THE INSURANCE MEN

North Carolina Underwriters Association Organized

Address by President Powell of National Underwriters' Association—J. D. Boushall Elected President of State Organization—Will Join National Organization.

The life insurance managers of North Carolina met in the parlors of the Yarrowhouse yesterday afternoon and perfected the organization of the North Carolina Life Underwriters' Association.

The feature of the meeting was an address by Mr. Henry J. Powell, of Louisville, Ky., president of the National Association. Mr. Powell made no set speech, but made a heart-to-heart talk on the benefits to be derived from the organization. This speech was well delivered and greatly enjoyed by those present. Mr. Powell, who is the first southern man to become president of the National Association, was very much pleased that the first state to organize during his administration was a southern state.

The following were elected officers for the state association: President, J. D. Boushall, of the Equitable Life; Vice President, H. R. Wilcox, of the Mutual Life of United States of America; Secretary and Treasurer, R. Y. McPherson, of the Penn Mutual; Chairman of the Executive Committee, John C. Drewry, of Mutual Benefit; Member of National Executive Committee, Jno. C. Drewry.

The association starts off with 26 active and three associate members. A vote of thanks was extended to Mr. Powell for his presence and able talk and the meeting adjourned.

BURGLARIZE EXPRESS OFFICE.

\$1,400 Had Been Collected That Day But Expressed on Early Train.

(Special to The Times.) Roxboro, N. C., Oct. 20—On Monday night, the 17th inst., someone burglarized the Norfolk & Western express office at this place, the entrance was made by breaking the glass and sash of one of the windows. An axe was used to break off the knob handle to the safe, but the combination was not injured. The cash drawer was opened but no money was found in that. No express or freight was missed.

The crime was committed between 11:30 p. m. and 1:30 a. m. Mr. R. W. Stephens, the agent, left the depot at the first named hour and a freight came along at 1:30 and discovered the burglary.

About \$1,400 had been collected at the express office that day but had been expressed that night on an early train. No money was in the safe or cash draw and the rogue made a water-haul.

The one who committed the crime was evidently a novice at cracking a safe. The axe which he used was found in the office and was later identified by one of the good citizens of the town as being his axe.

There is no clew as to who the criminal is but the circumstances seem to show that it was someone who knew that a large collection had been made that day. Besides, the axe which was used was taken from a woodpile a quarter or half a mile from the station.

The Roxboro tobacco market is showing unusual strength this season. Last week it sold more than 600,000 pounds at an average of 11c. The farmers and the warehousemen say that no week in the past has ever equaled it. We are not crowing but it makes us feel good to see our country and town prosper.

Worse Than Bullets.

Bullets have often caused less suffering to soldiers than the eczema L. W. Harriman, Burlington, Me., got in the army, and suffered with forty years. "But Bucklen's Arnica Salve cured me when all else failed," he writes. Greatest healer for Sores, Ulcers, Boils, Burns, Cuts, Wounds, Bruises and Piles. 25c. at all druggists.

A woman's figure looks so lovely to herself she knows it does to everybody else.

Collector of the Port of New York, Loeb, who is making his charge against Duveen Brothers, the art dealers raided recently charged with defrauding the customs, says that the gigantic system of undervaluation perpetrated by the art firm, will be equal to or even greater than that figuring in the sugar trust exposures. Collector Loeb has also announced that a secret is being made in the books of Duveen Brothers in an effort to establish collusion between the firm and its wealthy patrons, in defrauding the government of its rightful customs.

ASKED TO SUSPEND RATES.

Increased Rates From Tennessee to Spartanburg Discriminatory and Excessive.

Washington, Oct. 20—Attorneys for a number of cotton mills in South Carolina and Georgia today asked Interstate Commerce Commissioner Cokerrell to suspend increased rates on coal from Coal Creek regions in Tennessee to Spartanburg, S. C., now effective on the Southern Railway and the Virginia and Southwestern Railway. The rates are alleged to be discriminatory and excessive.

Various Degrees of Graft.

Chicago, Oct. 20—In a paper on the "psychology of graft", read before the men's club of Grace church.

Five Years of Severe Rheumatism

The cure of Henry J. Goldstein, 14 Barton Street, Boston, Mass., is another victory by Hood's Sarsaparilla. This great medicine has succeeded in many cases where others have utterly failed. Mr. Goldstein says: "I suffered from rheumatism five years. It kept me from business and caused excruciating pain. My knees would become as stiff as steel. I tried many medicines without relief, then took Hood's Sarsaparilla, soon felt much better, and now consider myself entirely cured. I recommend Hood's." Oak Park, Dr. G. Frank Lydston said:

"The technical names for grafting of different ranks are: 'One million dollars, genius; \$500,000, sagacity; \$10,000, misappropriation of funds; \$100, larceny; \$10, theft; a ham, a crime against humanity.'"

Not For Men

To Get Relief

When a woman's nervous and physical systems are tired out—worn out—they need something more than mere food, to refresh them.

They need medicines—tonic, herb products, which act as Nature planned they should do, in helping along the functions of life, when ordinary methods fail.

Cardui is not for men. There are many good medicines and tonics for men—but Cardui is only for women—its ingredients and its action make it so.

We know what Cardui will do for tired, worn-out, sick, miserable women, because we know what it has done. What it has done for others, it will surely do for you.

Cardui can be depended upon to help you, if you will give it a fair trial. Consisting only of pure, vegetable ingredients, it has nothing harmful in its composition, but acts, gently, and in a natural way, upon the

womanly organs, and has been found, in thousands of cases, to restore sick women to health, after other medicines had failed.

Mrs. Margaret L. Pheral, of Newburg, Ind., writes: "I had sick headache, continuous hurting in my side; was always tired, and, every month, had such pains, I could hardly stand. I was treated by the best doctors in our town for more than a year, without any help. At last, I took Cardui, and it worked wonders. Before I had taken one bottle, I felt better. Now I feel better than in two years, and owe it all to Cardui."

Try Cardui, it will help you. Sold by 40,000 druggists. Get a bottle today.

People Who Work Indoors With Their Hands

Seamstresses, watch-makers, artists, draughtsmen, and many others, cannot properly handle their tools with cold, stiff hands. Many a lost hour or two on cold winter mornings results from the delayed heat of furnace or stove.

The Perfection Oil Heater in a few minutes gives the temperature that assures the worker warm hands and pliable muscles. The

PERFECTION SMOKELESS OIL HEATER Absolutely smokeless and odorless

quickly gives heat, and with one filling of the font burns steadily for nine hours, without smoke or smell. Has automatic-locking flame spreader which prevents the wick from being turned high enough to smoke, and is easy to remove and drop back so the wick can be quickly cleaned.

It has a damper top and a cool handle. Indicator always shows the amount of oil in the font. The filler-cap does not need to be screwed down; it is put in like a cork in a bottle, and is attached to the font by a chain, and cannot get lost. The burner body or gallery cannot become wedged, because of a new device in construction, and consequently, it can always be easily unscrewed in an instant for reworking. The Perfection is finished in Japan or nickel, is strong, durable, well-made, built for service, and yet light and ornamental.
