AT THE GRAND TODAY MATINEE AND NIGHT.

Since its first appearance, about fifty years ago, Augusta J. Evans' novel, "St. Elmo" has been by far the most popular literary production dealing with southern life. This season witnesses a dignified and competent attempt to place Miss Evans' characters before the public in dramatic form. The play is the work of Neil Twomey, under whose personal supervision the production is being made.

POU AND COOLEY.

Speak to Large Crowd at Louisburg Yesterday Afternoon. (Special to The Times.)

Louisburg, N. C., Oct. 15—As advertised, the meeting for joint debate between Congressman E. W. Pou and Mr. R. A. P. Cooley was held in the opera house beginning at 1 o'clock today. Mr. I. R. Collie, chairman of the democratic executive committee, announced that these gentlemen would be allotted an hour for speaking, with a rejoinder of thirty minutes.

Mr. Cooley spoke first. He began by explaining why he had changed his political course, and was neither a democrat or republican and would not support either of the tickets in the coming election, but was an independent candidate for election to congress from this district. He said that Mr. Pou had done nothing to commend him for re-election, and, reviewing his course in congress, charged various things against him.

Mr. Pou was introduced by Senator Holden in a nice and very complimentary statement of his political history and the strong hold he has on the voters of this district. He replied to most of the charges against him in a very bold, positive manner, eliciting applause from the crowd with shout and the word Halleluia was heard. It was the most positive and scathing rejoinder ever heard by this writer. He said Mr. Cooley had turned traitor to his old mother, the democratic party, at the wrong time, as the party is making wonderful gains in various parts of the country.

There was a fairly good sized crowd of men, mostly from the country, and quite a number of ladies and students from the college.

ROOSEVELT IS TIRED.

Complains That Republican Leaders Are Giving Him Too Much to Do.

(By Leased Wire to The Times.) New York, Oct. 15—Colonel Theodore Roosevelt protested to the republican leaders here today that they are putting too much work on him. He has commenced to feel the strain, and immediately upon the Colonel's arrival today from his southern, western and state trip, he hurried to the Outlook office, where he engaged in a conference with Chairman Ezra Prentice of the republican state committee and other members. He said

BETTING ON GAMES.

Falling Off of Athletics Money During the Last Two Days. (By Leased Wire to The Times.)

Chicago, Oct. 15—Betting on the world's series has settled in earnest. Jim O'Leary, the Stock Yards broker, quotes the following prices: Cubs 7 to 10 and Athletics 6 to 5. Two \$500 bets on the Cubs were registered today. The largest bet so far placed is one of \$1,200 at the prevailing odds with the Cubs the choice.

Betting at other places in the city is quiet. Athletic backers demanding better odds than the Cub fans are willing to give.

All signs point to a grand "clean up" in the world's series for the ticket speculators of Chicago. It is said they have cornered a large supply of tickets and that they will begin disposing of them at tremendous prices on Tuesday.

Though the National Commission promised a square deal on the tickets, nevertheless the speculators are to get them in Chicago.

Positive assurance that tickets would be "scalped" by H. M. Waterfall at his office in the Palmer House was secured from the young women in charge.

"We will have all the tickets you want on Tuesday," she said. Robert McRoy, the secretary of the National Commission, when asked how the "scalpers" were going to get the tickets, said he did not know.

"If they get them they have a right to sell them under the law," he said. "I don't see how we can prevent it."

WILL GO SIX GAMES. But Cubs Will Win Fourth Game Easily, Says Johnny Evers.

(By Leased Wire to The Times.) Chicago, Oct. 15—The pennant winning Cubs will today close the National League season by tackling the St. Louis Cardinals and will hike for Philadelphia on a special train tonight for the opening of the world series Monday.

The Cubs realize that they have a hard fight on their hands, but are confident of victory. They do not underestimate the foe, believing that the new team, composed as it is of individually brilliant players will give them a run for their money.

Johnny Evers, in an article appearing in a Chicago evening paper today, declares that he believes the series will go six games and that the Cubs will easily capture the four necessary to winning. He admits that the Athletics are strong on their own grounds but asserts that that will make small difference to the Cubs.

Vaughn Against Mathewson. (By Leased Wire to The Times.) New York, Oct. 15—With the honors even between the Giants of the National League and the Yankees, of the American League, in the New York City championship series, the teams prepared for a premier display today and the possibility that Christy Mathewson would pitch for the Giants

France Normal Again. (Continued From Page One) entire line with soldiers if the wanton destruction of property did not cease. The strike committee set about today to formulate their demands in written form. These are for Premier Briand, who in turn will submit them to the railroad companies. The Metropolitan Subway Company voted \$20,000 to be given to the men who refuse to join the strike. Scores of arrests have been made and wholesale arrests were anticipated today and tomorrow. The Masons today offered the gravest menace in the situation. Inflamed by speeches made before them by Mons. Jaurez, socialist, socialist leader in the chamber of deputies, they threatened violent demonstrations.

Hill Enjoin Durham (Continued From Page One.) two months ago to the effect the board agrees not to spend any more money on street work except in carrying out work already in course of construction. In spite of this resolution, and breaking faith with it, Mr. Hill holds the city has now authorized the paving of Seaman street which will cost \$2,500, and the laying of a sewer in Hayti, neither of which is really necessary. Paragraph fifteen of the summons states the grievances of the plaintiffs fully and says: "That while these individual plaintiffs might and would be willing to support a bond issue for the creation of indebtedness for street and sewer purposes, they believe and allege it is illegal and wrong for the defendants to continue to contract for street and sewer work, borrow money, give notes of the city or other evidence of the indebtedness, without first ascertaining the will of the people as provided by charter, and especially at a time when the floating indebtedness exceeds \$176,000 and will require the application of all surplus funds for the present fiscal year and the next several years, in order to make payment in compliance with the express promises made at the time such funds were obtained."
