**Terrible Croup**

One Who Knows Recommends a Remedy to Anxious Mothers.

My little boy, who is four years old, has suffered a lot with croup. On several occasions we thought he was gone.

After trying all the old time remedies and most of the new, I came home one night at midnight, and my wife said, "The boy has the croup again—suppose you get a bottle of Hyomei." "More junk," I said, "but we will circulate our money so they all will get some."

I hastened to an all-night drug store, brought it home. In five minutes he was breathing easier. In 15 minutes he was sound asleep. It broke the croup so quickly it scared me.

Anyone wishing to cure the croup of a child I hope will give Hyomei a trial.

Wishing you the best of success, which you deserve, I remain, Jos. E. Clark, 294 6th St., S. E., Washington, D. C., Oct. 7, 1909.

Hyomei is a remarkable effective remedy in case of croup and it should be in every home where there is a croupy child. Full instructions how to cure croup comes with each outfit. Complete Hyomei outfit, including inhaler, costs \$1 at druggists everywhere, and at King-Crowell's. It is guaranteed to cure catarrh, coughs, colds and sore throat.

**MI-ONA**

Queen Helena, of Italy, who has touched the hearts of her cholera stricken subjects in the south of the kingdom by paying out of her private purse for assistance that may be needed in the more violent cases. The queen has already declared that should King Victor Emmanuel proceed to the cholera district the same as his father did in 1885 (the latter remaining at Naples until the scourge was over), she will make the journey with him. She accompanied the King to Messina at the time of the earthquake, and on several occasions has shown that she does not spare herself hardships.

**SCOTLAND NECK NEWS.**

Governor Kitchin's Halifax Appointees—Superior Court in Session—Rev. R. A. McFarland Closes His Pastorate.

(Special to The Times.)  
Scotland Neck, N. C., Aug. 24—Governor Kitchin has appointed the following gentlemen from Halifax county as delegates to the Deeper Waterways Association at Providence, R. I., August 31 to September 3: Congressman Claude Kitchin and Mr. J. C. Hardy, of Scotland Neck, and J. W. Sledge, of Weldon.

At Halifax court yesterday J. W. Gardner submitted to charges of carrying concealed weapons (two charges), resisting an officer and assault. He was fined \$25 and costs, amounting to nearly \$100. He was also charged with selling whiskey, but the principal witness, William Taylor, was not present and the case was continued. Williams was also under a bond upon the same charge and a few days ago, having visions of the road force so badly frightened him that he hiked away to other parts unknown to the authorities or his bondsmen, who were his colored brethren. They were seen by this correspondent pleading with a lawyer in an effort to get relieved from paying the bond forfeited by the said William. It may be that they will be excused, but it is said that Judge Furguson has so little sympathy for law-breakers, and especially blind tigers, that it is possible they will have to cough up or accept the consequences.

Hamener, the lawyer, promised to do what he could to gain the judge's sympathy.

It is very much regretted that Rev. C. F. Greener, of New Bern, could not be here today to deliver the address before the county Baraca association because of sickness. Dr. Poteat, president of Wake Forest College, is here and will deliver the address tonight.

Rev. R. A. McFarland will close his pastorate in Scotland Neck with next Sunday's services, and will move to his new charge at Suffolk next week. So far no one has been secured to take his place as pastor of the Baptist church, but the board of deacons has several good men spotted, and hope to be able to make some definite announcement soon. It is probable that Rev. J. E. Hutson, of Richmond, will supply the congregation until a suitable man can be secured. Mr. Hutson has supplied for this church before, and has a number of warm friends in this community, who will hear him gladly. It is very much regretted that Mr. McFarland deems it his duty to give up his work here and go to Suffolk, and he says himself that he never regretted giving up a charge as much as he does this one. His flock here will bid him Godspeed in his new field.

discourse on the "Second Coming of Christ." He emphasized the point that while the Bible declares that no one can know the day and the hour in which Christ will come, yet we are to know when it is near by the signs He has given as tokens of the nearness of the end of time.

He took the position that almost all of those signs had been fulfilled, hence we know that we are in the last days. He said one special evidence of the nearness of the end is the great missionary movement of the present time. He showed that everything indicates that the gospel of the kingdom will soon have gone to all nations, and then, according to the Bible, Jesus will come.

The citizens asked for a sermon showing why Seventh-day Adventists observe the Seventh-day (Saturday) instead of Sunday (the first day of the week), which most other Christians keep.

Elder Hennig spoke on the Sabbath question, saying that the fourth commandment of the decalogue enjoins upon us the observance of the Seventh day, which is acknowledged by all the world to be Saturday and that there is no commandment in the Bible for the observance of any other day. He said: "Christ said that He did not come to do away with the law, but to fulfill it."

**Two Coming-Out Parties.**

Mr. Browning (pompously)—This is a great day for us at home. My daughter "comes out" tonight.

Mrs. Diggle (surprised)—You don't say so, mister! So does my husband; he's been in for a month.

**Won't Need a Crutch.**

When Editor J. P. Sossman, of Cornelius, N. C., bruised his leg badly it started an ugly sore. Many salves and ointments proved worthless. Then Bucklen's Arnica Salve healed it thoroughly. Nothing is so prompt and sure for Ulcers, Boils, Burns, Bruises, Cuts, Corns, Sores, Pimples, Eczema, or Fles. 25c. at all druggists.

THRIFT DEPARTMENT.

**THE EVENING TIMES**

**A Savings Bank and \$1.00 FREE For all the Children**

The children are the ones to learn the art of saving. Begin early. Begin right. That means: subscribing for **The Evening Times** and getting a savings bank with an account opened up for the child. Here is the plan: Every child under fifteen years that will bring \$5.00 to **The Evening Times** for one year's subscription, either new or in advance, will be presented with an elegant **Savings Bank** containing \$1.00. These banks are now on display at the **Merchants National Bank** and the deposit will be with that bank. Thus a regular savings account will be opened with this bank in the name of the child, probably laying the foundation for its fortune.

**EACH SUCCEEDING SUBSCRIPTION SECURED WILL ADD \$1.00.**

To the child's account, thus stimulating the children not only to work but to save.

Parents should encourage their children to take up this wonderful proposition. The children, both boys and girls, must bring these subscriptions direct to **The Times** office, when proper credit will be given and the deposit made for the child.
