

TODAY'S MARKETS BY WIRE. Stocks, Cotton, Grain and Provisions.

New York Stock Market.

(By Charles W. Storm.) New York, Sept. 29—Gains ranging from fractions to one point were scored in almost every active issue at the opening of the stock market today.

A partial clearing of the state political situations, prominent brokers declared, was the cause of the upward trend.

Other advances are looked for when the democratic convention at Rochester comes to a close.

A strong tone was displayed all through the market and considerable trading was indulged in. Canadian Pacific and Union Pacific were the leaders among the standard railroad shares in the upward move, each scoring a gain of one point over the closing price.

The industrial show considerable activity also. Amalgamated Copper and Western Union were the bright features in this department of the market.

Western Union rose a point over the close and Amalgamated scored a gain of 1/2 of a point. Consolidated Gas rose 1/4 points.

The market was exceedingly bright in expectation of an increase from 3 to 4 percent in the Bank of England's rate.

Pittsburg Coal was also active as the result of a declaration by the officials of a 14 percent dividend payable on preferred stock October 25.

In London, Americans were active with trifling price changes.

Trading on the New York curb market again being the prominent factor.

Although business continued small after midday the tone of the market was firm and where price changes occurred they were in the direction of higher figures.

Room traders generally were committed to the bear side and offered stocks moderately at times but found a good demand at concessions and quickly ceased their efforts to force a reaction.

Morning Reports From Cotton Belt.

Morning reports received by the local office of the Weather Bureau show that the temperature is still above normal over the central and southern portions of the cotton belt and that the weather has been generally fair during the past twenty-four hours with the exception of a few widely scattered showers in Georgia, Alabama and Texas.

The rainfall was heavy locally at Temple, Texas and Griffin, Ga.

The cotton market opened easier with November 15 points lower and other months from 1 to 8 points lower.

Poor cables were mainly responsible. Much apprehension has been felt over the strike and lockout of the textile workers at Manchester, Eng.

Later cables were optimistic and there was a good buying rally, which became general.

New York Cotton Letter.

(By W. B. Hibbs & Co.) New York, Sept. 29—Trading in cotton today continued very active. This was especially so during the forenoon when a further sharp advance of 10 to 15 points over yesterday's prices was shown.

The rise which has been of a steady character throughout the week on a broadening volume of business carried general opinion list a few points above the highest prices reached during the bulge early yesterday with October selling at 18.82, December and January 13.76, March 13.90 and May 13.97.

This is an advance of 30 to 40 points over the prices current during a similar bull movement a month ago and a maximum advance of 70 points from the extreme low level reached today in the bear movement which culminated about a fortnight ago.

The crop estimate of 6.4 percent by Norden & Company was construed as very bullish and this with other bullish reports helped to make today's high prices and sustain the advance during the afternoon notwithstanding the continuance of heavy realization sales.

CHOLERA SITUATION IN NAPLES WORSE

(By Cable to The Times.)

Naples, Sept. 29—The cholera situation here is openly declared to be infinitely worse than the authorities will admit. Charges are made today that the official reports give but a fraction of the actual number of the dead and dying.

The city is almost in a state of panic and practically all of the foreign residents have fled along with many thousands of the native population.

While the official report given out late last night admitted nine deaths and fifteen fresh cases within the preceding 24 hours, it is openly stated that there were actually eighteen deaths and thirty-nine new cases.

Nine more are known to have died since midnight last night.

The rise which has been of a steady character throughout the week on a broadening volume of business carried general opinion list a few points above the highest prices reached during the bulge early yesterday with October selling at 18.82, December and January 13.76, March 13.90 and May 13.97.

TWO RALEIGH MEN WHO ARE THEY?

A VALUABLE SOUVENIR

Mr. C. C. McDonald, of Raleigh, Issues Confederate Calendar Which is of Historical and Sentimental Merit.

A production as valuable and attractive as it is unique and handsome is the half-century memorial issued by Mr. C. C. McDonald, of Raleigh, dealer in stocks and bonds, pertinent to this the fiftieth year since the beginning of the war between the States which belonged to the Confederacy and more than a score of photographs of scenes and personages intimately related with the Civil War period.

These include pictures of Generals Lee, Jackson, Gordon, Beauregard, Johnston, Albert Stuart Johnson, Stuart Hood, and Longstreet, President Jefferson Davis and of the Confederate monuments at Atlanta and Richmond, besides fac similes of Confederate notes.

Printed on the back are 19 specimens of the cream of Confederate poetry and song. This elegant calendar can be had for the small sum of 25 cents by addressing Mr. McDonald.

LaGrange, Ga., Sept. 27, 1910. Mr. C. C. McDonald, Raleigh, N. C.

My Dear Sir: As a survivor of the old 14th Regiment N. C. troops, in which there were two companies from Raleigh, with whom I fought from beginning to end of the great war, as member of Company "B" and take deep interest in everything Confederate, I saw inclosed clipping in Charlotte Observer and inclose 25c. (postage), asking you to forward to me a copy.

Very Respectfully, J. L. SCHAUB.

P. S.—If you want one of these Confederate Calendars from June, 1910, to June, 1911, don't delay, sending 25 cents to cover cost of same. I only have a limited number of them. They are going fast. Received an order for four from one man yesterday and a lady wrote to know what I would sell her 25c for her Confederate Bazaar.

C. C. McDONALD, Stocks & Bonds, Raleigh, N. C.

Chicago Grain. Chicago, Sept. 29—The wheat market opened higher on the unexpected higher cables. Armour sold well on the advance to shorts and the market eased off a bit after the first few minutes. Liverpool was 1/4 to 1/2 higher due to strength here, predictions of lighter Argentine and India shipments and less pressure to sell.

Corn started steady to 1/2 lower. The trade was small and lacking in noteworthy features, with the exception of dullness. Oats opened a shade higher with wheat, but the market was unable to absorb small offerings from commission houses. It turned easier within a few minutes.

Provisions were higher with offerings, due to the smaller packing for the week and season. Trade was scattered and not noteworthy. Chicago grain quotations ranged as follows: Wheat—Open. High. Close. Sep. 96 1/2 . 96 3/4 . 94 1/2

Dec. 98 1/2 . 98 . 96 1/2 May 1 04 1/2 . 1 04 1/2 . 1 02 1/2 Corn—Sep. 52 1/2 . 52 1/2 . 52 1/2 Dec. 50 1/2 . 50 1/2 . 49 1/2 May 53 1/2 . 53 1/2 . 52 1/2

Death of Oldest Citizen.

Weldon, N. C., Sept. 29—Our oldest citizen, Mrs. Mary E. Moncock, died here Tuesday night of extreme weakness and old age. Mrs. Moncock, who was a Miss Southall, was born in Gates county, N. C., October 18, 1811, so only lacked a few days of being ninety-nine years old. She had been an invalid for some time, but at times her mind was clear and she enjoyed and appreciated many of the kind attentions of her friends and devoted daughter, Mrs. Anna Russell, at whose home she died.

Mrs. Moncock was married in early life to Capt. Edward Moncock, an officer in the War of 1812, and up to the time of her death, drew a pension from the government of the United States, there being only a very few persons living who draw pensions on account of service rendered in this war.

She leaves only one daughter living, but several grandchildren and many relatives and connections throughout the state. One of these, a niece, is Mrs. Sallie Cotton, of Cottontale, N. C. She will be buried in the country at her old homestead, where her husband and many other loved ones sleep. Mr. Moncock was a class leader and an old time shouting Methodist. It is said that at the time of the great meteoric display in 1833, he arose and went out to this same graveyard, expecting to see the dead arise and thanking God that he had lived to see the judgment day.

At a meeting of the Junius Daniel Chapter, U. D. C., held on Tuesday, Mrs. Mabel Travis was elected president for the current year. Arrangements were made for regular monthly meetings during the season and an attractive program will be given at each one.

Resolutions of respect for Dr. B. F. Dixon and sympathy for his family were also adopted. We feel keenly the loss we sustain in Dr. Dixon's death, as he was not only a personal friend to many of us, but he had given liberally of his time and talents in helping by his presence and inspiring words in our attempts to establish a graded school and erect a Confederate monument in our town.

We have lost by death this year four of our townsmen who were veterans of the "Lost Cause." Truly the "thin grey line" is growing sadly thinner each day, and soon not only will be left.

MARRIAGES OF MINORS are much more frequent in mining and manufacturing than in agricultural districts.

Sir William Ramsay recently exhibited a pair of scales which will weigh a seven-thousandth-millionth of an ounce.

Mrs. M. E. Pengelly, age 84, worked all day at the polls for the election of Mrs. Florence G. Mills as a member of the school board of Kalamazoo.

The F. Krupp Company, on May 1, 1910, employed in its various works at Essen, Rheinhausen, Annen, Magdeburg and Kiel, 62,145 work people and 6,840 officials, clerks, etc., in its business staff, a total of 68,985 persons, against 63,540 the year before.

The world production of lead last year aggregated 1,052,500 tons, divided thus: Europe, 505,800 tons; United States, 339,700 tons; Mexico, 118,000 tons; Australia, 77,200 tons. The United States consumed 365,200 tons of lead; Germany, 215,300 tons; Great Britain, 139,000 tons; France, 110,400 tons; Russia, 38,300 tons.
