Revolution Shattered Traditions and Delayed Republicanism Under a Tidal Wave of Democracy—Stinging Rebuke Administered to the Republicans for the High Cost of Living—Champ Clark Will be the Next Speaker of the House and the Payne-Aldrich Tariff Law Will be Revised—Socialists Elect One Representative.

(By Leased Wire to The Times)

Washington, Nov. 9.—A political revolution which has shattered traditions and deluged republicans under a tidal wave of democracy has swept the country. It has upset the precedents of a generation, changed the political complexion of the national house of representatives and presaged the national political fight in 1912. The full and effective result was not realized until today, when the sober second thought turned to a consideration of the outcome.

The socialists made amazing gains, electing at least one of their party to congress and he will be the first of that political propaganda to sit in the national house. He is Victor L. Berger, of Milwaukee.

Senators have fallen; a stinging rebuke has been administered to the republicans for the high cost of living caused by the tariff bill. Particularly did interest turn today to the defeats of the candidates and issues sponsored by ex-President Roosevelt. The overthrow of Colonel Roosevelt's doctrine of new nationalism and the defeat of many of the men he supported has by no means silenced the question: "What will Roosevelt do in 1912?"

With the machinery of the government in the hands of the democrats, two far-reaching results are in view: The election of Representative Champ Clark, of Missouri, or some other democrat speaker and the possible revision of the Payne-Aldrich tariff by the sixty-second congress.

The great national pivotal states of New York, Massachusetts, Ohio and Indiana are democratic and throughout the west insurgency either prevailed or democrats upholding the

ROOSEVELT GOES INTO SECLUSION

(By Leased Wire to The Times)

Oyster Bay, L. I., Nov. 9.—Colonel Theodore Roosevelt went into seclusion today for a ten days rest. He would make no comment upon defeat of the republicans in New York or elsewhere.

A diplomatic negro butler conveyed the information to a small army of newspaper men that the colonel did not want to see anybody, reporters least of all and as for discussing the election, he might possibly talk of something else but not that.

As the correspondents approached Sagamore Hill this morning seeking light upon the colonel's feeling, Colonel Roosevelt could be seen through the windows, seated in his library in the midst of a pile of newspapers while he read with apparent interest the story of yesterday's landslide.

When the butler approached the colonel with the information that the newspapermen awaited an audience, the colonel could be seen shaking his head and talking rapidly. The butler subsequently announced to the correspondents, many of whom are old friends of Colonel Roosevelt, having journeyed with him on campaign trips, that the former president had nothing to say. Privately the butler conveyed the intelligence that the colonel did not want to see any one at all.

Colonel Roosevelt's future plans are known only to himself. His closest friends who appreciate his tremendous energy and bulldog tenacity say that he "has just started to fight" for his political ideals and principles.

principles of insurgency were pretty generally elected.

The eyes of the nation were focused upon New York because of the activity of Roosevelt in that state. Roosevelt and Roosevelt's future was an absorbing issue. The election of John A. Dix governor and the balance of his democratic ticket discredited, according to political students, the doctrine of new nationalism which Colonel Roosevelt hoped to mould into a great national party.

The far reaching effects were hardly recognized today so vast are they in their consequences. The oligarchy of power in the United States senate has been burst asunder and the next congress will open under a totally new regime.

A democratic legislature in New York will choose a successor to Senator Depew. Senator A. J. Beveridge, insurgent republican, and patronized by Roosevelt, has been defeated in Indiana and will be succeeded by John W. Kern. Senator N. B. Scott's senatorial seat from West Virginia is in doubt. Democrats claimed that Senator Henry Cabot Lodge would not be returned from Massachusetts. Senator Nelson W. Aldrich, one of the framers of the tariff which bears his name, withdrew from the race for re-election when he saw the trend of events weeks ago, and Maine, which went democratic recently, will elect a democrat to succeed Eugene Hale in the senate.

Political interest far and near is directed towards the congressional results with the promise of democrats looming up that measure will be taken to reduce the cost of living through tariff revision. As the situation is broadly considered today the democrats will have a chance to carry out their program in the house and, by an alliance of democrats and insurgents in the senate, the situation will present the picture of a democratic congress forcing legislation under the pen of a republican president.

The election of Captain Ben. W. Hooper, the fusionist-republican candidate for governor in Tennessee, was one of the anomalies of the election. This was the first break in the "solid south" which has been promised for 1912.

Democrats of Tennessee today claimed that the break was on local issues solely.

There were varying phases of the situation which were a puzzle to those who tried to analyze them today.

The election of Eugene Foss, democrat, governor of Massachusetts and Judge Simon E. Baldwin, democrat, governor of Connecticut, coupled with the earlier democratic landslide in Maine has completely changed the political complexion of New England.

There will be many faces new to Washington in the sixty-second congress, but not one of the new members will be watched more closely than Victor Berger, the socialist, who has been elected a representative from Milwaukee.

Result in New York.

New York, Nov. 9.—It is a democratic landslide in New York state. Although all the returns were not in today they were not necessary to show that John A. Dix has been elected governor with 60,000 to 65,000 plurality, carrying his entire state ticket with him. The victory is the greatest that New York state democrats have achieved in a generation.

Of the seventeen congressmen in Greater New York only one is a republican. The lone republican is William M. Calder, of Brooklyn, who squeezed through with a narrow margin so that his election was in doubt until today.

The democrats will have a plurality of seven votes in the next state senate and twenty-two in the assembly, assuring the election of a democrat to the United States senate to succeed Chauncey M. Depew. Influential leaders were busy today listening to the many names that were mentioned as "potential" possibilities.

A great surprise came in the congressional balloting.

Herbert Parsons, political chum of Colonel Roosevelt, was defeated by Jefferson M. Levy. William S. Bennett, republican, who had the fight

HARMON A WINNER Has a Majority of Over 50,000

Ohio Also Has a Democratic Legislature and Will Elect a Democratic Senator to Succeed Senator Dick.

(By Leased Wire to The Times)
Columbus, O., Nov. 9.—Ohio has re-elected Governor Judson Harmon, democrat, by a majority ranging from 50,000 to 60,000. It is probable that the entire democratic-state ticket has also been elected, together with a majority in the state legislature, which means the selection of a democratic United States senator.

In addition to this the democrats have gained at least four and perhaps five members in the national house of representatives.

Governor Harmon has, by reason of his re-election, become a candidate for the democratic presidential nomination in 1912, and will receive the united support of the delegation from this state. In Ohio it is believed that his nomination will come without serious opposition.

Biggest of all surprises is the socialist vote of nearly 11,000, cast in this (Franklin) county for J. L. Bachman for congress, who ran a close race with Monnett, the democratic candidate. The socialists carried three wards in Columbus. Thomas Clifford, socialist candidate for governor, has received approximately 10,000 votes in Franklin county as against 1,000 cast for the socialist candidate two years ago. Politicians view with alarm the prospect of a socialist candidate for mayor next fall.

BUTLERISM REPUDIATED BY THE STATE

From End to End of North
Carolina People Rise
Against Traitor

DELEGATION IN CONGRESS SOLID

Democrats Have Carried the State by About 50,000 Majority, Breaking All Previous Records With One Exception—There Was a Gain of Three Congressmen, One Solicitor, Five Senators and Twelve Representatives—A Dozen Counties Added to the Democratic Rank—Next House Will Have 163 Democratic Members Out of 220—Forty-four Senators Out of Fifty.

North Carolina rolled up yesterday what will probably prove to be the biggest democratic majority ever recorded in the state except in the election that elected Chas. B. Aycock governor. The estimated majority is 50,000, a gain of from four to five state senators and ten to twelve congressmen, a solicitor and three congressmen.

The republicans were stung by the uprising of the citizens of the state, which begged whatever bones that party had of becoming a power in this state.

Chairman Eiler's Statement.

Chairman Eiler stated today that the three doubtful congressional districts had all gone democratic, the 5th by 3,000, the 8th by 1,000 and the 19th by 300. We have gained one senator, that of the 15th and the 16th and 11th, where hard fights were made up on Hamner and Graves. The entire state majority, will be around 50,000. We have gained four or five state senators and twelve representatives, including the counties of Pamlico, Orange, Person, Alamance, Davidson, Forsyth, Stanley, Cabarrus, Catawba, Jackson, Caldwell. This will give us a majority of 103 in the house and 41 in the senate.

Davidson Jubilant.

Lexington, Nov. 9.—The democrats of Davidson are jubilant. Returns have been slow coming in but at noon today the republicans admitted that Gerwin, democrat had been elected clerk of court. Durham, representative, Rothrock, treasurer, Mock, a rancher; Mays, surveyor, and Anderson and Michael county commissioners, democrats had been elected.

Republicans have elected sheriff and register of deeds and one county commissioner, all by greatly reduced majorities.

The democrats made gains in every township. Solicitor Hamner gets a good majority. (Continued on Page Five.)

NO STATEMENT FROM WHITE HOUSE

(By Leased Wire to The Times)
Washington, Nov. 9.—There is to be no statement from the white house on the democratic landslide.

It was cabinet day, all of the president's advisers attending, except Secretary of the Navy Meyer. Not one of the cabinet officers would discuss the political "flareback."

Today's cabinet session is to be the last for the next two weeks.

President Taft is to leave Washington at 4 o'clock this afternoon on his Panama trip.

ALL ARE DEMOCRATIC Democratic Majority In the Next House

Will Have a Majority of at Least
47 and Maybe More—Democrats
Made Fight in the Stronger Dis-
tricts.

(By Leased Wire to The Times.)

Washington, Nov. 9.—Joseph H. Shinn, statistical head of the democratic national congressional committee, who for several years has been in charge of democratic headquarters here, made the following statement this morning: "For the first time in sixteen years the next house of representatives will be democratic. The present house consists of 173 democrats and 217 republicans, or a majority of forty-three. The sixty-second congress will consist of at least 219 democrats and 172 republicans. The democratic leeway in the shape of majority will be 47 and probably more. In other words, the status of the parties is about exactly reversed.

"When the campaign opened the democrats needed 27 votes to give them a majority and there were 40 congressional districts where the average majority was less than 1,000—where a change of less than 500 votes would change congressmen.

"The democratic congressional committee, relying on the weakness of the Payne-tariff law resolved to attack the stronger districts with a battering ram. They went to Maine where majorities ran high, and not low and used a hundred Gatling guns. The result was an even divide of congressmen—the republican half just squeaking into heaven. When republicans cannot carry Maine they cannot be expected to carry anything and the democratic committee then charged the whole line, not overlooking a single congressional district in the United States.

"The republican campaign committee possessed and concentrated its force on Champ Clark's district in Missouri. To beat him was the equivalent of losing control of the house. At midnight, Wallace D. Tansford, of Missouri, telegraphed Eric W. Clark elected by large increased majority. No question about it.

"The committee feared that some close democratic districts might fall them but at 11 o'clock last night, Covington of Maryland telegraphed me, 'Am elected by more than 1,500 majority.'

"A little later John W. Boehne, of Indiana, telegraphed 'I am elected by a big majority.'

"When it is remembered that Boehne had only 50 to his credit in the first race, the effect of this telegram may be imagined better than told.

"Then Corbly, of Indiana, who came to congress on a majority of 68, telegraphed, 'Elected by 2,500. Looks like landslide.'

"Cullon, of Indiana, followed with, 'I am elected by an increased majority.' Then came a telegram from John W. Davis, of West Virginia—a state whose delegation has been solidly republican for sixteen years. 'Elected beyond question by a large majority.'

"From that on until 2 o'clock this morning, things happened. Greater New York turned down all its congressmen but Calder and the democrats took 21 out of New York state instead of the twelve they had been credited with before. Sarno E. Payne, was beaten in his own town but pulled through elsewhere by a narrow majority. Representative Cocks, in Roosevelt's district, went down to defeat to be followed by W. S. Bennett and W. M. Bennett, Fish, Fowler, Law, Young, Parsons, Millington and Foxsett.

"Rock-ribbed Pennsylvania turned down Fulkrod, Wagner, Garber, Hoff and others, losing but one man in the tenth district to the democrats. The eleventh Ohio escaped the republican, Douglas, for a democrat. Claypool and Gasbel in Cincinnati for Allen. Maryland dropped two republicans as did West Virginia. The early re-

MAJORITY RANGES FROM 900 TO 2000

(By Leased Wire to The Times.)

New York, Nov. 9.—Socialists in New York and throughout the country rejoiced today over the strong showing made by the socialist ticket and the fact that at least one member of the party, Victor Berger, of Milwaukee, Wis., had been elected to congress. This was one of the surprises of the election. Socialists claimed they would be represented in congress by two members, basing this claim upon the belief that belated returns in Wisconsin would show the election of another congressman in addition to Berger.

Extraordinary strength was shown in this state by Charles Edward Russell, the socialist candidate for governor. At up-state points Russell polled a heavier vote than even he himself anticipated. Columbus, Ohio, gave the socialists 10,000 votes; they also carried three wards of the city. Mr. Russell declared today that members of the party could now take heart for the returns showed the party on the eve of playing a strong part in national affairs.

With a big city—Milwaukee—in the hands of the socialist party, and Mr. Berger carrying its standard to Washington, people began to inquire today what victory the party would gain next. As for the socialists themselves, they claim that even one seat in congress gives them an opening wedge for future successes.

The socialists nominated candidates for congress in every district in California, Colorado, Illinois, Indiana, Kansas, Kentucky, Montana, Nebraska, New Hampshire, Oklahoma, Oregon and some of the districts of Pennsylvania, Rhode Island, South Dakota, Wyoming, Utah, Washington and other states.

The entire official vote of the socialists will not be definitely known for some time.

CAPTAIN PELOT HURT.

(By Leased Wire to The Times)
New York, Nov. 9.—Captain Pelot, commander of the United States ordnance detachment at Sandy Hook, was seriously, perhaps fatally wounded shortly after noon today when a grenade burst as it was leaving one of the muzzles of the great guns at the Sandy Hook proving grounds.

Several enlisted men were struck and bruised by flying fragments of the grenade but none of them was seriously hurt.

A test gun being made of the Hale grenade, a new explosive missile which the government is trying out, when the accident occurred. Captain Pelot was in charge of the test and was standing at one side of the big rifle when the shell burst. Several particles struck him and he fell to the ground. Several officers who were witnessing the test and the uninjured men of the gun crew immediately rushed to his side. The preliminary examination of his injuries gave rise to the fear that his wounds would prove dangerous.

Graft Trials in South Carolina.

(By Leased Wire to The Times)
Chester, S. C., Nov. 9.—Graft trials now in progress here have produced cumulative testimony as to whiskey houses paying rebates to the agents of the state, who are expressly forbidden to receive money.

The men on trial are John Black, Jodie M. Ravlinson and Lee Solomons. They are accused of conspiracy. John T. Early and C. W. Darley, agents of liquor houses, testified today that they paid graft to Ravlinson, Black and Joe B. Wiley, who has turned state's evidence.

Steamer Lost.

(By Leased Wire to The Times)
New York, Nov. 9.—The missing steamship Arkadia, with a crew of 35 on board, 29 days overdue at San Juan, Porto Rico, has been given up as lost by her owners, the New York and Porto Rico Steamship Company. The steamer left New Orleans on October 11.

Bank Robbed.

(By Leased Wire to The Times)
Marysville, Kas., Nov. 8.—The State Bank of Beattie, fourteen miles east of here, was robbed of \$3,000 by a gang of five men early today. Citizens exchanged shots with the robbers in a running fight and it is thought one of the bandits was hit. A posse quickly started on the trail of the outlaws.

Demolished, overwhelmed, buried, and all the other similar terms will not express the complete defeat the republicans received in this county yesterday, and today the victorious democrats are looking over the field where stood the foe yesterday morn, and counting the spoils of war, and it takes four figures to write the pluralities of all the democratic candidates; also the same number of figures are necessary to express the majority of all, with the probable exception of state senator, whose majority over both opponents may possibly fall short of the thousand mark. Thus Wake county takes a seat high up in the great democratic band wagon that swept the state and the union yesterday.

Great Victory For Wake Democ- rats Over Combined Forces of Opposition
