Dobbin-Ferrall Comp'y

122-124 Fayetteville St. RALEIGH, N. C.

THE TRAINING SCHOOL

Mass Meeting With Several Important Addresses

Several Prominent Speakers on the Program—Dr. Shepard the Originator and Promoter of This Great School—"The Sins of the Father" Plays to Immense Crowds and Pleases.

(Special to The Times.)

Durham, N. C., Oct. 10.—Interest centers tomorrow in the mass meeting at the St. Joseph A. M. E. church of friends and benefactors of the National Religious Training School for the colored race. The principal address tomorrow will be delivered by Judge Jeter C. Pritchard, of Asheville, N. C. Other prominent visitors from the north will be Rev. Thomas B. Shannon, pastor of the Second Presbyterian church of Newark, N. J.; Mrs. Emma Erskine Hahn, of New York City; Rev. Dr. J. C. Massee, of Chattanooga, Tenn.; Rev. Dr. H. F. Williams, of Nashville, Tenn.; and Hon. N. B. Broughton, of Raleigh. Aside from addresses by some of the gentlemen there will be speeches by prominent citizens of the city.

The school, which is little more than a year old, has enlisted the support of some of the most prominent men and women in the country. It had its origin in the inspiration of Dr. Shepard, a prominent negro educator of this city, who has devoted his best energies toward the realization of the school which is to do an inestimable uplift and educational work in training for the colored race an intelligent ministry, which the founder believes is essential at present to the best development of the race. A corollary to this plan is another looking to the eventual evangelization of the negro in Africa through the agency of highly trained and intelligent colored missionaries from this country. It is evident from these aims that the school has set for itself a high mission. That this mission is a worthy one is evident from the large numbers of thinking men of the country who are giving freely of their services, time and money toward the realization of the ideal.

The regular fall opening of the school will take place Wednesday morning at 8:30, at which time Mrs. Hahn will make the address. Mrs. Hahn is president of the Woman's Club of New York city, and is closely identified with the welfare work in the great city. Various improvements have been made in the plant of the school during the summer vacation, among other things a new heating plant has been installed. The faculty has been increased and has been selected with great care, having been taken from among the best talent and experience that the race affords.

The administration is preparing a series of articles which will be disseminated throughout the country, setting forth the aims of the school and the things it expects to accomplish. A regular canvas is to be undertaken throughout the north, and prominent people have already pledged their support, both in money and in services.

Sisters Anna and Daisy of the Apostolic Church in Jersey City, laying bricks of the new church which they and ten other women (three children and five men) are erecting without cost for labor. The edifice in the ordinary course of construction would cost \$40,000. It will be completed some time in November. "Mother" Sarah B. Earl founded the congregation of the sect in Jersey City seventeen years ago. She has many followers and all have undertaken to fetch and carry and dig and delve and mix, without recompense, so that the church may be built.

dertaken throughout the north, and prominent people have already pledged their support, both in money and in services.

"The Sins of the Father"

Tom Dixon's much heralded play, dealing with the black peril which the author has found so profitable, played to two well filled houses here Saturday. The afternoon performance drew the largest matinee crowd of the season. The heavy rain at night was not sufficient to keep away another large crowd that almost filled the large Academy of Music. The situations in the play met with frequent applause, but it failed to score the hit that the first performance of the "Clansman" did several years ago. The best that one can say of the play is that it is a successful melodrama. A drama of life it is not and can never be. In a well delivered, and enjoyable speech between the second and third acts, the author, Mr. Dixon, sought to justify the play in effort to prove that it deals with a problem in present day life which threatens the north and south alike. "As a dramatist, I have a perfect right to hold the mirror up to nature," he said, in the course of a few comments on his Richmond critics, who have charged him with crassness in the details of his drama. "The Sins of the Father" suffers from the fact that it attempts to moralize by means of the drama, upon a theme which is so evidently accepted without question by all white men, as to admit of no difference of opinion. It teaches, in a crude way, that miscegenation is a hideous moral sin to a people who are perfectly aware that it is a hideous sin and need no story with a moral to learn it. The acting was far above the play, the work of Miss Ethel Wright, in her difficult role being especially good.

THE FEAR OF HUMBAG

Prevents Many People From Trying a Good Medicine.

Stomach troubles are so common and in most cases so obstinate to cure that people are apt to look with suspicion on any remedy claiming to be a radical, permanent cure for dyspepsia and indigestion. Many such pride themselves on their acuteness in never being humbugged, especially in medicines.

This fear of being humbugged can be carried too far, so far, in fact, that many people suffer for years with weak digestion rather than risk a little time and money in faithfully testing the claims made of a preparation so reliable, and universally used as Stuart's Dyspepsia Tablets.

Now Stuart's Dyspepsia Tablets are vastly different in one important respect from ordinary proprietary medicines for the reason that they are not a secret patent medicine, no secret is made of their ingredients, but analysis shows the mto contain the natural digestive ferments, pure aseptic pepsin, the digestive acids, Golden Seal, bismuth, hydrastis and nux. They are not cathartic, neither do they act powerfully on any organ, but they cure indigestion on the common sense plan of digesting the food eaten thoroughly before it has time to ferment, sour and cause the mischief. This is the only secret of their success.

Cathartic pills never have and never can cure indigestion and stomach troubles, because they act entirely on the bowels, whereas the whole trouble is really in the stomach.

Stuart's Dyspepsia Tablets taken after meals digest the food. That is all there is to it. Food not digested or half digested is poison as it creates gas, acidity, headaches, palpitation of the heart, loss of flesh and appetite and many other troubles which are often called by some other name. They are sold by druggists everywhere at 50 cents per package.

ville plant will bring employment to about a thousand men and the place will be much larger as a lumber camp than it was as a county seat. It is said that an English syndicate is behind the Whiting company.

Men have been at work for several months securing options on the property in the town and it is said that they had secured them on nearly all the property in town at reasonable prices before the scheme became known. When it did get out and immediately took a rise. One man had a lot which he had been offering for \$300 but when he learned what the company was after, he raised his price to \$4,000.

ANSON SUPERIOR COURT.

Important Case Involving the Retail Merchants' Association on Trial. (Special to The Times.)

Wadesboro, N. C., Oct. 10.—The second week of the superior court for Anson county opened this morning and the docket contains several very important cases. Judge W. R. Allen is presiding.

The suit brought against P. T. Rhyne by Mrs. Emma Richardson is on trial and will be concluded probably tomorrow. In this case Mrs. Richardson asks \$10,000 damages because of having been reported to the Retail Merchants' Association and "blacklisted." The case attracts considerable attention on account of the question involved. Almost every town in the state has the same organization of retail merchants and the decision in this case will establish a precedent.

Following this case will be the trial of the damage suit brought against the Seaboard Air Line Railway for the death of James A. Dunlap, who lived in the northern part of the county. Mr. Dunlap was on his way home one evening last year, and as he crossed the tracks in the north part of town was struck by a Seaboard freight train and killed. The suit is for \$20,000.

In the suit brought against the same road by W. C. Wolfe, of Monroe, for damages, the jury found for Mr. Wolfe and put the damages at \$5,000. The plaintiff was watchman of the road at Monroe and was injured by being struck by a train.

Worse Than Bullets.
Bullets have often caused less suffering to soldiers than the eczema L. W. Harriman, Burlington, Me., got in the army, and suffered with forty years. "But Bucklen's Arnica Salve cured me when all else failed," he writes. Greatest healer for Sores, Ulcers, Bolls, Burns, Cuts, Wounds, Bruises and Piles. 25c. at all drug-gists.

Parisians spent more than \$10,000,000 on public amusements last year. The figure is official, being known because of the tax for the poor levied on all public entertainments. This tax is now paid by the public, the managers having raised their prices a year ago sufficiently to cover it.

Don't tifle with a cold is good advice for prudent men and women. It may be vital in case of a child. There is nothing better than Chamberlain's Cough Remedy for coughs and colds in children. It is safe and sure. For sale by all dealers.

TWO SUSPECTS HELD.

Are Charged With Being Connected With Rice Murder, But Were Held on Another Charge.

(By Leased Wire to The Times)

New York, Oct. 10.—Pietro Tomasello and Josephine Fruscione, who are suspected in connection with the murder of William L. Rice, the Cleveland millionaire, were arraigned before Magistrate Tighe, in Brooklyn, today and held in bonds of \$3,000 each as fugitives from justice.

Magistrate Tighe did not hold them as Rice murder suspects, however. The Fruscione woman was held as a fugitive wanted for robbing department stores in Cleveland and Tomasello for holding up a woman near Cleveland and robbing her.

A Pinkerton detective who appeared against the pair refused to discuss their alleged connection with the Rice mystery.

"The notoriety given this affair has almost ruined our case, insofar as the Rice murder is concerned," he added. It was reported in court that a confession had been secured from a man who knew every detail concerning the killing of Rice. This man, it was stated, named Tomasello as one of the slayers.

You are not experimenting on yourself when you take Chamberlain's Cough Remedy for a cold as that preparation has won its great reputation and extensive sale by its remarkable cures of colds, and can always be depended upon. It is equally valuable for adults and children and may be given to young children with implicit confidence as it contains no harmful drug. Sold by all dealers.

ANOTHER WOMAN CURED

By Lydia E. Pinkham's Vegetable Compound

Black Duck, Minn.—"About a year ago I wrote you that I was sick and could not do any of my housework. My sickness was called Retroflexion. When I would sit down I felt as if I could not get up. I took Lydia E. Pinkham's Vegetable Compound and did just as you told me and now I am perfectly cured, and have a big baby boy."

Mrs. ANNA ANDERSON, Box 19, Black Duck, Minn.

Consider This Advice.

No woman should submit to a surgical operation, which may mean death, until she has given Lydia E. Pinkham's Vegetable Compound, made exclusively from roots and herbs, a fair trial.

This famous medicine for women has for thirty years proved to be the most valuable tonic and invigorator of the female organism. Women residing in almost every city and town in the United States bear willing testimony to the wonderful virtue of Lydia E. Pinkham's Vegetable Compound. It cures female ills, and creates radiant, buoyant female health. If you are ill, for your own sake as well as those you love, give it a trial.

Mrs. Pinkham, at Lynn, Mass., invites all sick women to write her for advice. Her advice is free, and always helpful.
