Weather Conditions.

A moderate disturbance that developed from the unsettled conditions in the southeast and now centered off Hatteras has been attended by light rain from South Carolina to Maryland. It is being followed by high pressure from the Lakes to the Gulf with clear, cold weather. A disturbance of considerable energy has overspread the northwest, causing warmer weather in that section. The weather will be fair and colder in this vicinity tonight and fair Friday.

BURGLARS ROUND UP

Five Arrests Made Yesterday and Two This Morning

The Negro Burglars Who Have Been Doing a Wholesale Business Recently Captured—Five Arrests Made Yesterday and Two This Morning—Part of the Stolen Property Recovered—Biggest Capture of Burglars Made in Many a Day.

By excellent work on the part of the police department seven suspected burglars, have been arrested, much stolen property recovered, and a gang of thieves put out of business.

As told in The Daily Times yesterday and the day before it was believed that the many recent robberies in the city were committed by a gang of three or more negroes, most of the work being done by the trio. The stolen property was disposed of by accomplices, but who they were was the question that bothered the police.

Yesterday morning, Policeman Bailey and Poole found Charley Hinton asleep in the woods near the cemetery with a pistol beside him in easy reach. When he awoke he was safely in the clutches of the officers.

He was brought to the station house and under close examination broke down and confessed that he was guilty of many of the recent burglaries and said that Spurgeon Yancey and Rufus Clanton were his accomplices.

Yesterday afternoon between 3 and 4 o'clock Yancey and Clanton were arrested. They denied having anything to do with the robberies, but said that almost every day Hinton would bring a load of pistols, razors, clothing, jewelry and other property to Bud Neal's poolroom on Wilmington street, and that Bud would sell the property.

They remembered seeing some clothing marked, as the negroes expressed it "D. O. Something," which doubtless was the property of Mr. D. O. Stundhard whose home was burglarized a week or two ago.

Acting on this information the police raided Neal's place about 5 o'clock yesterday afternoon and arrested him on the charge of receiving and disposing stolen property. Several articles of the property were found in his place of business.

It was learned that one Joe Harris had purchased a pistol and a razor or two which had been stolen, and he was arrested charged with receiving stolen property.

Hinton has told where other articles were concealed or had been disposed of, and this morning two more negroes were rounded up on the charge of receiving.

The police are working hard on the information that has been gained and believe that considerable property will be recovered and possibly other arrests made before night.

It is thought that a well-organized band of thieves has been rounded up and that the burglaries will now cease. During the past two weeks nearly a dozen robberies in various sections of the city have been reported.

WHAT DO YOU THINK ABOUT THE FIT OF AN OVERCOAT?

Some people regard the Overcoat merely as an "overall" garment, without putting much stress on the fit. It is the first thing about a man to be seen, and why shouldn't it conform to the individual's physique?

It can and will, provided it is made for that individual.

Our Custom Tailoring has all the ear-marks (except the price) of the Merchant man, and we feel sure that we could please you, and fit you, too. Prices from \$15.00 up.
