WADESBORO REAL ESTATE.

Sixty Lots Sold—Ginney. Oil Mill. Ice Factory and Fertilizer Plant To Be Erected

(Special to The Times.)

Wadesboro, N. C., Aug. 4.—The rapid coming of the Winston-Salem South Bound means for the entire north part of this county but just now Ansonville is the point which seems to feel the greatest impulse, and this hustling little town is moving right along.

The Ansonville Real Estate Company reports the sale of sixty lots to a number of different parties, and some of the purchasers will immediately erect buildings. Morrow Brothers and Company, a corporation already located at Albemarle and Monroe will erect a large brick store and several warehouses. This firm will do a general mercantile business. Morrison and Wilson, of Statesville, have purchased a block of twenty lots on Fries Boulevard and thirteen on Railroad Avenue, and will at once build a large modern ginney and oil mill and will later erect an ice factory and fertilizer plant, the contracts have been let and the material purchased and work will begin on the first building the coming week, and will be pushed to completion.

TYPHOID IN WASHINGTON.

Thirty-One Cases in Washington in One Week.

(By Leased Wire to The Times.)

Washington, Aug. 4.—Following several weeks of vigorous efforts to stem the progress of infantile paralysis, which has stricken a number of children in the city, officials of the health department today announced that typhoid now threatens to become epidemic.

Health department records for the last week show that thirty-one cases of typhoid fever have been reported for that period, nearly three times the number of cases reported in the preceding week. No cause for the unusual prevalence of the disease has yet been ascertained by the health authorities. Some scientists blame the house-fly.

Five additional cases of the mysterious malady known as infantile paralysis, for want of a better name, were reported to the health department yesterday.

Gore Charges Are Being Now Investigated

(Continued From Page One.)

homa. He said he wrote the letter on account of his personal interest in the Indians' welfare.

He referred to a talk with McMurray several months ago when the former came to him relative to Indian land conditions in Oklahoma which he (McMurray) thought should be taken care of by lawyers. At that time, according to the witness, he told McMurray he was strictly opposed to spending the Indians' money for lawyers and would not sanction any legislative movement to bring it about and that particularly was he opposed to any deal whereby attorneys fees should be ten per cent for obtaining the sale of their lands.

Senator Gore stated prior to the opening of the hearing that he was ready to tell names of persons who offered him and the member of the House of Representatives each \$25,000 to withdraw opposition to the scheme. McMurray announced through counsel that he would consent contracts were valid without Congress' sanction and that he was unaware of any bribery offers.

Gore Names Bribers.

Muskogee, Okla., Aug. 4.—Senator Gore to-day named Jacob Hamon, former National Republican Committeeman from Oklahoma, as the man who offered him and a member of the House of Representatives each \$25,000 to withdraw opposition to a scheme whereby \$3,000,000 would be paid for "attorneys fees" on a sale of Indians lands. The offer, he said, was made in Washington on May 6th last.

He also implicated Vice President Sherman.

MRS. ALICE SMOKES.

But the Ladies Are Getting After Her Good and Hard.

(By Leased Wire to The Times.)

Chicago, Aug. 4.—To induce Mrs. Alice Roosevelt Longworth to give up the cigarette habit is the object of a crusade which today is occupying the time of hundreds of club women in several cities of the west. The crusade already has acquired a momentum which promises to sweep the whole nation.

The movement has struck Chicago. In this city it crystallized in a circular letter sent out by Mary F. Balcomb, secretary of the Young People's Civic League, to 500 young peoples organizations of Chicago, asking them to discuss the matter and to impress upon children that Mrs. Longworth's cigarette smoking habit should be regarded as an illustration of an evil to be avoided rather than an example to be imitated.

From various other cities news has come of similar action having been taken by church organizations, the membership of which is composed of both sexes, and by clubs whose membership consists of women alone.

Within the next two weeks Mrs. Longworth will receive a deluge of petitions, telegrams, letters, circulars, and other written and printed matter, beseeching her to cease smoking cigarettes. In addition, deputations of women will travel from various parts of the country to Cincinnati personally to place the matter before her in her own home.

TAKES PLAYS GOLF.

He and John Hays Hammond Engage in Game on Links.

(By Leased Wire to The Times.)

Beverly, Mass., Aug. 4.—President Taft was one of the first golfers on the links at the Myopia Club this morning, where he played with his almost daily opponent, John Hays Hammond. The only caller at the president's home today was Senator Henry Cabot Lodge. The senator drove over from Nahant. It is believed that the two found plenty of food for discussion in the recent insurgent victories in the west.

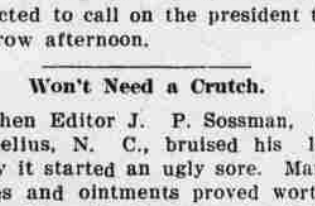

Tomorrow will be the real busy day for the president. The president's guest is to be President Pedro Montt, of the republic of Chile. President Montt is scheduled to arrive in Boston tomorrow morning. The Mayflower is to leave Burgess Point in the morning, going to Boston and return with President Montt aboard. Ambassador Bryce, now visiting at Beverly Farms, is expected to call on the president tomorrow afternoon.
