Dobbin-Ferrall Comp'y

123-125 Fayetteville St. RALEIGH, N. C.

Negro Stole Diamond

(Continued From Page One.)

College with the degree of bachelor of arts in 1905; is an A. M. of Harvard University, was a student in Paris and Berlin, and has had two years' experience in teaching. He has been spending the summer on the coast of Maine.

Mr. Robinson G. Anderson, who takes up his work as professor in the department of law, arrived in the city Saturday, by the way of Chattanooga. Mrs. Anderson will come to Durham about October 1.

Mr. Anderson is a graduate of Upper Iowa University, holds a graduate degree and also the degree of LL.B. from the University of Iowa, has had experience as a teacher, practiced law five years and has been a member of the editorial staff of the West Publishing Company, St. Paul, Minn., the foremost publisher of law books in this country. The department is to be congratulated on securing Mr. Anderson.

Mr. J. A. Morgan, who will be connected with the department of political economy and social science, has been in Durham several days. He has been spending the summer in Raleigh and in the library at Trinity College making investigations. Mr. Morgan is an A.B. and A.M. graduate of Trinity, and has for some time been a fellow and assistant in Cornell University. He is a well-trained man, and thoroughly equipped for his work.

Mr. W. G. Martin, corresponding secretary for the Greater Trinity club, who has been spending a few days at his home in High Point, has returned to Durham. He is arranging to have committees of the students meet at the trains, to assist new students in getting settled in their new quarters. He has had badges printed for the use of the members of the committees.

Mr. Robert N. Wilson, who will take up his work as assistant professor of chemistry, is detained in Gainesville, Fla., where he has for some time been connected with the Florida agricultural experiment station. He will be in Durham today.

Mr. Wilson, a native of North Carolina, was a student one year at Guilford College, is an A.B. graduate of Haverford College, received the degree of master of science from the University of Florida, studied chemistry at Harvard University, was for years professor of chemistry at Guilford College, and has been assistant chemist of Florida agricultural experiment station. Mr. Wilson is a young scientist of much promise, is an experienced and very successful teacher, and will be a distinct addition to the working force of Trinity College.

Mr. H. E. Spence, who is to take up his work as assistant professor of English, is detained in Chicago, where he has been spending the summer at the University of Chicago. He will arrive in Durham Tuesday to be ready for the opening. Mr. Spence has been connected with the department, and the excellence of his work has brought to him the well-merited promotion.

Professor A. M. Webb, of the department of French, and W. T. Laprade, of the department of history, will land in New York tonight and arrive in Durham in time for the opening of college Wednesday morning. Professor Webb has been traveling and studying in southern France and Spain, and Dr. Laprade has been doing special research work in the British museum of London.

Professor J. J. Wolfe, of the department of biology, returned to Dur-

ham yesterday after nine weeks of special work for the national government in the laboratories at Woods Hole on the coast of Massachusetts.

The college has leased the large dwelling on Watts street owned by Capt. E. J. Parrish, and formerly occupied by Mr. E. G. Currin. This building is a well-equipped one, and will make an excellent home for several students.

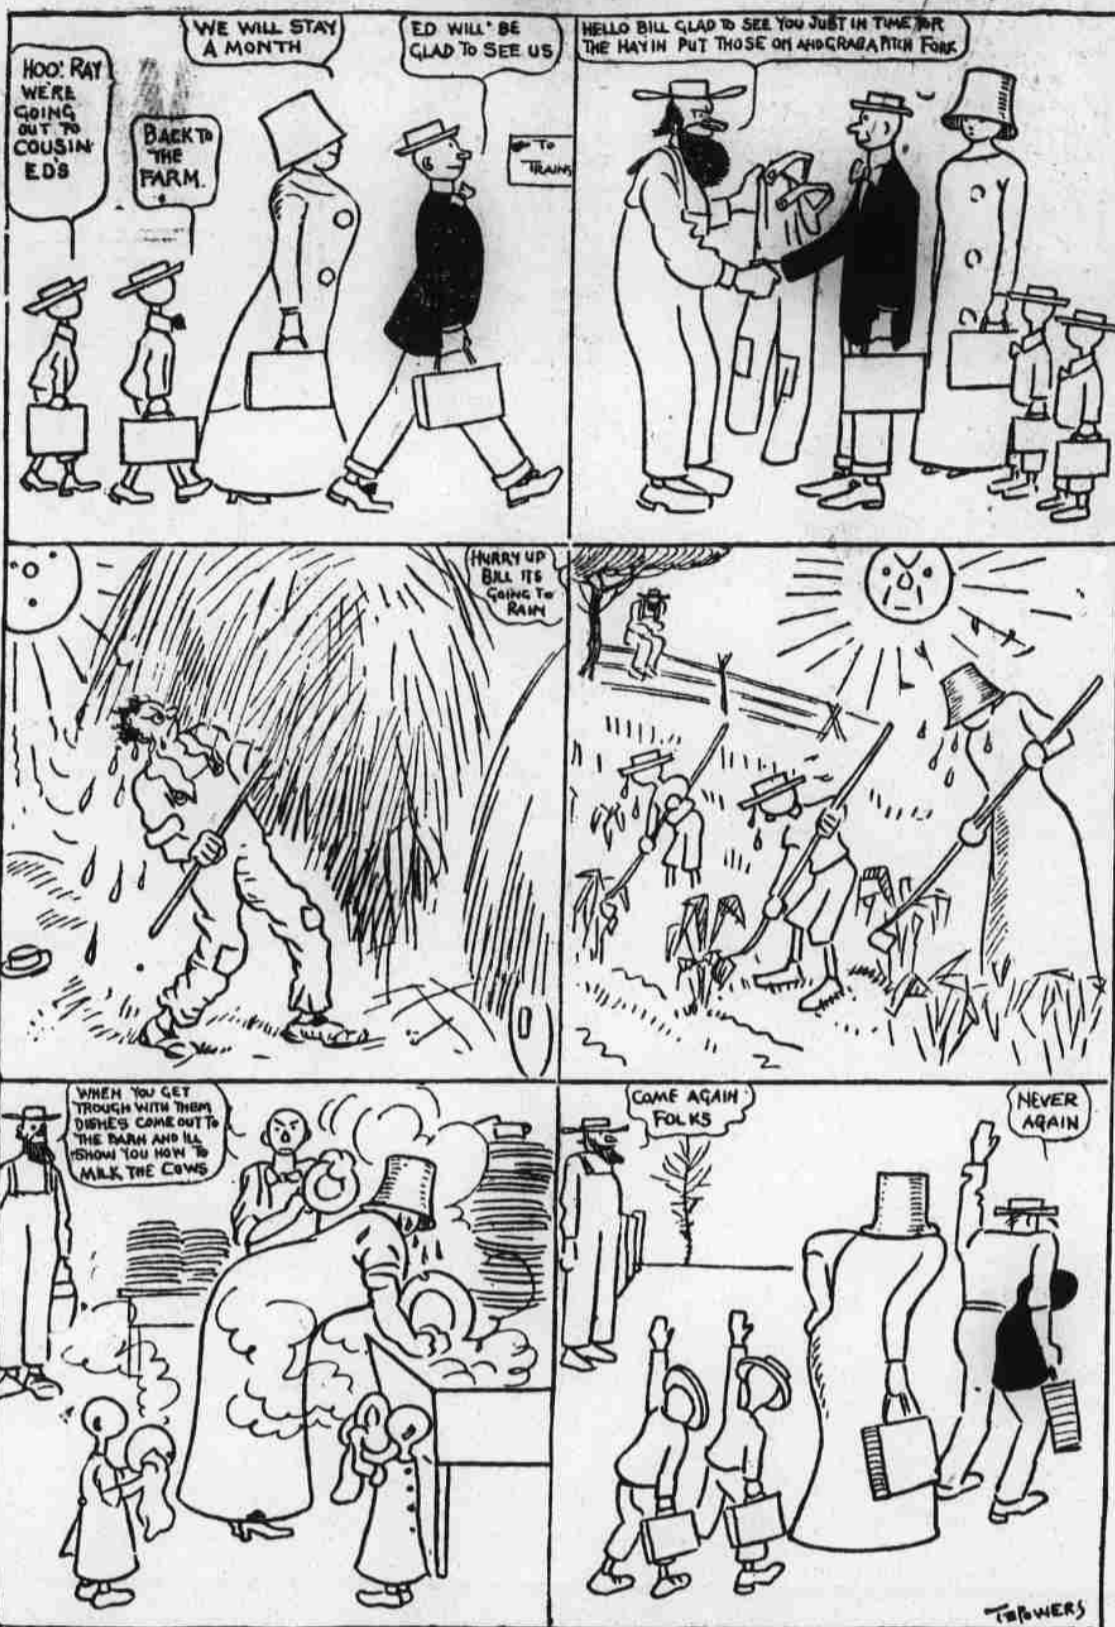

Mrs. Pattie C. Jordan has charge of the building and the boarding arrangements in this building.

Miss Sue Cobb, of Kinston, will be in charge of the woman's building for this academic year. She will make a most pleasant home for the young women, and they will be under most excellent supervision.

Miss Cobb has arrived in Durham and is now making arrangements for the young women who will arrive the first of the week.

Never Again!

AMERICAN WOMAN EJECTED FROM HOTEL

(By Cable to The Times.)

Rome, Sept. 5—Ejected from a fashionable hotel when ill, because the proprietor feared she had cholera, Mrs. Philip I. Walsh, a Philadelphia society woman, arrived here today. A complaint to the American diplomatic authorities, and possibly international complications will follow the incident. Mrs. Walsh was put from the hotel forcibly, in spite of a doctor, who diagnosed her case as indigestion. With her daughter, Catherine, Mrs. Walsh came to Italy a month ago for her health. She visited several resorts and while at Francavilla was advised to go to the sulphur baths at Tivoli. She went there and after her first meal was seized with a slight attack of gastritis. She was forced to wait in a railroad station for two hours until an automobile arrived to convey her to Rome.

HIS VIEWS ON TARIFF.

Colonel Roosevelt Expected to Set the Woods Afire This Afternoon.

(By Leased Wire to The Times.)

St. Louis, S. D., Sept. 5—Theodore Roosevelt will definitely set forth his views on the tariff in a speech which he delivers today in Sioux Falls. He will arrive here at 4:30 p. m. It is believed the speech will be the most magnificent utterance he has yet made, as it will reflect his attitude toward the Taft administration.

It is regarded as certain he will criticize the Aldrich-Payne tariff. His western trip has served to acquaint Roosevelt with the popular sentiment toward Taft and toward himself. Politicians time and again have told him that the bulk of the republicans look to him to take the leadership away from Taft and they have told him also that the whole country is vastly dissatisfied with Taft.

Colonel Roosevelt has had it dinned in his ears night and day that he ought to be a candidate for president in 1912.

The former president made his initial thrust at Taft when he referred to breaking of campaign pledges in his Osawatimie speech. Much speculation is being indulged in as to what he will say at Sioux Falls. If he takes a lunge at the tariff, there will be no reason longer to doubt that he has decided to break away from the man whom he helped to the presidency. At least that is what politicians say.

Every effort to get an expression from Colonel Roosevelt as to the

probability of his running for president in 1912 has failed signally.

Colonel Roosevelt left Omaha at 7:30 o'clock for Sioux Falls. He spent the night at the Omaha Club, attending the Ak-Sar-Ben ceremony.

How Good News Spreads.

"I am 70 years old and travel most of the time," writes B. F. Tolson, of Elizabethtown, Ky. "Everywhere I go I recommend Electric Bitters, because I owe my excellent health and vitality to them. They effect a cure every time." They never fail to tone the stomach, regulate the kidneys and bowels, stimulate the liver, invigorate the nerves and purify the blood. They work wonders for weak, run-down men and women, restoring strength, vigor and health that's a daily joy. Try them. Only 50c. Satisfaction is positively guaranteed by all druggists.

There are few people that lie from choice.

One of the most popular sports is killing time.

Catarrh Germs

Move Out When Hyomei Moves In.

No stomach dosing. Hyomei is made chiefly of oil of eucalyptus and eucalytol taken from the eucalyptus forests of inland Australia, and combined with the excellent antiseptics employed in the Listerian system. In inland Australia the atmosphere is so impregnated with balsam thrown out by the eucalyptus trees that germs cannot live, and in consequence catarrh and consumption are unknown.

Breathe Hyomei and get the same pleasant germ-killing air as you would get in the eucalyptus forests.

Hyomei is sold by druggists everywhere and by King-Crowell Drug Company at \$1.00 a complete outfit.

An outfit consists of a bottle of Hyomei, a hard rubber pocket inhaler and full instructions for use. The inhaler lasts a life time, but if you need another bottle of Hyomei you can get it at druggists for only 50c. at any time. Guaranteed to cure catarrh, croup and throat troubles, or money back. Booth's Hyomei Co., Buffalo, N. Y.

MI-ONA Cures Indigestion

It relieves stomach misery, sour stomach, belching, and cures all stomach ills even or money back. Large box of tablets 50 cents. Druggists in all towns

S.S.S. UNEQUALED FOR BAD BLOOD

Normal, healthy blood contains millions of tiny red corpuscles, which are constantly forming in healthy systems by the extraction of nutriment from food eaten, and this nutriment is then supplied through the circulation to every portion of the system. Any system which does not receive the proper amount of blood nourishment is not prepared to withstand the countless disorders that assail it. Bad blood can not nourish the body, the circulation must be pure, rich and strong if we would enjoy good health. Bad blood manifests itself in various ways. With some it takes the form of skin diseases and eruptions, others become bilious and malarious, with sallow complexions, torpid liver, etc. If the germs and impurities in the blood are of a more virulent nature than bad blood becomes more serious and produces Rheumatism, Gout, Sores and Ulcers, and like troubles. Nothing equals S. S. S. for bad blood. It is Nature's own blood purifier, made from roots, herbs and barks. It goes into the circulation and removes every impurity or poison, strengthens and enriches the blood, and in this way supplies the body with the proper amount of nutriment to maintain good health. S. S. S. is likewise the finest of all tonics and while purifying the blood builds up every portion of the system. S. S. S. cures every ailment coming from bad blood, and it does so simply because it purifies the circulation. Book on the blood sent free to all who write. THE SWIFT SPECIFIC CO., ATLANTA, GA.

NEW FALL WOOLENS FOR LADIES AND GENTLEMEN

WESSON SNOWDRIFT OIL

For Salads and Cooking

AN absolutely pure vegetable salad oil and cooking fat refined by the exclusive Wesson Process so that it is odorless and tasteless, healthful and nourishing. Without rival in making bread, rolls and cake, for all frying, and as a salad dressing. Has a wider range of usefulness than any other oil or cooking fat.

Use three-fourths as much oil as of butter. Far more satisfactory.

In Tins Only Of All Grocers

100% Cooking Value

Absolutely Pure
