Week of **October 17th--22nd, 1910.**

Make our store your headquarters. Write your friends to come, and make engagements with them to meet you at our store. Have your mail addressed in our care.

We Sell Dry Goods, Suits, Coats, Millinery Carpets, Shoes.

THE PORK BARREL

Talk Frightens the Folks at Home

Talk of "Pork Barrel" Frightened the Folks at Home and if President Taft Succeeds in Making Change He Will Do More Than His Predecessors Could Accomplish.

(By SIDNEY ESPEY.)

Washington, Oct. 15.—If President Taft succeeds in reforming the "pork barrel" system by which name the river and harbor appropriation bill is familiarly known, he will do what his predecessors have tried to do and failed. Just at this season of the year many of the national lawmakers are telling the people through the newspapers that hereafter there will be no more "pork barrels," for President Taft has signed the death warrant for this species of legislative logrolling.

This kind of talk frightens the folks who believe in liberal appropriations for the improvement of our waterways, and the effect is to make them get busy and flood their congressmen with petitions urging an appropriation for the improvement of "Salt river," or the deepening of "Fish harbor," but it is always before the short session of congress that the cry against the "pork barrel" is raised, and it is generally successful in that congress seldom enacts waterway legislation then unless it be what is known as an emergency river and harbor bill carrying perhaps \$5,000,000 or \$9,000,000. Of course such an emergency measure is always endorsed by the board of army engineers.

Another thing that operates against the "pork barrel" at the short session of congress is the opportunity to "trade" is not so potent as during the long sessions, when members seek re-nomination. The river and harbor bill has always been known as a most persuasive measure to assist the house leaders in securing legislation that is backed by the administration. It is the great vote getter, and the treasury "watch dogs" in the house often fall asleep when the big waterway budget is reported from the rivers and harbors committee.

Senator Carter, of Montana, is one of the president's supporters in the fight to reform the method of preparing the river and harbor bill. It is but a few years since that the Montana senator talked to death a river and harbor bill that had passed the house by a good majority. If the house ignores the president's recommendation next December in the matter of correcting the abuses to be found in the river and harbor bill, and an attempt is made to put through the house such a measure at the short session it can be set down that the bill will be talked to death, an easy matter at the wind-up of a congress.

According to the talk heard about the civil service commission office, President Taft takes a different view of his power regarding the extension of the classified service than was entertained by former President Roosevelt, who issued the order converting into the classification service some 15,000 fourth-class postmasters as an experiment.

President Taft instead of issuing an executive order to exempt from the pie counter presidential postmasters, as has been suggested, will ask congress for the authority. It was pointed out today that to place presidential postmasters under civil service would be an invasion of the rights of the senate, as that body must pass on all nominations, and a successful applicant for postmaster, who has been certified by the civil service commission for confirmation, might be rejected by the senate and would have no redress. To carry out the suggestion of this extension of civil service will require legislation and with the known antipathy of congress to the civil service law, it is a pretty safe prediction that nothing will be accomplished in this direction during the short session of congress.

It will be recalled that former President Roosevelt attempted to place United States consuls in the classified service, but as the appointees had to be confirmed by the senate, the extension could not be made in the manner applying to other positions. To get around the objection raised, Roosevelt issued an order to the effect that all applicants recommended for consuls would have to pass an examination to determine their fitness, and those who made the best showing would be selected for appointment. This order proved unsuccessful, the state department officials say the service has been greatly improved by reason of the fact that a higher grade of consuls are obtained by the system of examination.

Republican members of the house who have had occasion to visit the

ENDS INDIGESTION.

No Heartburn Gas, Sourness, Headache or Dyspepsia Five Minutes After Taking a Little Diapepsin.

Every family here ought to keep some Diapepsin in the house, as any one of you may have an attack of indigestion or stomach trouble at any time, day or night.

This harmless preparation will digest anything you eat and overcome a distressed, out-of-order stomach five minutes afterwards.

If your meals don't tempt you, or what little you eat seems to fill you, or lays like a lump of lead in your stomach, or if you have heartburn, that is a sign of indigestion.

Ask your Pharmacist for a 50-cent case of Pape's Diapepsin, and take a little just as soon as you can. There will be no sour risings, no belching of undigested food mixed with acid, no stomach gas or heartburn, fullness or heavy feeling in the stomach, Nausea, Debilitating Headaches, Dizziness or intestinal griping. This will all go, and, besides, there will be no sour food left over in the stomach to poison your breath with nauseous odors.

Pape's Diapepsin is a certain cure for out-of-order stomach, because it prevents fermentation and takes hold of your food and digests it just the same as if your stomach wasn't there.

Relief in five minutes from all stomach misery at any drug store, waiting for you.

These large 50-cent cases contain more than sufficient to cure almost any chronic case of Dyspepsia, Indigestion or any other Stomach trouble.

departments on official business during the summer, say that the house will be with President Taft in his program of economy, and that the short session of congress will certainly make a record. The republican leaders declare that if the house would return to the old system of handling the budgets the appropriations would be cut many millions of dollars.

One of the veteran employees of the house, speaking of the old system of handling the supply bills, said today that prior to the 49th congress the appropriation committee of the house had jurisdiction over all the appropriation bills, save agriculture and rivers and harbors, and even these two bills are framed by that committee until the session of the 46th congress.

"In those days," said the house employe, "the expenses of the government were as nothing compared to what they are today; but there was the same degree of persistency for local appropriations, and the members stood by each other then as they do now. However, there was this check, which has been since the 49th congress, when the house, after a bitter fight, took from the appropriation committee, the postoffice, naval, army, Indian, military and diplomatic appropriation bills, and distributed them among the committees having jurisdiction of measures relating to the postoffice, Indians, army, navy, etc. The effect of this was a noticeable increase in the government budgets over the preceding congress. The supply bills have steadily grown since, until last session they exceeded a billion dollars. House leaders say that if all supply bills are again placed under the control of the appropriation committee, the pruning knife can be used without injury to any of the executive departments and a big saving effected.

There is much talk that when the house meets in December, Representative Tawney, of Minnesota, chairman of the appropriation committee, will make an effort to have all supply bills referred to his committee, and if he does make the fight it is believed he will have the help of a number of prominent democrats. There seems to be no question that if this reform can be instituted President Taft's economy program can make a good showing.

A Generous and Charitable Wish.

"I wish all might know of the benefit I received from your Foley's Kidney Remedy," says I. N. Regan, Farmer, Mo. His kidneys and bladder gave him so much pain, misery and annoyance, he could not work, nor sleep. He says Foley's Kidney Remedy completely cured him. King-Crowell Drug Company.

William Parmenter, 73 years old, of Cambridge, Mass., who walked 360 miles in order that he might cast a vote for Abraham Lincoln, is dead at the Cambridge City Hospital.

The Call of the Blood

for purification, finds voice in pimples, boils, sallow complexion, a jaundiced look, both patches and blotches on the skin—all signs of liver trouble. But Dr. King's New Life Pills make rich red blood; give clear skin, rosy cheeks, fine complexion, health. Try them. 25c. at all drugists.

The more terms of endearment a man will have for a woman before they are married the fewer he will have after they are.

CAMPAIGN GROWS HOT

Meetings, Rallies and Brass Bands in Buncombe

Republican Candidate For Legislature Withdraws On Account of Being Federal Office-holder—Local Option-Self Government Plank Yet Unexplained.

(Special to The Times)

Asheville, Oct. 15.—The present week has been one of activity among both the democratic and republican parties. There have been meetings and rallies with brass band accompaniment and picnic dinners. The formal opening of the republican campaign was Wednesday at Reems' Creek township, a republican stronghold. There were numbers of speeches but in none was the "local option-self government plank" in the state republican platform explained or even mentioned.

The democrats are most enthusiastic and are going at the work with hope and confidence. Both parties are holding from one to two meetings every day. It developed yesterday that C. C. Boone, republican candidate for the legislature, was forced to forego the pleasure of making the race this fall on account of being a federal office-holder. He is a railway mail clerk, drawing a salary of \$1,400 a year. It was thought that he could secure a dispensation or a furlough which would enable him to make the race, but it could not be arranged. In the letter of resignation Mr. Boone stated that he could not afford to give up his present position for one paying \$240, and he might have added with no guarantee that he would be elected. It seems that the civil service rules do not admit of any "pernicious activity" among the civil service employes.

The burden of the republican campaign argument here is "extravagance." Few if any specific charges have been made.

THE MICROSCOPE.

Proves That Parasites Cause Hair Loss.

Nine-tenths of the diseases of the scalp and hair are caused by parasitic germs. The importance of this discovery by Professor Unna, of the Charity Hospital, Hamburg, Germany, can not be over-estimated. It explains why ordinary hair preparations, even of the most expensive character fail to cure dandruff; because they do not, and they can not, kill the dandruff germ. The only hair preparation in the world that positively destroys the dandruff parasites that burrow up the scalp into scales called scurf or dandruff, is Newbro's Herpicide. In addition to its destroying the dandruff germ Herpicide is also a delightful hair dressing. Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich. One dollar bottles guaranteed. Henry T. Hicks Co. and Tucker Building Pharmacy, special agents.

John Adams Miller, aged 76 years, who enlisted in the One Hundred and Thirtieth Pennsylvania Volunteers, from Dauphin county, during the Civil War, has just returned to his daughter, Mrs. William H. McFadden, of Harrisonburg, Pa., after a continued absence of 48 years. He served in the regular army until 1870, then as a government blacksmith for four years in Texas, and then he settled down to become a Texas farmer. He served as a blacksmith for various railroad camps during his residence in Texas.

OLD SORES DUE TO DISEASED BLOOD

Every symptom of an old sore suggests diseased blood. The inflammation, discharge, discolored flesh, and the fact that local applications have no permanent effect toward healing the ulcer, shows that deep down in the system there is a morbid cause for the sore. But more convincing proof that bad blood is the cause for these places is furnished by the fact that even removing the sore or ulcer by surgical operation does not cure; they always return. Nature will heal a sore if the blood is pure and healthy but until the circulation is cleansed of all impure matter and supplied with nourishing and plasmic quality the infected condition of the blood is OBLIGED to remain. S.S.S. Old Sores in a perfectly natural way. It goes into the blood, removes the impurities and morbid matters, adds nourishing qualities to this vit. fluid, and brings about the very conditions that are necessary before any sore can heal. S.S.S. is a perfect blood purifier, acting directly on the circulation through the stomach and digestive members. Its use makes rich, red, healthy blood, which nourishes all flesh tissues instead of infecting them with the virulent matter which keep old sores open. Special book on Old Sores and any medical advice free.

THE SWIFT SPECIFIC CO., Atlanta, Ga.

THE BIG SENSATION!

Caused by the Household Premium announcement of The Evening Times is still the talk of the city. Hundreds are saving coupons, and many new subscribers are coming in each day to start clipping. Here are two of our popular premiums:

PREMIUM NO. 7.

TWELVE PIECE SET.

Twelve Piece Set Consists of Six Knives and Six Forks.

Set, 30 Coupons and \$2.55.

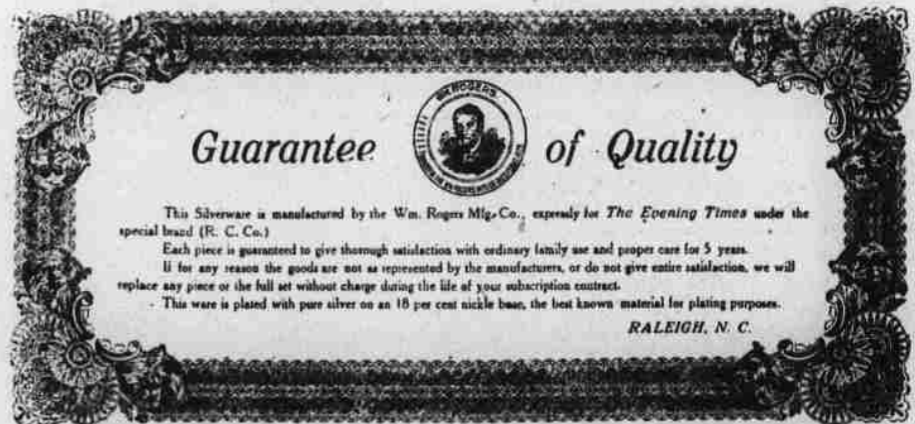

PREMIUM NO. 6.

FOURTEEN PIECE SET.

Six Tea Spoons, Six Table Spoons, Butter Knife, and Sugar Shell.

Set, 30 Coupons and \$2.55.

Guarantee of Quality

This silverware is manufactured by the Wm. Rogers Mfg. Co., especially for The Evening Times under the special brand (R. C. Co.)

Each piece is guaranteed to give thorough satisfaction with ordinary family use and proper care for 5 years. If for any reason the goods are not so represented by the manufacturers, or do not give entire satisfaction, we will replace any piece or the full set without charge during the life of your subscription contract. This was a plated with pure silver on an 10 per cent nickel base, the best known material for plating purposes. RALEIGH, N. C.

This silverware is manufactured especially for The Times by the Wm. Rogers Manufacturing Co., of Meridian, Conn. The design and patterns called "Letas" are very artistic and beautiful and are controlled exclusively by this newspaper. Every housewife knows that "Rogers" silverware is the standard of excellence and durability. In selecting silverware as a premium we have been careful to give our readers goods which are first class in every particular and which carry the strongest kind of a guarantee.

Many large families will undoubtedly want more than one set of these knives and spoons—we have provided for them by making arrangements with the manufacturers to furnish a sufficient quantity to permit of them obtaining additional sets from time to time (with other sets of coupons) until they have as many as are needed.

The knives are plated with pure Sterling Silver on blanks forged from the finest crucible steel. The forks, spoons, butter knife and sugar shell are plated with pure Sterling Silver on an 18 per cent nickel silver base—which years of cutlery manufacture has proven to be the most durable combination for family use. The handles are finished in the latest shade of French gray, the bowls and blades are highly polished. Each set is packed in a satin-lined case.

Every person who has visited The Times Building and looked at the wonderful premiums on display in the Business Office were amazed at the beauty and value of these exclusive premiums. We have many beautiful designs in Clocks, Lamps, Silverware, Fireless Cookers, Tea Sets, Perculators, China, and many other things to be added to the list later. Address,
