GODWIN IS VICTORIOUS IN THE SIXTH

Defeated O. L. Clark by a Majority of Four Thousand In Yesterday's Primary

A LIGHT VOTE CAST

Congressman H. L. Godwin Swept the Sixth District in Yesterday's Primary, Decisively Defeating O. L. Clark by About 4,000 Majority—Carried Every County Except Bladen—Size of the Majority a Surprise to Even the Friends of Godwin—Not Such a Heavy Vote Polled.

Yesterday's special primary in the sixth congressional district resulted in a victory for Hannibal L. Godwin by a majority of about 4,000. This decisive victory exceeded the expectations of even the most sanguine supporters of Congressman Godwin, though it is believed that he would win out. He carried every county except Bladen. Mr. Clark's county, losing that by only about 200 votes.

The primary passed off quietly, though the full vote was not polled.

Godwin Carried Robeson.

(Special to The Times.)
Lumberton, N. C., Sept. 16—In- complete returns from seventeen of twenty-three townships in Robeson gives H. L. Godwin a majority of 1,340 over O. L. Clark in the primary election here today, Godwin receiving 7,787 votes and Clark 447. Remaining townships to be heard from are very small and will not change vote materially. The vote polled in Robeson was considerably smaller than in the previous primary owing to the fact that many people were disgusted with the manner of nominating a congressional candidate, and also that this primary was overshadowed by the fight between Geo. B. McLeod and E. C. McNeil for the office of sheriff.

ASSAULTED EDITOR, THEN TOOK TO HEELS

(Special to The Times)

New Bern, Sept. 16—Considerable excitement was created in this city shortly before 10 o'clock this morning when Mr. H. I. Crumpler, city editor of the New Bern Daily Journal, was assaulted by Hugh Lancaster, a white man who lives at Bridge-ton, just across the river from New Bern. Lancaster took offense at an article which Mr. Crumpler wrote and which stated that Lancaster had been arrested for being drunk and disorderly. Lancaster walked up to Mr. Crumpler and aimed a blow at his head, which fell short of its mark. Immediately things began to happen. Lancaster was struck a smashing blow in the face which stunned him for a moment. Seeing that he had met his Waterloo he took to his feet and a long foot-race in which Lancaster led ensued. He finally ran into the protecting arms of an officer and was placed under arrest, charged with an assault on Mr. Crumpler.

A BREAK BETWEEN COUNTRIES.

Greece Recalls Her Minister From Turkey Because of Troubles.

(By Cable to The Times)

Constantinople, Sept. 16—The report that Greek Minister Gryparis to Turkey has been recalled due to friction between the two nations over the anti-Greek boycott in Turkey, was confirmed today when official announcement of the recall was made here.

The Greek government made an official protest to Turkey against the boycott which has not yet been answered. Becoming angered at the slowness of Turkey in replying to its note, Greece recalled its minister.

The diplomatic break will probably lead to the recall of the Turkish minister from Athens.

BLOW TO CANNONISM

Cannon Wins But Insurgents Make Gains

Illinois Adds Three Insurgents to the List of the Republican Insurgents. The Lorimer Crowd Victorious in Chicago.

(By Leased Wire to The Times)

Chicago, Sept. 16—Illinois added three insurgents to the list of the republican party and hit Cannonism a staggering blow in the state-wide primaries yesterday. The republican voters also chopped down the majorities of Representatives Mann and Foss, two staunch machine workers, to mere nothings—so much so that these two men barely skinned through.

The Lorimer men, despite the fight made on them because of the jack pot revelations, carried the day in Chicago and other places.

The democratic harmony slate was victorious in nearly every instance and according to the leaders will carry the November elections.

Representative Boutele was decisively beaten for re-nomination in the ninth district. Frederick J. Gansberger defeated him. Colonel Ira Copley, insurgent, defeated Representative Snapp and Representative Wilson in the third, won by a vote of 3 to 1.

In Danville Speaker Cannon's plurality was greatly reduced, although he won the nomination by a vote of 2 to 1.

Representative Moxley in the sixth, Lunden in the seventh, Foss in the tenth, Fuller in the twelfth, McKinley in the fourteenth, Prince in the fifteenth, Graf, sixteenth; Sterling, seventeenth; McKinley, nineteenth; Rosenberg, twentieth-second, and Chapman, in the twenty-fourth, were re-nominated. All are regulars.

James McDermott, the "packing house" congressman, was re-nominated on the democratic ticket in the fourth district.

In the state primaries Lee O'Neil Browne, recently acquitted of bribery in connection with the election of Senator Lorimer, was re-nominated. Edward D. Shurtleff, speaker of the lower house, who also was mixed up in the corruption charges, was re-nominated, as were 24 of their followers.

The state primaries were victories for the Lorimer men, the alleged gangsters and leaders of the republican party today are charging fraud and accusing the voters of being traitors to their party in failing to clean out the party.

The Hearst harmony slate in Cook county was victorious and the followers of these men in other parts of the state nominated their candidates in most instances.

These democratic congressmen were re-nominated:

McDermott, Chicago; Sabbath, Chicago; Gallagher, Chicago; Rainey, Carrollton; Graham, Springfield; Foster, Olney.

The real fight in the democratic primaries was over control of the machine which seems to have been won by Roger Sullivan. Sullivan, it is claimed, will control 60 of the 70 votes in the new county committee and will have the reins of the majority issue in his hands. Carter Harrison's followers were completely routed.

LABOR MEN WANT INDEPENDENT TICKET

(By Leased Wire to The Times)

Boston, Sept. 16—A delegation representing 16 railroad unions today presented a petition containing 11,000 signatures to former President Lucius Tuttle, of the Boston & Maine Railroad, asking him to run for governor in November on an independent ticket. Mr. Tuttle told the delegates that he would make known his decision later.

Labor men say the movement extends throughout the state.

Mr. Tuttle retired from the presidency of the B. & M. last Wednesday and was succeeded by President Melton, of the New York, New Haven & Hartford.

Gray For Governor.

St. Paul, Minn., Sept. 16—The nomination of James Gray to fill the vacancy on the ticket caused by the refusal of ex-Governor Lind to run again, was made unanimous by the democratic state central committee. Gray is a newspaper man of note.

Oliver E. Pagan, indictment expert of the Department of Justice, who has had much to do with the framing of the text of the indictment found against the big beef packers of the country by the federal grand jury recently. Once or twice before Mr. Pagan has drawn up or had charge of the drawing up of indictments that were found to be faulty by some technicality. This faultiness has only served however, to make clear what must be done to finally secure the proper indictment so that the person instead of the corporation might be legally accused of wrong doing and have the accusation stand. Mr. Pagan is considered as having the best knowledge of the anti-trust law possessed by any legal mind of the present day.

GREAT INCREASE IN PHILIPPINE TRADE

(By Leased Wire to The Times)

Washington, Sept. 16—Trade between the United States and the Philippines increased 81 percent during the first year's operation of the new tariff law, which provides for three interchanges of merchandise between those islands and the United States. Imports from the islands doubled during the period in question and exports there to increased about 70 percent. The new tariff act went into effect August 4, 1909. The figures of the bureau of statistics of the department of commerce and labor, stating the trade with the islands from August 1, 1908 to July 31, 1910, show: total imports from the islands during the year ending July 31, 1909, \$9,167,525, and during the year ending July 31, 1910, \$16,917,372; total exports to the islands, year ending July 31, 1909, \$10,629,889 and in the year ending July 31, 1910, \$17,517,674.

The articles which show the principal increases in imports are sugar, Manila hemp, cigars and cigarettes, copra, fibres other than Manila, and hats, bonnets, etc. Sugar increased from a little over one million dollars in 1909 to five million in 1910; cigars and cigarettes, from \$5,374 in 1909 to over 1 1/2 million in 1910, Manila hemp, from 7 1/3 million in 1909 to 11,000,000 in 1910. On the export side iron and steel manufacturers increased from 2 1/3 million dollars in 1909 to 3 1/2 million dollars; flour, from \$325,000 to one million; boots and shoes, from \$230,000 to \$531,000; explosives, from \$917,000 to over one million.

Powers Gets Nomination.

(By Leased Wire to The Times.)
Logansville, Ky., Sept. 16—Returns received up to 10 a. m. today predicted that Caleb Powers' majority in the congressional election yesterday would exceed 8,610. Powers will sit in congress from the eleventh district where a bitter fight was made against him.

Assyrian Scholar Dead.

(By Cable to The Times.)
Brighton, Eng., Sept. 16—Prof. Hormuzd Rassam, the eminent Assyrian scholar and explorer, died here today.

THIRD STRIKE AND OUT

Third Effort to Get a Ticket Will be Made Tomorrow

Wake County Republicans Will Assemble Tomorrow For the Third Time to Put Out a Ticket—The Victims Have Already Been Slated.

For the third time this year the republicans of this county will in convention assemble for the purpose of naming a ticket, and it is believed that the machine has been thoroughly greased since the other two disastrous attempts and all will run smoothly this time.

The first convention was devoted to the scrap between Morehead and Duncan, and resulted in a split, each faction holding a convention of its own. The county ticket, which was really an unimportant matter, and was postponed until after the big show at Greensboro.

Last Saturday one week ago, after a deal of caucusing and a Baraque by Holton, they once more assembled.

This time it was thought that all was fixed by the last one of the several caucuses, but when the convention proper began the delegates began to punch holes in the slate, and it soon became apparent to the self-constituted leaders that their caucus ticket was going to be so badly mutilated that its daddies would not recognize it, and after several hours of bedlam, during which, charges and counter-charges were made, epithets hurled around, and general confusion a recess was taken until Saturday, September 17, which is tomorrow. Since that time several conferences have been held by the leaders, and it is generally believed that the machine has been put in first-class condition and everything will run along nicely tomorrow.

Still, you can't always sometimes tell. In this day and time it is not unusual for the leaders to propose and the hard-headed insurgent delegates dispose, and it may be that some one will put a stick in the cog of the machine that will put it out of commission.

The air is full of rumors of what is slated for tomorrow, but few know anything definite. We shall see what we shall see.

CONVENTION AT HAYESVILLE: OFFICERS ARE ELECTED.

(Special to The Times.)

Hayesville, N. C., Sept. 16—The democratic convention of Clay county was held in Hayesville on Monday, September 12. Wm. H. Harrison, attorney of Hayesville, was nominated by acclamation for representative; B. H. Hill for clerk superior court; Jarret Thompson for register of deeds; Marca McClure for sheriff; Jesse M. Serogus for treasurer; E. C. Meace for county surveyor, and W. B. Martin, Geo. S. McClure and W. A. Cassada for county commissioners.

It is expected that a joint canvass of the county will be made. The joint discussion between Harrison and R. L. Herbert, candidates for the house, promise to be of unusual interest, as the vote in Clay is very close. Both candidates are good campaigners and while the contest will be friendly, it will doubtless be warm. There will be something doing in the "state of Clay" this fall.

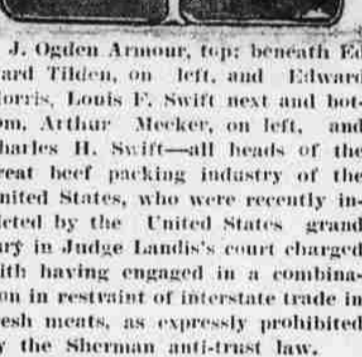

EDITOR JULIAN NOT EXPECTED TO LIVE

(Special to The Times)

Salisbury, Sept. 16—Editor John A. Julian is in an extremely critical condition. He is sinking fast and may not survive through the day. All hope is practically abandoned. The patient has been unconscious for several days.

Census Figures.

(By Leased Wire to The Times)
Washington, Sept. 16—The census bureau today made public the following population returns:
Pennsylvania: Wilkesbarre, 67,105; last census, 51,721; increase, 29.7.
Kentucky: Covington, 53,270; last census, 42,938; increase, 24.1.
Kenton county, 70,555; last census, 63,591.
Iowa: Waterloo, 26,693; last census, 12,580; increase, 112.2.
Wisconsin: Racine, 38,002; last census, 29,102; increase, 30.6.

J. Ogden Armour, top left; Edward Morris, Louis F. Swift next and bottom, Arthur Meeker, on left, and Charles H. Swift—all heads of the great beef packing industry of the United States, who were recently indicted by the United States grand jury in Judge Landis's court charged with having engaged in a combination in restraint of interstate trade in fresh meats, as expressly prohibited by the Sherman anti-trust law.

COLONEL ROOSEVELT MAINTAINS SILENCE

(By Leased Wire to The Times)

New York, Sept. 16—Colonel Roosevelt refuses to break the steadfast silence he has maintained in regard to the Taft administration. Asked today in his office at the Outlook what he thought of the report that Taft had practically made up his mind to refuse to allow his name to be offered in 1912 for re-nomination in order to clear the way for Roosevelt's return to the presidency, he said:

"There have been a great many stories printed and there will be a great many more. I cannot afford to discuss them."
This was all he would say and he offered the same statement in reply to a request for comment on President Taft's letter to an Iowa insurgent, made public yesterday in which the president declared that no distinction would be drawn hereafter between insurgents and regulars in the distribution of federal patronage.
Colonel Roosevelt's earliest visitor at the Outlook today was Lloyd C. Griscom, chairman of the New York republican county committee with whom he went over in detail the political situation in New York state. After Mr. Griscom had left, the ex-president indicated that in spite of any claims the Woodruff-Barnes faction have advanced, he felt that actual conditions favored the principles he advocates and intimated his belief that his end of the party would be in control when the republican state convention met in Saratoga on September 27th.
The colonel devoted some time to the finishing touches on the speech he will deliver at the Syracuse state fair tomorrow. He will leave for Syracuse on the 7:30 a. m. train.

Fire In Nashville Paper Company.

(By Leased Wire to The Times.)
Nashville, Tenn., Sept. 16—Fire did approximately \$50,000 damage when the stock and building of the Nashville Paper Company were destroyed last night and considerable damage was done to the nearby establishments of the Riddle Company, the Webb Manufacturing Company, and the Deeds & Hirsig Manufacturing Company.

MANY ARE COMING

Secretary Olds Expects Thousands of North Carolinians

State Officials Co-operating—A Low Rate Has Been Secured on Railroads From Far Western Points—Ohio People Interested.

Secretary Fred A. Olds of the joint committee on Home Coming Week and Jubilee, finds correspondence heavy and interest general. He has a letter from Governor Kitchin, who expresses his appreciation of the work that is being done, saying: "I trust your letter of invitation, which is being sent to North Carolinians now living in other cities, will be highly effective in getting a visit from thousands of our former citizens."
Major W. A. Graham, commissioner of Agriculture, writes to the secretary, expressing his thanks for a copy of the letter of invitation to the Home Coming, and says: "I hope our anticipations will be more than realized. This department will gladly aid in any way it can to make it a great success."

Secretary Olds has received from General Industrial Agent J. W. White, of the Seaboard Air Line Railway, a rate sheet applying for western points to Raleigh and other places in the south, this being for what are known as Home Seekers' tickets. These will be sold from Cairo, Ill., Cincinnati, O., Evansville, Ind., Henderson, Ky., Louisville, Ind., Maysville, Owensboro and Paducah, Ky., at very reduced rates, good for twenty-five days; the sale days being 11th and 18th of October. For example the rate from Cincinnati to Raleigh and return is \$16.30; from Cairo, \$22.15; Evansville, \$21.05; Louisville, \$18.50.

Secretary Olds is distributing at the great Ohio Valley Exposition at Cincinnati invitations, specially prepared, to the Home Coming, the distribution being under the direction of Mr. Hurlbut, of the Southern Railway, who knows this territory well. Of course all the railroads are interested in the matter of inducing former North Carolinians to visit this state during the Home Coming, and also in bringing new people here from the west, and leading railway officials inform Secretary Olds that very keen interest is being shown by Ohio people in North Carolina and this immediate section of the south, and that every advantage is being taken of this condition.

Woman Aviator Falls.

Garden City, L. I., Sept. 16—Mrs. Raesch, a woman aviator, came to grief today when in attempting to ascend for a long flight, her biplane struck an obstruction and was demolished.

Although her craft was only up ten feet when the accident occurred Mrs. Raesch had a narrow escape from serious injury, as she was hurled in the debris.

Steamer Sunk.

Dover, Eng., Sept. 16—The steamer Marie Christiana, from Ostend, was sunk in collision with another vessel in the dense fog off this point today. The crew was saved to a man and landed here. The Marie Christiana was a freighter. Life boats from the second ship saved the Christine's crew.

NEW MAN IN THE SUB-TREASURY THEFT

(By Leased Wire to The Times)

Chicago, Sept. 16—Discovery that a warrant was out for the arrest of Arthur R. Beal, a nephew of Cashier Fred Russell of the United States sub-treasury in Chicago was a startling development today in the case of George W. Fitzgerald, who is under arrest charged with the theft of \$173,000 from the sub-treasury.

The announcement came on top of a promise of Fitzgerald to tell Judge Landis of the man, who, he said, he believed took the money.

Beal, for whom government detectives are said to be searching, was currency clerk in the sub-treasury at the time the money vanished. He had a key to the cage in which the package lost was seen. Beal has been indicted.

Fitzgerald was released yesterday on \$50,000 bail.
A woman who is said to have met him surreptitiously in a down town restaurant, is sought as a witness against him.

CRIPPEN IS CHEERFUL AS TRIAL GOES ON

Government Having Hard Time to Establish Identity of Dead Body

Big Crowds Attend

Crippen Trial Resumed Again Today

Crippen Entered Court Room Appearing Cheerful—Government Having Trouble in Establishing its Case—Body Can't be Identified and There is No Way of Establishing Claim That Belle Elmore is Dead—Another Big Crowd in Court Room.

(By Cable to The Times.)
London, Sept. 16—Dr. H. H. Crippen entered the court room today for the resumption of his trial on the charge of murdering his wife, Belle Elmore, buoyed up by the belief that today's proceedings might see the government's case entirely shattered. He nodded cheerfully to several acquaintances as he came up the aisle of the court room and smiled encouragingly at Ethel Clare LeNeve, the beautiful typist, jointly accused with him in the murder charge.

It was evident from the American physician's demeanor that he was greatly cheered by the points in his favor brought out at the last session of the trial when the government's expert witnesses testified that it was impossible to tell the sex of the remains found in the cellar of Crippen's residence "or the manner in which death had been inflicted."

Crippen entered into an animated whispered conversation with his counsel, Arthur Newell as soon as they took their seats.

Dr. B. H. Spillsburg, an eminent English pathologist, the first witness, was called to the stand. He testified that he had made a microscopic examination of the remains found in the cellar of the Crippen home. He

BIG GAMBLING JOINTS RAIDED

(By Leased Wire to The Times)

New York, Sept. 16—Another sensational and spectacular crusade against gambling in New York is under way today. Acting Mayor Mitchell has obtained the addresses of a large number of rich and fashionable gaming establishments, some of which are frequented by members of America's richest and best known families, and the order has gone forth that they must be smashed, even if it takes crow bars and sledges to do the job. It is charged that these places are paying for police protection and to date have enjoyed immunity.

Police Commissioner Baker was notified today to use axes in breaking into the gambling places if entrance was resisted. Some of the places are said to be housed in stately mansions in the most exclusive quarters of the city.

The tenderloin was still talking of the sensational raid of yesterday, when a gambling establishment opposite the Hotel Astor in West Forty-seventh street was raided; when the fresh developments of today threw a scare into the patrons of chance and sent the rich owners of the places scurrying to safety.

There were more than 200 brokers, lawyers, and men about town in the place when Inspector Schmittberger broke in by smashing down the front door with an axe. Five policemen arrested five men, who were charged with running the establishment.

Grand Jury Takes Recess.

Chicago, Sept. 16—The federal grand jury which has been investigating the beef trust and which returned indictments charging conspiracy in violation of the Sherman anti-trust law against ten individual packers, has taken a recess until next week, when the hearings will be resumed. Several more indictments are said to be scheduled.
