies and consulted doctors, but were unable to obtain anything that would cure her. When I finally read about Doan's Kidney Pills, I believed that they might help her and accordingly procured a box at the Bobbit-Wynne Drug Company. I gave them to my daughter according to directions and they proved of the greatest benefit. She can now control the kidney secretions and is steadily improving in health."

For sale by all dealers. Price, 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States. Remember the name—Doan's—and take no other.

she is growing weaker. While Mrs. Kitchin is not dangerously ill at this time, her friends all over the state are exceedingly anxious about her.

Mr. James Herring, who was taken to the Washington Hospital on Sunday, the 17th, died there Saturday evening of abscess of the brain. The remains were brought here Sunday morning on the 10 o'clock train and taken to the home of his mother, Mrs. Lucretia Herring in east Scotland Neck and at 5 o'clock in the afternoon were interred in the Baptist cemetery, Rev. R. A. McFarland conducting the services. Mr. Herring was twenty-six years of age, and had been living in Scotland Neck about nine years. He was married to Miss Sadie Baggett on the 24th of last May and had just been married three months.

The heart of the community goes out in sympathy to the bereaved young bride and her sorrow is the sorrow of all her friends.

Mr. Herring was a trusted employee of the Crescent Hosiery Company and was highly respected by all who knew him as a young man exceptionally smart and attended to his business.

The Halifax county teachers' institute was in session at Enfield last week. The meeting was conducted by Prof. S. L. Sheep, of Elizabeth City, assisted by Miss Susie Fulghum, of Goldsboro. Those attending the institute from this point were: Mrs. C. F. White, Mrs. E. R. Weeks, Misses Bessie E. Cherry, Mary Elizabeth White, Kathleen Robertson, Mary Della House and Della House. Those attending the institute say there was a large gathering of teachers and the exercises very instructive as well as entertaining.

Foley Kidney Pills Have Cured Me.

The above is a quotation from a letter written by H. M. Winkler, Evansville, Ind. "I contracted a severe case of kidney trouble. My back gave out and pained me. I seemed to have lost all strength and ambition; was bothered with dizzy spells, my head would swim and specks float before my eyes. I took Foley Kidney Pills regularly and am now perfectly well and feel like a new man." Foley Kidney Pills have cured me.—King-Crowell Drug Co.

A FACT ABOUT THE "BLUES"

What is known as the "Blues" is seldom occasioned by actual existing external conditions, but in the great majority of cases by a disordered LIVER.
