THE AFFAIRS IN SPAIN

Another Anti-Government Demonstration Planned

Secret Plans for an Anti-government Demonstration Scheduled for Tomorrow Discovered by the Authorities—Clerical-Republican Alliance.

(By Cable to The Times.) Madrid, Aug. 13—Secret plans for an anti-government demonstration in Navarre and Alava provinces, to be held tomorrow, have been discovered, according to reports current here today. Not only clericals, but republicans are involved in this latest development of the Spanish crisis, it is understood. This is taken as another indication of the clerical-republican alliance which is expected to succeed the clerical-Carlist combination.

The consignment of arms destined for the monasteries which was seized at Vittoria, capital of Alava, was but one detail of a general plan by which the government was to be taken by surprise. It was declared in semi-official quarters. The malcontents aimed to first support the movement of a week ago at San Sebastian when they were compelled to call off their big demonstration.

It is believed that the first gun was to be fired tomorrow in a general movement for the overthrow of King Alfonso and the declaration of a republic with strong clerical affiliation. The two extremes of Spanish politics have united against the left center led by Canalejas.

The despatch today of special orders to the civil and military commanders at strategic points in the north was accepted as tacit confirmation of the discovery of the plot.

The position of the clericals in the Basque provinces, however, has been weakened by the diminution of enthusiasm among the rich Carlists who at first supported the movement of unrest. These have been frightened off by the advances of the republicans and the outflow of funds has lessened.

The situation at Bilbao remains unchanged, save for preparation by the striking miners for active opposition of the operators fulfill their threat to open the mines next week with strike-breakers.

DEATH OF MRS. SAM STAFFORD.

Retired Apparently Well But Was Found Dead by Her Husband at Breakfast Time—Heart Failure the Trouble. (Special to The Times.) Elizabeth City, N. C., Aug. 13—Mrs. Sam Stafford was found dead in her bed at her home in this city early yesterday morning. Mrs. Stafford retired Thursday night at the regular hour, apparently as well as she usually was. During the night she was seized with a spell of vomiting and called her husband. He attended to her wants and after she had become quiet he went to sleep again, thinking that she was sleeping, too. Yesterday morning he arose and cooked breakfast without disturbing her, and when he had gotten breakfast done, he went into her room to call her. It was then that he discovered that she was dead and cold.

Mrs. Stafford complained that she suffered of heart trouble and this is supposed to be the cause of her sudden death. She was forty-two years old. She is survived by a husband and three sons. She was a most estimable woman and was held in the highest esteem. She was especially noted for her ministrings in sickness in her neighborhood.

The funeral and interment took place today at the Pritchard buying ground near the city.

ANOTHER CANNON MAN BEAT.

(By Leased Wire to The Times.) Chicago, Aug. 13—Henry Sherman Boutell, representative in congress from the ninth Chicago district and a spokesman of the Aldrich-Cannon high tariff interests, has been effectively sidetracked.

The Northside republican organization yesterday solidly united on Frederick H. Gansbergen of the twenty-third ward as the organization candidate for congress from Boutell's district, despite the repeated pleas of Boutell that he be permitted to go back to Washington for "just one more term."

At a meeting of the leaders Boutell was told in plain language that, with his record as an ally and aid of Aldrich and the New England manufacturers, he could not possibly be re-elected, and that after seven terms on the job he should stand aside. Boutell refused to listen to these arguments, and declared he would run as an independent at the primaries next month.

Mr. Gansbergen will make his campaign upon an anti-Cannon platform which will have as a principal plank a call for lower tariff schedules.

LOUISIANA SUFFRAGETTES.

Wish to Vote First on Bond Issue for the Panama Exposition. New Orleans, Aug. 13—Woman suffrage in Louisiana has become a live issue. A movement launched by the E. Club of New Orleans aims at the suffrage of women to vote on a bond issue for the world's Panama exposition proposed to be held here in 1915. A number of women's clubs in Louisiana have joined in the movement.

SAYS HE IS NOT INSANE.

Gallagher Objects to Plead Insanity Set up by His Lawyer. (By Leased Wire to The Times.) Jersey City, N. J., Aug. 13—The lawyers are going to make a mistake if they try to set up a defense of insanity for me," said James J. Gallagher, assalant of Mayor Gaynor, today in his cell in the Hudson county jail. Defiant and sullen, he finally consented to receive one of his attorneys, Alexander Simpson. They had a long talk. Gallagher at times cursing the attorney for his position. He had read the papers carefully and became angry when he saw that his attorneys had called him a paranoiac.

"I am not insane," he told Simpson. "I know that I shot Mr. Gaynor and I know the consequences that must follow."

Today Gallagher asked if it were possible for him to have a few pictures in his cell. He said he wanted to have near him religious pictures such as those with which his room in New York was plastered.

His inclination to write letters also made itself apparent when he asked for a pen and ink. The precautions against suicide taken by the prison authorities, however, prevented him from having pens.

Gallagher's nervousness is increasing. He broods hour after hour, sitting morosely on his cot.

EARL SPENCER DEAD.

Former Viceroy of Ireland Died Today—Large Land Owner. (By Cable to The Times.) London, Aug. 13—Earl Spencer, "the red earl," whose hardness as viceroy of Ireland drove Gladstone to the advocacy of home rule, died today at his country seat, Althorpe House, Northampton. One of England's biggest land owners, he was a leading figure in the struggle between the Commons and the House of Lords which has agitated Great Britain in the last year.

From 169 to 1874, and again from '82 to '85, he was viceroy of Ireland, and from '92 to '95 he was first lord of the admiralty. Born on October 27, he became the fifth earl, succeeding his father in 1857. The following year he married Charlotte, the daughter of F. C. W. Seymour, who died in 1903.

Earl Spencer held many honorary court offices, from Groom of the Stole to the Prince Consort in 1859 to Keeper of the Privy Seal of the Duke of Cornwall from 1901 to '07. He was also chancellor of the Victoria University.

The earl owned 27,200 acres. His successor is his half brother, Viscount Althorpe.

BEAUFORT DEMOCRATS.

Enthusiastic Convention Held—County Ticket Nominated—Resolutions Passed—Merchants Give Barbecue to Farmers—Drug Store Changes Hands—Training Ship in Port.

(Special to The Times.) Washington, N. C., Aug. 13—One of the largest and most enthusiastic conventions of the democratic party held in the county court house in this city Wednesday. The convention was called to order at 11 o'clock and it was 11 o'clock that night before the convention finished its business.

The main part of the day was taken up by the credentials committee which had to pass upon the votes of one or two contested precincts. A number of resolutions were passed by the convention to the effect that the representatives and senators from Beaufort county be instructed to pass a law providing for a legalized primary in Beaufort county, also that they be instructed to have a law passed changing the remuneration of the county officers from the fee to the salary system; also that no county officer hold office longer than two terms.

The following ticket was nominated by the convention: Representatives, W. A. Thompson and J. F. Latham; Sheriff, Geo. E. Ricks; Treasurer, E. R. Nixon; Register of Deeds, Gilbert Rumley; Commissioner, S. F. Freeman, F. H. Von Eberstein, W. F. Gaylord, O. B. Wynn and W. W. Hooker.

Thursday was a gala day in the annals of Washington. Early in the morning large numbers of farmers from all over the county, as well as the adjoining counties, began pouring into the city to attend the mammoth barbecue and picnic dinner given by the business men of the city to the farmers and tobacco growers of this section. The barbecue dinner was given in the large new tobacco warehouse recently completed, and for the purpose of bringing together the farmers and the business men prior to the formal opening of the tobacco season in this city.

The Washington Concert Band was present and furnished inspiring music for the occasion and after the dinner quite a number of brilliant speeches were made by noted speakers of the city and county. Dr. J. C. Rodman acted as toastmaster and filled this important position in his usual easy and graceful manner. About two thousand guests were present and enjoyed the dinner. The assembling together of this large number of farmers and affording them an opportunity to become better acquainted with the business men of this city will result in much good from a commercial point of view. The new warehouse will open for business on Tuesday, August 23rd and the indications point to a very successful season.

The large drug store of the Washington Drug Company, situated on Main street this city, Thursday changed hands. Dr. J. C. Rodman and Maj. W. C. Rodman, the former owners selling out their entire holdings to Dr. A. C. Hoyt and Messrs. W. F. Rhyne and W. L. Vaughn, also of this city. The new firm will be known as the Hoyt Drug Company and it is understood that many new improvements will be made in the present already handsome store. All of these gentlemen are young and progressive and the new store has a fine prospect for a successful business.

The United States training ship Elfrida, of New Bern, arrived in this port yesterday from Pamlico Sound, with Commander Bradham and about forty North Carolina naval reserves on board. After remaining in this port for a day the ship left this afternoon for middle ground, where the men will practice with the rapid fire rifles which she carries.

AVIATOR MADE BRAVE START.

But Was Forced to Descend—Progress in Race. (By Cable to The Times.) Mezieres, France, Aug. 13—Defying death and heedless of the warnings of his fellow aviators to await a cessation of the terrific gale that was raging, Legagneux set out today to overcome the lead previously gained by Aubrun and Leblanc in the 459 mile race over northern France.

After two hours around the aviation tracks here, he set off at 7:05 a. m. in the teeth of a gale for the run to Douai, 89 miles away—the fourth lap in the contest for \$52,400 in prizes.

"If I fail to get the lead, at any

rate I hope to capture the prize for this lap," he said in answer to the remonstrances of the other racers and the army officers following the contestants.

In spite of the weather, a crowd began to gather at the field before dawn, and when Legagneux's determination became known excitement was intense.

In previous laps of the great race Legagneux has been among the hardest in overcoming difficulties and bucking the wind. This characteristic has won for him the nickname of "the stormy-petrel."

Mamet was the second starter from here, leaving at 7:24. He was driven from his course but located the railroad track. A dispatch from Hirson, thirty miles from here, said he had landed there at 10:30. Slight damage to his machine caused the landing but he prepared to continue.

Forced to Land.

Roerick, France, Aug. 13—Legagneux was forced to land here, fifteen miles from Mezieres, at 8:35 a. m. He came down in good condition. He said the gale proved too much for him and he would wait for a better wind.

Fire Chief John Conway, of Jersey City, has posted the following printed notice on his desk at fire headquarters: "All requisits for leave of absence owing to grandmothers' funerals, la embark, house-cleaning, moving, sore throat, headache, brain-storm, cousins' weddings, general indisposition, etc., must be handed to the chief not later than 10 o'clock on the morning of the game."
